Part II. INFORMATION ABOUT THE SCHEME
A. HOW WILL THE SCHEME ALLOCATE ITS ASSETS?

Under normal circumstances, the asset allocation of the Scheme will be as follows:

Instruments	Indicative Allocations (% of total Assets)	
	Minimum	Maximum
Equities and Equity Linked instruments	65%	100%
Derivatives including Index Futures, Stock Futures, Index Options and Stock Options	65%	100%
Debt securities and Money Market Instruments (including securitised debt)	0%	35%
Units issued by REITs & InvITs	0%	10%

However, where the scheme has no opportunities in the Equity and derivative market, we expect the asset allocation to be as follows:

Instruments	Indicative Allocations (% of total Assets)	
	Minimum	Maximum
Equities and Equity Linked instruments	0%	65%
Derivatives including Index Futures, Stock Futures, Index Options and Stock Options	0%	65%
Debt securities and Money Market Instruments	35%	100%
Units issued by REITs & InvITs	0%	10%

(% age of investible corpus) at the time of investments

Indicative Table (Actual instrument/percentages may vary subject to applicable SEBI circulars)

Sr. no	Type of Instrument	Percentage of exposure	Circular references
1.	Securities Lending	The Scheme may engage in Stock Lending activities upto 20% of the net assets of the Scheme.	Para 12.11 of SEBI Master Circular dated June 27, 2024.
2.	Securitized Debt	The investments in Securitised Debt papers may be made upto 35% of the Net Assets of the scheme.	Clause 1 of Seventh Schedule of SEBI (Mutual Funds) Regulations, 1996 and Para 12.15 of SEBI Master Circular dated June 27, 2024.
3.	Overseas Securities	The Scheme does not intend to invest in Foreign Securities.	Para 12.19 of SEBI Master Circular dated June 27, 2024.
4.	Debt instruments having Structured Obligations / Credit Enhancements	The Scheme may invest in Structured Obligations / Credit Enhancements not exceeding 10% of the debt portfolio of the	Para 12.3 of SEBI Master Circular on Mutual Funds dated

		scheme and the group exposure in such instruments shall not exceed 5% of the debt portfolio of the scheme.	June 27, 2024
5	ReITS and InvITS	0% to 10%	Clause 13 of Seventh Schedule of SEBI (Mutual Funds) Regulations, 1996 and Para 12.21 of SEBI Master Circular dated June 27, 2024

The exposure to derivatives taken against the underlying equity investments should not be considered for calculating the total asset allocation.

The margin money deployed would be included in the Money Market/Debt category.

Cash or cash equivalents with residual maturity of less than 91 days may be treated as not creating any exposure. SEBI vide letter dated November 3, 2021, has clarified that Cash Equivalent shall consist of Government Securities, T-Bills and Repo on Government Securities.

In line with para 12.24 of SEBI Master Circular on Mutual Funds dated June 27, 2024, the cumulative gross exposure to equity, equity related instruments including ETFs, debt, money market instruments, units issued by REITs & InvITs, derivatives, repo transactions and such other securities/assets as may be permitted by the Board from time to time subject to regulatory approvals, if any should not exceed 100% of the net assets of the Scheme.

Portfolio Rebalancing

Rebalancing due to Short Term Defensive Consideration

Due to market conditions, the AMC may invest beyond the range set out in the asset allocation. Such deviations shall normally be for a short term and defensive considerations as per para 1.14.1.2 of SEBI Master Circular on Mutual Funds dated June 27, 2024, and the fund manager will rebalance the portfolio within 30 calendar days from the date of deviation.

Rebalancing due to Passive Breach:

Further, as per para 2.9 of SEBI Master Circular on Mutual Funds dated June 27, 2024, as may be amended from time to time, in the event of deviation from mandated asset allocation due to passive breaches (occurrence of instances not arising out of omission and commission of the AMC), the fund manager shall rebalance the portfolio of the Scheme within 30 Business Days. In case the portfolio of the Scheme is not rebalanced within the period of 30 Business Days, justification in writing, including details of efforts taken to rebalance the portfolio shall be placed before the Investment Committee of the AMC. The Investment Committee, if it so desires, can extend the timeline for rebalancing up to sixty (60) Business Days from the date of completion of mandated rebalancing period. Further, in case the portfolio is not rebalanced within the aforementioned mandated plus extended timelines the AMC shall comply with the prescribed restrictions, the reporting and disclosure requirements as specified in para 2.9 of SEBI Master Circular on Mutual Funds dated June 27, 2024.

C. WHAT ARE THE INVESTMENT STRATEGIES?

Scheme seeks to generate income by predominantly investing in equity and equity linked instruments.

Scheme aims to identify the price differentials prevailing for a stock / index in 2 market segments (cash, futures, etc.). Trades are executed once the price differentials are identified. Generally, trades will be executed provided that they generate returns higher than short term debt instruments (call money, money market instruments, liquid schemes, etc.) net of expenses.

Scheme will buy a stock where it is available cheap and sell the stock where it is quoting at a higher price. Simultaneous buy and sell trade will be entered into in both the market segments (Cash & Futures). Gains that the trade would offer, is identified at the time of execution. On expiry of the futures contract, there is a convergence of price of a stock in cash & derivatives segment. Thus, gains are secured / assured irrespective of the market movements, only at the end of the month i.e. on expiry of the futures contract. If these trades are unwound prior to expiry, then they may / may not generate the pre-specified returns.

The scheme shall also undertake Securities Lending and Borrowing within the framework as permitted by SEBI.

However, if these trades fail to exist / if the returns generated are lower than that offered by liquid schemes / index, then the scheme may undertake a higher allocation to debt and money market securities.

Derivative Strategies:

Aditya Birla Sun Life Arbitrage Fund

If and where Derivative strategies are used under the scheme the Fund Manager will employ a combination of the following strategies:

Index Arbitrage: As the Nifty 50 derives its value from fifty underlying stocks, the underlying stocks can be used to create a synthetic index matching the Nifty Index levels. Also, theoretically, the fair value of a stock/index futures is equal to the spot price plus the cost of carry i.e. the interest rate prevailing for an equivalent credit risk, in this case is the Clearing Corporation of the NSE.

Theoretically, therefore, the pricing of Nifty Index futures should be equal to the pricing of the synthetic index created by futures on the underlying stocks. However, due to market imperfections, the index futures may not exactly correspond to the synthetic index futures. The Nifty Index futures normally trades at a discount to the synthetic Index due to large volumes of stock hedging being done using the Nifty Index futures giving rise to arbitrage opportunities.

The fund manager shall aim to capture such arbitrage opportunities by taking long positions in the Nifty Index futures and short positions in the synthetic index. The strategy is attractive if this price differential (post all costs) is higher than the investor's cost-of-capital.

Objective of the Strategy

The objective of the strategy is to lock-in the arbitrage gains.

Risks Associated with this Strategy

- Lack of opportunity available in the market.
- The risk of mispricing or improper valuation and the inability of derivatives to correlate perfectly with underlying assets, rates and indices.
- Execution Risk: The prices which are seen on the screen need not be the same at which execution will take place.

Cash Futures Arbitrage: The Plans under the scheme would look for market opportunities between the spot and the futures market. The cash futures arbitrage strategy can be employed when the price of the futures exceeds the price of the underlying stock.

The Plans will first buy the stocks in cash market and then sell in the futures market to lock the spread known as arbitrage return. Buying the stock in cash market and selling the futures results into a hedge where the Plans have locked in a spread and is not affected by the price movement of cash market and futures market. The arbitrage position can be continued till expiry of the future contracts. The future contracts are settled based on the last half an hour's weighted average trade of the cash market. Thus, there is a convergence between the cash market and the futures market on expiry.

This convergence helps the Plans under the Scheme to generate the arbitrage return locked in earlier. However, the position could even be closed earlier in case the price differential is realized before expiry or better opportunities are available in other stocks. The strategy is attractive if this price differential (post all costs) is higher than the investor's cost-of capital.

Objective of the Strategy

The objective of the strategy is to lock-in the arbitrage gains.

Risk Associated with this Strategy

- Lack of opportunity available in the market.
- The risk of mispricing or improper valuation and the inability of derivatives to correlate perfectly with underlying assets, rates and indices.
- Execution Risk: The prices which are seen on the screen need not be the same at which execution will take place

Hedging and alpha strategy: The fund will use exchange-traded derivatives to hedge the equity portfolio. The hedging could be either partial or complete depending upon the fund managers' perception of the markets. The fund manager shall either use index futures and options or stock futures and options to hedge the stocks in the portfolio.

The fund will seek to generate alpha by superior stock selection and removing market risks by selling appropriate index. For example, one can seek to generate positive alpha by buying an IT stock and selling CNX IT Index future or a bank stock and selling Bank Index futures or buying a stock and selling the Nifty Index.

Objective of the Strategy

The objective of the strategy is to generate alpha by superior stock selection and removing market risks by hedging with appropriate index.

Risk Associated with this Strategy

- The stock selection under this strategy may under-perform the market and generate a negative alpha.
- The risk of mispricing or improper valuation and the inability of derivatives to correlate perfectly with underlying assets, rates and indices.
- Execution Risk: The prices which are seen on the screen need not be the same at which execution will take place

Covered Call Strategy: The fund manager shall use the covered call strategy by writing call options against an equivalent long position in the underlying security thereby locking in the returns instead of keeping the position open.

This strategy allows fund managers to earn premium income in addition to returns locked in from the long underlying.

Objective of the Strategy

The objective of the strategy is to earn the option premium.

Risk Associated with this Strategy

- The underlying security may fall by more than the option premium earned, thereby exposing the strategy to downside risks.
- The risk of mispricing or improper valuation and the inability of derivatives to correlate perfectly with underlying assets, rates and indices.
- Execution Risk: The prices which are seen on the screen need not be the same at which execution will take place.

Covered Put Strategy: If the Fund Manager has a bearish view on a stock /index, he may write put option on that stock/index with an equivalent short position in the futures of the underlying; thus earning the premium income.

Objective of the Strategy

The objective of the strategy is to earn the option premium.

Risk Associated with this Strategy

- The underlying security may rise by more than the option premium earned, thereby exposing the strategy to downside risks.
- The risk of mispricing or improper valuation and the inability of derivatives to correlate perfectly with underlying assets, rates and indices.
- Execution Risk: The prices which are seen on the screen need not be the same at which execution will take place.

Aditya Birla Sun Life Arbitrage Fund

Other Derivative Strategies: As allowed under the SEBI guidelines on derivatives, the fund manager will employ various other stock and index derivative strategies by buying or selling stock/index futures and/or options.

Objective of the Strategy

The objective of the strategy is to earn low volatility consistent returns.

Risk Associated with this Strategy

- The risk of mispricing or improper valuation and the inability of derivatives to correlate perfectly with underlying assets, rates and indices.

