- Transfer Frequency available for STP are Monthly and Quarterly
- Transfer Dates :**
Monthly Systematic Transfer Plan: Transfers can be on 1 or 7 or 10 or 14 or 20 or 21 or 28 of each month for minimum 6 transfers of Rs 1000/- each.
Quarterly Systematic Transfer Plan: Transfers can be on 1 or 7 or 10 or 14 or 20 or 21 or 28 of each quarter for minimum 4 quarters.
- Fast Forward Facility:** Investors availing monthly STP facility can opt for multiple dates, maximum upto any four dates within a month and in this case the dates can be dated 1st and / or 7th and / or 14th and / or 20th and / or 21st and / or 28th of each month.
- Default Dates:**
Monthly/Quarterly: In case of any ambiguity in selection of transfer frequency, the STP date will be 7 of each month / quarter. In case where more than 4 dates are specified, default dates will be 7, 14, 21 & 28 of each month.
- Minimum Application Amount specified in the SID(s) of the respective designated Transferee Scheme(s) will not be applicable for STP registration.
- Value STP**
 - Value STP is a facility wherein Unit holder(s) can opt to transfer variable amounts into the Transferee Scheme from the Transferor Scheme on the date of transfer at predetermined intervals. The amount to be transferred will be arrived at on the basis of the difference between the Investment Value [(first installment amount) X (number of installments; including the current installment)] and the actual Market Value of the holdings in the Transferee Scheme on the date of transfer.
 - The first Value STP installment will be processed for the first installment amount specified by the Unitholder at the time of enrolment. From the second Value STP installment onwards, the transfer amount may be higher or lower than the first installment amount, as derived by the formula stated below:
[(First installment amount) X (Number of installments including the current installment)] - (Market Value of the investments through Value STP in the Transferee Scheme on the date of transfer)
 - On the date of transfer, if the market value of the investments in the Transferee Scheme through Value STP is higher than the Investment Value for that month [(first installment amount) X (number of installments; including the current installment)], then there would be no transfer effected from the Transferor Scheme.
 - If the amount of transfer as calculated by the above formula is less than Rs.500, then the default amount of Rs. 500 will be transferred to the Transferee Scheme. However, in case of redemption or switch-out of Units allotted under Value STP in the Transferee Scheme, the balance installments under Value STP will be processed for the fixed instalment amount only as specified by the Unitholder at the time of enrolment.
 - The total amount invested through Value STP over its tenure in the Transferee Scheme, may be higher or lower than the Total Investment Value of the investment i.e. the [(first installment amount) X (total number of installments specified by the Unitholder)]. This may be on account of fluctuations in the market value of the Units of the Transferee Scheme.
 - The maximum amount of transfer under this option would be limited to twice the amount per transfer specified in the application form.
 - The frequencies available under this facility are as follows: Monthly & Quarterly
 - The minimum number of installments and amount for enrollment to avail Value STP are as below:

Frequency	Trigger Dates	Minimum Value STP amount (Rs.)
Monthly	1 st , 7 th , 10 th , 14 th , 20 th	For STP installments greater than ₹ 500 but less than ₹ 999, Unitholders are required to instruct for minimum 12 transfers of ₹ 500 and in multiples of ₹ 1 thereafter.
Quarterly	20 th , 21 st , 28 th	For STP installments of ₹ 1000 and above, Unitholders are required to instruct for minimum 6 transfers of ₹ 1000 and in multiples of ₹ 1 thereafter.

