Investors have the option of: - Weekly Systematic Investment Plan - Monthly Systematic Investment Plan Step-Up SIP: 'Step-Up SIP', is an optional, add-on feature, and an enhancement to Systematic Investment Plan (SIP) facility available under the scheme. This feature enables the investors to enhance/increase SIP installment at pre-defined intervals by a fixed amount, thus, providing the investors a simplified method of aligning SIP installments amounts with increase in earnings over the tenure of SIP. Micro SIP: As per AMFI notification and Guidelines issued on July 14, 2009, SIPs without life insurance cover or lumpsum by eligible investors where aggregate (under all schemes of Mutual Fund) in a rolling 12 month period or in a financial year i.e. April to March does not exceed Rs. 50,000 (known as "Micro SIP") shall be exempted from the requirement of PAN. Multi Scheme SIP Facility The Facility enables investors to subscribe under various Schemes through SIP using a single application form and payment instruction. All provisions as applicable to investments under the existing Systematic Investment Plans offered under the Schemes of the Fund will be applicable to this Facility except as stated below: - Under this Facility, payment only in respect of the first installment can be made using a single cheque. The payment for all the subsequent installments will have to be through the auto-debit/standing instruction/NACH facility provided by the banks.

		b. Currently, the maximum number of Schemes in which investments can be made using a single SIP application Form shall be 3 (three). Aditya Birla Sun Life AMC Limited reserves right to extend the facility to more than 3 (three) schemes in future. c. The Facility is available only to those investors who wish to invest through SIP in more than one Scheme using a single application form. d. The Facility can be used for investments made on a weekly or monthly basis. e. The date of investments under SIP in respect of all Schemes registered by the investor through the Facility should be uniform. However, the amount of investments in the Schemes through the Facility can be different subject to the requirement of minimum amount of investment criteria as mentioned for the respective Scheme. f. If the maximum period for investments through SIP under the Facility is not indicated by the investor, the auto-debit/standing instruction/NACH facility will continue till further instructions from the investor from the date of 1st installment. Sampoorna SIP* Sampoorna SIP will allow investors to invest via Systematic Investment Plan ("SIP") in the eligible schemes of the Fund for a specified duration. Post completion of the SIP tenure, Systematic Withdrawal Plan ("SWP") will commence from the same scheme or different scheme as selected by the investor. Investors can specify any SWP amount of their choice. *Sampoorna SIP is renamed as 'SIP for Life' w.e.f. October 29, 2025. SIP Pause Facility As per this Facility the investors will have an option to pause their SIP investment for specified number of instalments and SIP would restart from the immediate month after completion of the pause period specified by the investor. Reinstatement of SIP Pause: As per this facility, investors can reinstate their paused SIP at any time by submitting a written request through physical mode 10 business days prior to the immediate next SIP date. For requests received at shorter notice i.e., less than 10 business days from SIP due date, SIP will be re-instated from the subsequent installment. • SYSTEMATIC TRANSFER PLAN STP allows the Investors to invest by transfer of a fixed amount from any of the following schemes to any open ended scheme of Aditya Birla Sun Life Mutual Fund. Para 12.18 of SEBI Master Circular
7.	Short selling	The scheme shall not engage in short selling.	NA

65% of total assets shall be invested in AA (excludes Corporate bonds rated AA+ and higher) and below rated corporate bonds.

The scheme will be managed so that the maximum duration of the portfolio is capped at 4 years.

The scheme shall not invest in Government Securities and State Development Loans but may invest in money market instruments including T-Bills, Repo, and Reverse Repos & Tri-Party Repos within the limits mentioned in asset allocation pattern.

The scheme may use fixed income derivative instruments, subject to guidelines as maybe issued by SEBI and/or RBI and for such purposes as may be permitted from time to time, including for the purpose of hedging and portfolio rebalancing based on available opportunities. In accordance with para 12.24 of SEBI Master Circular on Mutual funds, the cumulative gross exposure through debt, money market and derivative positions shall not exceed 100% of the net assets of the scheme.

The scheme may take exposure in repo / reverse repo transactions in Corporate Debt Securities. The scheme shall participate in repo transactions only in AA and above rated corporate debt securities.

The scheme shall borrow through repo transactions only if the tenor of the transaction does not exceed a period of six months.

The AMC with a view to protecting the interests of the investors, may increase exposure in foreign securities as deemed fit from time to time.

In accordance with the requirement of Regulation 43A of SEBI (Mutual Funds) Regulations, 1996 read with Chapter 16A of SEBI Master Circular on Mutual Funds on Investment by Mutual Fund Schemes and AMCs in units of Corporate Debt Market Development Fund, scheme shall invest 25 bps of its AUM as on December 31, 2022 in the units of the Corporate Debt Market Development Fund ('CDMDF') within 10 working days from the request of CDMDF. Further, an incremental contribution to CDMDF shall be made every six months within 10 working days from the end of half year starting from December 2023 to ensure 25 bps of scheme AUM is invested in units of CDMDF. However, if AUM decreases there shall be no return or redemption from CDMDF. Contribution made to CDMDF, including the appreciations on the same, if any, shall be locked-in till winding up of the CDMDF. However, in case of winding up of contributing Scheme, inter-scheme transfers within the same Mutual Fund or across Mutual Funds may be undertaken.

Further, investments in CDMDF units shall not be considered as violation while considering maturity restriction as applicable for various purposes (including applicable Investment limits) and the calculations of Potential Risk Class (PRC) Matrix, Risk-o-meter, Stress testing and Duration for various purposes shall be done after excluding investments in units of CDMDF.

As per Clause 2.10 of SEBI Master Circular on Mutual Funds, for calculation of asset allocation limits of the Scheme in terms of Part IV of Chapter 2 on 'Categorization and Rationalization of Mutual Fund Schemes' of Master Circular for Mutual Funds, investment in units of CDMDF shall be excluded from base of net assets.

Portfolio Rebalancing

Rebalancing due to Short Term Defensive Consideration

Due to market conditions, the AMC may invest beyond the range set out in the asset allocation. Such deviations shall normally be for a short term and defensive considerations as per para 1.14.1.2 of SEBI Master Circular on Mutual Funds, and the fund manager will rebalance the portfolio within 30 calendar days from the date of deviation.

Rebalancing due to Passive Breach:

Further, as per para 2.9 of SEBI Master Circular on Mutual Funds, as may be amended from time to time, in the event of deviation from passive breaches (occurrence of instances not arising out of omission and commission of the AMC), the fund manager shall rebalance the portfolio of the Scheme within 30 Business Days. In case the portfolio of the Scheme is not rebalanced within the period of 30 Business Days, justification in writing, including details of efforts taken to rebalance the portfolio shall be placed before the Investment Committee of the AMC. The Investment Committee, if it so desires, can extend the timeline for rebalancing up to sixty (60) Business Days from the date of completion of mandated rebalancing period. Further, in case the portfolio is not rebalanced within the aforementioned mandated plus extended timelines the AMC shall comply with the prescribed restrictions, the reporting and disclosure requirements as specified in para 2.9 of SEBI Master Circular on Mutual Funds.

Provided further and subject to the above, any change in the asset allocation affecting the investment profile of the Scheme shall be affected only in accordance with the provisions of sub regulation (26) of Regulation 25 of the Regulations, as detailed later in this document.

B. WHERE WILL THE SCHEME INVEST?

The corpus of the Scheme may be invested in entire range of debt instruments (excluding Government Securities and State Development loans) and money market instruments with short to medium term maturities across the credit spectrum within the investment grade. Accordingly, subject to the SEBI (MF) Regulations, the corpus of the Scheme can be invested in any (but not exclusively) of the following securities:

1. Debt instruments (in the form of non-convertible debentures, bonds, secured premium notes, zero interest bonds, deep discount bonds, floating rate bond / notes, securitised debt, pass through certificates, asset backed securities, mortgage backed securities and any other domestic fixed income securities including structured obligations etc.) include, but are not limited to:
 - a. Debt issuances of the statutory bodies (which may or may not carry a state / central government guarantee),
 - b. Debt securities that have been guaranteed by Government of India and State Governments,
 - c. Debt securities issued by Corporate Entities (Public / Private sector undertakings),
 - d. Debt securities issued by Public / Private sector banks and development financial institutions.
 - e. The non-convertible part of convertible debt securities.
2. Money Market Instruments include Commercial papers, commercial bills, treasury bills, Government securities having an unexpired maturity upto one year, call or notice money, certificate of deposit, usance bill and any other like instruments as specified by the Reserve Bank of India/SEBI from time to time subject to regulatory approvals, if any.
3. Securitised Debt Obligations.
4. Fixed Income Derivative instruments like Interest Rate Swaps, Forward Rate Agreements and such other derivative instruments as permitted by SEBI / RBI.
5. Pass through, Pay through or other Participation Certificates, representing interest in a pool assets including receivables.
6. Any other domestic fixed income securities as may be permitted by RBI/SEBI from time to time but excluding Government securities and State Developmental Loans.
7. Units issued by REITs/InvITs.
8. Units of Corporate Debt Market Development Fund

The securities mentioned above could be, listed or to be listed, secured or unsecured, rated or unrated and of varying maturity, as enabled under SEBI Regulations/ circulars/ RBI. The securities may be acquired through Initial Public Offerings (IPOs), secondary market operations, private placement, rights offers or negotiated deals.

C. WHAT ARE THE INVESTMENT STRATEGIES?

The Scheme endeavors to generate returns by predominantly investing in corporate debt securities with short to medium term maturities across the credit spectrum within the investment grade. The scheme will be managed so that the maximum duration of the portfolio is capped at 4 years.

The Scheme would seek opportunities across the credit curve and would endeavour to take benefit from mispriced credit opportunities. The fund will avoid active duration management. In fact, the fund manager within the maximum permissible mandate would endeavour to match the maturity of the underlying portfolio with proposed investment horizon.

The scheme shall not invest in government securities and State Developmental Loans but may invest in money market instruments including T-Bills, Repo and Reverse Repos & Tri-Party Repos within the limits mentioned in asset allocation pattern. Rigorous in-depth credit evaluation and analysis aimed at ascertaining both the short term financial health and long term solvency of the debt issuers will be carried out before investing. In addition, criteria such as sound corporate managements, prospects of good future growth and strong past performance will be considered.

D. HOW WILL THE SCHEME BENCHMARK ITS PERFORMANCE?

The performance of the scheme will be benchmarked to the performance of following benchmark index: **CRISIL Credit Risk Debt B-II Index**. As required under clause 1.9 of Master Circular, the benchmark has been selected from amongst those notified by AMFI as the first tier benchmark to be adopted by mutual funds and which are reflective of the category of the scheme.

Rationale for adoption of benchmark:

This index is a representation of the asset allocation of the Scheme. In line with the maturity profile of the Scheme and the investible universe in which the Scheme propose to invest, the above stated Benchmark is most suited for comparison of the performance of the Scheme.

The fund reserves the right to change the said benchmark and/or adopt one/more other benchmarks to compare the performance of the Scheme. The performance of this scheme will be compared with its peers in the Industry. The performance will be placed before the Investment Committee as well as the Board of Directors of the AMC and the Trustee Company in each of their meetings.

For any other disclosure w.r.t investments by key personnel and AMC directors including regulatory provisions in this regard, kindly refer SAI.

- Investments of AMC in the Scheme:**

Pursuant to Regulation 25(16A) of the SEBI (MF) Regulations, 1996 and para 6.9 of SEBI Master Circular on Mutual Funds, AMC will invest minimum amount as a percentage of AUM based on the risk associated with the Scheme and such investment will not be redeemed unless the Scheme is wound up.

The AMC will conduct quarterly review to ensure compliance with above requirement which may change either due to change in value of the AUM or in the risk value assigned to the scheme. The shortfall in value of the investment, if any, will be made good within 7 days of such review.

In addition to investments as mandated under Regulation 25(16A) of the Regulations as mentioned above, the AMC, may invest in the scheme during the continuous offer period subject to the SEBI (MF). As per the existing SEBI (MF) Regulations, the AMC will not charge investment management and advisory fee on the investment made by it in the scheme. The Sponsor, Trustee and their associates may invest in the scheme on an ongoing basis subject to SEBI (MF) Regulations & circulars issued by SEBI and to the extent permitted by its Board of Directors from time to time.