Execution Risk: The prices which are seen on the screen need not be the same at which execution will take place.

Portfolio Turnover

The scheme has no explicit constraints either to maintain or limit the portfolio turnover. Portfolio turnover will depend upon the circumstances prevalent at any time and would also depend on the extent of volatility in the market and inflows/outflows in the scheme. The Fund Manager will however endeavour to maintain a low portfolio turnover rate.

A higher churning of the portfolio could attract high transactions of the nature of brokerage, custody charges etc.

D. HOW WILL THE SCHEME BENCHMARK ITS PERFORMANCE?

The performance of the scheme will be benchmarked to the performance of the **Nifty 50 Arbitrage TRI Index**.

The fund reserves the right to change the said benchmark and/or adopt one/more other benchmarks to compare the performance of the Scheme. The performance of this scheme will be compared with its peers in the Industry. The performance will be placed before the Investment Committee as well as the Board of Directors of the AMC and the Trustee Company in each of their meetings.

Rationale for adoption of benchmark:

Nifty 50 Arbitrage TR Index has been developed by CRISIL, an independent reputed credit rating agency. The Scheme endeavors to invest in arbitrage transactions and in effect the Scheme will earn the spread between the two markets, therefore, the performance of the Scheme has been benchmarked with the money market returns through Nifty 50 Arbitrage TR Index.

v. Investments of AMC in the Scheme :

Pursuant to Regulation 25(16A) of the SEBI (MF) Regulations, 1996 and para 6.9 of SEBI Master Circular on Mutual Funds dated June 27, 2024, AMC will invest minimum amount as a percentage of AUM based on the risk associated with the Scheme and such investment will not be redeemed unless the Scheme is wound up. The AMC will conduct quarterly review to ensure compliance with above requirement which may change either due to change in value of the AUM or in the risk value assigned to the scheme. The shortfall in value of the investment, if any, will be made good within 7 days of such review.

In addition to investments as mandated under Regulation 25(16A) of the Regulations as mentioned above, the AMC, may invest in the scheme during the continuous offer period subject to the SEBI (MF). As per the existing SEBI (MF) Regulations, the AMC will not charge investment management and advisory fee on the investment made by it in the scheme. The Sponsor, Trustee and their associates may invest in the scheme on an ongoing basis subject to SEBI (MF) Regulations & circulars issued by SEBI and to the extent permitted by its Board of Directors from time to time.

Part III- OTHER DETAILS

A. COMPUTATION OF NAV

The Net Asset Value (NAV) per Unit of the scheme will be computed by dividing the net assets of the scheme by the number of Units outstanding under the scheme on the valuation date. The Mutual Fund will value its investments according to the valuation norms, as specified in Schedule VIII of the SEBI (MF) Regulations, or such norms as may be specified by SEBI from time to time.

NAV of Units under the scheme shall be calculated as shown below:

$$\begin{aligned} & \text{Market or Fair Value of the scheme's Investments} \\ & + \text{Current Assets (including accrued income)} \\ & - \text{Current Liabilities and Provisions (including accrued expenses)} \end{aligned}$$

$$\text{NAV (Rs.) per Unit} = \frac{\text{Market or Fair Value of the scheme's Investments} + \text{Current Assets (including accrued income)} - \text{Current Liabilities and Provisions (including accrued expenses)}}{\text{No. of Units outstanding under the scheme}}$$

The AMC will calculate and disclose the NAV of the scheme on every business day. The NAVs of the Scheme will be calculated upto four decimals and units allotted upto three decimals. AMC reserves the right to calculate NAV more than two decimal places NAVs of the growth option and IDCW option will be different after the declaration of the first IDCW.

Computation of NAV in case of investment in foreign securities: On the valuation day, all the assets and liabilities denominated in foreign currency will be valued in Indian Rupees. The valuation price of the security will be converted to INR based on a reference rate provided by the designated agency at the close of banking hours in India. If required, the AMC may change the source of determining the exchange rate. The Fund shall value its investments according to the valuation norms as specified in the Eighth Schedule of the Regulations, or such guidelines / recommendations as may be specified by SEBI from time to time. The broad valuation norms are detailed in the Statement of Additional Information.

Illustration of computation of NAV:

If the net assets of the Scheme are Rs.10,55,34,567.12 and units outstanding are 100,00,000, then the NAV per unit will be computed as follows: $10,55,34,567.12 / 100,00,000 = \text{Rs. } 10.55 \text{ p.u. (rounded off to two decimals)}$

Aditya Birla Sun Life Arbitrage Fund

In accordance with SEBI (MF) Regulations, while determining the price of the units, the mutual fund shall ensure that the repurchase price of the scheme is not lower than 95 per cent of the Net Asset Value.

Note: Where as a result of a Redemption/ Switch arising out of excess holding by an investor beyond 25% of the net assets of the schemes in the manner envisaged under para 6.11 of SEBI Master Circular on Mutual Funds dated June 27, 2024, such Redemption / Switch will not be subject to Exit load.

For other details such as policies w.r.t computation of NAV, rounding off, investment in foreign securities, procedure in case of delay in disclosure of NAV etc. refer to SAI.

B. NEW FUND OFFER (NFO) EXPENSES

These expenses are incurred for the purpose of various activities related to the NFO like sales and distribution fees paid marketing and advertising, registrar expenses, printing and stationary, bank charges etc. All the NFO expenses of the Scheme shall be borne by the AMC.

The entire amount subscribed by the investor subject to deduction of transaction charges, if any, in the scheme during the New Fund Offer will be available to the scheme for investments.

C. ANNUAL SCHEME RECURRING EXPENSES

These are the fees and expenses for operating the scheme. These expenses include Investment Management and Advisory Fee charged by the AMC, Registrar and Transfer Agents' fee, marketing and selling costs etc. as given in the table related to maximum permissible expense below:

Within the limits specified under the SEBI Regulations, the AMC has estimated that the following will be charged to the scheme as expenses. For the actual current expenses being charged, the investor should refer to the website of the mutual fund. Further, any change in the expense ratio will be updated on our website and the same will be communicated to investor via SMS / e-mail 3 working days prior to the effective date of change.

As per Regulation 52(6)(c) of SEBI (MF) Regulations, the total expenses of the scheme, including Investment Management and Advisory Fees, shall be subject to following limits as specified below:

Assets under management Slab (In Rs. crore)	Total expense ratio limits
on the first Rs.500 crores of the daily net assets	2.25%
on the next Rs.250 crores of the daily net assets	2.00%
on the next Rs.1,250 crores of the daily net assets	1.75%
on the next Rs.3,000 crores of the daily net assets	1.60%
on the next Rs.5,000 crores of the daily net assets	1.50%
On the next Rs.40,000 crores of the daily net assets	Total expense ratio reduction of 0.05% for every increase of Rs.5,000 crores of daily net assets or part thereof.
On balance of the assets	1.05%

In addition to total expense permissible within limits of Regulation 52 (6)(c) of SEBI (MF) Regulations as above, the AMC may charge the following to the scheme in terms of Regulation 52(6A) of SEBI (MF) Regulations:

- (a) Additional expenses not exceeding of 0.30% of daily net assets may be charged to the Scheme, if the new inflows from retail investors[^] from beyond top 30 cities* are at least (i) 30% of gross new inflows in the scheme or (ii) 15% of the average assets under management (year to date) of the scheme, whichever is higher.

[^]As per para 10.1 of SEBI Master Circular on Mutual Funds dated June 27, 2024, inflows of amount upto Rs 2,00,000/- per transaction, by individual investors shall be considered as inflows from "retail investor".

Aditya Birla Sun Life Arbitrage Fund

**Beyond Top 30 (B30) cities shall mean beyond top 30 cities based on Association of Mutual Funds in India (AMFI) data on 'AUM by Geography - Consolidated Data for Mutual Fund Industry' as at the end of the previous financial year.*

In case inflows from beyond such cities is less than the higher of (i) or (ii) mentioned above, such additional expense on daily net assets of the scheme shall be charged on proportionate basis in accordance with para 10.1.3 of SEBI Master Circular on Mutual Funds dated June 27, 2024.

Inflows from corporates and institutions from B-30 cities will not be considered for computing the inflows from B-30 cities for the purpose of additional TER of 30 basis points.

The expense so charged shall be utilized for distribution expenses incurred for bringing inflows from such cities. However, the amount incurred as expense on account of inflows from such cities shall be credited back to the scheme in case the said inflows are redeemed within a period of one year from the date of investment.

Note: SEBI vide its letter no. SEBI/HO/IMD-SEC-3/P/OW/2023/5823/1 dated February 24, 2023 and AMFI letter dated No. 35P/ MEM-COR/ 85-a/ 2022-23 dated March 02, 2023 has directed AMC's to keep B-30 incentive structure in abeyance with effect from March 01, 2023 till further notice.

- (b) Brokerage and transaction cost incurred for the purpose of execution of trade shall be charged to the schemes as provided under Regulation 52 (6A) (a) upto 12 bps and 5 bps for cash market transactions and derivatives transactions respectively. In terms of para 10.1.14 of SEBI Master Circular on Mutual Funds dated June 27, 2024, any payment towards brokerage and transaction costs (including GST, if any) incurred for the execution of trades, over and above the said 0.12 per cent and 0.05 per cent for cash market transactions and derivatives transactions respectively may be charged to the scheme within the maximum limit of Total Expense Ratio (TER) as prescribed under Regulation 52 of the SEBI (MF) Regulations.
- (c) Additional expenses incurred towards different heads mentioned under Regulations 52(2) and 52(4) of SEBI (MF) Regulations, not exceeding 0.05 per cent of daily net assets of the scheme.

The AMC has estimated the following recurring expenses, as detailed in table related to maximum permissible expense below. The expenses are estimated have been made in good faith as per the information available to the AMC based on past experience and are subject to change inter se.

The purpose of the below table is to assist the investor in understanding the various costs and expenses that an investor in the scheme will bear directly or indirectly.

Maximum estimated permissible expense as a % per annum of daily net assets:

Expense Head	% p.a. of daily Net Assets*
Investment Management & Advisory Fee	Upto 2.25%
Audit fees/fees and expenses of trustees	
Custodial Fees	
Registrar & Transfer Agent Fees including cost of providing account statements / IDCW / redemption cheques/ warrants

Goods & Services Tax on brokerage and transaction cost ^	
Other Expenses (to be specified as per Reg 52 of SEBI MF Regulations)	
Maximum Total expenses ratio (TER) permissible under Regulation 52 (6) (c)	

Aditya Birla Sun Life Arbitrage Fund

Additional expenses under Regulations 52(6A)(c)**	Upto 0.05%
Additional expenses for gross new inflows from specified cities#	Upto 0.30%

The above estimates for recurring expense are for indicative purposes only and have been made in good faith as per the information available to the AMC based on past experience.

