HIGHLIGHTS OF THE SCHEME

Name of the Scheme	Aditya Birla Sun Life Business Cycle Fund
Type of the Scheme	An open ended equity scheme following business cycles based investing theme.
Investment Objective	<p>The investment objective of the scheme is to provide long term capital appreciation by investing predominantly in equity and equity related securities with a focus on riding business cycles through dynamic allocation between various sectors and stocks at different stages of business cycles in the economy.</p> <p>The Scheme does not guarantee/indicate any returns. There can be no assurance that the objective of the Scheme will be achieved.</p>
Plans/ Options offered	<p>The Scheme will have Regular Plan and Direct Plan** with a common portfolio and separate NAVs. Investors should indicate the Plan for which the subscription is made by indicating the choice in the application form.</p> <p>Each of the above (Regular and Direct) Plan under the scheme will have the following Options:</p> <ol style="list-style-type: none"> (1) Growth Option and (2) Income Distribution cum capital withdrawal ("IDCW") Option (Payout of IDCW)^ <p><i>^the amounts can be distributed out of investors capital (Equalization Reserve), which is part of sale price that represents realized gains</i></p> <p>**DIRECT PLAN:</p> <ol style="list-style-type: none"> i. Direct Plan is only for investors who purchase /subscribe Units in a Scheme directly with the Mutual Fund and is not available for investors who route their investments through a Distributor. ii. Eligible investors: All categories of investors (whether existing or new Unitholders) as permitted under the Scheme Information Document of the Scheme are eligible to subscribe under Direct Plan. iii. Modes for applying: Investments under Direct Plan can be made through various modes offered by the Mutual Fund for investing directly with the Mutual Fund including through Stock Exchange Platforms for Mutual Funds [excluding other Platform(s) where investors' applications for subscription of units are routed through Distributors]. iv. How to apply: <ol style="list-style-type: none"> a. Investors desirous of subscribing under Direct Plan of a Scheme will have to ensure to indicate "Direct Plan" against the Scheme name in the application form. b. Investors should also indicate "Direct" in the ARN column of the application form. <p>Payout of IDCW</p> <p>Under this option, it is proposed to declare IDCW subject to the availability of distributable surplus as computed in accordance with SEBI Regulations. IDCW, if declared, will be paid (subject to deduction of tax at source, if any) to those Unitholders, whose names appear in the register of Unitholders on the notified record date. AMC reserves the right to change the record date from time to time. However, it must be distinctly understood that actual declaration of IDCW and frequency thereof is at the discretion of trustees. There is no assurance or guarantee to Unitholders as to the rate of IDCW distribution nor that the IDCW will be paid regularly. The IDCW shall be paid in the name of the sole / first holder and, if applicable, will be posted to the Registered Address of the sole / first holder in the original application form. To safeguard the interest of the unit holders from loss/ theft of IDCW cheques, investors should provide the name of their bank, branch, account number and IFSC/ MICR Number in the application form. IDCW cheques will be sent to the unit holder after incorporating such information. However, AMC will endeavor to credit the Payout of IDCW directly to the designated</p>

	<p>Bank A/c of the unitholder through any of the available electronic mode (i.e. RTGS / NEFT / Direct Credit / NECS). AMC reserves the right to use any of the above mode of payment as deemed appropriate for all folios where the required information is available. On payments of IDCW, the NAV will stand reduced by the amount of IDCW paid. In case the IDCW amount payable is less than or equal to Rs 100/- (Rupees One Hundred only) the same will be compulsorily reinvested in the corresponding Scheme(s)/Plan(s) on the ex-IDCW date at Applicable NAV The amount of IDCW reinvested will be net of applicable taxes.</p> <p>Growth Option Under this option, no IDCW will be declared. The income attributable to units under this option will continue to remain invested and will be reflected in the NAV of the units under this option.</p>

Section I – INTRODUCTION

A. RISK FACTORS

STANDARD RISK FACTORS

- Mutual Funds and securities investments are subject to market risks and there can be no assurance or guarantee that the objectives of the Scheme will be achieved.
- Investment in Mutual Fund Units involves investment risks such as trading volumes, settlement risk, liquidity risk, default risk including the possible loss of principal.
- As the price / value / interest rates of the securities in which the scheme invests fluctuates, the value of your investment in the scheme may go up or down depending on the various factors and forces affecting capital markets and money markets.
- Past performance of the Sponsor / AMC / Mutual Fund does not guarantee future performance of the Scheme and may not necessarily provide a basis of comparison with other investments.
- Aditya Birla Sun Life Business Cycle Fund is the name of the Scheme and does not, in any manner, indicate either the quality of the Scheme or its future prospects and returns.
- The Sponsors are not responsible or liable for any loss resulting from the operation of the Scheme beyond the initial contribution of Rs.1,00,000 made by it towards setting up the Fund.
- The present scheme is not a guaranteed or assured return scheme.