Link to view the investment (if any): <https://mutualfund.adityabirlacapital.com/forms-and-downloads/disclosures>

Pursuant to Regulation 43A of SEBI (Mutual Funds) Regulations, 1996 and Chapter 16A of SEBI Master Circular on Mutual Funds on Investment by Mutual Fund Schemes and AMCs in units of Corporate Debt Market Development Fund, AMC shall make a one-time contribution equivalent to 2 bps of the AUM of the specified debt oriented schemes as on December 31, 2022 in the units of the Corporate Debt Market Development Fund ('CDMDF') within 10 working days of request from CDMDF. Contribution made to CDMDF, including the appreciations on the same, if any, shall be locked-in till winding up of the CDMDF. In case of delay in contribution by the Scheme and AMC, the AMC shall be liable to pay interest at fifteen percent (15%) per annum for the period of delay.

Part III- OTHER DETAILS

A. COMPUTATION OF NAV

The Net Asset Value (NAV) per Unit of the scheme will be computed by dividing the net assets of the scheme by the number of Units outstanding under the scheme on the valuation date. The Mutual Fund will value its investments according to the valuation norms, as specified in Schedule VIII of the SEBI Regulations, or such norms as may be specified by SEBI from time to time.

NAV of Units under the scheme shall be calculated as shown below:

Market or Fair Value of the scheme's Investments

+ Current Assets (including accrued income)

- Current Liabilities and Provisions (including accrued expenses)

NAV (Rs.) per Unit =

No. of Units outstanding under the scheme

The AMC will calculate and disclose the NAV of the scheme on every business day. The NAVs of the Scheme will be calculated upto four decimals and units allotted upto three decimals. NAVs of the growth option and IDCW option will be different after the declaration of the first IDCW.

Computation of NAV in case of investment in foreign securities: On the valuation day, all the assets and liabilities denominated in foreign currency will be valued in Indian Rupees. The valuation price of the security will be converted to INR based on a reference rate provided by the designated agency at the close of banking hours in India. If required, the AMC may change the source of determining the exchange rate. The Fund shall value its investments according to the valuation norms as specified in the Eighth Schedule of the Regulations, or such guidelines / recommendations as may be specified by SEBI from time to time. The broad valuation norms are detailed in the Statement of Additional Information.

Illustration of computation of NAV:

If the net assets of the Scheme are Rs.10,55,34,567.12 and units outstanding are 100,00,000, then the NAV per unit will be computed as follows:

$10,55,34,567.12 / 100,00,000 = \text{Rs. } 10.5534 \text{ p.u. (rounded off to four decimals)}$

In accordance with SEBI (MF) Regulations, while determining the price of the units, the mutual fund shall ensure that the repurchase price of the scheme is not lower than 97 per cent of the Net Asset Value.

Methodology for calculation of sale and re-purchase price of the units:

- Subscription / Switch-in (from other schemes/plans of the Mutual Fund) (*This is the price investor need to pay for purchase/switch-in*)
If the applicable NAV is Rs. 10/- and since there will be no entry load, then the purchase price will be Rs. 10/-
- Redemption / Switch - out (to other schemes/plans of the Mutual Fund) (*This is the price investor will receive at the time of redemption/ switch-out*)
If the applicable NAV is Rs. 10/- and exit load is 0.5% then sale price will be $10 - (10 \times 0.5\%) = 10 - 0.05 = \text{Rs. } 9.95/-$

Note: Where as a result of a Redemption/ Switch arising out of excess holding by an investor beyond 25% of the net assets of the schemes in the manner envisaged under para 6.11 of SEBI Master Circular on Mutual Funds , such Redemption / Switch will not be subject to Exit load.

For other details such as policies w.r.t computation of NAV, rounding off, investment in foreign securities, procedure in case of delay in disclosure of NAV etc. refer to SAI.

B. NEW FUND OFFER (NFO) EXPENSES

These expenses are incurred for the purpose of various activities related to the NFO like sales and distribution fees paid marketing and advertising, registrar expenses, printing and stationary, bank charges etc. All the NFO expenses of the Scheme shall be borne by the AMC.

The entire amount subscribed by the investor subject to deduction of transaction charges, if any, in the scheme during the New Fund Offer will be available to the scheme for investments.

C. ANNUAL SCHEME RECURRING EXPENSES

These are the fees and expenses for operating the scheme. These expenses include Investment Management and Advisory Fee charged by the AMC, Registrar and Transfer Agents' fee, marketing and selling costs etc. as given in the table related to maximum permissible expense below.

Within the limits specified under the SEBI (MF) Regulations, the AMC has estimated that the following will be charged to the scheme as expenses. For the actual current expenses being charged, the investor should refer to the website of the Mutual Fund. Further, any change in the expense ratio will be updated on our website and the same will be communicated to investor via SMS / e-mail 3 working days prior to the effective date of change.

As per Regulation 52(6)(c) of SEBI (MF) Regulations, the total expenses of the scheme, including Investment Management and Advisory Fees, shall be subject to following limits as specified below

Assets under management Slab (In Rs. crore)	Total expense ratio limits
on the first Rs. 500 crores of the daily net assets	2.00%
on the next Rs. 250 crores of the daily net assets	1.75%
on the next Rs. 1,250 crores of the daily net assets	1.50%
on the next Rs. 3,000 crores of the daily net assets	1.35%
on the next Rs. 5,000 crores of the daily net assets	1.25%
On the next Rs. 40,000 crores of the daily net assets	Total expense ratio reduction of 0.05% for every increase of Rs. 5,000 crores of daily net assets or part thereof.
On balance of the assets	0.80%

In addition to total expense permissible within limits of Regulation 52 (6)(c) of SEBI (MF) Regulations as above, the AMC may charge the following to the scheme in terms of Regulation 52(6A) of SEBI (MF) Regulations:

(a) Brokerage and transaction cost incurred for the purpose of execution of trade shall be charged to the schemes as provided under Regulation 52 (6A) (a) upto 12 bps and 5 bps for cash market transactions and derivatives transactions respectively. In terms of para 10.1.14 of SEBI Master Circular on Mutual Funds , any payment towards brokerage and transaction costs (including GST, if any) incurred for the execution of trades, over and above the said 0.12 per cent and 0.05 per cent for cash market transactions and derivatives transactions respectively may be charged to the scheme within the maximum limit of Total Expense Ratio (TER) as prescribed under Regulation 52 of the SEBI (MF) Regulations.

(b) Additional expenses incurred towards different heads mentioned under Regulations 52(2) and 52(4) of SEBI (MF) Regulations, not exceeding 0.05 per cent of daily net assets of the scheme.

The AMC has estimated the following recurring expenses, as detailed in table related to maximum permissible expense below. The expenses are estimated have been made in good faith as per the information available to the AMC based on past experience and are subject to change inter se.

The purpose of the below table is to assist the investor in understanding the various costs and expenses that an investor in the scheme will bear directly or indirectly.

Maximum estimated permissible expense as a % per annum of daily net assets	
A. Expense Head / Nature of expense	% of daily net assets
Investment Management & Advisory Fee	Upto 2.00%
Audit fees/fees and expenses of trustees	
Custodial Fees	
Registrar & Transfer Agent Fees including cost of providing account statements / IDCW / redemption cheques/ warrants	
Marketing & Selling Expenses including Agents Commission and statutory advertisement	
Costs related to investor communications	
Costs of fund transfer from location to location	
Cost towards investor education & awareness	
Brokerage & transaction cost pertaining to distribution of units	
Goods & Services Tax on expenses other than investment and advisory fees	
Goods & Services Tax on brokerage and transaction cost [^]	
Other Expenses (to be specified as per Reg 52 of SEBI MF Regulations)	
Maximum Total expenses ratio (TER) permissible under Regulation 52 (6) (c)	Upto 2.00%
Additional expenses under Regulations 52(6A)(c)	Upto 0.05%

The above estimates for recurring expense are for indicative purposes only and have been made in good faith as per the information available to the AMC based on past experience.

****such expenses shall not be charged to the scheme where the exit load is not levied or applicable.**

^ over and above 12 bps and 5 bps for cash market transactions and derivatives transactions respectively.

Note:

- The TER of the Direct Plan will be lower to the extent of the abovementioned distribution expenses/ commission which is charged in the Regular Plan
- In terms of para 10.1.16 of SEBI Master Circular on Mutual Funds , the AMC / Mutual Fund shall annually set apart at least 2 basis points (i.e. 0.02%) on daily net assets of the scheme within the maximum limit of Total Expense Ratio as per Regulation 52 of the SEBI (MF) Regulations for investor education and awareness initiatives.
- In terms of para 10.3 of SEBI Master Circular on Mutual Funds , AMC may charge GST on following Fees and expenses as below:
 - Investment Management and Advisory Fees:** AMC may charge GST on investment management and advisory fees to the scheme in addition to the maximum limit of Total Expense Ratio as prescribed under Regulation 52 of the SEBI (MF) Regulations.
 - Other than Investment Management and Advisory Fees:** AMC may charge GST on expenses other than investment management and advisory fees to the scheme within the maximum limit of Total Expense Ratio as prescribed under Regulation 52 of the SEBI (MF) Regulations. Further, GST on

Brokerage and transaction cost incurred for execution of trades, will be within the maximum limit of Total Expense Ratio as prescribed under Regulation 52 of the SEBI (MF) Regulations

- (d) **Maximum Permissible expense:** The maximum total expense ratio (TER) that can be charged to the scheme will be subject to such limits as prescribed under the SEBI (MF) Regulations. The said maximum TER shall either be apportioned under various expense heads as enumerated above, without any sub limit or allocated to any of the said expense head(s) at the discretion of AMC. Also, the types of expenses charged shall be as per the SEBI (MF) Regulations.

Investors should note that, all scheme related expenses including commission paid to distributors will necessarily be paid from the Scheme only within the regulatory limits and not from the books of the ABSLAMC, its associate, sponsor, trustee or any other entity through any route.

The total recurring expenses of the Scheme excluding issue or redemption expenses, whether initially borne by the Mutual Fund or by the AMC, but including the investment management and advisory fee, shall not exceed the limits as prescribed under Regulation 52 of the SEBI (MF) Regulations.

Illustration of impact of expense ratio on schemes returns:

Expense ratio, normally expressed as a percentage of Average Assets under Management, is calculated by dividing the permissible expenses under the Regulations by the average net assets.

To further illustrate the above, for the Scheme under reference, suppose an Investor invested Rs. 10,000/- the impact of expenses charged will be as under:

Particulars	Regular Plan (Rs.)	Direct Plan (Rs.)
Amount invested at the beginning of the year (A)	10,000	10,000
Value of above investment at the end of the year (before all applicable expenses) (B)	11,500	11,500
Returns before expenses (C)	1,500	1,500
Expenses other than Distribution expenses(D)	150	150
Distribution expenses(E)	50	-
Value of above investment at the end of the year (post all applicable expenses) (F)	11,300	11,350
Returns after expenses at the end of the year (G)	1300	1350
Returns (%) (post all applicable expenses) (H) $(H=F-A/A)$	13%	13.5%
Returns (%) (without considering any expenses) (I) $[I= (B-A)/A]$	15%	15%

Note(s):

- The purpose of the above illustration is to purely explain the impact of expense ratio charged to the Scheme and should not be construed as providing any kind of investment advice or guarantee of returns on investments.
- It is assumed that the expenses charged are evenly distributed throughout the year.
- The expenses of the Direct Option under the Scheme will be lower to the extent of the above-mentioned distribution expenses/ commission. The NAVs of Direct Plan and Regular Plan will be different.
- Calculations are based on assumed NAVs, and actual returns on your investment may be more, or less.
- Any tax impact has not been considered in the above example, in view of the individual nature of the tax implications. Each investor is advised to consult his or her own financial advisor.

D. LOAD STRUCTURE

Exit Load is an amount which is paid by the investor to redeem the units from the scheme. Load amounts are variable and are subject to change from time to time. For the current applicable structure, please refer to the website of the AMC (www.mutualfund.adityabirlacapital.com) or may call at 1-800-22-7000/1-800-270-7000 or your distributor.

Type of Load	Load Chargeable (as %age of NAV)
Exit Load	In respect of each purchase / switch-in of Units, upto 15% of the units may be redeemed / switched out without any exit load from the date of allotment.