**such expenses shall not be charged to the scheme where the exit load is not levied or applicable.

^ over and above 12 bps and 5 bps for cash market transactions and derivatives transactions respectively.

#These expenses are in abeyance with effect from March 1, 2023 till further notice.

Note:

- (a) The TER of the Direct Plan will be lower to the extent of the abovementioned distribution expenses/ commission which is charged in the Regular Plan.

In terms of para 10.1.16 of SEBI Master Circular on Mutual Funds dated June 27, 2024, the AMC / Mutual Fund shall annually set apart at least 2 basis points (i.e. 0.02%) on daily net assets of the Scheme within the maximum limit of Total Expense Ratio as per Regulation 52 of the SEBI (MF) Regulations for investor education and awareness initiatives.

- (b) In terms of para 10.3 of SEBI Master Circular on Mutual Funds dated June 27, 2024, AMC may charge the following Fees and expenses as mentioned below:
- Investment Management and Advisory Fees:** AMC may charge GST on investment management and advisory fees to the Scheme in addition to the maximum limit of Total Expense Ratio as prescribed under Regulation 52 of the SEBI (MF) Regulations.
 - Other than Investment Management and Advisory Fees:** AMC may charge GST on expenses other than investment management and advisory fees to the Scheme within the maximum limit of Total Expense Ratio as prescribed under Regulation 52 of the SEBI (MF) Regulations. Further, GST on Brokerage and transaction cost incurred for execution of trades, will be within the maximum limit of Total Expense Ratio as prescribed under Regulation 52 of the SEBI (MF) Regulations.
- (c) Additional Expenses upto 0.05% of daily net assets as permissible under Regulation 52 (6A) (c) may be charged by AMC under different heads of expenses mentioned under Regulation 52 (2) and (4) and more specifically stated in table above.
- (d) **Maximum Permissible expense:** The maximum total expense ratio (TER) that can be charged to the Scheme will be subject to such limits as prescribed under the SEBI (MF) Regulations. The said maximum TER shall either be apportioned under various expense heads as enumerated above, without any sub limit or allocated to any of the said expense head(s) at the discretion of AMC. Also, the types of expenses charged shall be as per the SEBI (MF) Regulations.

Investors should note that, all scheme related expenses including commission paid to distributors will necessarily be paid from the Scheme only within the regulatory limits and not from the books of the ABSLAMC, its associate, sponsor, trustee or any other entity through any route.

The total recurring expenses of the Scheme excluding issue or redemption expenses, whether initially borne by the Mutual Fund or by the AMC, but including the investment management and advisory fee, shall not exceed the limits as prescribed under Regulation 52 of the SEBI (MF) Regulations.

Illustration of impact of expense ratio on schemes returns:

Expense ratio, normally expressed as a percentage of Average Assets under Management, is calculated by dividing the permissible expenses under the Regulations by the average net assets.

To further illustrate the above, for the Scheme under reference, suppose an Investor invested Rs. 10,000/- the impact of expenses charged will be as under:

Particulars	Regular Plan (Rs.)	Direct Plan (Rs.)
Amount invested at the beginning of the year (A)	10,000	10,000
Value of above investment at the end of the year (before all applicable expenses) (B)	11,500	11,500

Aditya Birla Sun Life Arbitrage Fund

Returns before expenses (C)	1,500	1,500
Expenses other than Distribution expenses(D)	150	150
Distribution expenses (E)	50	-
Value of above investment at the end of the year (post all applicable expenses) (F)	11,300	11,350
Returns after expenses at the end of the year (G)	1300	1350
Returns (%) (post all applicable expenses) (H) $(H=(F-A)/A)$	13%	13.5%
Returns (%) (without considering any expenses) (I) $[I=(B-A)/A]$	15%	15%

Note(s):

- The purpose of the above illustration is to purely explain the impact of expense ratio charged to the Scheme and should not be construed as providing any kind of investment advice or guarantee of returns on investments.
- It is assumed that the expenses charged are evenly distributed throughout the year.
- The expenses of the Direct Option under the Scheme will be lower to the extent of the above-mentioned distribution expenses/ commission. The NAVs of Direct Plan and Regular Plan will be different.
- Calculations are based on assumed NAVs, and actual returns on your investment may be more, or less.
- Any tax impact has not been considered in the above example, in view of the individual nature of the tax implications. Each investor is advised to consult his or her own financial advisor.

D. LOAD STRUCTURE

Exit Load is an amount which is paid by the investor to redeem the units from the scheme. Load amounts are variable and are subject to change from time to time. For the current applicable structure, please refer to the website of the AMC (www.mutualfund.adityabirlacapital.com) or may call at 1-800-22-7000/1-800-270-7000 or your distributor.

Type of Load	Load Chargeable (as %age of NAV)
Exit Load	<ul style="list-style-type: none"> • For redemption/switch out of units within 15 days from the date of allotment: 0.25% of applicable NAV. • For redemption/switch out of units after 15 days from the date of allotment: Nil

- No Exit Loads will be chargeable in case of switches made from Growth option to IDCW option or vice-versa within the respective Plans offered under the Scheme
- No entry or exit load shall be charged in respect of units issued to unitholders on Reinvestments of IDCW and units issued to unitholders as Bonus units.
- No exit load will be charged in case of switch of investments from Regular Plan to Direct Plan and vice versa.
- The above Load shall be applicable in case SIP/STP/SWP transactions.
- Pursuant to para 10.3 of SEBI Master Circular on Mutual Funds dated June 27, 2024, exit load charged, if any, by the AMC/Mutual Fund to the unitholders shall be credited to the Scheme immediately, net of GST, if any.

The investor is requested to check the prevailing load structure of the scheme before investing.

AMC reserves the right to change / modify the Load structure under the schemes if it so deems fit in the interest of smooth and efficient functioning of the Mutual Fund. AMC reserves the right to introduce / modify the Load depending upon the circumstances prevailing at that time subject to maximum limits as prescribed under the SEBI (MF) Regulations.

Any imposition or enhancement of Load in future as may be permitted under SEBI (MF) Regulations shall be applicable on prospective investments only and will be calculated on First in First Out (FIFO) basis.

Aditya Birla Sun Life Arbitrage Fund

However, AMC shall not charge any load on issue of bonus units and units allotted on reinvestment of IDCW for existing as well as prospective investors. At the time of changing the Load Structure following measures would be undertaken to avoid complaints from investors about investment in the schemes without knowing the loads:

- I. The addendum detailing the changes would be attached to Scheme Information Document and Key Information Document. The addendum will be circulated to all the distributors / brokers so that the same can be attached to all Scheme Information Documents and Key Information Documents already in stock.
- II. Arrangements will be made to display the addendum in the Scheme Information Document in the form of a notice in all the Investor Service Centres and distributors / brokers office.
- III. The introduction of the Exit Load alongwith the details would be stamped in the acknowledgement slip issued to the investors on submission of the application form and would also be disclosed in the statement of accounts issued after the introduction of such load.
- IV. Any other measure which the AMC/Mutual Fund may feel necessary.

For any change in load structure AMC will issue an addendum and display it on the website/Investor Service Centres

E. REQUIREMENT OF MINIMUM INVESTORS IN THE SCHEME

The Scheme shall have a minimum of 20 investors and no single investor shall account for more than 25% of the corpus of the Scheme. In case the Scheme does not have a minimum of 20 investors in the stipulated period, the provisions of Regulation 39(2)(c) of the SEBI (MF) Regulations would become applicable automatically without any reference from SEBI and accordingly the Scheme shall be wound up and the units would be redeemed at applicable NAV. The two conditions mentioned above shall also be complied with within each subsequent calendar quarter thereafter, on an average basis, as specified by SEBI. If there is a breach of the 25% limit by any investor over the quarter, a rebalancing period of one month would be allowed and thereafter the investor who is in breach of the rule shall be given 15 days' notice to redeem his exposure over the 25% limit. Failure on the part of the said investor to redeem his exposure over the 25% limit within the aforesaid 15 days would lead to automatic redemption by the Mutual Fund on the applicable Net Asset Value on the 15th day of the notice period. The Fund shall adhere to the requirements prescribed by SEBI from time to time in this regard.

For all purposes of this Scheme Information Document, except as otherwise expressly provided or unless the context otherwise requires, the terms defined in this Scheme Information Document include the plural as well as the singular. Pronouns having a masculine or feminine gender shall be deemed to include the other. Words and expressions used herein but not defined herein shall have the meanings respectively assigned to them therein under the SEBI Act or the SEBI (MF) Regulations.

B. RISK FACTORS

SCHEME SPECIFIC RISK FACTORS

Aditya Birla Sun Life Arbitrage Fund

- The scheme will aim to generate absolute returns over and above money market returns/liquid funds. The performance of the scheme will depend on the ability of the fund manager to identify opportunities prevailing in terms of price spread (difference) in the cash and derivative market. No assurance can be given that Fund Manager will be able to locate investment opportunities or to correctly exploit price spread in the equity markets. There may be instances where the price spread between cash and derivative market is insufficient to meet the cost of carry. In such situations, the Fund Manager due to lack of opportunities in the derivative market may not be able to outperform liquid/money market funds. In addition to this, there can be increase in number of transactions as the fund manager has to take simultaneous calls in cash and derivative market, which may lead to high portfolio turnover and consequently will lead to high transaction costs.
- There can be no assurance or guarantee that the arbitrage opportunities may exist at all times in the capital market. The lack of arbitrage opportunities shall not provide an opportunity to the Fund Manager to exploit price discrepancies in the capital markets.
- Though the constituent stocks of most indexes are typically liquid, liquidity differs across stocks. Due to the heterogeneity in liquidity in the capital market segment, trades on this segment do not get implemented instantly. This often makes arbitrage expensive, risky and difficult to implement.
- The Fund intends to take advantage of opportunities arising out of corporate events like open offers, buy-back, merger, initial public offers, etc. The lack of such corporate events may lead to lack of opportunities to the Fund Manager.

Risks associated with investment in Equity and Equity related instruments:

- Equity and Equity related securities by nature are volatile and prone to price fluctuations on a daily basis due to both macro and micro factors.
- The NAVs of schemes investing in equity will fluctuate as the daily prices of the individual securities in which they invest fluctuate and the units when redeemed may be worth more or less than their original cost.
- The value of the Scheme's investments, may be affected generally by factors affecting securities markets, such as price and volume volatility in the capital markets, interest rates, currency exchange rates, changes in policies of the Government, taxation laws or policies of any appropriate authority and other political and economic developments and closure of stock exchanges which may have an adverse bearing on individual securities, a specific sector or all sectors including equity and debt markets. Consequently, the NAV of the units of the Scheme may fluctuate and can go up or down.
- In respect of investments in equity and equity-related instruments, there may be risks associated with trading volumes, settlement periods and transfer procedures that may restrict liquidity of investments in equity and equity-related securities. In the event of inordinately large number of redemptions or of a restructuring of the schemes' investment portfolio, there may be delays in the redemption of units.
- Within the regulatory limits, the Fund Manager may choose to invest in listed or to be listed securities that offer attractive yields. Securities, which are not quoted on the stock exchanges, are inherently illiquid in nature and carry a larger amount of liquidity risk, in comparison to securities that are listed on the exchanges or offer other exit options to the investor, including a put option. This may however increase the risk of the portfolio. The liquidity and valuation of the schemes' investments due to their holdings of listed or to be listed securities may be affected if they have to be sold prior to their target date of disinvestments.
- Investment made in listed or to be listed equity or equity-related securities may only be realizable upon listing of these securities. Settlement problems could cause the Scheme to miss certain investment opportunities.
- Investors may note that Fund Manager's investment decisions may not always be profitable, as actual market movements may be at variance with anticipated trends.
- Though the constituent stocks of most indexes are typically liquid, liquidity differs across stocks. Due to the heterogeneity in liquidity in the capital market segment, trades on this segment may not get implemented instantly.