The fund manager proposes to concentrate on business and economic fundamentals driven by in-depth research techniques and employing the full potential of the research team at the AMC. The stock selection process proposed to be adopted is generally a bottom-up approach seeking to identify companies with long term sustainable competitive advantage. The fund would also use a top down discipline by ensuring representation of companies from all key sectors in respective benchmarks.</p> <p>The fund manager would primarily focus on long term growth for identifying stocks on the equity side. The objective would be to identify businesses with superior growth prospects and strong management available at reasonable valuation and offering higher risk adjusted returns. The fund would follow blend of bottom up approach (for stock selection) and top down approach (for sector allocation). The fund would follow flexi cap approach on market cap depending on risk return profile of various sub segments of the market. The decision to sell would be based on price reaching its fair value or availability of alternative investment opportunity offering higher risk adjusted returns or anticipated price appreciation no longer possible due to change in business fundamentals.</p> <p>The 40s Plan</p> <p>The Plan invests predominantly in equity and equity related instruments with marginal allocation to debt and money market instruments.</p> <p>On the equity front, the fund manager proposes to concentrate on business and economic fundamentals driven by in-depth research techniques and employing the full potential of the research team at the AMC. <p>Risk Profile of the Scheme</p>	<p>Mutual Fund Units involve investment risks including the possible loss of principal. Please read the Scheme Information Memorandum (SID) carefully for details on risk factors before investment. Scheme specific Risk Factors are summarized below:</p> <p>Investments in the Scheme are subject to various risk factors including but not limited to risks associated with: investment in Equity and Equity related instruments, investments in Fixed Income Securities such as Price-Risk or Interest-Rate Risk, Credit Risk, Liquidity or Marketability Risk, Reinvestment Risk etc., investments in Derivatives (The risks associated with the use of derivatives are different from or possibly greater than the risks associated with investing directly in securities and other traditional investments), investments in Repo Transactions in Corporate Bond, investments in Foreign Securities, investments in Securitised Debt assets, which would be in the nature of Mortgage Backed Securities (MBS) and Asset Backed Securities (ABS) with underlying pool of assets and receivables like Housing Loans, Auto Loans and Corporate Loans. The various risks associated with securitised assets include Prepayment Risk, Credit Risk, Liquidity Risk, Conversion risk, Price risks etc. The Scheme shall not engage in Stock lending or short selling activities. Different types of securities in which the Scheme would invest as given in the SID/Key Information Memorandum carry different levels and types of risk. Accordingly the scheme's risk may increase or decrease depending upon its investment pattern. E.g. corporate bonds carry a higher amount of risk than Government securities. The above are some of the common risks associated with investments in various securities. There can be no assurance that a Scheme's investment objectives will be achieved, or that there will be no loss of capital. Investment results may vary substantially on a monthly, quarterly or annual basis. Further, the Fund/AMC is not guaranteeing or assuring any returns. Further, it should be noted that the actual distribution of dividends and the frequency thereof are indicative and will depend, inter-alia, on availability of distributable surplus. Dividend payouts will be entirely at the discretion of the Trustee.</p> <p>Investors may, if they wish, consult their legal, tax, investment and other professional advisors to determine possible legal, tax, financial or other considerations of subscribing to or redeeming Units, i.e. before making a decision to invest/redeem Units.</p> <p>Investors in the Scheme are not being offered any guaranteed returns. Please refer to SID for detailed scheme specific risk factors.</p>
<p>Risk Control</p>	<p>Investments made by the Investment Plans under the Scheme would be in accordance with the investment objectives of the Scheme and provisions of SEBI (MF) Regulations. Since investing requires disciplined risk management, the AMC would incorporate adequate safeguards for controlling risks in the portfolio construction process. The risk control process involves reducing risks through portfolio diversification, taking care however not to dilute returns in the process. The Scheme will try and mitigate this risk by investing in sufficiently large number of companies, so as to maintain optimum diversification and keep stock specific concentration risk relatively low. The AMC believes that this diversification would help achieve the desired level of consistency in returns. The AMC aims to identify securities, which offer superior levels of yield at lower levels of risks. With the aim of controlling risks, the investment team of the AMC will carry out rigorous in-depth analysis of the securities proposed to be invested in. The Scheme may also use various derivatives products for the purpose of hedging and portfolio balancing from time to time, with an attempt to protect the value of the portfolio and enhance Unitholders' interest. While these measures are expected to mitigate the above risks to a large extent, there can be no assurance that these risks would be completely eliminated.</p>

Creation of Segregated Portfolio

Credit event means downgrade in credit rating by a SEBI registered Credit Rating Agency (CRA), as under:

- Downgrade of a debt or money market instrument to 'below investment grade, or
- Subsequent downgrades of the said instruments from 'below investment grade, or
- Similar such downgrades of a loan rating.