	Any redemption in excess of the above limit shall be subject to the following exit load: • For redemption / switch-out of units on or before 1 year from the date of allotment - 3.00% of applicable NAV. • For redemption / switch-out of units after 1 year but on or before 2 years from the date of allotment - 2.00% of applicable NAV. • For redemption / switch-out of units after 2 years but on or before 3 years from the date of allotment - 1.00% of applicable NAV. • For redemption / switch-out of units after 3 years - Nil
--	---

- No Exit Loads will be chargeable in case of switches made from Growth option to IDCW option or vice-versa within the respective Plans offered under the Scheme
- No entry or exit load shall be charged in respect of units issued to unitholders on Reinvestments of IDCW and units issued to unitholders as Bonus units.
- No exit load will be charged in case of switch of investments from Regular Plan to Direct Plan and vice versa.
- The above Load shall be applicable in case SIP/STP/SWP transactions.
- Pursuant to para 10.3 of SEBI Master Circular on Mutual Funds, exit load charged, if any, by the AMC/Mutual Fund to the unitholders shall be credited to the Scheme immediately, net of GST, if any.

The investor is requested to check the prevailing load structure of the scheme before investing.

AMC reserves the right to change / modify the Load structure under the schemes if it so deems fit in the interest of smooth and efficient functioning of the Mutual Fund. AMC reserves the right to introduce / modify the Load depending upon the circumstances prevailing at that time subject to maximum limits as prescribed under the SEBI (MF) Regulations.

Any imposition or enhancement of Load in future as may be permitted under SEBI (MF) Regulations shall be applicable on prospective investments only and will be calculated on First in First Out (FIFO) basis. However, AMC shall not charge any load on issue of bonus units and units allotted on reinvestment of IDCW for existing as well as prospective investors. At the time of changing the Load Structure following measures would be undertaken to avoid complaints from investors about investment in the schemes without knowing the loads:

- The addendum detailing the changes would be attached to Scheme Information Document and Key Information Document. The addendum will be circulated to all the distributors / brokers so that the same can be attached to all Scheme Information Documents and Key Information Documents already in stock.
- Arrangements will be made to display the addendum in the Scheme Information Document in the form of a notice in all the Investor Service Centres and distributors / brokers office.
- The introduction of the Exit Load along with the details would be stamped in the acknowledgement slip issued to the investors on submission of the application form and would also be disclosed in the statement of accounts issued after the introduction of such load.
- Any other measure which the AMC/Mutual Fund may feel necessary.

For any change in load structure AMC will issue an addendum and display it on the website/Investor Service Centres

For any change in load structure AMC will issue an addendum and display it on the website/Investor Service Centres.

Unitholder Transaction Expenses and Load

Note: Where as a result of a Redemption/ Switch arising out of excess holding by an investor beyond 25% of the net assets of the schemes in the manner envisaged under para 6.11 of SEBI Master Circular on Mutual Funds, such Redemption / Switch will not be subject to Exit load.

E. REQUIREMENT OF MINIMUM INVESTORS IN THE SCHEME

The Scheme shall have a minimum of 20 investors and no single investor shall account for more than 25% of the corpus of the Scheme. In case the Scheme does not have a minimum of 20 investors in the stipulated period,

the provisions of Regulation 39(2)(c) of the SEBI (MF) Regulations would become applicable automatically without any reference from SEBI and accordingly the Scheme shall be wound up and the units would be redeemed at applicable NAV. The two conditions mentioned above shall also be complied within each subsequent calendar quarter thereafter, on an average basis, as specified by SEBI. If there is a breach of the 25% limit by any investor over the quarter, a rebalancing period of one month would be allowed and thereafter the investor who is in breach of the rule shall be given 15 days' notice to redeem his exposure over the 25% limit. Failure on the part of the said investor to redeem his exposure over the 25% limit within the aforesaid 15 days would lead to automatic redemption by the Mutual Fund on the applicable Net Asset Value on the 15th day of the notice period. The Fund shall adhere to the requirements prescribed by SEBI from time to time in this regard.

B. RISK FACTORS

For Standard Risk Factors, kindly refer Statement of Additional Information (SAI)

SCHEME SPECIFIC RISK FACTORS

RISK FACTORS ASSOCIATED WITH INVESTMENTS IN FIXED INCOME SECURITIES:

- **Price-Risk or Interest-Rate Risk:** Fixed income securities such as bonds, debentures and money market instruments run price-risk or interest-rate risk. Generally, when interest rates rise, prices of existing fixed income securities fall and when interest rates drop, such prices increase. The extent of fall or rise in the prices is a function of the existing coupon, days to maturity and the increase or decrease in the level of interest rates.
- **Credit Risk:** In simple terms this risk means that the issuer of a debenture/ bond or a money market instrument may default on interest payment or even in paying back the principal amount on maturity. Even where no default occurs, the price of a security may go down because the credit rating of an issuer goes down. It must, however, be noted that where the Scheme has invested in Government securities, there is no credit risk to that extent.
- **Liquidity or Marketability Risk:** This refers to the ease with which a security can be sold at or near to its valuation yield-to-maturity (YTM). The primary measure of liquidity risk is the spread between the bid price and the offer price quoted by a dealer. Liquidity risk is today's characteristic of the Indian fixed income market.
- **Reinvestment Risk:** Investments in fixed income securities may carry reinvestment risk as interest rates prevailing on the interest or maturity due dates may differ from the original coupon of the bond. Consequently, the proceeds may get invested at a lower rate.
- **Pre-payment Risk:** Certain fixed income securities give an issuer the right to call back its securities before their maturity date, in periods of declining interest rates. The possibility of such prepayment may force the fund to reinvest the proceeds of such investments in securities offering lower yields, resulting in lower interest income for the fund.
- **Concentration Risk:** The Scheme portfolio may have higher exposure to a single sector, subject to maximum of 25% of net assets as specified in this SID, depending upon availability of issuances in the market at the time of investment, resulting in higher concentration risk. Any change in government policy / business environment relevant to the sector may have an adverse impact on the portfolio.
- Different types of securities in which the scheme would invest as given in the Scheme Information Document carry different levels and types of risk. Accordingly the scheme's risk may increase or decrease depending upon its investment pattern. E.g. corporate bonds carry a higher amount of risk than Government securities. Further even among corporate bonds, bonds, which are AA rated, are comparatively more risky than bonds, which are AAA rated.

- The above are some of the common risks associated with investments in fixed income and money market securities. There can be no assurance that a Scheme's investment objectives will be achieved, or that there will be no loss of capital. Investment results may vary substantially on a monthly, quarterly or annual basis.
- In case of any Downgrade and shortfall in the collateral the Fund Manager shall arrange for additional collateral/cash within a period of 1 Business Day, equivalent to the amount of shortfall and if the counterparty is unable to provide additional collateral/cash then it shall tantamount to early termination of repo agreement.

RISK FACTORS ASSOCIATED WITH INVESTMENTS IN DERIVATIVES:

- As and when any Scheme trades in the derivatives market there are risk factors and issues concerning the use of derivatives that investors should understand. Derivative products are specialized instruments that require investment techniques and risk analysis different from those associated with stocks and bonds. The use of a derivative requires an understanding not only of the underlying instrument but also of the derivative itself. Derivatives require the maintenance of adequate controls to monitor the transactions entered into, the ability to assess the risk that a derivative adds to the portfolio and the ability to forecast price or interest rate movements correctly. There is a possibility that loss may be sustained by the portfolio as a result of the failure of another party (usually referred as the "counter party") to comply with the terms of the derivatives contract. Other risks in using derivatives include the risk of mispricing or improper valuation of derivatives and the inability of derivatives to correlate perfectly with underlying assets, rates and indices. Thus, derivatives are highly leveraged instruments. Even a small price movement in the underlying security could have a large impact on their value. Besides the price of the underlying asset, the volatility, tenor and interest rates affect the pricing of derivatives. Derivative products are leveraged instruments and can provide disproportionate gains as well as disproportionate losses to the investor. Execution of such strategies depends upon the ability of the fund manager to identify such opportunities. Identification and execution of the strategies to be pursued by the fund manager involve uncertainty and decision of fund manager may not always be profitable. No assurance can be given that the fund manager will be able to identify or execute such strategies.
- Derivative trades involve execution risks, whereby the rates seen on the screen may not be the rate at which ultimate execution takes place.
- The options buyer's risk is limited to the premium paid, while the risk of an options writer is unlimited. However, the gains of an options writer are limited to the premiums earned.
- The writer of a put option bears the risk of loss if the value of the underlying asset declines below the exercise price. The writer of a call option bears a risk of loss if the value of the underlying asset increases above the exercise price.
- Investments in index futures face the same risk as the investments in a portfolio of shares representing an index. The extent of loss is the same as in the underlying stocks.
- Risk of loss in trading futures contracts can be substantial, because of the low margin deposits required, the extremely high degree of leverage involved in futures pricing and potential high volatility of the futures markets.
- The risks associated with the use of derivatives are different from or possibly greater than, the risks associated with investing directly in securities and other traditional investments.

RISKS FACTORS ASSOCIATED WITH INVESTMENTS IN SECURITISED DEBT:

Domestic securitised debt assets would be in the nature of Mortgage backed securities (MBS) and Asset backed securities (ABS) with underlying pool of assets and receivables like Housing Loans, Auto loans and corporate loans. The Securitised debt assets and the underlying asset classes like housing loans, Auto Loans and Corporate loans have the following risk factors.

- **Limited Recourse and Credit Risk:** Certificates issued on investment in securitised debt represent a beneficial interest in the underlying receivables and there is no obligation on the issuer, seller or the originator in that regard. Defaults on the underlying loan can adversely affect the pay outs to the investors (i.e. the Scheme) and thereby, adversely affect the NAV of the Scheme. While it is possible to repossess and sell the underlying asset, various factors can delay or prevent repossession and the price obtained on sale of such assets may be low.
- **Bankruptcy Risk:** If the originator of securitised debt instruments in which the Scheme invests is subject to bankruptcy proceedings and the court in such proceedings concludes that the sale of the assets from originator to the trust was not a 'true sale', then the Scheme could experience losses or delays in the

payments due. Normally, care is taken in structuring the securitization transaction so as to minimize the risk of the sale to the trust not being construed as a 'true sale'.

- **Risk of Co-mingling:** Servicers in a securitization transaction normally deposit all payments received from the obligors into a collection account. However, there could be a time gap between collection by a servicer and depositing the same into the collection account. In this interim period, collections from the loan agreements by the servicer may not be segregated from other funds of the servicer. If the servicer fails to remit such funds due to investors, investors in the Scheme may be exposed to a potential loss.

Risks associated with Mortgage Backed Securities (MBS) - Housing Loans

- **Prepayment Risk:** The fund may receive payment of monthly payouts earlier than scheduled. Prepayments shorten the life of the instrument to an extent that cannot be fully predicted. The rate of prepayments may be influenced by a variety of economic, social and other factors.
- **Credit Risk:** Delinquencies may happen which would reduce the principal amount. Typically MBS structures come with credit enhancement in variety of forms. If delinquencies are higher than the amount available in the credit enhancement facility than the monthly payouts to the fund would reduce. Historically, it has been observed that housing loans have lower default rates as compared to other forms of credit.
- **Liquidity Risk:** Historically the secondary market volume of securitised papers has been limited. This could limit the ability of the fund to resell them. Secondary market trades could be at a discount or premium depending upon the prevailing interest rates.
- **Conversion risk:** Conversion of loans from fixed rate to floating rate loans and vice versa could lead to a change in the expected cash flows from the loans.

Risks associated with Asset Backed Securities (ABS)-Auto Loans.

- **Prepayment Risk:** The fund may receive payment of monthly payouts earlier than scheduled. Prepayments shorten the life of the instrument to an extent that cannot be fully predicted. The rate of prepayments may be influenced by a variety of economic, social and other factors. Prepayments in auto loans is lower than housing loans as the shorter tenor of auto loans makes it economically unattractive to prepay after considering the prepayment charges.
- **Credit Risk:** Delinquencies may happen which would reduce the principal amount. Typically, ABS structures come with credit enhancement in variety of forms. If delinquencies are higher than the amount available in the credit enhancement facility than the monthly payouts to the fund would reduce. Typically, auto loans carry higher risk than MBS as the value retention of the underlying asset is higher in MBS as compared to the underlying asset of ABS.
- **Liquidity Risk:** Historically the secondary market volume of securitised papers has been limited. This could limit the ability of the fund to resell them. Secondary market trades could be at a discount or premium depending upon the prevailing interest rates.
- **Conversion risk:** Conversion of loans from fixed rate to floating rate loans and vice versa could lead to a change in the expected cash flows from the loans.