Risk Factors associated with investments in Fixed Income Securities:

- **Price-Risk or Interest-Rate Risk:** Fixed income securities such as bonds, debentures and money market instruments run price-risk or interest-rate risk. Generally, when interest rates rise, prices of existing fixed income securities fall and when interest rates drop, such prices increase. The extent of fall

Aditya Birla Sun Life Arbitrage Fund

or rise in the prices is a function of the existing coupon, days to maturity and the increase or decrease in the level of interest rates.

- **Credit Risk:** In simple terms this risk means that the issuer of a debenture/ bond or a money market instrument may default on interest payment or even in paying back the principal amount on maturity. Even where no default occurs, the price of a security may go down because the credit rating of an issuer goes down. It must, however, be noted that where the Scheme has invested in Government securities, there is no credit risk to that extent.
- **Liquidity or Marketability Risk:** This refers to the ease with which a security can be sold at or near to its valuation Yield-to-Maturity (YTM). The primary measure of liquidity risk is the spread between the bid price and the offer price quoted by a dealer. Liquidity risk is today's characteristic of the Indian fixed income market.
- **Reinvestment Risk:** Investments in fixed income securities may carry reinvestment risk as interest rates prevailing on the interest or maturity due dates may differ from the original coupon of the bond. Consequently, the proceeds may get invested at a lower rate.
- **Pre-payment Risk:** Certain fixed income securities give an issuer the right to call back its securities before their maturity date, in periods of declining interest rates. The possibility of such prepayment may force the fund to reinvest the proceeds of such investments in securities offering lower yields, resulting in lower interest income for the fund.
- Different types of securities in which the scheme would invest as given in the Scheme Information Document carry different levels and types of risk. Accordingly the scheme's risk may increase or decrease depending upon its investment pattern. E.g. corporate bonds carry a higher amount of risk than Government securities. Further even among corporate bonds, bonds, which are AA rated, are comparatively more risky than bonds, which are AAA rated.
- The above are some of the common risks associated with investments in fixed income and money market securities. There can be no assurance that a Scheme's investment objectives will be achieved, or that there will be no loss of capital. Investment results may vary substantially on a monthly, quarterly or annual basis.

Risk Factors associated with investments in Foreign Securities:

- Investments in International (overseas) securities including Exchange Traded Funds involves increased risk and volatility, not typically associated with domestic investing, due to changes in currency exchange rates, foreign government regulations, differences in auditing and accounting standards, potential political and economic instability, limited liquidity, and volatile prices. Further, risks associated with introduction of extraordinary exchange control, economic deterioration, and changes in bi-lateral relationships.
- To the extent the assets of the scheme are invested in overseas financial assets, there may be risks associated with currency movements, restrictions on repatriation and transaction procedures in overseas market. Further, the repatriation of capital to India may also be hampered by changes in regulations or political circumstances as well as the application to it of other restrictions on investment. In addition, country risks would include events such as introduction of extraordinary exchange controls, economic deterioration, bi-lateral conflict leading to immobilisation of the overseas financial assets and the prevalent tax laws of the respective jurisdiction for execution of trades or otherwise.
- **Currency Risk:** The schemes may invest in securities denominated in a broad range of currencies and may maintain cash in such currencies. As a consequence, fluctuations in the value of such currencies against the currency denomination of the relevant scheme will have a corresponding impact on the value of the portfolio. Furthermore, investors should be aware that movements in the rate of exchange between the currency of denomination of a fund and their home currency will affect the value of their shareholding when measured in their home currency.
- **Country Risk:** The Country risk arises from the inability of a country, to meet its financial obligations. It is the risk encompassing economic, social and political conditions in a foreign country, which might adversely affect foreign investors' financial interests.
- The Scheme(s) may also invest in Foreign Securities as permitted by Reserve Bank of India and Securities and Exchange Board of India. To the extent that some part of the assets of the Schemes may

be invested in securities denominated in foreign currencies, the Indian Rupee equivalent of the net assets, distributions and income may be adversely affected by the changes in the value of certain foreign currencies relative to the Indian Rupee. The repatriation of capital also may be hampered by changes in regulations concerning exchange controls or political circumstances as well as all other restrictions on investments as applicable.

Risk Factors associated with investments in Derivatives:

- As and when any Scheme trades in the derivatives market there are risk factors and issues concerning the use of derivatives that investors should understand. Derivative products are specialized instruments that require investment techniques and risk analysis different from those associated with stocks and bonds. The use of a derivative requires an understanding not only of the underlying instrument but also of the derivative itself. Derivatives require the maintenance of adequate controls to monitor the transactions entered into, the ability to assess the risk that a derivative adds to the portfolio and the ability to forecast price or interest rate movements correctly. There is a possibility that loss may be sustained by the portfolio as a result of the failure of another party (usually referred as the “counter party”) to comply with the terms of the derivatives contract. Other risks in using derivatives include the risk of mispricing or improper valuation of derivatives and the inability of derivatives to correlate perfectly with underlying assets, rates and indices. Thus, derivatives are highly leveraged instruments. Even a small price movement in the underlying security could have a large impact on their value. Besides the price of the underlying asset, the volatility, tenor and interest rates affect the pricing of derivatives. Derivative products are leveraged instruments and can provide disproportionate gains as well as disproportionate losses to the investor. Execution of such strategies depends upon the ability of the fund manager to identify such opportunities. Identification and execution of the strategies to be pursued by the fund manager involve uncertainty and decision of fund manager may not always be profitable. No assurance can be given that the fund manager will be able to identify or execute such strategies.
- Derivative trades involve execution risks, whereby the rates seen on the screen may not be the rate at which ultimate execution takes place.
- The options buyer’s risk is limited to the premium paid, while the risk of an options writer is unlimited. However, the gains of an options writer are limited to the premiums earned.
- The writer of a put option bears the risk of loss if the value of the underlying asset declines below the exercise price. The writer of a call option bears a risk of loss if the value of the underlying asset increases above the exercise price.
- Investments in index futures face the same risk as the investments in a portfolio of shares representing an index. The extent of loss is the same as in the underlying stocks.
- Risk of loss in trading futures contracts can be substantial, because of the low margin deposits required, the extremely high degree of leverage involved in futures pricing and potential high volatility of the futures markets.
- The risks associated with the use of derivatives are different from or possibly greater than, the risks associated with investing directly in securities and other traditional investments.
- Execution of investment strategies with respect to investments in Derivatives depends upon the ability of the fund manager to identify such opportunities which may not be available at all times and that the decisions made by the fund manager may not always be profitable. Investors may note that AMC/Fund Manager’s investment decisions may not always be profitable, as actual market movements may be at variance with anticipated trends.

Risks associated with investments in Securitised Debt:

Domestic securitised debt assets would be in the nature of Mortgage backed securities (MBS) and Asset backed securities (ABS) with underlying pool of assets and receivables like Housing Loans, Auto loans and corporate loans. The Securitised debt assets and the underlying asset classes like housing loans, Auto Loans and Corporate loans have the following risk factors.

- **Limited Recourse and Credit Risk:** Certificates issued on investment in securitised debt represent a beneficial interest in the underlying receivables and there is no obligation on the issuer, seller or the originator in that regard. Defaults on the underlying loan can adversely affect the pay outs to the investors (i.e. the Scheme) and thereby, adversely affect the NAV of the Scheme. While it is possible to repossess and sell the underlying asset, various factors can delay or prevent repossession and the price obtained on sale of such assets may be low.
- **Bankruptcy Risk:** If the originator of securitised debt instruments in which the Scheme invests is subject to bankruptcy proceedings and the court in such proceedings concludes that the sale of the assets from

originator to the trust was not a 'true sale', then the Scheme could experience losses or delays in the payments due. Normally, care is taken in structuring the securitization transaction so as to minimize the risk of the sale to the trust not being construed as a 'true sale'.

- **Risk of Co-mingling:** Servicers in a securitization transaction normally deposit all payments received from the obligors into a collection account. However, there could be a time gap between collection by a servicer and depositing the same into the collection account. In this interim period, collections from the loan agreements by the servicer may not be segregated from other funds of the servicer. If the servicer fails to remit such funds due to investors, investors in the Scheme may be exposed to a potential loss.

Risks associated with Mortgage Backed Securities (MBS) - Housing Loans

- **Prepayment Risk:** The fund may receive payment of monthly payouts earlier than scheduled. Prepayments shorten the life of the instrument to an extent that cannot be fully predicted. The rate of prepayments may be influenced by a variety of economic, social and other factors.
- **Credit Risk:** Delinquencies may happen which would reduce the principal amount. Typically MBS structures come with credit enhancement in variety of forms. If delinquencies are higher than the amount available in the credit enhancement facility than the monthly payouts to the fund would reduce. Historically, it has been observed that housing loans have lower default rates as compared to other forms of credit.
- **Liquidity Risk:** Historically the secondary market volume of securitised papers has been limited. This could limit the ability of the fund to resell them. Secondary market trades could be at a discount or premium depending upon the prevailing interest rates.
- **Conversion risk:** Conversion of loans from fixed rate to floating rate loans and vice versa could lead to a change in the expected cash flows from the loans.

Risks associated with Asset Backed Securities (ABS)-Auto Loans.

- **Prepayment Risk:** The fund may receive payment of monthly payouts earlier than scheduled. Prepayments shorten the life of the instrument to an extent that cannot be fully predicted. The rate of prepayments may be influenced by a variety of economic, social and other factors. Prepayments in auto loans is lower than housing loans as the shorter tenor of auto loans makes it economically unattractive to prepay after considering the prepayment charges.
- **Credit Risk:** Delinquencies may happen which would reduce the principal amount. Typically ABS structures come with credit enhancement in variety of forms. If delinquencies are higher than the amount available in the credit enhancement facility than the monthly payouts to the fund would reduce. Typically auto loans carry higher risk than MBS as the value retention of the underlying asset is higher in MBS as compared to the underlying asset of ABS.
- **Liquidity Risk:** Historically the secondary market volume of securitised papers has been limited. This could limit the ability of the fund to resell them. Secondary market trades could be at a discount or premium depending upon the prevailing interest rates.