SCHEME SPECIFIC RISK FACTORS

Risks associated with investment in Equity and Equity related instruments:

- Equity and Equity related securities by nature are volatile and prone to price fluctuations on a daily basis due to both macro and micro factors.
- The NAVs of Scheme investing in equity will fluctuate as the daily prices of the individual securities in which they invest fluctuate and the units when redeemed may be worth more or less than their original cost.
- The value of the Scheme's investments, may be affected generally by factors affecting securities markets, such as price and volume volatility in the capital markets, interest rates, currency exchange rates, changes in policies of the Government, taxation laws or policies of any appropriate authority and other political and economic developments and closure of stock exchanges which may have an adverse bearing on individual securities, a specific sector or all sectors including equity and debt markets. Consequently, the NAV of the units of the Scheme may fluctuate and can go up or down.
- In respect of investments in equity and equity-related instruments, there may be risks associated with trading volumes, settlement periods and transfer procedures that may restrict liquidity of investments in equity and equity-related securities. In the event of inordinately large number of redemptions or of a restructuring of the scheme's investment portfolio, there may be delays in the redemption of units.
- Within the regulatory limits, the Fund Manager may choose to invest in listed or to be listed securities that offer attractive yields. Securities, which are not quoted on the stock exchanges, are inherently illiquid in nature and carry a larger amount of liquidity risk, in comparison to securities that are listed on the exchanges or offer other exit options to the investor, including a put option. This may however increase the risk of the portfolio. The liquidity and valuation of the scheme investments due to their holdings of listed or to be listed securities may be affected if they have to be sold prior to their target date of disinvestments.
- Investment made in listed or to be listed equity or equity-related securities may only be realizable upon listing of these securities. Settlement problems could cause the Scheme to miss certain investment opportunities.
- Though the constituent stocks of most indexes are typically liquid, liquidity differs across stocks. Due to the heterogeneity in liquidity in the capital market segment, trades on this segment may not get implemented instantly.

Risk Factors associated with investments in Fixed Income Securities:

- **Price-Risk or Interest-Rate Risk:** Fixed income securities such as bonds, debentures and money market instruments run price-risk or interest-rate risk. Generally, when interest rates rise, prices of existing fixed income securities fall and when interest rates drop, such prices increase. The extent of fall or rise in the prices is a function of the existing coupon, days to maturity and the increase or decrease in the level of interest rates.

- **Credit Risk:** In simple terms this risk means that the issuer of a debenture/ bond or a money market instrument may default on interest payment or even in paying back the principal amount on maturity. Even where no default occurs, the price of a security may go down because the credit rating of an issuer goes down. It must, however, be noted that where the Scheme has invested in Government securities, there is no credit risk to that extent.
- **Liquidity or Marketability Risk:** This refers to the ease with which a security can be sold at or near to its valuation Yield-to-Maturity (YTM). The primary measure of liquidity risk is the spread between the bid price and the offer price quoted by a dealer. Liquidity risk is today's characteristic of the Indian fixed income market.
- **Reinvestment Risk:** Investments in fixed income securities may carry reinvestment risk as interest rates prevailing on the interest or maturity due dates may differ from the original coupon of the bond. Consequently, the proceeds may get invested at a lower rate.
- **Pre-payment Risk:** Certain fixed income securities give an issuer the right to call back its securities before their maturity date, in periods of declining interest rates. The possibility of such prepayment may force the fund to reinvest the proceeds of such investments in securities offering lower yields, resulting in lower interest income for the fund.
- Different types of securities in which the scheme would invest as given in the Scheme Information Document carry different levels and types of risk. Accordingly, the scheme's risk may increase or decrease depending upon its investment pattern. e.g. corporate bonds carry a higher amount of risk than Government securities. Further even among corporate bonds, bonds, which are AA rated, are comparatively riskier than bonds, which are AAA rated.
- The above are some of the common risks associated with investments in fixed income and money market securities. There can be no assurance that a Scheme's investment objectives will be achieved, or that there will be no loss of capital. Investment results may vary substantially on a monthly, quarterly or annual basis.