Risks associated with Asset Backed Securities (ABS) - Corporate Loans

- **Credit Risk:** The fund has an exposure to the Borrower/Borrowers and servicing of the instrument depends on the credit risk of the Borrower. The value of the instrument would fluctuate depending upon the changes in the perceived level of credit risk as well as any actual default.
- **Prepayment Risk:** The Borrower may prepay the receivables prior to their respective due dates. This may result in a change in the yield and tenor for the fund.
- **Limited Liquidity and Price Risk:** Historically the secondary market volume of securitised papers has been limited. This could limit the ability of the fund to resell them. Secondary market trades could be at a discount or premium depending upon the prevailing interest rates.

RISKS FACTORS ASSOCIATED WITH INVESTMENTS IN REPO TRANSACTIONS IN CORPORATE DEBT SECURITIES:

In repo transactions securities are sold with the seller agreeing to buy them back at later date. The repurchase price should be greater than the original sale price, the difference effectively representing interest. A repo is economically similar to a secured loan, with the buyer receiving corporate debt securities as collateral to protect against default. The Scheme may invest in repo of corporate debt securities which are subject to the following risks:

- **Counterparty Risk:** This refers to the inability of the seller to meet the obligation to buy back securities at the contracted price on the contracted date. The Investment Manager will endeavour to manage counterparty risk by dealing only with counterparties, having strong credit profiles, approved by our credit risk analysis team. The exposure to each counterparty will be within the overall approved credit limits. Also the counterparty risk is to an extent mitigated by taking collateral equivalent in value to the transaction after knocking off a minimum haircut on the intrinsic value of the collateral. In the event of default by the repo counterparty, the scheme shall have recourse to the corporate debt securities.
- **Collateral Risk:** Collateral risk arises when the market value of the securities is inadequate to meet the repo obligations. This risk is mitigated by restricting participation in repo transactions only in AA or equivalent and above rated money market and corporate debt securities. Any rating downgrade will tantamount to either an early termination of the repo agreement or a call for fresh margin to meet the minimum haircut requirement. In addition, the Investment manager may apply a higher haircut on the underlying security than mentioned above to adjust for the illiquidity and interest rate risk on the underlying instrument. The adequacy of the collateral will be monitored on a daily basis by considering the daily market value & applying the prescribed haircut. The fund manager shall then arrange for additional collateral from the counterparty, within a period of 1 business day. If the counterparty is not able to top-up either in form of cash / collateral, it shall tantamount to early termination of the repo agreement.

RISKS FACTORS ASSOCIATED WITH INVESTMENTS IN CORPORATE DEBT SECURITIES:

- **Credit Risk:** Corporate bonds have the potential to default, in which case, the bond-holder may lose all or part of the principal and interest payable. This is why corporate bonds enjoy higher yields than government bonds. The performance of the scheme may be affected by the corporate performance, macro-economic factors, changes in Government policies, general levels of interest rates and risk associated with trading volumes, liquidity and settlement systems in the securities markets.
- **Interest Rate risk:** Interest rates (yields) and bond prices move in opposite directions. A general increase in interest rates in the market or a downgrading of the credit rating of the issuer or the specific bond, will lead to a decrease in the price of the bond. Generally, a longer duration bond will be more sensitive to changes in yields, other things remaining the same.
- **Liquidity Risk:** Corporate bonds are often traded over-the-counter, i.e. they may not be listed and traded through a stock exchange terminal. Hence, an active market for a bond may not always exist and it may take time to find a buyer, which can delay redemption payments in extra-ordinary circumstances. Moreover, there might be more price impact of a large position if the market is not liquid.
- **Price-Risk or Interest-Rate Risk:** The fund will invest in a basket of debt and money market securities maturing on or before maturity of the fund with a view to hold them till the maturity of the fund. While the interim NAV will fluctuate in response to changes in interest rates, the final NAV will be more stable. To that extent the interest rate risk will be mitigated at the maturity of the scheme.
- **Reinvestment Risk:** Reinvestment risks will be limited to the extent of coupons received on debt instruments, which will be a very small portion of the portfolio value.
- **Concentration Risk:** The Fund Manager shall endeavor to mitigate the risk by taking exposure to high rated instruments and locking in at the point of investment to such issuance yields. While these measures are expected to mitigate the above risks to a large extent, there can be no assurance that these risks would be completely eliminated.
- **Options features:** Some bonds have put / call features. A put feature allows the bond holder to sell the security back to the issuer before maturity, whereas a call option allows the issuer to call it back., reinvestment risk might be created due to investment in options, if yields fall, i.e the funds received from early maturity will then be reinvested at a lower interest rate or there may not be good opportunities to invest due to which the excess funds may remain in cash which may hamper returns.

RISKS FACTORS ASSOCIATED WITH CREATION OF SEGREGATED PORTFOLIO:

Different types of securities in which the scheme would invest carry different levels and types of risk as given in the Scheme Information Document of the scheme. In addition to the same, unitholders are requested to also note the following risks with respect to Segregated Portfolio:

Liquidity Risk: A lower level of liquidity affecting an individual security (ies) or an entire market may have an adverse bearing on the value of the Segregated Scheme's assets. This may more importantly affect the ability to sell particular securities with minimal impact cost as and when necessary to meet requirement of liquidity or to sell securities in response to triggers such as a specific economic/corporate event. Trading volumes, settlement periods and transfer procedures may restrict the liquidity of a few of the investments. This may impact the NAV of the segregated portfolio and could result into potential loss to the Unit holders.

Credit risk: The scheme's risk may increase or decrease depending upon its investment pattern. E.g. corporate bonds carry a higher amount of risk than Government securities. Further even among corporate bonds, bonds, which are AA rated, are comparatively more risky than bonds, which are AAA rated. Investment in unrated securities may be riskier compared to investment in rated instruments due to non-availability of third party assessment on the repayment capability of the issuer. As the securities are unrated, an independent opinion of the rating agency on the repayment capability of the issuer will not be available. The issuer of a debenture/ bond or a money market instrument may default on interest payment or even in paying back the principal amount on maturity. Even where no default occurs, the price of a security may go down because the credit rating of an issuer goes down. This may impact the NAV of the segregated portfolio and resultant loss to the Unit holders.

Listing of units: Listing of units of segregated portfolio in recognized stock exchange does not necessarily guarantee their liquidity. There may not be active trading of units in the stock market. Further, trading price of units on the stock market may be significantly lower than the prevailing NAV.

RISK FACTORS ASSOCIATED WITH INVESTMENTS IN UNITS OF REITs AND InvITs:

- **Price-Risk or Interest-Rate Risk:** REITs & InvITs run price-risk or interest-rate risk. Generally, when interest rates rise, prices of existing securities fall and when interest rates drop, such prices increase. The extent of fall or rise in the prices is a function of the existing coupon, days to maturity and the increase or decrease in the level of interest rates.
- **Credit Risk:** In simple terms this risk means that the issuer of a debenture/ bond or a money market instrument may default on interest payment or even in paying back the principal amount on maturity. REITs & InvITs are likely to have volatile cash flows as the repayment dates would not necessarily be pre scheduled.
- **Liquidity or Marketability Risk:** This refers to the ease with which a security can be sold at or near to its valuation Yield-to-Maturity (YTM). The primary measure of liquidity risk is the spread between the bid price and the offer price quoted by a dealer. As these products are new to the market they are likely to be exposed to liquidity risk.
- **Reinvestment Risk:** Investments in REITs & InvITs may carry reinvestment risk as interest rates prevailing on the interest or maturity due dates may differ from the original coupon of the bond. Consequently, the proceeds may get invested at a lower rate.

The above are some of the common risks associated with investments in REITs & InvITs. There can be no assurance that a Scheme's investment objectives will be achieved, or that there will be no loss of capital. Investment results may vary substantially on a monthly, quarterly or annual basis.

Liquidity Risk Management Framework:

In accordance with SEBI circular and AMFI guidelines (issued from time to time), the AMC has put in place the Liquidity Risk Management Framework which monitors the liquidity risk. As per the prescribed guidelines, the liquidity ratios are calculated and liquid assets are maintained on a daily basis at scheme level for all open-ended schemes (except Overnight Fund, Gilt Fund and Gilt Fund with 10-year constant duration). These ratios address the potential liquidity risk scenarios upto 99% confidence interval. The guidelines also outline the action plan in case there is a difference between actual outcome and projected outcome. Further, the AMC monitors asset-liability mismatch requirement which addresses potential liquidity requirement over a 90-day period and relevant asset side liquidity to be maintained as prescribed by the SEBI circular.

The Scheme has adopted the SEBI circular and AMFI guidelines on Potential Risk Matrix, Risk-o-meter and Swing Pricing, where applicable.

Stress testing:

In accordance with SEBI circular and AMFI guidelines (issued from time to time), the AMC carries out stress testing for all open ended debt schemes (except overnight scheme). Stress testing covers impact on the scheme NAV on account of interest rate risk, credit risk and liquidity risk.

RISK FACTORS ASSOCIATED WITH INVESTMENTS IN FOREIGN SECURITIES

- Investments in International (overseas) securities including Exchange Traded Funds involves increased risk and volatility, not typically associated with domestic investing, due to changes in currency exchange rates, foreign government regulations, differences in auditing and accounting standards, potential political and economic instability, limited liquidity, and volatile prices. Further, risks associated with introduction of extraordinary exchange control, economic deterioration, and changes in bi-lateral relationships.
- To the extent the assets of the scheme are invested in overseas financial assets, there may be risks associated with currency movements, restrictions on repatriation and transaction procedures in overseas market. Further, the repatriation of capital to India may also be hampered by changes in regulations or political circumstances as well as the application to it of other restrictions on investment. In addition, country risks would include events such as introduction of extraordinary exchange controls, economic deterioration, bi-lateral conflict leading to immobilisation of the overseas financial assets and the prevalent tax laws of the respective jurisdiction for execution of trades or otherwise.
- **Currency Risk:** The schemes may invest in securities denominated in a broad range of currencies and may maintain cash in such currencies. As a consequence, fluctuations in the value of such currencies against the currency denomination of the relevant scheme will have a corresponding impact on the value of the portfolio. Furthermore, investors should be aware that movements in the rate of exchange between the currency of denomination of a fund and their home currency will affect the value of their shareholding when measured in their home currency.
- **Country Risk:** The Country risk arises from the inability of a country, to meet its financial obligations. It is the risk encompassing economic, social and political conditions in a foreign country, which might adversely affect foreign investors' financial interests.
- The Scheme may also invest in Foreign Securities as permitted by Reserve Bank of India and Securities and Exchange Board of India. To the extent that some part of the assets of the Schemes may be invested in securities denominated in foreign currencies, the Indian Rupee equivalent of the net assets, distributions and income may be adversely affected by the changes in the value of certain foreign currencies relative to the Indian Rupee. The repatriation of capital also may be hampered by changes in regulations concerning exchange controls or political circumstances as well as all other restrictions on investments as applicable.

BACKSTOP FACILITY IN FORM OF INVESTMENT IN CORPORATE DEBT MARKET DEVELOPMENT FUND (CDMDF):

CDMDF is set up as a scheme of the Trust registered as an Alternative Investment Fund ('AIF') in accordance with the SEBI (Alternative Investment Funds) Regulations, 2012 ("AIF Regulations"). The objective of the CDMDF is to help to develop the corporate debt market by providing backstop facility to instill confidence amongst the market participants in the corporate debt/bond market during times of market dislocation and to enhance the secondary market liquidity. In times of market dislocation, CDMDF shall purchase and hold eligible corporate debt securities from the participating investors (i.e., specified debt-oriented MF schemes) and sell as markets recover. The CDMDF will thus act as a key enabler for facilitating liquidity in the corporate debt market and to respond quickly in times of market dislocation. The trigger and period for which the backstop facility will be open shall be as decided by SEBI. Thus, this backstop facility will help fund managers of the aforementioned Schemes to better generate liquidity during market dislocation to help the schemes fulfill liquidity obligations under stress situation.

