Risk Control	Investments made by the Scheme would be in accordance with the investment objectives of the scheme and provisions of SEBI (MF) Regulations. Since investing requires disciplined risk management, the AMC would incorporate adequate safeguards for controlling risks in the portfolio construction process. The risk control process involves identifying risks and taking proper measures for the same. The AMC believes that this diversification would help achieve the desired level of consistency in returns. The Scheme may also use various derivatives products for the value of the portfolio and enhance Unitholders' interest. While these measures are expected to mitigate the above risks to a large extent, there can be no assurance that these risks would be completely eliminated.
	<ul> <li>Credit Risk</li> <li>Every investment in Debt and Money Market Instruments of any issuer would be made in accordance with Credit policy as defined and established by AMC from time to time. The Credit Policy, which is reviewed and monitored on a regular basis by Investment Committee, inter alia, enumerates issuer selection process, the various parameters to be considered for setting up credit exposure limits and Credit authorisation matrix for such limits, credit monitoring process etc.</li> <li>The following parameters shall be considered for selection:</li> <li>(i) The exposure to a counter party is based on the networth of the counterparty. The fund manager would do a risk assessment of the issuer before making the investments. Further, continuous monitoring of the networth of the company is done. The risk assessment by the fund manager includes the monitoring of the following: <ol> <li>Capital Structure</li> <li>Debt Service coverage ratio</li> <li>Interest coverage</li> <li>V. Profitability margin</li> <li>Current ratio</li> </ol> </li> </ul>
	<ul> <li>assigns risk weightages to sectors and shall not invest in sectors which carry a high credit risk. The risk weightages are based upon various factors like the nature of products/services of the sector, current state and future outlook for the sector, subsidies provided to the sector and government regulations for the sector.</li> <li>(iii) The fund manager shall also check the track record of the company in terms of its financials and any defaults to its creditors.</li> </ul>

	(v) The fund manager can also have a call with the Management of the company as a part of its research of the company.
	(vi) The fund manager will also check for Credit Default Swaps spreads of the company in global
	market, if any available. The above parameters are dependent upon the information available at the time of due diligence. The fund manager shall endeavour to include all these parameters but investors should note that these parameters are indicative and can change from time to time at the discretion of the fund manager. <b>Price-Risk or Interest-Rate Risk</b>
	Generally, when interest rates rise, prices of fixed income securities fall and when interest rates drop, the prices increase. As with all debt securities, changes in interest rates may affect the NAV of the Scheme since the price of a fixed income instrument falls when the interest rates move up and vice versa. The effect is more prominent when the duration of the instrument is higher. The extent of fall or rise in the prices is a function of the existing coupon, days to maturity and the increase or decrease in the level of interest rates. These types of events may result in loss of value in the portfolio.

- SEBI has introduced a common KYC Application Form for all the SEBI registered intermediaries viz. Mutual Funds, Portfolio Managers, Depository Participants, Stock Brokers, Venture Capital Funds, Collective Investment Schemes, etc. New Investors are therefore requested to use the common KYC Application Form and carry out the KYC process including In-Person Verification (IPV) with any SEBI registered intermediaries including mutual funds. The KYC Application Forms are also available on our website www.adityabirlacapital.com.
- 2. The Mutual Fund shall perform the initial KYC of its new investors and may undertake enhanced KYC measures commensurate with the risk profile of its investors. The Mutual Fund shall upload the details of the investors on the system of the KYC Registration Agency (KRA). Registrar & Transfer Agent (RTA) of the Mutual Fund may also undertake the KYC of the investors on behalf of the Mutual Fund. KRA shall send a letter to the investor within 10 working days of the receipt of the initial/updated KYC documents from the Mutual Fund, confirming the details thereof.
- Once the investor has done KYC with a SEBI registered intermediary, the investor need not undergo the same process again with another intermediary including mutual funds. However, the Mutual Fund reserves the right to carry out fresh KYC of the investor.
- 4. It is mandatory for intermediaries including mutual funds to carry out In-Person Verification (IPV) of its new investors w.e.f January 01, 2012. The IPV carried out by any SEBI registered intermediary can be relied upon by the Mutual Fund. ABSLAMC and NISM/AMFI certified distributors who are KYD compliant are authorized to undertake the IPV for Mutual Fund investors. Further, in case of any applications received directly (i.e. without being routed through the distributors) from the investors, the Mutual Fund may rely upon the IPV (on the KYC Application Form) performed by the scheduled commercial banks.

Further, as per SEBI circular dated April 24, 2020, earlier circular on IPV stands modified as under:

- IPV/ VIPV would not be required when the KYC of the investor is completed using the Aadhaar authentication / verification of UIDAI.
- IPV / VIPV will not be required by the RI when the KYC form has been submitted online, documents have been provided through digilocker or any other source which could be verified online.
- As per SEBI Circular dated April 24, 2020, The eSign mechanism of Aadhaar will be accepted in lieu of wet signature on the documents provided by the investor and the cropped signature affixed on the online KYC form under eSign will be accepted as valid signature.
- Existing KYC compliant investors of the Mutual Fund can continue to invest as per the current practice. However, existing investors are also urged to comply with the new KYC requirements including IPV as mandated by SEBI.

For further details with respect to KYC process, please read Statement of Additional Information.