Risk Factors associated with investments in Derivatives:

- As and when any Scheme trades in the derivatives market there are risk factors and issues concerning the use of derivatives that investors should understand. Derivative products are specialized instruments that require investment techniques and risk analysis different from those associated with stocks and bonds. The use of a derivative requires an understanding not only of the underlying instrument but also of the derivative itself. Derivatives require the maintenance of adequate controls to monitor the transactions entered into, the ability to assess the risk that a derivative adds to the portfolio and the ability to forecast price or interest rate movements correctly. There is a possibility that loss may be sustained by the portfolio as a result of the failure of another party (usually referred as the "counter party") to comply with the terms of the derivatives contract. Other risks in using derivatives include the risk of mispricing or improper valuation of derivatives and the inability of derivatives to correlate perfectly with underlying assets, rates and indices. Thus, derivatives are highly leveraged instruments. Even a small price movement in the underlying security could have a large impact on their value. Besides the price of the underlying asset, the volatility, tenor and interest rates affect the pricing of derivatives. Derivative products are leveraged instruments and can provide disproportionate gains as well as disproportionate losses to the investor. Execution of such strategies depends upon the ability of the fund manager to identify such opportunities. Identification and execution of the strategies to be pursued by the fund manager involve uncertainty and decision of fund manager may not always be profitable. No assurance can be given that the fund manager will be able to identify or execute such strategies.
- Derivative trades involve execution risks, whereby the rates seen on the screen may not be the rate at which ultimate execution takes place.
- The options buyer's risk is limited to the premium paid, while the risk of an options writer is unlimited. However, the gains of an options writer are limited to the premiums earned.
- The writer of a put option bears the risk of loss if the value of the underlying asset declines below the exercise price. The writer of a call option bears a risk of loss if the value of the underlying asset increases above the exercise price.
- Investments in index futures face the same risk as the investments in a portfolio of shares representing an index. The extent of loss is the same as in the underlying stocks.
- Risk of loss in trading futures contracts can be substantial, because of the low margin deposits required, the extremely high degree of leverage involved in futures pricing and potential high volatility of the futures markets.
- The risks associated with the use of derivatives are different from or possibly greater than, the risks associated with investing directly in securities and other traditional investments.

Risks associated with Writing of Covered Call Options:

- a) Writing call options are highly specialized activities and entail higher than ordinary investment risks. In such investment strategy, the profits from call option writing is capped at the option premium, however, the downside depends upon the increase in value of the underlying equity shares.
- b) The Scheme may write covered call option only in case it has adequate number of underlying equity shares as per regulatory requirement. This would lead to setting aside a portion of investment in underlying equity shares. If covered call options are sold to the maximum extent allowed by regulatory authority, the scheme may not be able to sell the underlying equity shares immediately if the view changes to sell and exit the stock. The covered call options need to be unwound before the stock positions can be liquidated. This may lead to a loss of opportunity or can cause exit issues if the strike price at which the call option contracts have been written become illiquid. Hence, the scheme may not be able to sell the underlying equity shares, which can lead to temporary illiquidity of the underlying equity shares and result in loss of opportunity.
- c) The writing of covered call option would lead to loss of opportunity due to appreciation in value of the underlying equity shares. Hence, when the appreciation in equity share price is more than the option premium received the scheme would be at a loss.
- d) The total gross exposure related to option premium paid and received must not exceed the regulatory limits of the net assets of the scheme.

Risks factors associated with investments in Repo Transactions in Corporate Bond:

In repo transactions, securities are sold with the seller agreeing to buy them back at later date. The repurchase price should be greater than the original sale price, the difference effectively representing interest. A repo is economically similar to a secured loan, with the buyer receiving corporate debt securities as collateral to protect against default. The Scheme may invest in repo of corporate debt securities which are subject to the following risks:

- **Counter party Risk:** This refers to the inability of the seller to meet the obligation to buy back securities at the contracted price on the contracted date. The Investment Manager will endeavour to manage counterparty risk by dealing only with counterparties, having strong credit profiles, approved by our credit risk analysis team. The exposure to each counterparty will be within the overall approved credit limits. Also the counterparty risk is to an extent mitigated by taking collateral equivalent in value to the transaction after knocking off a minimum haircut on the intrinsic value of the collateral. In the event of default by the repo counterparty, the scheme shall have recourse to the corporate debt securities.
- **Collateral Risk:** Collateral risk arises when the market value of the securities is inadequate to meet the repo obligations. This risk is mitigated by restricting participation in repo transactions only in AA or equivalent and above rated money market and corporate debt securities. Any rating downgrade will tantamount to either an early termination of the repo agreement or a call for fresh margin to meet the minimum haircut requirement. In addition, the Investment manager may apply a higher haircut on the underlying security than mentioned above to adjust for the illiquidity and interest rate risk on the underlying instrument. The adequacy of the collateral will be monitored on a daily basis by considering the daily market value & applying the prescribed haircut. The fund manager shall then arrange for additional collateral from the counterparty, within a period of 1 business day. If the counterparty is not able to top-up either in form of cash / collateral, it shall tantamount to early termination of the repo agreement.