In accordance with the requirement of regulation 43A of SEBI (Mutual Funds) Regulations, 1996 read with Chapter 16A of SEBI Master Circular on Mutual Funds, on Investment by Mutual Fund Schemes in units of Corporate Debt Market Development Fund, the aforementioned schemes shall invest 25 bps of its AUM as on December 31, 2022 in the units of the Corporate Debt Market Development Fund ('CDMDF'). An incremental contribution to CDMDF shall be made every six months to ensure 25 bps of scheme AUM is invested in units of CDMDF. However, if AUM decreases there shall be no return or redemption from CDMDF. Contribution made to CDMDF, including the appreciations on the same, if any, shall be locked-in till winding up of the CDMDF.

Investments in CDMDF units shall not be considered as violation while considering maturity restriction as applicable for various purposes (including applicable Investment limits) and the calculations of Potential Risk Class (PRC) Matrix, Risk-o-meter, Stress testing and Duration for various purposes shall be done after excluding investments in units of CDMDF.

Investors are requested to read detailed disclosure on investment of the schemes in the CDMDf as listed in sub-section "C. Asset Allocation and Investment Pattern and sub-section "D. Investment by Scheme" in Section "Section II- Information about the scheme".

C. RISK MITIGATION STRATEGIES

Since investing requires disciplined risk management, the AMC would incorporate adequate safeguards for controlling risks in the portfolio construction process. The risk control process involves reducing risks through portfolio diversification, taking care however not to dilute returns in the process. The AMC believes that this diversification would help achieve the desired level of consistency in returns.

The Scheme endeavors to generate returns by predominantly investing in corporate debt securities across the credit spectrum of varying maturities taking into account the duration guidelines. Rigorous in-depth credit evaluation and analysis aimed at ascertaining both the short term financial health and long term solvency of the debt issuers will be carried out before investing. In addition, criteria such as sound corporate managements, prospects of good future growth and strong past performance will be considered.

1. Risk mitigation strategies for investments with each kind of originator

In terms of specific risks attached to securitization, each asset class would have different underlying risks, however, residential mortgages are supposed to be having lower default rates as an asset class. On the other hand, repossession and subsequent recovery of commercial vehicles and other auto assets is fairly easier and better compared to mortgages. Some of the asset classes such as personal loans, credit card receivables etc., being unsecured credits in nature, may witness higher default rates. As regards corporate loans/receivables, depending upon the nature of the underlying security for the loan or the nature of the receivable the risks would correspondingly fluctuate. However, the credit enhancement stipulated by rating agencies for such asset class pools is typically much higher, which helps in making their overall risks comparable to other AAA rated asset classes.

The Scheme may invest in securitized debt assets. The asset may be either a loan to a single counterparty or a pool of loans. The Scheme intends to invest in securitized instruments rated by a SEBI recognized credit rating agency. In addition, some specific risk mitigation measures will include:

Limited Recourse and Credit Risk: Certificates issued on investment in securitized debt represent a beneficial interest in the underlying receivables and there is no obligation on the issuer, seller or the originator in that regard. Defaults on the underlying loan can adversely affect the pay outs to the investors (i.e. the Scheme) and thereby, adversely affect the NAV of the Scheme.

Risk Mitigation: In addition to careful scrutiny of credit profile of borrower/pool additional security in the form of adequate cash collaterals and other securities may be obtained to ensure that they all qualify for similar rating.

Bankruptcy Risk: If the originator of securitized debt instruments in which the Scheme invests is subject to bankruptcy proceedings and the court in such proceedings concludes that the sale of the assets from originator to the trust was not a 'true sale', and then the Scheme could experience losses or delays in the payments due.

Risk Mitigation: Normally, specific care is taken in structuring the securitization transaction so as to minimize the risk of the sale to the trust not being construed as a 'true sale'. It is also in the interest of the originator to demonstrate the transaction as a true sell to get the necessary revenue recognition and tax benefits.

Limited Liquidity and Price risk

Presently, secondary market for securitized papers is not very liquid. There is no assurance that a deep secondary market will develop for such securities. This could limit the ability of the investor to resell them. Even if a secondary market develops and sales were to take place, these secondary transactions may be at a discount to the initial issue price due to changes in the interest rate structure.

Risk Mitigation: Securitized debt instruments are relatively illiquid in the secondary market and hence they are generally held to maturity. The liquidity risk and HTM nature is taken into consideration at the time of analyzing the appropriateness of the securitization.

Risks due to possible prepayments: Weighted Tenor / Yield

Asset securitization is a process whereby commercial or consumer credits are packaged and sold in the form of financial instruments. Full prepayment of underlying loan contract may arise under any of the following circumstances;

- Obligor pays the Receivable due from him at any time prior to the scheduled maturity date of that Receivable; or
- Receivable is required to be repurchased by the Seller consequent to its inability to rectify a material misrepresentation with respect to that Receivable; or
- The Servicer recognizing a contract as a defaulted contract and hence repossessing the underlying Asset and selling the same
- In the event of prepayments, investors may be exposed to changes in tenor and yield.

Risk Mitigation: A certain amount of prepayments is assumed in the calculations at the time of purchase based on historical trends and estimates. Further a stress case estimate is calculated and additional margins are built in.

Bankruptcy of the Investor's Agent

If Investor's agent becomes subject to bankruptcy proceedings and the court in the bankruptcy proceedings concludes that the recourse of Investor's Agent to the assets/receivables is not in its capacity as agent/Trustee but in its personal capacity, then an Investor could experience losses or delays in the payments due under the swap agreement.

Risk Mitigation: All possible care is normally taken in structuring the transaction and drafting the underlying documents so as to provide that the assets/receivables if and when held by Investor's Agent is held as agent and in Trust for the Investors and shall not form part of the personal assets of Investor's Agent.

II. INFORMATION ABOUT THE SCHEME:

A. WHERE WILL THE SCHEME INVEST?

Subject to the Regulations, the corpus of the Scheme can be invested in any (but not exclusively) of the following securities:

1. Debt and Money Markets Instruments

1. **Certificate of Deposits (CD)** – CD is a negotiable money market instrument issued by scheduled commercial banks and select all-India Financial Institutions that have been permitted by the RBI to raise short term resources. 11. Fund may use Interest Rate Futures (IRF) to create an imperfect hedge/proper hedge from time to time as per SEBI regulations.
12. All investments in overseas securities will be governed based on SEBI guidelines issued from time to time. The Scheme may invest in various types of Foreign Securities including, but not limited to, any of the following: i.e., foreign debt securities (non-convertible) in the countries with fully convertible currencies ii. Overseas short term as well as long term debt instruments with rating not below investment grade by accredited/registered credit rating agencies iii. Overseas Money market instruments rated not below investment grade.
13. Securities created and issued by Governments of India and/or reverse repos in such Government Securities / Treasury Bills as may be permitted by RBI.
14. The schemes may also enter into repurchase and reverse repurchase obligations in all securities (including Repos in corporate bonds) held by them as per the guidelines and regulations applicable to such transactions. It is the intention of the scheme to trade in the derivatives market as per the Regulations. The scheme may also invest into tri-party Repo as per the prescribed guidelines of RBI.
15. Short term deposits with banks overseas where the issuer is rated not below investment grade
16. Any other permitted overseas securities/ instruments that may be available from time to time. The scheme shall not invest in foreign securitized debts. Investment in Foreign Securities shall be in accordance with the guidelines issued by SEBI from time to time. The securities mentioned above could be listed or to be listed, publicly offered, privately placed, secured, unsecured, rated or unrated and of varying maturity
17. Units of Corporate Debt Market Development Fund

Investment in CDMDF

In accordance with the requirement of Regulation 43A of SEBI (Mutual Funds) Regulations, 1996 read with SEBI circular no. SEBI/HO/IMD/PoD2/P/CIR/2023/129 dated July 27, 2023 on Investment by Mutual Fund Schemes and AMCs in units of Corporate Debt Market Development Fund, scheme shall invest 25 bps of its AUM.

CDMDF Framework:

In accordance with the requirement of Regulation 43A of SEBI (Mutual Funds) Regulations, 1996 read with Chapter 16A of SEBI Master Circular on Mutual Funds on Investment by Mutual Fund Schemes and AMCs in units of Corporate Debt Market Development Fund, scheme shall invest 25 bps of its AUM.

CDMDF Framework:

CDMDF shall comply with the Guarantee Scheme for Corporate Debt (GSCD) as notified by Ministry of Finance vide notification no. G.S.R. 559(E) dated July 26, 2023 and Chapter 16A of SEBI Master Circular on Mutual Funds and circulars / guidelines/ Letters issued by SEBI and AMFI from time to time, which includes the framework for corporate debt market development fund. The framework will inclusive of following points-

- a) The CDMDF shall deal only in following securities during normal times:
 - Low duration Government Securities
 - Treasury bills

- e) "Portfolio Value" means the aggregate amount of portfolio of investments including cash balance without netting off of leverage undertaken by the CDMDF.
- f) Corporate debt securities to be bought by CDMDF during market dislocation include listed money market instruments. The long term rating of issuers shall be considered for the money market instruments. However, if there is no long term rating available for the same issuer, then based on credit rating mapping of CRAs between short term and long term ratings, the most conservative long term rating shall be taken for a given short term rating.
- g) CDMDF shall follow the Fair Pricing document, while purchase of corporate debt securities during market dislocation as specified in Chapter 16A of SEBI Master Circular on Mutual Funds and circulars / guidelines/ Letters issued by SEBI and AMFI from time to time
- h) CDMDF shall follow the loss waterfall accounting and guidelines w.r.t. purchase allocation and trade settlement of corporate debt securities bought by CDMDF, specified in Chapter 16A of SEBI Master Circular on Mutual Funds and circulars / guidelines/ Letters issued by SEBI and AMFI from time to time.

Debt and Money Markets in India

The instruments available in Indian Debt Market are classified into two categories, namely Government and Non - Government debt. The following instruments are available in these categories:

A] Government Debt

- Central Government Debt
- Treasury Bills
- Dated Government Securities
- Coupon Bearing Bonds
- Floating Rate Bonds
- Zero Coupon Bonds
- State Government Debt
- State Government Loans
- Coupon Bearing Bonds

B] Non-Government Debt

- Instruments issued by Government Agencies and other Statutory Bodies
- Government Guaranteed Bonds
- PSU Bonds
- Instruments issued by Public Sector Undertakings
- Instruments issued by Corporate Bodies
- Fixed Coupon Bonds
- Floating Rate Bonds
- Zero Coupon Bonds
- Instruments issued by Banks and Development Financial institutions
- Certificates of Deposit
- Promissory Notes
- Commercial Paper
- Non-Convertible Debentures
- Fixed Coupon Debentures
- Floating Rate Debentures
- Zero Coupon Debentures

Activity in the Primary and Secondary Market is dominated by Central Government Securities including Treasury Bills. These instruments comprise close to 50% of all outstanding debt and close to 75% of the daily trading volume on the Wholesale Debt Market Segment of the National Stock Exchange of India Limited.

In the money market, activity levels of the Government and Non-Government Debt vary from time to time. Instruments that comprise a major portion of money market activity include but are not limited to,

- Tri-party Repo on Government securities or treasury bills.
- Treasury Bills
- Government Securities with a residual maturity of < 1 year
- Commercial Paper
- Certificates of Deposit
- Banks Rediscounting Scheme (BRDS)

Apart from these, there are some other options available for short tenure investments that include MIBOR linked debentures with periodic exit options and other such instruments. PSU / DFI / Corporate paper with a residual maturity of < 1 year, are actively traded and offer a viable investment option.

The following table gives approximate yields prevailing on September 30, 2025 on some instruments. These yields are indicative and do not indicate yields that may be obtained in future as interest rates keep changing consequent to changes in the macro economic conditions and RBI Policies.

Instrument	Yield Range (% per annum)
Interbank Call Money	5.68-5.70

Instrument	Yield Range (% per annum)
91 Day Treasury Bill	5.46-5.49
182 Day Treasury Bill	5.39-5.41
A1+ Commercial Paper 90 Days	5.82-5.85
5 Year Government of India Security	6.27-6.30

Generally, for instruments issued by a non-Government entity (corporate/PSU bonds), the yield is higher than the yield on a Government Security with corresponding maturity. The difference, known as credit spread, depends on various factors including the credit rating of the entity.