Risks associated with Asset Backed Securities (ABS) - Corporate Loans

- **Credit Risk:** The fund has an exposure to the Borrower/Borrowers and servicing of the instrument depends on the credit risk of the Borrower. The value of the instrument would fluctuate depending upon the changes in the perceived level of credit risk as well as any actual default.

Prepayment Risk: The Borrower may prepay the receivables prior to their respective due dates. This may result in a change in the yield and tenor for the fund.

- **Limited Liquidity and Price Risk:** Historically the secondary market volume of securitised papers has been limited. This could limit the ability of the fund to resell them. Secondary market trades could be at a discount or premium depending upon the prevailing interest rates.

RISK FACTORS ASSOCIATED WITH INVESTMENTS IN UNITS OF REITS AND INVITS:

- **Price-Risk or Interest-Rate Risk:** REITs & InvITs run price-risk or interest-rate risk. Generally, when interest rates rise, prices of existing securities fall and when interest rates drop, such prices increase. The extent of fall or rise in the prices is a function of the existing coupon, days to maturity and the increase or decrease in the level of interest rates.

- **Credit Risk:** In simple terms this risk means that the issuer of a debenture/ bond or a money market instrument may default on interest payment or even in paying back the principal amount on maturity. REITs & InvITs are likely to have volatile cash flows as the repayment dates would not necessarily be pre scheduled.
- **Liquidity or Marketability Risk:** This refers to the ease with which a security can be sold at or near to its valuation yield-to-maturity (YTM). The primary measure of liquidity risk is the spread between the bid price and the offer price quoted by a dealer. As these products are new to the market they are likely to be exposed to liquidity risk.
- **Reinvestment Risk:** Investments in REITs & InvITs may carry reinvestment risk as interest rates prevailing on the interest or maturity due dates may differ from the original coupon of the bond. Consequently, the proceeds may get invested at a lower rate.

The above are some of the common risks associated with investments in REITs & InvITs. There can be no assurance that a Scheme's investment objectives will be achieved, or that there will be no loss of capital. Investment results may vary substantially on a monthly, quarterly or annual basis.

Risk associated with investing in securities with Structured Obligations/Credit Enhancements:

- Structured obligations such as corporate / promoter guarantee: Securities which have a structure with a guarantee from the corporate / promoter, may see an adverse effect if there are any signs of stress at the promoter / group level, even though the standalone borrowing entity's debt servicing capability and repayments may not see any material impact, from a future cash flow perspective.
- It can have liquidity risk, since the market for structured products is not very deep. The primary measure of liquidity risk is the spread between the bid price and the offer price quoted by a dealer. Liquidity risk is today's characteristic of the Indian fixed income market.
- If there were to be a default from this portfolio, there may be no other recourse to recovery. In simple terms this risk means that the issuer of a debenture/ bond or a money market instrument may default on interest payment or even in paying back the principal amount on maturity.
- The Scheme may invest in debt instruments having credit enhancements backed by equity shares/guarantees or other any assets as collateral. The profile of these issuers tends to be relatively weak and there may be a pledge of shares of a related party to enhance credit quality or guarantees provided or any other asset provided as security acceptable to lenders.
- Where equity shares are provided as collateral there is the risk of sharp price volatility of underlying securities which may lead to erosion in value of collateral which may affect the ability of the fund to enforce collateral and recover capital and interest obligations. Also there is a possibility of guarantor going insolvent which can also impact the recovery value of exposure.
- In case of credit enhanced structures backed by equity share the liquidity of the underlying shares may be low leading to a lower recovery and a higher impact cost of liquidation. In case of other assets provided recovery value and enforce ability of asset can also be a risk factor which can lower the recovery value.

Risks associated with Writing of Covered Call Options:

- a) Writing call options are highly specialized activities and entail higher than ordinary investment risks. In such investment strategy, the profits from call option writing is capped at the option premium, however, the downside depends upon the increase in value of the underlying equity shares.
- b) The Scheme may write covered call option only in case it has adequate number of underlying equity shares as per regulatory requirement. This would lead to setting aside a portion of investment in underlying equity shares. If covered call options are sold to the maximum extent allowed by regulatory authority, the scheme may not be able to sell the underlying equity shares immediately if the view changes to sell and exit the stock. The covered call options need to be unwound before the stock positions can be liquidated. This may lead to a loss of opportunity or can cause exit issues if the strike price at which the call option contracts have been written become illiquid. Hence, the scheme may not be able to sell the underlying equity shares, which can lead to temporary illiquidity of the underlying equity shares and result in loss of opportunity.

Aditya Birla Sun Life Arbitrage Fund

- c) The writing of covered call option would lead to loss of opportunity due to appreciation in value of the underlying equity shares. Hence, when the appreciation in equity share price is more than the option premium received, the scheme would be at a loss.
- d) The total gross exposure related to option premium paid and received must not exceed the regulatory limits of the net assets of the scheme.

Risks associated with Stock Lending:

The risks in lending portfolio securities, as with other extensions of credit, consist of the failure of another party, in this case the approved intermediary, to comply with the terms of agreement entered into between the lenders of securities i.e. the Scheme and the approved intermediary. Such failure to comply can result in the possible loss of rights in the collateral put up by the borrower of the securities, the inability of the approved intermediary to return the securities deposited by the lender and the possible loss of any corporate benefits accruing to the lender from the securities deposited with the approved intermediary.

Risks Factors Associated with Creation of Segregated Portfolio:

Different types of securities in which the scheme would invest carry different levels and types of risk as given in the Scheme Information Document of the scheme. In addition to the same, unitholders are requested to also note the following risks with respect to Segregated Portfolio:

Liquidity Risk: A lower level of liquidity affecting an individual security (ies) or an entire market may have an adverse bearing on the value of the Segregated Scheme's assets. This may more importantly affect the ability to sell particular securities with minimal impact cost as and when necessary to meet requirement of liquidity or to sell securities in response to triggers such as a specific economic/corporate event. Trading volumes, settlement periods and transfer procedures may restrict the liquidity of a few of the investments. This may impact the NAV of the segregated portfolio and could result into potential loss to the Unit holders.

Credit risk: The scheme's risk may increase or decrease depending upon its investment pattern. E.g. corporate bonds carry a higher amount of risk than Government securities. Further even among corporate bonds, bonds, which are AA rated, are comparatively more risky than bonds, which are AAA rated. Investment in unrated securities may be riskier compared to investment in rated instruments due to non-availability of third party assessment on the repayment capability of the issuer. As the securities are unrated, an independent opinion of the rating agency on the repayment capability of the issuer will not be available. The issuer of a debenture/ bond or a money market instrument may default on interest payment or even in paying back the principal amount on maturity. Even where no default occurs, the price of a security may go down because the credit rating of an issuer goes down. This may impact the NAV of the segregated portfolio and resultant loss to the Unit holders.

Listing of units: Listing of units of segregated portfolio in recognized stock exchange does not necessarily guarantee their liquidity. There may not be active trading of units in the stock market. Further, trading price of units on the stock market may be significantly lower than the prevailing NAV.

Additional Risk Factors:

There can be temporary illiquidity of the securities that are lent out and the Fund may not be able to sell such lent-out securities, resulting in an opportunity loss. In case of a default by counterparty, the loss to the fund can be equivalent to the securities lent.

C. RISK MITIGATION STRATEGIES

Investments made by the Scheme would be in accordance with the investment objectives of the scheme and provisions of SEBI Regulations. Since investing requires disciplined risk management, the AMC would incorporate adequate safeguards for controlling risks in the portfolio construction process. The risk control process involves reducing risks through portfolio diversification, taking care however not to dilute returns in the process. The AMC believes that this diversification would help achieve the desired level of consistency in returns. The AMC aims to identify securities, which offer superior levels of yield at lower levels of risks. With the aim of controlling risks, the investment team of the AMC will carry out rigorous in-depth analysis of the securities proposed to be invested in.

Aditya Birla Sun Life Arbitrage Fund

The Scheme may also use various derivatives products for the purpose of trading, hedging and portfolio balancing from time to time, with an attempt to protect the value of the portfolio and enhance Unitholders' interest.

While these measures are expected to mitigate the above risks to a large extent, there can be no assurance that these risks would be completely eliminated.

D. INFORMATION ABOUT THE SCHEME:

E. WHERE WILL THE SCHEME INVEST?

Subject to the Regulations, the corpus of the Scheme can be invested in any (but not exclusively) of the following securities:

1. **Equity share** – Equity Share is a security that represents ownership interest in a company.
2. **Equity Related Instruments** – Equity related instruments include convertible debentures, convertible preference shares, warrants carrying the right to obtain equity shares, equity derivatives and such other instrument as may be specified by the Board from time to time.
3. **Equity Derivatives** – are financial instruments, generally traded on an exchange, the price of which is directly dependent upon (i.e., "derived from") the value of equity shares or equity indices. Derivatives involve the trading of rights or obligations based on the underlying, but do not directly transfer property. The equity derivatives may take the following forms:

Futures: Futures are exchange-traded contracts to sell or buy financial instruments for future delivery at a date and at an agreed price. SEBI has permitted futures contracts on indices and individual stocks with maturity of 1 month, 2 months and 3 months on a rolling basis. The futures contracts are settled on last Thursday (or immediately preceding trading day if Thursday is a trading holiday) of each month. The final settlement price is the closing price of the underlying stock(s)/index.

Options: Option is a contract which provides the buyer of the option the right, without the obligation, to buy or sell a specified asset at the agreed price on or up to a particular date. Option contracts are of two types viz:

- (a)Call Option–The option that gives the buyer the right but not the obligation to buy specified quantity of the underlying asset at the strike price is a call option.
- (b)Put Option–The option that gives the buyer the right but not the obligation to sell is called put option.

