Investment Strategy	<p>The scheme will be managed passively with investments in stocks in a proportion that is as close as possible to the weightage of the stocks in the MSCI India Index. The investment strategy would revolve around reducing the tracking error to the least possible through regular rebalancing of the portfolio, taking into account the change in weights of the stock in the index as well as the incremental collection/redemptions in the scheme.</p> <p>Rebalancing of the scheme shall also be carried out whenever there is a change in the underlying index or any change due to corporate action with respect to the constituents of the underlying index within 7 days. The Scheme may also invest in cash and debt/money-market instruments in compliance with regulations to meet liquidity and expense requirements.</p> <p><b>Portfolio Turnover</b></p> <p>The Scheme shall be a passively managed, index linked, open ended, exchange traded fund. It is therefore expected that there would be a number of subscriptions and redemptions on a daily basis through Market Makers and Large Investors. Generally, turnover will depend upon the extent of purchase and redemption of units and the need to rebalance the portfolio on account of change in the composition, if any, and corporate actions of securities included in the Index.</p> <p>The Scheme has no explicit constraints either to maintain or limit the portfolio turnover. It would also be difficult to have any reasonable accuracy in estimating the likely portfolio turnover. However, the fund manager intends to avoid any transactions in the portfolio unless there is any subscription, redemption or change in the underlying Index. Thus, given the structure and objective of the portfolio, the portfolio turnover is likely to be low.</p> <p>A higher churning of the portfolio could attract high transactions of the nature of brokerage, custody charges etc</p>

- SEBI has introduced a common KYC Application Form for all the SEBI registered intermediaries viz. Mutual Funds, Portfolio Managers, Depository Participants, Stock Brokers, Venture Capital Funds, Collective Investment Schemes, etc. New Investors are therefore requested to use the common KYC Application Form and carry out the KYC process including In-Person Verification (IPV) with any SEBI registered intermediaries including mutual funds. - The Mutual Fund shall perform the initial KYC of its new investors and may undertake enhanced KYC measures commensurate with the risk profile of its investors. 3. Once the investor has done KYC with a SEBI registered intermediary, the investor need not undergo the same process again with another intermediary including mutual funds. However, the Mutual Fund reserves the right to carry out fresh KYC of the investor.
  4. It is mandatory for intermediaries including mutual funds to carry out In-Person Verification (IPV) of its new investors. The IPV carried out by any SEBI registered intermediary can be relied upon by the Mutual Fund. ABSLAMC and NISM/AMFI certified distributors who are KYD compliant are authorized to undertake the IPV for Mutual Fund investors.