The securities mentioned above could be listed or to be listed, secured or unsecured, and of varying maturity, as enabled under SEBI (MF) Regulations/circulars/ RBI. The securities may be acquired through Initial Public Offerings (IPOs), secondary market operations, private placement, rights offers or negotiated deals.

B. WHAT ARE THE INVESTMENT RESTRICTIONS?

All investments by the Scheme and the Mutual Fund will always be within the investment restrictions as specified in the SEBI (MF) Regulations. Pursuant to the Regulations, the following investment and other restrictions are presently applicable to the scheme:

- Investment in unrated debt and money market instruments (other than government securities, treasury bills, derivative products such as Interest Rate Swaps (IRS), Interest Rate Futures (IRF), etc.) by the Scheme shall not exceed 5% of the net assets of the Scheme. However, all such investments shall be made with the prior approval of the Board of AMC and Trustees.
- The Scheme shall not invest in unlisted debt instruments including commercial papers (CPs), other than (a) government securities, (b) other money market instruments and (c) derivative products such as Interest Rate Swaps (IRS), Interest Rate Futures (IRF), etc. which are used by mutual funds for hedging. However, mutual fund schemes may invest in unlisted Non-Convertible Debentures (NCDs) not exceeding 10% of the debt portfolio of the scheme subject to the condition that such unlisted NCDs have a simple structure (i.e. with fixed and uniform coupon, fixed maturity period, without any options, fully paid up upfront, without any credit enhancements or structured obligations) and are rated and secured with coupon payment frequency on monthly basis.
Provided further that, the Scheme shall comply with the norms under this clause within the time and in the manner as may be specified by the Board.
- All investments by the Scheme in CPs would be made only in CPs which are listed or to be listed.
- The investment of the Scheme in the following instruments shall not exceed 10% of the debt portfolio of the Scheme and the group exposure in such instruments shall not exceed 5% of the debt portfolio of the Scheme:
 - Unsupported rating of debt instruments (i.e. without factoring-in credit enhancements) is below investment grade; and
 - Supported rating of debt instruments (i.e. after factoring-in credit enhancement) is above investment grade
 The above limits shall not be applicable on investments in securitized debt instruments.
- Investment by the Scheme in debt instruments, having credit enhancements backed by equity shares directly or indirectly, shall have a minimum cover of 4 times considering the market value of such shares. Further, the investment in debt instruments having credit enhancements should be sufficiently covered to address the market volatility and reduce the inefficiencies of invoking of the pledge or cover, whenever required, without impacting the interest of the investors. In case of fall in the value of the cover below the specified limit, AMCs will initiate necessary steps to ensure protection of the interest of the investors.
- The Scheme may invest in other schemes under the same AMC or any other Mutual Fund without charging any fees, provided the aggregate inter-scheme investment made by all the Schemes under the same

management or in schemes under management of any other Asset Management Company shall not exceed 5% of the Net Asset Value of the Fund. No investment management fees shall be charged for investing in other schemes of the fund or in the schemes of any other Mutual Fund.

- The fund under all its schemes should not own more than ten per cent of any company's paid up capital carrying voting rights.
Provided, for investments in AMC or Trustee Company of other mutual fund, collective investment of sponsor of a mutual fund, its associate and/or its group company, and its AMC through Schemes should be considered for calculating 10% voting rights.
- Transfer of investments from one scheme to another scheme in the Mutual Fund is permitted provided:
 - Such transfers are done at the prevailing market price for quoted instruments on spot basis (spot basis shall have the same meaning as specified by a Stock Exchange for spot transactions); and
 - The securities so transferred shall be in conformity with the investment objective of the Scheme to which such transfer has been made.
- The Mutual Fund shall get the securities purchased or transferred in the name of the mutual fund on account of the concerned Scheme, wherever investments are intended to be of a long-term nature.
- The Mutual Fund shall buy and sell securities on the basis of deliveries and shall in all cases of purchases take delivery of relevant securities and in all cases of sale, deliver the securities. Further, the Mutual fund may enter into derivatives transactions in a recognized stock exchange, subject to the framework specified by the SEBI. Provided further that sale of government security already contracted for purchase shall be permitted in accordance with the guidelines issued by the Reserve Bank of India in this regard.
- Pending deployment of funds of the Scheme in terms of its investment objectives, the Scheme may invest its funds in short term deposits of scheduled commercial banks, subject to the following guidelines for parking of funds in short term deposits of scheduled commercial banks, laid down by SEBI vide para 12.16 of SEBI Master Circular on Mutual Funds and such other guidelines as may be specified by SEBI from time to time:
 - i. "Short Term" for parking of funds shall be treated as a period not exceeding 91 days. Such short-term deposits shall be held in the name of the Scheme.
 - ii. The Scheme shall not park more than 15% of the net assets in short term deposit(s) of all the scheduled commercial banks put together. However, such limit may be raised to 20% with the approval of the Trustee.
 - iii. Parking of funds in short term deposits of associate and sponsor scheduled commercial banks together shall not exceed 20% of total deployment by the Mutual Fund in short term deposits.
 - iv. The Scheme shall not park more than 10% of the net assets in short term deposit(s), with any one scheduled commercial bank including its subsidiaries.
 - v. The Scheme shall not park funds in short-term deposit of a bank which has invested in the Scheme. The bank in which a scheme has short-term deposit shall not invest in the Scheme until the Scheme has short-term deposit with such bank.
 - vi. The AMC will not charge any investment management and advisory fees for funds under the Scheme parked in short term deposits of scheduled commercial banks.

The above norms do not apply to term deposits placed as margins for trading in cash and derivatives market. However, all term deposits placed as margins shall be disclosed in the half yearly portfolio statements under a separate heading. Details such as name of bank, amount of term deposits, duration of term deposits, percentage of NAV should be disclosed.

- The Scheme shall not invest (excluding investments in securities issued by Public Sector Units, Public Financial Institutions and Public Sector Banks) more than 10% of net assets in the Group. Such investment limit may be extended to 15% of the net assets of the scheme with the prior approval of the Board of Trustees.

For this purpose, "Group" means a group as defined under regulation 2 (mm) of the Regulations and shall include an entity, its subsidiaries, fellow subsidiaries, its holding company and its associates.

- The Scheme shall not have exposure in fixed income securities in excess of 20% of net assets in any sector as per sectoral classification as prescribed by AMFI. Provided that an additional exposure to financial services sector (over and above the limit of 20%) not exceeding 10% of the net assets of the Scheme shall be allowed by way of increase in exposure to Housing Finance Companies (HFCs) only.

Further, an additional exposure of 5% of the net assets of the scheme has been allowed for investments in securitized debt instruments based on retail housing loan portfolio and/or affordable housing loan portfolio. Provided further that the additional exposure to such securities issued by HFCs are rated AA

and above and these HFCs are registered with National Housing Bank (NHB) and the total investment / exposure in HFCs shall not exceed 20% of the net assets of the scheme.

Further provided that the above sectoral limit is not applicable for:

- i. AAA rated instruments of PSU Banks and AAA rated instruments of Public Financial Institutions (PFIs).
- ii. Tri-party Repos.
- iii. Bank Certificate of Deposits.
- iv. Government of India securities.
- v. Treasury Bills
- vi. Short term deposits of scheduled commercial banks.
- The Scheme shall not make any investment in:
 - Any unlisted security of an associate or group company of the Sponsor; or
 - Any security issued by way of private placement by an associate or group company of the Sponsor; or
 - The listed securities of group companies of the Sponsor, which is in excess of 25% of the net assets.
- The Mutual Fund shall not borrow except to meet temporary liquidity needs of the mutual fund for the purpose of repurchase / redemption of Units or payment of interest and IDCW to the Unitholders. Provided that the Mutual Fund shall not borrow more than 20% of the net assets of any individual Scheme and the duration of the borrowing shall not exceed a period of 6 months.
- Subject to guidelines laid down para 12.19 and 12.20 of SEBI Master Circular on Mutual Funds , the Scheme may invest upto 20% of the average Asset Under Management ('AUM') of the previous three calendar months in overseas securities subject to maximum limit of USD 1 billion at a Fund house level. Pursuant to para 12.19 of SEBI Master Circular on Mutual Funds has clarified that the aforesaid 20% limit for ongoing investment in overseas securities will be soft limit for purpose of reporting only on a monthly basis to SEBI.
- For overseas ETFs, Mutual Funds can make investment subject to a maximum of US \$ 300 million per Mutual Fund
- Debentures, irrespective of any residual maturity period (above or below 1 year), shall attract the investment restrictions as applicable for debt instruments as specified under Clause 1 and 1A of the Seventh Schedule to the SEBI (MF) Regulations or as may be specified by SEBI from time to time.

Restrictions pertaining to Repo Transactions in Corporate Debt Securities:

In accordance with para 12.18 of SEBI Master Circular on Mutual Funds , the Scheme may participate in repos in corporate debt securities as per the guidelines issued by RBI and SEBI from time to time.

Participation in repos in corporate debt securities shall be made in line with the policy approved by the Board of ABSLAMC and ABSLTPL. The key features of the policy are as follows:

- The gross exposure to repo transactions in corporate debt securities shall not be more than 10% of the net assets of the scheme.
- The cumulative gross exposure through repo transactions in corporate debt securities along with corporate debt and money market instruments and derivative positions shall not exceed 100% of the net assets of the scheme.
- Only listed corporate debt securities which are rated 'AA and above' by accredited rating agencies, that are held in the security account of the repo seller, in dematerialized form, and Commercial Papers (CPs) and Certificate of Deposits (CDs), shall be eligible.
- The details of repo transactions of the Scheme in corporate debt securities, including details of counterparties, amount involved and percentage of NAV shall be disclosed to investors in the half yearly portfolio statements and to SEBI in the half yearly trustee report.
- In terms of Regulation 44(2) of the SEBI (MF) Regulations, the scheme shall borrow through repo transactions only if the tenor of the transaction does not exceed a period of six months.
- The Mutual Fund shall ensure compliance with the Seventh Schedule of the SEBI (MF) Regulations about restrictions on investments, wherever applicable, with respect to repo transactions in corporate debt securities.

- **Tenor:** In case of investment in Corporate Repos, the tenor of the transaction may range from a minimum period of one day to a maximum period of one year.
- **Haircut:** A haircut shall be applicable on the market value of the corporate debt security prevailing on the date of trade of 1st leg, depending upon the rating of the underlying security.
Applicable Minimum Haircut on the underlying security:

Rating of the Security	AAA/A1	AA+/A2+	AA/A2
Minimum Haircut	7.5%	8.5%	10%

- **Eligible Counterparties:** In accordance with the RBI Circular No. RBI/2009-10/284 idmd.dod.05/11.08.38/2009-10 dated January 8, 2010, the following categories of entities shall be deemed to be the eligible counterparties to undertake repo transactions in corporate debt securities, provided, they form part of the Fixed Income Investment Universe of Aditya Birla Sun Life Mutual Fund, have unexhausted credit limits, approved by the Credit Committee, at least to the extent of gross repo exposure and subject to execution of master repo agreement:
 - Any scheduled commercial bank excluding RRBs and LABs;
 - Any Primary Dealer authorised by the Reserve Bank of India;
 - Any non-banking financial company registered with the Reserve Bank of India (other than Government companies as defined in section 617 of the Companies Act, 1956);
 - All-India Financial Institutions, namely, Exim Bank, NABARD, NHB and SIDBI;
 - Other regulated entities, subject to the approval of the regulators concerned, viz.
 - Any mutual fund registered with the Securities and Exchange Board of India;
 - Any housing finance company registered with the National Housing Bank; and
 - Any insurance company registered with the Insurance Regulatory and Development Authority
 - Any other entity specifically permitted by the Reserve Bank.
- **Credit Rating of Counterparty:** Category of Counterparty and Credit Rating of counterparty that ABSLAMC schemes shall enter into lending via Repo shall be only in Investment Grade counterparties (as required by SEBI regulation) which are part of our approved Debt Universe on which we have approved Credit Limits. ABSLAMC has a stringent Credit policy with appropriate authorisation matrix and approval structure for any credit exposures taken.
- Save as otherwise expressly provided under SEBI (MF) Regulations, the Mutual Fund shall not advance any loans for any purpose.
- In terms of provisions of para 12.25 of SEBI Master Circular on Mutual Funds, Mutual Funds may enter into interest rate swaps for hedging purposes. The counter party in such transactions has to be an entity recognized as a market maker by RBI. Further, the value of the notional principal in such cases must not exceed the value of respective existing assets being hedged by the scheme. Exposure to a single counterparty in such transactions should not exceed 10% of the net assets of the scheme.
- The Scheme shall not invest in a fund of funds scheme.
- The fund under all its schemes should not invest more than 10% of units issued by a single issuer of REIT and InvIT
- The scheme shall not invest:
 - more than 10% of its NAV in the units of REIT and InvIT; and
 - more than 5% of its NAV in the units of REIT and InvIT issued by a single issuer.
 The limits mentioned in sub- clauses (i) and (ii) above will not be applicable for investments in case of index fund or sector or industry specific scheme pertaining to REIT and InvIT.
- The Scheme will comply with any other regulations applicable to the investments of mutual funds from time to time.