4. Securities issued by the Central and State Governments as may be permitted by RBI, securities guaranteed by the Central and State Governments (including but not limited to coupon bearing bonds, zero coupon bonds and treasury bills). Central Government securities are sovereign debt obligations of the Government of India with zero-risk of default and issued on its behalf by RBI. They form part of Government's annual borrowing programme and are used to fund the fiscal deficit along with other short term and long term requirements. Such securities could be fixed rate, fixed interest rate with put/call option, zero coupon bond, floating ratebonds, capital indexed bonds, fixed interest security with staggered maturity payment etc. State Government securities are issued by the respective State Government in co-ordination with the RBI.
5. Debt securities of domestic Government agencies and statutory bodies, which may or may not carry a Central/State Government guarantee –These are instruments which are issued by various government agencies and bodies. They can be issued at discount, par or premium.
6. Corporate debt and securities (of both public and private sector undertakings) including Bonds, Debentures, Notes, Strips etc. These are instruments issued by corporate entities for their business requirements. They are generally rated by credit rating agencies, higher the rating lower the risk of default.
7. **Debt & Money Market Instruments:**
 - i. **Certificate of Deposits (CD)** – CD is a negotiable money market instrument issued by scheduled commercial banks and select all-India Financial Institutions that have been permitted by the RBI to raise short term resources. The maturity period of CDs issued by the Banks is between 7 days

- to one year, whereas, in case of FIs, maturity is between one year to 3 years from the date of issue. CDs may be issued at a discount to face value.
- ii. **Commercial Paper (CP)** -CP is an unsecured negotiable money market instrument issued in the form of a promissory note, generally issued by the corporates, primary dealers and all India Financial Institutions as an alternative source of short term borrowings. They are issued at a discount to the face value as may be determined by the issuer. CP is traded in secondary market and can be freely bought and sold before maturity.
 - iii. Securities issued by the Central and State Governments as may be permitted by RBI, securities guaranteed by the Central and State Governments (including but not limited to coupon bearing bonds, zero coupon bonds and treasury bills). Central Government securities are sovereign debt obligations of the Government of India with zero-risk of default and issued on its behalf by RBI. They form part of Government's annual borrowing programme and are used to fund the fiscal deficit along with other short term and long term requirements. Such securities could be fixed rate, fixed interest rate with put/call option, zero coupon bond, floating rate bonds, capital indexed bonds, fixed interest security with staggered maturity payment etc. State Government securities are issued by the respective State Government in co-ordination with the RBI.
 - iv. **Treasury Bills (T-Bills)** are issued by the Government of India to meet their short term borrowing requirements. T-Bills are issued for maturities of 91 days, 182 days and 364 days. T-bills are issued at a discount to their face value and redeemed at par.
 - v. **Repos/reverse repos in Government Securities** as may be permitted by RBI (including but not limited to coupon bearing bonds, zero coupon bonds and treasury bills). Repo (Repurchase Agreement) or Reverse Repo is a transaction in which two parties agree to sell and purchase the same security with an agreement to purchase or sell the same security at a mutually decided future date and price.
 - vi. **Triparty Repo (TREPS)** – "Triparty repo" means a repo contract where a third entity (apart from the borrower and lender), called a Tri-Party Agent, acts as an intermediary between the two parties to the repo to facilitate services like collateral selection, payment and settlement, custody and management during the life of the transaction. TREPS facilitates, borrowing and lending of funds, in Triparty Repo arrangement.
8. Debt securities of domestic Government agencies and statutory bodies, which may or may not carry a Central/State Government guarantee –These are instruments which are issued by various government agencies and bodies. They can be issued at discount, par or premium.
 9. Corporate debt and securities (of both public and private sector undertakings) including Bonds, Debentures, Notes, Strips etc. These are instruments issued by corporate entities for their business requirements. They are generally rated by credit rating agencies, higher the rating lower the risk of default.
 10. Money market instruments permitted by SEBI/RBI, including TREPS (Tri-Party Repo) market or in alternative investment for the TREPS market as may be provided by the RBI to meet the short term liquidity requirements.
 11. The non-convertible part of convertible securities – Convertible securities are securities which can be converted from Debt to Equity shares. The non-convertible part cannot be converted into Equity shares and work like a normal debt instrument.
 12. Investments in units of mutual fund schemes –The Scheme may invest in other schemes managed by the AMC or in the schemes of any other mutual funds in conformity with the investment objective of the Scheme and in terms of the prevailing SEBI (MF) Regulations.
 13. Investment in Short Term Deposits –Pending deployment of funds as per the investment objective of the Scheme, the Funds may be parked in short term deposits of the Scheduled Commercial Banks, subject to guidelines and limits specified by SEBI.
 14. Pass through Certificate (PTC) (Pay through or other Participation Certificates) represents beneficial interest in an underlying pool of cash flows. These cash flows represent dues against single or multiple loans originated by the sellers of these loans. These loans are given by banks or financial institutions to corporates. PTCs may be backed, but not exclusively, by receivables of personal loans, car loans, two wheeler loans and other assets subject to applicable regulations.
 15. Securitized Debt is a financial instrument (bond) whose interest and principal payments are backed by an underlying cash flow from another asset. The asset may be either a loan to a single counterparty or a pool of loans.
 16. The non-convertible part cannot be converted into Equity shares and work like a normal debt

instrument.

17. "REIT" or "Real Estate Investment Trust" under SEBI (Real Estate Investment Trusts) Regulations, 2014 means a person that pools rupees fifty crores or more for the purpose of issuing units to at least two hundred investors so as to acquire and manage real estate asset(s) or property(ies), that would entitle such investors to receive the income generated therefrom without giving them the day-to-day control over the management and operation of such real estate asset(s) or property(ies).
18. "InvIT" or "Infrastructure Investment Trust" shall mean the trust registered as such under SEBI (Infrastructure Investment Trusts) Regulations, 2014.
19. Any other like instruments as may be permitted by RBI/SEBI/ such other Regulatory Authority from time to time.

The securities mentioned above could be listed or to be listed, secured or unsecured, and of varying maturity, as enabled under SEBI (MF) Regulations/circulars/ RBI. The securities may be acquired through Initial Public Offerings (IPOs), secondary market operations, private placement, rights offers or negotiated deals.

F. WHAT ARE THE INVESTMENT RESTRICTIONS?

All investments by the Scheme and the Mutual Fund will be within the investment restrictions as specified in the SEBI (MF) Regulations. Pursuant to the SEBI (MF) Regulations, the following investment and other restrictions are presently applicable to the scheme:

- All investments by the Scheme shall be made only in listed or to be listed equity shares and equity related instruments
- The Scheme shall not invest more than 10 per cent of its NAV in the equity shares or equity related instruments of any company. Provided that, the limit of 10 per cent shall not be applicable for investments in case of index funds, ETFs and sector or industry specific scheme.
- In accordance with para 12.8 of SEBI Master Circular on Mutual Funds dated June 27, 2024 as amended from time to time, the scheme shall not invest more than:
 - a. 10% of its NAV in debt and money market securities rated AAA; or
 - b. 8% of its NAV in debt and money market securities rated AA; or
 - c. 6% of its NAV in debt and money market securities rated A and below issued by a single issuer.

The above investment limits may be extended by up to 2% of the NAV of the scheme with prior approval of the Board of Trustees and Board of Directors of the AMC, subject to compliance with the overall 12% limit specified in clause 1 of Seventh Schedule of MF Regulation. The long term rating of issuers shall be considered for the money market instruments. However, if there is no long term rating available for the same issuer, then based on credit rating mapping of CRAs between short term and long term ratings, the most conservative long term rating shall be taken for a given short term rating. Exposure to government money market instruments such as TREPS on G-Sec/ T-bills shall be treated as exposure to government securities.

Provided that, such limit shall not be applicable for investments in government securities, treasury bills and Tri-Party Repos.

Provided further that investments within such limit can be made in mortgaged backed securitised debt which are rated not below investment grade by a credit rating agency registered with the Board:

Provided further that such limit shall not be applicable for investments in case of debt exchange traded funds or such other funds as may be specified by the Board from time to time.

The Scheme existing as on the date of aforesaid circular shall be grandfathered from these guidelines till the maturity of the underlying debt and money market securities.

- Investment in unrated debt and money market instruments (other than government securities, treasury bills, derivative products such as Interest Rate Swaps (IRS), Interest Rate Futures (IRF), etc.) by the Scheme shall not exceed 5% of the net assets of the Scheme. However, all such investments shall be made with the prior approval of the Board of AMC and Trustees.
- The Scheme shall not invest in unlisted debt instruments including commercial papers (CPs), other than (a) government securities, (b) other money market instruments and (c) derivative products such as Interest Rate Swaps (IRS), Interest Rate Futures (IRF), etc. which are used by mutual funds for hedging. However, mutual fund schemes may invest in unlisted Non-Convertible Debentures (NCDs) not

Aditya Birla Sun Life Arbitrage Fund

exceeding 10% of the debt portfolio of the scheme subject to the condition that such unlisted NCDs have a simple structure (i.e. with fixed and uniform coupon, fixed maturity period, without any options, fully paid up upfront, without any credit enhancements or structured obligations) and are rated and secured with coupon payment frequency on monthly basis.

Provided further that, the Scheme shall comply with the norms under this clause within the time and in the manner as may be specified by the Board. All investments by the Scheme in CPs would be made only in CPs which are listed or to be listed.

- The Mutual Fund under all its Schemes shall not own more than 10% of any company's paid up capital carrying voting rights.
Provided, for investments in asset management company or trustee company of other mutual fund, collective investment of sponsor of a mutual fund, its associate and/or its group company, and its AMC through Schemes should be considered for calculating 10% voting rights.
- The Scheme may invest in other schemes under the same AMC or any other Mutual Fund without charging any fees, provided the aggregate inter-scheme investment made by all the Schemes under the same management or in schemes under management of any other Asset Management Company shall not exceed 5% of the Net Asset Value of the Fund. No investment management fees shall be charged for investing in other schemes of the fund or in the schemes of any other Mutual Fund.
- Transfer of investments from one scheme to another scheme in the Mutual Fund is permitted provided:
 - Such transfers are done at the prevailing market price for quoted instruments on spot basis (spot basis shall have the same meaning as specified by a Stock Exchange for spot transactions); and
 - The securities so transferred shall be in conformity with the investment objective of the Scheme to which such transfer has been made.
- Transfer of investments from one scheme to another scheme in the Mutual Fund is permitted provided the same are in line with para 12.30 of SEBI Master Circular on Mutual Funds dated June 27, 2024.
- The Mutual Fund shall get the securities purchased or transferred in the name of the Mutual fund on account of the concerned Scheme, wherever investments are intended to be of a long-term nature.
- The Mutual Fund shall buy and sell securities on the basis of deliveries and shall in all cases of purchases, take delivery of relevant securities and in all cases of sale, deliver the securities. Further the Mutual fund may enter into derivatives transactions in a recognized stock exchange, subject to the framework specified by the Board. Provided further that sale of government security already contracted for purchase shall be permitted in accordance with the guidelines issued by the Reserve Bank of India in this regard.
- Pending deployment of the corpus of the Scheme in securities in terms of investment objective, the Fund can invest the corpus of the Scheme in short term deposits of scheduled commercial banks in accordance with the guidelines issued by SEBI. Accordingly, as presently prescribed, the requirements of down in para 12.16 of SEBI Master Circular on Mutual Funds dated June 27, 2024 and such other guidelines as may be specified by SEBI from time to time:
 - "Short Term" for parking of funds shall be treated as a period not exceeding 91 days. Such short-term deposits shall be held in the name of the Scheme.
 - The Scheme shall not park more than 15% of the net assets in short term deposit(s) of all the scheduled commercial banks put together. However, such limit may be raised to 20% with the approval of the Trustee.
 - Parking of funds in short term deposits of associate and sponsor scheduled commercial banks together shall not exceed 20% of total deployment by the Mutual Fund in short term deposits.
 - The Scheme shall not park more than 10% of the net assets in short term deposit(s), with any one scheduled commercial bank including its subsidiaries.
 - The Scheme shall not park funds in short-term deposit of a bank which has invested in the Scheme. The bank in which a scheme has short-term deposit shall not invest in the scheme until the scheme has short-term deposit with such bank.

