The Investment Committee, if it so desires, can extend the timeline for rebalancing up to sixty (60) Business Days from the date of completion of mandated rebalancing period. Further, in case the portfolio is not rebalanced within the aforementioned mandated plus extended timelines the AMC shall comply with the prescribed restrictions, the reporting and disclosure requirements as specified in para 2.9 of SEBI Master Circular on Mutual Funds .

### **Investment Strategy**

The corpus of the Scheme will be primarily invested in equity and equity related securities of the companies in the Infrastructure Sector. The Scheme may also invest a small portion of its corpus in money market instruments to manage its liquidity requirements. All companies selected will be analysed taking into account the business fundamentals like nature and stability of business, prospects of future growth and scalability, financial discipline and returns, valuations in relation to broad market and expected growth in earnings, the company's financial strength and track record. The scheme may also invest in ADR/ GDR and equities of listed overseas companies.

These investments will be made in line with the RBI and SEBI guidelines and will be within the limits prescribed by SEBI/RBI from time to time.

### **Stock Selection Strategy**

The Scheme will select stocks of companies engaged in the area of infrastructure across the following industries. Please note that the list is indicative and the Investment Manager may add such other sector/group industries, which broadly satisfy the category of infrastructure industries:

- · Banking and Financial Services
- Capital Goods
- Cement
- Coal
- Construction
- Earth Moving Equipments
- Energy
- Engineering
- Housing
- Metals
- · Oil and Oil Related Sectors
- Petroleum
- Ports
- · Power and Power Equipments
- Telecommunications
- Transportation

These sectors are only indicative and this could undergo change based on future reforms and developments. The scheme will select stocks from the investment universe, which, in the opinion of the Fund Manager, offer an attractive investment opportunity to participate in the growth of the infrastructure sector. These may be across the above-mentioned sectors or other areas of Infrastructure as may be identified by the Scheme. A combination of the top down approach and bottom up approach will be followed in the stock selection process. The top down approach will focus on an analysis of macro economic factors, economic changes & trends, key policy changes, infrastructure spending, etc. The bottom-up approach would seek to identify companies with high profitability and scalability supported by sustainable competitive advantages. Subject to the provisions of Schedule Seven of the SEBI (Mutual Funds) Regulations, 1996, there will not be any restrictions on the level of participation in any of the abovementioned industries.

### **Derivatives**

The Scheme may have prudent exposure to Futures & Options (F&O) to capture opportunities arising out of market imperfection and to hedge the portfolio, whenever necessary. Derivative products are leveraged instruments and can provide disproportionate gains as well as disproportionate losses to the investor. Execution of such strategies depends upon the ability of the fund manager to identify such opportunities. Identification and execution of the strategies to be pursued by the fund manager involve uncertainty and decision of fund manager may not always be profitable. No assurance can be given that the fund manager will be able to identify or execute such strategies. The risks associated with the use of derivatives are different from or possibly greater than, the risks associated with investing directly in securities and other traditional investments.

For detailed derivative strategies, please refer to SAI.

### **Portfolio Turnover**

The scheme has no explicit constraints either to maintain or limit the portfolio turnover. Portfolio turnover will depend upon the circumstances prevalent at any time and would also depend on the extent of volatility in the market and

	inflowed with the calculation. The Final Manager will be welve and a view
	inflows/outflows in the scheme. The Fund Manager will however endeavour to maintain a low portfolio turnover rate.
	A higher churning of the portfolio could attract high transactions of the
	nature of brokerage, custody charges etc.
Risk Profile of the Scheme	Mutual Fund Units involve investment risks including the possible loss of principal. Please read the Scheme Information Memorandum (SID) carefully for details on risk factors before investment. Scheme specific Risk Factors are summarized below: The investments under the scheme are oriented towards equity/equity related securities of companies belonging to the infrastructure industries and hence will be affected by risks associated with the infrastructure industries. The performance of the companies, which form the investment universe of this scheme, would be affected by the growth and performance of the infrastructure sector in the country. As the scheme may hold securities that are not in the S&P Nifty 50 Index and may invest in limited number of sectors with higher concentration in certain sectors and industries, it may perform differently from the general stock markets.

### 9. DIRECT APPLICATIONS AND EUIN

- a. Investment in Direct Plan: Investors applying under Direct Plan, are advised to write the word 'DIRECT' in the column 'ARN No' or 'Broker Code' in their applications for purchases/additional purchases/switches in all such cases where applications are not routed through any distributor/ agent/ broker. In cases where unit holder uses a pre-printed transaction slip/application form where details in the 'ARN No' or 'Broker Code' column is already printed, unit holder should cancel the ARN No/ Broker Code, write 'DIRECT' in the said column. Also, in case ARN No/ Broker Code is mentioned in the application form, but "Direct Plan" is indicated, the ARN No/ Broker Code will be ignored and the application will be processed under Direct Plan, subject to it being complete in all other aspects. Further, where application is received for Regular Plan without Distributor code or "Direct" mentioned in the ARN Column, the application will be processed under Direct Plan.
- b. Employee Unique Identification Number (EUIN) is a unique number allotted to Sales personnel i.e. employee/ relationship manager/ sales person of the distributor interacting with the investor for the sale of mutual fund products. Such sales personnel associated with Distributor, should also be holding a valid NISM certificate. Thus, in case of applications routed through distributors, in addition to the AMFI Registration Number (ARN) of the distributor, Investors are requested to also provide the EUIN of the individual ARN holder or of employee/relationship manager/sale person of the Distributor interacting with the investor. Providing appropriate EUIN in the application/transaction forms would assist in tackling the problem of mis-selling even if the Sales personnel on whose advice the transaction was executed by investor leaves the employment of the distributor or his/her sub broker. If the distributor has not given any advice pertaining to the investment (i.e. transaction is 'execution only'), then the EUIN box may be left blank, but it would be mandatory for the investor to provide confirmation as mentioned in the application form.