Inter-Scheme Transfers

The Scheme shall carry out inter-scheme transfer of investments in accordance with SEBI Regulations.

Currently the regulations stipulate that inter-scheme transfers may be done provided:

- (a) such transfers are done at the prevailing market price for quoted instruments on spot basis; where "spot basis" shall have the same meaning as specified by stock exchange for spot transactions.
- (b) The securities so transferred shall be in conformity with the investment objective of the scheme to which such transfer has been made.

The Schemes may enter into inter-scheme transfers to meet redemption requirements. Liquidity will be managed by selling inter-scheme when other schemes have investible funds and the AMC believes that the investments are good investments to retain. Inter-scheme transfers may be resorted to for bringing the Scheme portfolios in line with their respective target allocation. At times inter-scheme transfers may be done to generate distributable surplus by converting unrealised profits into booked profits. Further in accordance with para 12.6.1 of SEBI Master Circular on Mutual Funds ; with effect from November 1, 2009 inter-scheme transfers of Debt and Money Market Instruments in the Liquid schemes can be carried out in respect of securities with the maturity of upto 91 days.

The Trustees may alter the above restrictions from time to time to the extent that changes in the Regulations may allow and as deemed fit in the general interest of the unit holders.

In addition, certain investment parameters (like limits on exposure to Sectors, Industries, Companies, etc.) may be adopted internally by ABSLAMC, and amended from time to time, to ensure appropriate diversification / security for the Fund. The Trustee Company / ABSLAMC may alter these above stated limitations from time to time, and also to the extent the SEBI (MF) Regulations change, so as to permit the Investment Plans offered under the Scheme to make its investments in the full spectrum of permitted investments for Mutual Funds to achieve its investment objective.

These investment restrictions shall in the ordinary course apply as at the date of the most recent transaction or commitment to invest, and changes do not have to be effected merely because, owing to appreciations or depreciations in value, or by reason of the receipt of any rights, bonuses or benefits in the nature of capital or of any Scheme of arrangement or for amalgamation, reconstruction or exchange, or at any repayment or redemption or other reason outside the control of the Fund, any such limits would thereby be breached. If these limits are exceeded for reasons beyond its control, AMC shall as soon as possible take appropriate corrective action, taking into account the interests of the Unitholders.

As such investments by the Scheme will be made in accordance with SEBI (MF) Regulations, including Schedule VII thereof.

FATCA provisions were included in the Hiring Incentives to Restore Employment (HIRE) Act, enacted by US Legislature. SEBI vide its circular no. CIR/MIRSD/2/2014 dated June 30, 2014, has advised that Government of India and US Government have reached an agreement in substance on the terms of an Inter-Governmental Agreement (IGA) to implement FATCA and India is now treated as having an IGA in effect from April 11, 2014. Further, SEBI vide its circular no. CIR/MIRSD/2/2015 dated August 26, 2015 has informed that on July 9, 2015, the Government of India and US Government have signed an agreement to improve international tax compliance and to implement FATCA in India. The USA has enacted FATCA in 2010 to obtain information on accounts held by U.S. taxpayers in other countries. As per the aforesaid agreement, foreign financial institutions (FFIs) in India will be required to report tax information about U.S. account holders / taxpayers directly to the Indian Government which will, in turn, relay that information to the U.S. Internal Revenue Service (IRS). Aditya Birla Sun Life AMC Limited (the AMC)/the Fund is classified as a Foreign Financial Institution (FFI) under the FATCA provisions and in accordance therewith, the AMC/the Fund would be required, from time to time: (i) To undertake necessary due diligence process by collecting information/documentary evidence about US/Non US status of the investors/unit holders and identify US reportable accounts; (ii) To the extent legally permitted, disclose/report information (through itself or its service provider) about the holdings, investments returns pertaining to US reportable accounts to the specified US agencies and/or such Indian authorities as may be specified under FATCA guidelines or under any other guidelines issued by Indian Authorities such as SEBI, Income Tax etc. (collectively referred to as 'the Guidelines'); and ; (iii) Carry out any other related activities, as may be mandated under the Guidelines, as amended from time to time. FATCA due diligence will be applicable at each investor/unit holder (including joint holders) level and on being identified as reportable person/specified US person, all folios/accounts will be reported including their identity, direct or indirect beneficiaries, beneficial owners and controlling persons. Further, in case of folio(s)/account(s) with joint holder(s), the entire account value of the investment portfolio will be attributable under each such reportable person. Investor(s)/Unit Holder(s) will therefore be required to comply with the request of the AMC/the Fund to furnish such information, in a timely manner as may be required by the AMC/the Fund to comply with the due diligence/reporting requirements stated under IGA and/or the Guidelines issued from time to time.

The policy regarding reissue of repurchased units, including the maximum extent, the manner of reissue, the entity (the scheme or the AMC) involved in the same.	The Units can be repurchased/redeemed (i.e., sold back to the Fund) or Switched-out on every business day, at the Applicable NAV subject to payment of exit load, if any and lock-in period, if any. The Units so repurchased shall not be reissued. The Redemption / Switch-out request can be made by way of a written request / pre-printed form / relevant tear off section of the Transaction Slip enclosed with the Account Statement, which should be submitted at / may be sent by mail to any of the ISCs. In case the Units are held in the names of more than one Unit holder, where mode of holding is specified as "Joint", Redemption requests will have to be signed by all the joint holders. However, in cases of holding specified as 'Anyone or Survivor', any of the Unit holders will have the power to make Redemption request, without it being necessary for all the Unit holders to sign. However, in all cases, the Redemption proceeds will be paid only to the first named holder. The Redemption would be permitted to the extent of clear credit balance in the Unit holder's account. The Redemption request can be made by specifying the rupee amount or by specifying the number of Units to be redeemed, except in case of units held in electronic (demat) mode, where the redemption request can

		be given only in terms of number of Units to be redeemed. Also Switch transactions are currently not available in case of units held in electronic (demat) mode. If a Redemption request is for both, a specified rupee amount and a specified number of Units, the specified number of Units will be considered the definitive request. If only the Redemption amount is specified by the Unit holder, the AMC will divide the Redemption amount so specified by the Redemption Price to arrive at the number of Units. The request for Redemption of Units could also be in fractions, upto three decimal places. For further details, please refer to "Redemptions"
Restrictions, if any, on the right to freely retain or dispose of units being offered.		Suspension of Sale / Switching Options of the Units: The Mutual Fund at its sole discretion reserves the right to suspend sale and switching of Units in the Scheme temporarily or indefinitely when any of the following conditions exist. However, the suspension of sale and switching of Units either temporarily or indefinitely will be with the approval of the Trustee. 1. When one or more stock exchanges or markets, which provide basis for valuation for a substantial portion of the assets of the Scheme are closed otherwise than for ordinary holidays. 2. When, as a result of political, economic or monetary events or any circumstances outside the control of the Trustee and the AMC, the disposal of the assets of the Scheme are not reasonable, or would not reasonably be practicable without being detrimental to the interests of the Unit holders. 3. In the event of breakdown in the means of communication used for the valuation of investments of the Scheme, without which the value of the securities of the Scheme cannot be accurately calculated. 4. During periods of extreme volatility of markets, which in the opinion of the AMC are prejudicial to the interests of the Unit holders of the Scheme. 5. In case of natural calamities, strikes, riots and bandhs. 6. In the event of any force majeure or disaster that affects the normal functioning of the AMC or the ISC. 7. If so directed by SEBI. The AMC reserves the right in its sole discretion to withdraw the facility of Sale and Switching option of Units into the Scheme [including any one Plan/Option of the Scheme], temporarily or indefinitely, if AMC views that changing the size of the corpus further may prove detrimental to the existing Unit holders of the Scheme
Right to Redemptions	Limit	Subject to the approval of the Board of Directors of Aditya Birla Sun Life AMC Limited ("ABSLAMC") and the Aditya Birla Sun Life Trustee Private Limited ("Trustee") and also subject to necessary communication of the same to SEBI, the redemption of / switch-out of Units of Scheme(s) of the Fund, may be temporarily suspended/ restricted under the following circumstances that leads to a systemic crisis or event that severely constricts market liquidity or the efficient functioning of markets: a) Liquidity issues - When markets at large becomes illiquid affecting almost all securities rather than any issuer specific security. b) Market failures, exchange closures - When markets are affected by unexpected events which impact the functioning of exchanges or the regular course of transactions. Such unexpected events could also be related to political, economic, military, monetary or other emergencies. c) Operational issues - When exceptional circumstances are caused by <i>force majeure</i>, unpredictable operational problems and technical failures (e.g. a black out). Under the aforesaid circumstances, ABSLAMC / Trustee may restrict redemption for a specified period of time not exceeding 10 working days in any 90 days period. For redemption requests placed during the restriction period the following provisions will be applicable: (i) For redemption requests upto Rs. 2 lakh the above-mentioned restriction will not be applicable; and

	(ii) Where redemption requests are above Rs. 2 lakh, AMCs shall redeem the first Rs. 2 lakh without such restriction and remaining part over and above Rs. 2 lakh shall be subject to such restriction. ABSLAMC / Trustee reserves the right to change / modify the provisions of right to limit Redemption / switch-out of units of the Scheme(s) pursuant to direction/ approval of SEBI
Cut off timing for subscriptions/ redemptions/ switches This is the time before which your application (complete in all respects) should reach the official points of acceptance.	In accordance with provisions of para 8.4 of SEBI Master Circular on Mutual Funds, and and further amendments if any, thereto, the following cut-off timings shall be observed by Mutual Fund in respect of purchase/ redemption/ switches of units of the scheme, and the following NAVs shall be applied in each case: I. APPLICABLE NAV FOR SUBSCRIPTIONS/ PURCHASE INCLUDING SWITCH-IN OF ANY AMOUNT: • In respect of valid applications received upto 3.00 p.m. and where funds for the entire amount are available for utilization before the cut-off time i.e. credited to the bank account of the scheme before the cut-off time - the closing NAV of the day shall be applicable. • In respect of valid applications received after 3.00 p.m. and where the funds for the entire amount are credited to the bank account of the scheme before the cut-off time of the next business day i.e. available for utilization before the cut-off time of the next business day – the closing NAV of the next business day shall be applicable. • Irrespective of the time of receipt of application on any given day, where the funds for the entire amount are credited to the bank account of the scheme before the cut-off time on any subsequent business day i.e. available for utilization before the cut-off time on any subsequent business day - the closing NAV of such subsequent business day shall be applicable. • In case of switch transactions from one scheme to another, the allocation to switch-in scheme shall be in line with the redemption payouts. Further, for systematic transactions viz. Systematic Investment Plans, Systematic Transfer Plans, etc., units will be allotted as per the closing NAV of the day when funds are available for utilization by the target scheme, irrespective of the systematic installment date. II. APPLICABLE NAV FOR REDEMPTIONS INCLUDING SWITCH-OUT OF UNITS: • In respect of valid applications received upto 3.00 p.m. by the Mutual Fund, same day's closing NAV shall be applicable. • In respect of valid applications received after 3.00 p.m. by the Mutual Fund, the closing NAV of the next business day shall be applicable. While the Applicable NAV shall be as per cut-off time specified above, the NAV shall be declared in accordance with the provisions as mentioned in this Scheme Information Document.
Minimum amount for purchase/redemption/switches	<u>For Fresh Purchase (Including Switch-in):</u> Minimum of Rs. 100/- and in multiples of Re. 1/- thereafter. <u>For Additional Purchase (Including Switch-in):</u> Minimum of Rs. 100/- and in multiples of Re. 1/- thereafter. <u>For Monthly and Weekly Systematic Investment Plan (SIP):</u> Minimum of Rs. 100/- and in multiples of Re. 1/- thereafter. (Maximum Subscription Amount: Rs. 10 Crore per investor per day across all subscription transactions (i.e. fresh purchases, additional purchases, switch-in and trigger transactions such as SIP, STP and CSIP trigger) as available under the scheme). Subscriptions on an ongoing basis can be made only by specifying the amount to be invested and not the number of Units to be subscribed. The total number of Units allotted will be determined with reference to the applicable Sale Price and fractional Units may be created. Fractional Units will be