The AMC will not charge any investment management and advisory fees for funds under the Scheme parked in short term deposits of scheduled commercial banks.

The above norms do not apply to term deposits placed as margins for trading in cash and derivatives market. However, all term deposits placed as margins shall be disclosed in the half yearly portfolio statements under a separate heading. Details such as name of bank, amount of term deposits, duration of term deposits, percentage of NAV should be disclosed.

- The Scheme shall not make any investment in:

Aditya Birla Sun Life Arbitrage Fund

- Any unlisted security of an associate or group company of the Sponsor; or
 - Any security issued by way of private placement by an associate or group company of the Sponsor; or
 - The listed securities of group companies of the Sponsor, which is in excess of 25% of the net assets
- The Mutual Fund shall not borrow except to meet temporary liquidity needs of the Mutual Fund for the purpose of repurchase / redemption of Units or payment of interest and IDCW to the Unitholders. Provided that the Mutual Fund shall not borrow more than 20% of the net assets of any individual Scheme and the duration of the borrowing shall not exceed a period of 6 months.
 - Subject to guidelines laid down by SEBI in para 12.19 and 12.20 of SEBI Master Circular on Mutual Funds dated June 27, 2024, the Scheme may invest upto 20% of the average Asset Under Management ('AUM') of the previous three calendar months in overseas securities subject to maximum limit of USD 1 billion at a Fund house level. Pursuant to para 12.19 of SEBI Master Circular on Mutual Funds dated June 27, 2024 it is clarified that the aforesaid 20% limit for ongoing investment in overseas securities will be soft limit for purpose of reporting only on a monthly basis to SEBI.
 - For overseas ETFs, Mutual Funds can make investment subject to a maximum of US \$ 300 million per Mutual Fund.
 - The entire Scheme's investments will be in transferable securities (whether in capital markets or money markets) or in privately placed debenture or securitised debt, or bank deposits (pending deployment in securities in line with the investment objectives of the scheme) or in money at call.
 - Debentures, irrespective of any residual maturity period (above or below 1 year), shall attract the investment restrictions as applicable for debt instruments as specified under Clause 1 and 1A of the Seventh Schedule to the SEBI (MF) Regulations or as may be specified by SEBI from time to time.
 - Save as otherwise expressly provided under SEBI (MF) Regulations, the Mutual Fund shall not advance any loans for any purpose.
 - The Scheme shall not invest in a fund of funds scheme.
 - The fund under all its schemes should not invest more than 10% of units issued by a single issuer of REIT and InvIT
 - The scheme shall not invest:
 - more than 10% of its NAV in the units of REIT and InvIT; and
 - more than 5% of its NAV in the units of REIT and InvIT issued by a single issuer.
 The limits mentioned in sub- clauses (i) and (ii) above will not be applicable for investments in case of index fund or sector or industry specific scheme pertaining to REIT and InvIT.
 - The Fund may lend securities in accordance with the stock lending scheme of SEBI.
 - The Scheme will comply with any other regulations applicable to the investments of mutual funds from time to time.

The Trustees may alter the above restrictions from time to time to the extent that changes in the SEBI (MF) Regulations may allow and as deemed fit in the general interest of the unit holders.

All investment restrictions shall be applicable at the time of making investment.

These investment restrictions shall in the ordinary course apply as at the date of the most recent transaction or commitment to invest, and changes do not have to be effected merely because, owing to appreciations or depreciations in value, or by reason of the receipt of any rights, bonuses or benefits in the nature of capital or of any Scheme of arrangement or for amalgamation, reconstruction or exchange, or at any repayment or redemption or other reason outside the control of the Fund, any such limits would thereby be breached. If these limits are exceeded for reasons beyond its control, AMC shall as soon as possible take appropriate corrective action, taking into account the interests of the Unitholders.

In addition, certain investment parameters (like limits on exposure to Sectors, Industries, Companies, etc.) may be adopted internally by AMC, and amended from time to time, to ensure appropriate diversification / security for the Fund. The Trustee Company / AMC may alter these above stated limitations from time to time, and also to the extent the SEBI (Mutual Funds) Regulations, 1996 change, so as to permit the Scheme to make its investments in the full spectrum of permitted investments for Mutual Funds to achieve its investment objective.

Aditya Birla Sun Life Arbitrage Fund

As such investments by the Scheme will be made in accordance with SEBI (MF) Regulations, including Schedule VII thereof.

CIR/MIRSD/2/2014 dated June 30, 2014, has advised that Government of India and US Government have reached an agreement in substance on the terms of an Inter-Governmental Agreement (IGA) to implement FATCA and India is now treated as having an IGA in effect</p>

from April 11, 2014. Further, SEBI vide its circular no. CIR/MIRSD/2/2015 dated August 26, 2015 has informed that on July 9, 2015, the Government of India and US Government have signed an agreement to improve international tax compliance and to implement FATCA in India. The USA has enacted FATCA in 2010 to obtain information on accounts held by U.S. taxpayers in other countries. As per the aforesaid agreement, foreign financial institutions (FFIs) in India will be required to report tax information about U.S. account holders / taxpayers directly to the Indian Government which will, in turn, relay that information to the U.S. Internal Revenue Service (IRS).

Aditya Birla Sun Life AMC Limited (the AMC)/the Fund is classified as a Foreign Financial Institution (FFI) under the FATCA provisions and in accordance therewith, the AMC/the Fund would be required, from time to time:

(i) To undertake necessary due diligence process by collecting information/documentary evidence about US/Non US status of the investors/unit holders and identify US reportable accounts;

(ii) To the extent legally permitted, disclose/report information (through itself or its service provider) about the holdings, investment returns pertaining to US reportable accounts to the specified US agencies and/or such Indian authorities as may be specified under FATCA guidelines or under any other guidelines issued by Indian Authorities such as SEBI, Income Tax etc. (collectively referred to as 'the Guidelines') and;

(iii) Carry out any other related activities, as may be mandated under the Guidelines, as amended from time to time.

FATCA due diligence will be applicable at each investor/unit holder (including joint holders) level and on being identified as reportable person/specified US person, all folios/accounts will be reported including their identity, direct or indirect beneficiaries, beneficial owners and controlling persons. Further, in case of folio(s)/account(s) with joint holder(s), the entire account value of the investment portfolio will be attributable under each such reportable person. Investor(s)/Unit Holder(s) will therefore be required to comply with the request of the

AMC/the Fund to furnish such information, in a timely manner as may be required by the AMC/the Fund to comply with the due diligence/reporting requirements stated under IGA and/or the Guidelines issued from time to time. FATCA provisions are relevant not only at on-boarding stage of investor(s)/unit holder(s) but also throughout the life cycle of investment with the Fund/the AMC. In view of this, Investors should immediately intimate to the Fund/the AMC, in case of any change in their status with respect to FATCA related declaration provided by them previously.

The Fund/AMC reserves the right to reject any application or redeem the units held directly or beneficially in case the applicant/investor(s) fails to furnish the relevant information and/or documentation in accordance with the FATCA provisions, notified.

The AMC reserves the right to change/modify the provisions mentioned above in response to any new regulatory development which may require to do so at a later date.

Unitholders should consult their own tax advisors regarding the FATCA requirements with respect to their own situation and investment in the schemes of Aditya Birla Sun Life Mutual Fund to ensure that they do not suffer U.S. withholding tax on their investment returns.

<p>Cut off timing for subscriptions/ redemptions/ switches</p> <p>This is the time before which your application (complete in all respects) should reach the official points of acceptance.</p>	<p>In accordance with provisions of para 8.4 of SEBI Master Circular on Mutual Funds dated June 27, 2024, and further amendments if any, thereto, the following cut-off timings shall be observed by Mutual Fund in respect of purchase/ redemption/ switches of units of the scheme, and the following NAVs shall be applied in each case:</p> <p>I. APPLICABLE NAV FOR SUBSCRIPTIONS/PURCHASE INCLUDING SWITCH-IN OF ANY AMOUNT:</p> <ul style="list-style-type: none"> • In respect of valid applications received upto 3.00 p.m. and where funds for the entire amount are available for utilization before the cut-off time i.e. credited to the bank account of the scheme before the cut-off time - the closing NAV of the day shall be applicable. • In respect of valid applications received after 3.00 p.m. and where the funds for the entire amount are credited to the bank account of the scheme before the cut-off time of the next business day i.e. available for utilization before the cut-off time of the next business day – the closing NAV of the next business day shall be applicable. • Irrespective of the time of receipt of application on any given day, where the funds for the entire amount are credited to the bank account of the scheme before the cut-off time on any subsequent business day i.e. available for utilization before the cut-off time on any subsequent business

	<p>day - the closing NAV of such subsequent business day shall be applicable.</p> <ul style="list-style-type: none"> In case of switch transactions from one scheme to another, the allocation to switch-in scheme shall be in line with the redemption payouts. <p>Further, for systematic transactions viz. Systematic Investment Plans, Systematic Transfer Plans, etc., units will be allotted as per the closing NAV of the day when funds are available for utilization by the target scheme, irrespective of the systematic instalment date.</p> <p>II. APPLICABLE NAV FOR REDEMPTIONS INCLUDING SWITCH-OUT OF UNITS:</p> <ul style="list-style-type: none"> In respect of valid applications received upto 3.00 p.m. by the Mutual Fund, same day's closing NAV shall be applicable. In respect of valid applications received after 3.00 p.m. by the Mutual Fund, the closing NAV of the next business day shall be applicable. <p>While the Applicable NAV shall be as per cut-off time specified above, the NAV shall be declared in accordance with the provisions as mentioned in this Scheme Information Document.</p>
<p>Minimum amount for purchase/redemption/switches</p>	<p>For Fresh Purchase (Including Switch-in): Minimum of Rs. 1,000/- and in multiples of Rs. 1/- thereafter</p> <p>For Additional Purchase (Including Switch-in): Minimum of Rs. 1,000/- and in multiples of Rs. 1/- thereafter.</p> <p>Subscriptions on an ongoing basis can be made only by specifying the amount to be invested and not the number of Units to be subscribed. The total number of Units allotted will be determined with reference to the applicable Sale Price and fractional Units may be created. Fractional Units will be computed and accounted for upto three decimal places and they will in no way affect an investor's ability to redeem Units.</p> <p>For Redemption / Repurchase for all Plans/Options: In Multiples of Rs. 1/- and in multiple of Re.1/- thereafter</p> <p>The Redemption would be permitted to the extent of clear credit balance in the Unit holder's account. The Redemption request can be made by specifying the rupee amount or by specifying the number of Units to be redeemed. If a Redemption request is for both, a specified rupee amount and a specified number of Units, the specified number of Units will be considered the definitive request. If only the Redemption amount is specified by the Unit holder, the AMC will divide the Redemption amount so specified by the Redemption Price to arrive at the number of Units. The request for Redemption of Units could also be in fractions, upto three decimal places. However, in case of units held in electronic (demat) mode, the redemption request can be given only in number of Units. Also Switch transactions are currently not available in case of units held in electronic (demat) mode. The minimum amount of Redemption may be changed in future by the AMC. If the balance in the account of the Unit holder does not cover the amount. Redemption request, then the Mutual Fund is authorised to close the account of the Unit holder and send the entire such (lesser) balance to the Unit holder. For further details please refer section on Redemption.C</p>
<p>Ongoing Price for redemption (sale) / switch outs (to other schemes / plans of the Mutual Fund) by investors.</p>	<p>At Applicable NAV, subject to prevailing exit load, if any.</p> <p>For example: If the applicable NAV is Rs.10, exit load is 2% then redemption price will be:</p> <p>Redemption Price = Rs. 10* (1-2%) i.e. Rs. 10*0.98 = Rs. 9.80/-</p> <p>Redemption amount of 1,000 Units = 1,000*9.80 = Rs.9,800 (subject to applicable taxes)</p>