In case of difference in rating by multiple CRAs, the most conservative rating will be considered.

Creation of segregated portfolio will be based on issuer level credit events and as mentioned above implemented at the ISIN level.

Process of creation of segregated portfolio:

ABSLAMC will decide on creation of segregated portfolio on the day of credit event and will seek approval of Trustee. Post that ABSLAMC will immediately issue a press release disclosing its intention to segregate such debt and money market instrument and its impact on the investors. All subscription(s) and redemption(s) in the Scheme shall be suspended for processing with respect to creation of units and payment on redemptions upto one business day from the day of credit event.

The segregated portfolio shall be effective from the day of credit event, post approval of Trustee.

ABSLAMC will issue a press release immediately post approval of Trustee with all relevant information pertaining to the segregated portfolio. An e-mail or SMS will be sent to all unit holders of the concerned Scheme. All existing unit holders in the Scheme as on the day of the credit event shall be allotted equal number of units in the segregated portfolio as held in the main portfolio.

No redemption and subscription shall be allowed in the segregated portfolio. However, units of segregated portfolio will be listed on recognized stock exchange within 10 working days of creation of segregated portfolio.

Valuation and processing of subscriptions and redemptions

The valuation will take into account the credit event and the portfolio will be valued based on the principles of fair valuation (i.e. realizable value of the assets) in terms of the relevant provisions of SEBI (Mutual Funds) Regulations, 1996 and Circular(s) issued thereunder.

All subscription and redemption requests for which NAV of the day of credit event or subsequent day is applicable will be processed as per the existing circular on applicability of NAV. However, in case of segregated portfolio, applicability of NAV will be as under:

1. Investors redeeming their units will get redemption proceeds based on the NAV of the Main Portfolio and will continue to hold the units of Segregated Portfolio.
2. Investors subscribing to the Scheme will be allotted units only in the Main Portfolio based on its NAV.

In case Trustees does not approve the proposal of segregated portfolio, all subscription(s) and redemption(s) applications will be processed based on the NAV of Total Portfolio.

Disclosure requirements

A statement of holding indicating the units held by the investors in the Segregated Portfolio along with the NAV of both Segregated Portfolio and Main Portfolio as on the day of the credit event will be communicated to the investors within 5 working days of creation of the Segregated Portfolio. Further, adequate disclosure of the Segregated Portfolio will also appear in the monthly and half-yearly portfolio disclosures and in the annual report of the Fund and the Scheme. Further, the NAV of the Segregated Portfolio will be declared on a daily basis.

The investors of the Segregated Portfolio will be duly informed of the recovery proceedings of the investments of the Segregated Portfolio and status update will be provided to the investors at the time of recovery and also at the time of writing-off of the segregated securities. Upon recovery of money, whether partial or full, it will be immediately distributed to the investors in proportion to their holding in the Segregated Portfolio.

Total Expense Ratio ("TER") for the Segregated Portfolio

ABSLAMC will not charge investment and advisory fees on the segregated portfolio. However, TER (excluding the investment and advisory fees) can be charged, on a pro-rata basis only upon recovery of the investments in segregated portfolio. The TER so levied shall not exceed the simple average of such expenses (excluding the investment and advisory fees) charged on daily basis on the Main Portfolio (in % terms) during the period for which the Segregated Portfolio was in existence. The legal charges related to recovery of the investments of the Segregated Portfolio will be charged to the segregated portfolio in proportion to the amount of recovery. However, the same will be within the maximum TER limit as applicable to the main portfolio. The legal charges in excess of the TER limits, if any, will be borne by ABSLAMC. The costs related to Segregated Portfolio will in no case be charged to the Main Portfolio.

Creation of Segregated Portfolio will be optional and at the discretion of ABSLAMC.