	computed and accounted for upto three decimal places and they will in no way affect an investor's ability to redeem Units. <u>Repurchase for all Plans/Options:</u> Re. 1/- and in multiple of Re. 1/- thereafter. In case of partial redemption, if the balance amount held in the unitholder's folio/account under the plan/option of the scheme is less than Re.1, then the transaction shall be treated as "All Units' redemption and the entire balance of available units in the folio/account of the unitholder shall be redeemed. The Redemption would be permitted to the extent of clear credit balance in the Unit holder's account. The Redemption request can be made by specifying the rupee amount or by specifying the number of Units to be redeemed. If a Redemption request is for both, a specified rupee amount and a specified number of Units, the specified number of Units will be considered the definitive request. If only the Redemption amount is specified by the Unit holder, the AMC will divide the Redemption amount so specified by the Redemption Price to arrive at the number of Units. The request for Redemption of Units could also be in fractions, upto three decimal places. However, in case of units held in electronic (demat) mode, the redemption request can be given only in number of Units. Also Switch transactions are currently not available in case of units held in electronic (demat) mode. The minimum amount of Redemption may be changed in future by the AMC. If the balance in the account of the Unit holder does not cover the amount. Redemption request, then the Mutual Fund is authorised to close the account of the Unit holder and send the entire such (lesser) balance to the Unit holder. For further details on Redemption, please refer section on Redemption.
Accounts Statements	The AMC shall send an allotment confirmation specifying the units allotted by way of email and/or SMS within 5 working days of receipt of valid application/transaction to the Unit holders registered e-mail address and/ or mobile number (whether units are held in demat mode or in account statement form). A Consolidated Account Statement (CAS) detailing all the transactions across all mutual funds and holding at the end of the month shall be sent to the Unit holders in whose folio(s) transaction(s) have taken place during the month on registered email address or before 12th of the succeeding month and by 15th of the succeeding month for those who have opted for physical copy Half-yearly CAS shall be issued at the end of every six months (i.e. September/ March) on or before 18th day of succeeding month on registered email address and 21st for those who have opted for physical copy to all investors providing the prescribed details across all schemes of mutual funds and securities held in dematerialized form across demat accounts, if applicable For further details, refer SAI.
IDCW	The IDCW warrants shall be made to the unitholders within seven working days from the record date. In the event of failure to make IDCW payment within the stipulated period, the AMC shall be liable to pay interest @ 15 per cent per annum to the unit holders for the period of such delay. AMC will endeavor to credit the payouts of IDCW directly to the designated Bank A/c of the unitholders of Aditya Birla Sun Life Mutual Fund schemes through any of the available electronic mode (i.e. RTGS / NEFT / Direct Credit / NACH). AMC reserves the right to use any of the above mode of payment as deemed appropriate for all folios where the required information is available.

Redemption	The Mutual Fund shall transfer the Redemption proceeds within three working days from the date of Redemption or repurchase. However, in case of exceptional circumstances as mentioned in AMFI letter no. AMFI/ 35P/ MEM-COR/ 74 / 2022-23 dated January 16, 2023 para 14.1.3 of SEBI Master Circular , redemption or repurchase proceeds will be transferred / dispatched to Unitholders within the time frame prescribed for such exceptional circumstances. For further details, investors are requested to refer to Statement of Additional Information (SAI). A penal interest of 15% p.a. or such other rate as may be prescribed by SEBI from time to time, will be paid in case the payment of redemption proceeds is not made within the stipulated timelines. The Units can be Redeemed (i.e. sold back to the Mutual Fund) or Switched-out on every Business Day at the Redemption Price. The Redemption / Switch-out request can be made by way of a written request / pre-printed form / relevant tear off section of the Transaction Slip enclosed with the Account Statement, which should be submitted at / may be sent by mail to any of the ISCs. In case an investor has purchased Units of the Scheme on more than one Business Day (either during the New Fund Offer Period, or on an ongoing basis), the Units purchased prior in time will be redeemed/switched-out first. Thus, in case of valid application for redemption/switch-out is made by the investor, those Units of the scheme which have been held for the longest period of time will be redeemed/switched-out first i.e. on a First-in-First-Out basis. However, where Units under a Scheme are held under both Regular and Direct Plans and the redemption / Switch request pertains to the Direct Plan, the same must clearly be mentioned on the request (along with the folio number), failing which the request would be processed from the Regular Plan. However, where Units under the requested Option are held only under one Plan, the request would be processed under such Plan. The Redemption would be permitted to the extent of clear credit balance in the Unit holder's account. The Redemption request can be made by specifying the rupee amount or by specifying the number of Units to be redeemed. If a Redemption request is for both, a specified rupee amount and a specified number of Units, the specified number of Units will be considered the definitive request. If only the Redemption amount is specified by the Unit holder, the AMC will divide the Redemption amount so specified by the Redemption Price to arrive at the number of Units. The request for Redemption of Units could also be in fractions, upto three decimal places. However, in case of units held in electronic (demat) mode, the redemption request can be given only in number of Units. Also Switch transactions are currently not available in case of units held in electronic (demat) mode. In case the Units are held in the names of more than one Unit holder, where mode of holding is specified as "Joint", Redemption requests will have to be signed by all the joint holders. However, in cases of holding specified as 'Anyone or Survivor', any of the Unit holders will have the power to make Redemption request, without it being necessary for all the Unit holders to sign. However, in all cases, the Redemption proceeds will be paid only to the first named holder. AMC will endeavor to credit the redemptions payouts directly to the designated Bank A/c of the unitholder through any of the available electronic mode (i.e. RTGS / NEFT / Direct Credit). AMC reserves the right to use any of the above mode of payment as deemed appropriate for all folios where the required information is available. AMC/Mutual Fund, however, reserves
-------------------	--

	the right to issue a cheque / demand draft inspite of an investor opting for Electronic Payout.
Bank Mandate	In order to protect the interest of investors from fraudulent encashment of cheques, the current SEBI (MF) Regulations have made it mandatory for investors to mention in their application / Redemption request, the bank name and account number. Applications without these details are liable to be rejected.
Delay in payment of redemption / repurchase proceeds/IDCW	The AMC shall be liable to pay interest to the unitholders at such rate as may be specified by SEBI for the period of such delay (presently @ 15% per annum).
Unclaimed Redemption and Income Distribution cum Capital Withdrawal Amount	The unclaimed redemption amount and IDCW amounts may be deployed by the Mutual Fund in call money market or money market instruments or a separate plan of only Overnight scheme/Liquid scheme/ Money Market Mutual Fund scheme floated by Mutual Funds specifically for deployment of the unclaimed amounts. Provided that such schemes where the unclaimed redemption and IDCW amounts are deployed shall be only those Overnight scheme/ Liquid scheme / Money Market Mutual Fund schemes which are placed in A-1 cell (Relatively Low Interest Rate Risk and Relatively Low Credit Risk) of Potential Risk Class matrix as per para 17.5 of SEBI Master Circular on Mutual Funds . No exit load shall be charged on these plans and Total Expense Ratio (TER) of such plan shall be capped as per the TER of direct plan of such scheme or at 50bps whichever is lower. The investors who claim the unclaimed amounts during a period of three years from the due date shall be paid initial unclaimed amount along-with the income earned on its deployment. Investors who claim these amounts after 3 years, shall be paid initial unclaimed amount along-with the income earned on its deployment till the end of the third year. After the third year, the income earned on such unclaimed amounts shall be used for the purpose of investor education. Please refer to SAI for further details.
Disclosure w.r.t investment by minors	- In case of application in the name of minor, the minor has to be the first and the sole holder. No joint holder will be allowed with the Minor as the first or sole holder. The Guardian of the minor should either be a natural guardian (i.e. father or mother) or a court appointed legal guardian. In accordance with para 17.6 of SEBI Master Circular on Mutual Funds read with SEBI circular, payment for investment by any mode shall be accepted from the bank account of the minor, parent or legal guardian of the minor, or from a joint account of the minor with parent or legal guardian, else the transaction is liable to get rejected. A copy of birth certificate, passport copy, etc. evidencing date of birth of the minor and relationship of the guardian with the minor, should be mandatorily attached with the application. Further, irrespective of the source of payment for subscription, all redemption proceeds shall be credited only in the verified bank account of the minor, i.e. the account the minor may hold with the parent/ legal guardian after completing all KYC formalities. - The minor unitholder, on attaining majority, shall inform the same to AMC / Mutual Fund / Registrar and submit following documents to change the status of the account (folio) from 'minor' to 'major' to allow him to operate the account in his own right viz., (a) Duly filled request form for changing the status of the account (folio) from 'minor' to 'major'. (b) Updated bank account details including cancelled original cheque leaf of the new account (c) Signature attestation of the major by a bank manager of Scheduled bank / Bank certificate or Bank letter. (d) KYC acknowledgement letter of major. The guardian cannot undertake any financial and non-financial transactions after the date of the minor attaining majority in an account (folio) where the units are held on behalf of the minor, and further, no financial and non-financial transactions can be undertaken till the time the change in the status from 'minor' to 'major' is registered in the account (folio) by the AMC/ Mutual Fund.

	The list given above is indicative and the applicable law, if any, shall supersede the list.
Minimum balance to be maintained and consequences of non-maintenance	There is no minimum balance requirement.
Disclosure related to Risk-o-meter	The Product labeling mandated by SEBI is to provide investors an easy understanding of the risk involved in the kind of product / scheme they are investing to meet their financial goals. The Riskometer categorizes the scheme of Fund under different levels of risk based on the respective scheme's investment objective, asset allocation pattern, investment strategy and typical investment time horizon of investors. Therefore, the scheme falling under the same level of risk in the Riskometer may not be similar in nature. Investors are advised before investing to evaluate a scheme not only on the basis of the Product labeling (including the Riskometer) but also on other quantitative and qualitative factors such as performance, portfolio, fund managers, asset manager, etc. and shall also consult their financial advisers, if they are unsure about the suitability of the scheme before investing. Further, pursuant to para 17.4 of SEBI Master Circular on Mutual Funds , Risk-o-meters shall be evaluated on a monthly basis and Mutual Funds/AMCs shall disclose the Risk-o-meters along with portfolio disclosure for their schemes on AMCs website and on AMFI website within 10 days from the close of each month. Mutual Funds shall also disclose the risk level of schemes as on March 31 of every year, along with number of times the risk level has changed over the year, on AMCs website and AMFI website.
Disclosure of Potential Risk Class (PRC) Matrix	Pursuant to the provisions of para 17.5 of SEBI Master Circular on Mutual Funds , all debt schemes are required to be classified in terms of a Potential Risk Class matrix consisting of parameters based on maximum interest rate risk (measured by Macaulay Duration (MD) of the scheme) and maximum credit risk (measured by Credit Risk Value (CRV) of the scheme). Mutual Funds are required to disclose the PRC matrix (i.e. maximum risk that a fund manager can take in a Scheme) along with the mark for the cell in which the Scheme resides on the front page of initial offering application form, SID, KIM, common application form and scheme advertisements in the manner as prescribed in the said circular. The scheme would have the flexibility to take interest rate risk and credit risk below the maximum risk as stated in the PRC matrix. Subsequently, once a PRC cell selection is done by the Scheme, any change in the positioning of the Scheme into a cell resulting in a risk (in terms of credit risk or duration risk) which is higher than the maximum risk specified for the chosen PRC cell, shall be considered as a fundamental attribute change of the Scheme in terms of Regulation 18(15A) of SEBI (Mutual Fund) Regulations, 1996. The Mutual Funds shall be required to inform the unitholders about the PRC classification and subsequent changes, if any, through SMS and by providing a link on their website referring to the said change. The Mutual Fund/ AMC shall also publish the PRC Matrix in the scheme wise Annual Reports and Abridged summary.