Aditya Birla Sun Life Arbitrage Fund

<p>This is the price you will receive for redemptions/switch outs.</p>	
<p>Accounts Statements</p>	<p>The AMC shall send an allotment confirmation specifying the units allotted by way of email and/or SMS within 5 working days of receipt of valid application/transaction to the Unit holders registered e-mail address and/ or mobile number (whether units are held in demat mode or in account statement form).</p> <p>A Consolidated Account Statement (CAS) detailing all the transactions across all mutual funds (including transaction charges paid to the distributor) and holding at the end of the month shall be sent to the Unit holders in whose folio(s) transaction(s) have taken place during the month by mail or email on or before 15th of the succeeding month.</p> <p>Half-yearly CAS shall be issued at the end of every six months (i.e. September/ March) on or before 21st day of succeeding month, to all investors providing the prescribed details across all schemes of mutual funds and securities held in dematerialized form across demat accounts, if applicable</p> <p>For further details, refer SAI.</p>
<p>IDCW</p>	<p>The IDCW warrants shall be dispatched to the unitholders within seven days from the record date. In the event of failure of dispatch of IDCW within the stipulated period, the AMC shall be liable to pay interest @ 15 per cent per annum to the unit holders for the period of such delay.</p> <p>AMC will endeavor to credit the IDCW payouts directly to the designated Bank A/c of the unitholders of Aditya Birla Sun Life Mutual Fund schemes through any of the available electronic mode (i.e. RTGS / NEFT / Direct Credit / NECS). AMC reserves the right to use any of the above mode of payment as deemed appropriate for all folios where the required information is available.</p>
<p>Redemption</p>	<p>The Mutual Fund shall transfer the Redemption proceeds within three working days from the date of Redemption or repurchase.</p> <p>However, in case of exceptional circumstances mentioned in para 14.1.3 of SEBI Master Circular dated June 27, 2024, redemption or repurchase proceeds will be transferred / dispatched to Unitholders within the time frame prescribed for such exceptional circumstances. For further details, investors are requested to refer to Statement of Additional Information (SAI).</p> <p>The Units can be Redeemed (i.e. sold back to the Mutual Fund) or Switched-out on every Business Day at the Redemption Price. The Redemption / Switch-out request can be made by way of a written request / pre-printed form / relevant tear off section of the Transaction Slip enclosed with the Account Statement, which should be submitted at / may be sent by mail to any of the ISCs.</p> <p>In case an investor has purchased Units of the Scheme on more than one Business Day, the Units purchased prior in time will be redeemed/switched-out first. Thus, in case of valid application for redemption/switch-out is made by the investor, those Units of the scheme which have been held for the longest period of time will be redeemed/switched-out first i.e. on a First-in-First-Out basis.</p> <p>However, where Units under a Scheme are held under both Regular and Direct Plans and the redemption / Switch request pertains to the Direct Plan, the same must clearly be mentioned on the request (along with the folio number), failing which the request would be processed from the Regular</p>

	<p>Plan. However, where Units under the requested Option are held only under one Plan, the request would be processed under such Plan.</p> <p>Redemption would be permitted to the extent of clear credit balance in the Unit holder's account. The Redemption request can be made by specifying the rupee amount or by specifying the number of Units to be redeemed. If a Redemption request is for both, a specified rupee amount and a specified number of Units, the specified number of Units will be considered the definitive request. If only the Redemption amount is specified by the Unit holder, the AMC will divide the Redemption amount so specified by the Redemption Price to arrive at the number of Units. The request for Redemption of Units could also be in fractions, upto three decimal places. However, in case of units held in electronic (demat) mode, the redemption request can be given only in number of Units. Also Switch transactions are currently not available in case of units held in electronic (demat) mode.</p> <p>In case the Units are held in the names of more than one Unit holder, where mode of holding is specified as "Joint", Redemption requests will have to be signed by all the joint holders. However, in cases of holding specified as 'Anyone or Survivor', any of the Unit holders will have the power to make Redemption request, without it being necessary for all the Unit holders to sign. However, in all cases, the Redemption proceeds will be paid only to the first named holder.</p> <p>AMC will endeavor to credit the redemptions payouts directly to the designated Bank A/c of the unitholder through any of the available electronic mode (i.e. RTGS / NEFT / Direct Credit). AMC reserves the right to use any of the above mode of payment as deemed appropriate for all folios where the required information is available. AMC/Mutual Fund, however, reserves the right to issue a cheque / demand draft inspite of an investor opting for Electronic Payout.</p>
Bank Mandate	<p>In order to protect the interest of investors from fraudulent encashment of cheques, the current SEBI (MF) Regulations have made it mandatory for investors to mention in their application / Redemption request, the bank name and account number. Applications without these details are liable to be rejected.</p>
Delay in payment of redemption / repurchase proceeds/IDCW	<p>The AMC shall be liable to pay interest to the unitholders at such rate as may be specified by SEBI for the period of such delay (presently @ 15% per annum).</p>
Unclaimed Redemption and Income Distribution cum Capital Withdrawal Amount	<p>The unclaimed redemption amount and IDCW amounts may be deployed by the Mutual Fund in call money market or money market instruments or a separate plan of only Overnight scheme/Liquid scheme/ Money Market Mutual Fund scheme floated by Mutual Funds specifically for deployment of the unclaimed amounts. Provided that such schemes where the unclaimed redemption and IDCW amounts are deployed shall be only those Overnight scheme/ Liquid scheme / Money Market Mutual Fund schemes which are placed in A-1 cell (Relatively Low Interest Rate Risk and Relatively Low Credit Risk) of Potential Risk Class matrix as per para 17.5 of SEBI Master Circular on Mutual Funds dated June 27, 2024. No exit load shall be charged on these plans and Total Expense Ratio (TER) of such plan shall be capped as per the TER of direct plan of such scheme or at 50bps whichever is lower. The investors who claim the unclaimed amounts during a period of three years from the due date shall be paid initial unclaimed amount along-with the income earned on its deployment. Investors who claim these amounts after 3 years, shall be paid initial unclaimed amount along-with the income earned on its deployment till the end of the third year. After the third year,</p>

Aditya Birla Sun Life Arbitrage Fund

	<p>the income earned on such unclaimed amounts shall be used for the purpose of investor education. Please refer to SAI for further details.</p>
Disclosure w.r.t investment by minors	<ul style="list-style-type: none"> • In case of application in the name of minor, the minor has to be the first and the sole holder. No joint holder will be allowed with the Minor as the first or sole holder. The Guardian of the minor should either be a natural guardian (i.e. father or mother) or a court appointed legal guardian. In accordance with para 17.6 of SEBI Master Circular on Mutual Funds dated June 27, 2024 read with SEBI circular dated May 12, 2023, payment for investment by any mode shall be accepted from the bank account of the minor, parent or legal guardian of the minor, or from a joint account of the minor with parent or legal guardian, else the transaction is liable to get rejected. A copy of birth certificate, passport copy, etc. evidencing date of birth of the minor and relationship of the guardian with the minor, should be mandatorily attached with the application. Further, irrespective of the source of payment for subscription, all redemption proceeds shall be credited only in the verified bank account of the minor, i.e. the account the minor may hold with the parent/ legal guardian after completing all KYC formalities. • The minor unitholder, on attaining majority, shall inform the same to AMC / Mutual Fund / Registrar and submit following documents to change the status of the account (folio) from 'minor' to 'major' to allow him to operate the account in his own right viz., (a) Duly filled request form for changing the status of the account (folio) from 'minor' to 'major'. (b) Updated bank account details including cancelled original cheque leaf of the new account (c) Signature attestation of the major by a bank manager of Scheduled bank / Bank certificate or Bank letter. (d) KYC acknowledgement letter of major. The guardian cannot undertake any financial and non-financial transactions after the date of the minor attaining majority in an account (folio) where the units are held on behalf of the minor, and further, no financial and non-financial transactions can be undertaken till the time the change in the status from 'minor' to 'major' is registered in the account (folio) by the AMC/ Mutual Fund. The list given above is indicative and the applicable law, if any, shall supersede the list.
Minimum balance to be maintained and consequences of non-maintenance	There is no such requirement.
Disclosure related to Risk-o-meter	<p>The Product labeling mandated by SEBI is to provide investors an easy understanding of the risk involved in the kind of product / scheme they are investing to meet their financial goals. The Riskometer categorizes the scheme of Fund under different levels of risk based on the respective scheme's investment objective, asset allocation pattern, investment strategy and typical investment time horizon of investors. Therefore, the scheme falling under the same level of risk in the Riskometer may not be similar in nature. Investors are advised before investing to evaluate a scheme not only on the basis of the Product labeling (including the Riskometer) but also on other quantitative and qualitative factors such as performance, portfolio, fund managers, asset manager, etc. and shall also consult their financial advisers, if they are unsure about the suitability of the scheme before investing. Further, pursuant to para 17.4 of SEBI Master Circular on Mutual Funds dated June 27, 2024, Risk-o-meters shall be evaluated on a monthly basis and Mutual Funds/AMCs shall disclose the Risk-o-meters along with portfolio disclosure for their schemes on AMCs website and on AMFI website within 10 days from the close of each month. Mutual Funds shall also disclose the risk level of schemes as on March 31 of every year, along with</p>

	number of times the risk level has changed over the year, on AMC's website and AMFI website.