Risks Factors Associated with Creation of Segregated Portfolio:

Different types of securities in which the scheme would invest carry different levels and types of risk as given in the Scheme Information Document of the scheme. In addition to the same, unitholders are requested to also note the following risks with respect to Segregated Portfolio:

Liquidity Risk: A lower level of liquidity affecting an individual security (ies) or an entire market may have an adverse bearing on the value of the Segregated Scheme's assets. This may more importantly affect the ability to sell particular securities with minimal impact cost as and when necessary to meet requirement of liquidity or to sell securities in response to triggers such as a specific economic/corporate event. Trading volumes, settlement periods and transfer procedures may restrict the liquidity of a few of the investments. This may impact the NAV of the segregated portfolio and could result into potential loss to the Unit holders.

Credit risk: The scheme's risk may increase or decrease depending upon its investment pattern. E.g. corporate bonds carry a higher amount of risk than Government securities. Further even among corporate bonds, bonds, which are AA rated, are comparatively more risky than bonds, which are AAA rated. Investment in unrated securities may be riskier compared to investment in rated instruments due to non-availability of third party assessment on the repayment capability of the issuer. As the securities are unrated, an independent opinion of the rating agency on the repayment capability of the issuer will not be available.

Aditya Birla Sun Life Business Cycle Fund

The issuer of a debenture/ bond or a money market instrument may default on interest payment or even in paying back the principal amount on maturity. Even where no default occurs, the price of a security may go down because the credit rating of an issuer goes down. This may impact the NAV of the segregated portfolio and resultant loss to the Unit holders.

Listing of units: Listing of units of segregated portfolio in recognized stock exchange does not necessarily guarantee their liquidity. There may not be active trading of units in the stock market. Further, trading price of units on the stock market may be significantly lower than the prevailing NAV.

Risks associated with Securities Lending and Borrowing:

Securities Lending is lending of securities through an approved intermediary to a borrower under an agreement for a specified period with the condition that the borrower will return equivalent securities of the same type or class at the end of the specified period along with the corporate benefits accruing on the securities borrowed. The risks in lending portfolio securities, as with other extensions of credit, consist of the failure of another party, in this case the approved intermediary, to comply with the terms of agreement entered into between the lenders of securities i.e. the Scheme and the approved intermediary. Such failure to comply can result in the possible loss of rights in the collateral put up by the borrower of the securities, the inability of the approved intermediary to return the securities deposited by the lender and the possible loss of any corporate benefits accruing to the lender from the securities deposited with the approved intermediary. The Scheme may not be able to sell lent out securities, which can lead to temporary illiquidity & loss of opportunity

Risk Factors associated with investments in Foreign Securities:

- Investments in International (overseas) securities including Exchange Traded Funds involves increased risk and volatility, not typically associated with domestic investing, due to changes in currency exchange rates, foreign government regulations, differences in auditing and accounting standards, potential political and economic instability, limited liquidity, and volatile prices. Further, risks associated with introduction of extraordinary exchange control, economic deterioration, and changes in bi-lateral relationships.
- To the extent the assets of the scheme are invested in overseas financial assets, there may be risks associated with currency movements, restrictions on repatriation and transaction procedures in overseas market. Further, the repatriation of capital to India may also be hampered by changes in regulations or political circumstances as well as the application to it of other restrictions on investment. In addition, country risks would include events such as introduction of extraordinary exchange controls, economic deterioration, bi-lateral conflict leading to immobilization of the overseas financial assets and the prevalent tax laws of the respective jurisdiction for execution of trades or otherwise.
- **Currency Risk:** The scheme may invest in securities denominated in a broad range of currencies and may maintain cash in such currencies. As a consequence, fluctuations in the value of such currencies against the currency denomination of the relevant scheme will have a corresponding impact on the value of the portfolio. Furthermore, investors should be aware that movements in the rate of exchange between the currency of denomination of a fund and their home currency will affect the value of their shareholding when measured in their home currency.
- **Country Risk:** The Country risk arises from the inability of a country, to meet its financial obligations. It is the risk encompassing economic, social and political conditions in a foreign country, which might adversely affect foreign investors' financial interests.

The Scheme may also invest in Foreign Securities as permitted by Reserve Bank of India and Securities and Exchange Board of India. To the extent that some part of the assets of the Scheme may be invested in securities denominated in foreign currencies, the Indian Rupee equivalent of the net assets, distributions and income may be adversely affected by the changes in the value of certain foreign currencies relative to the Indian Rupee. The repatriation of capital also may be hampered by changes in regulations concerning exchange controls or political circumstances as well as all other restrictions on investments as applicable.

Risks associated with investments in Securitised Debt:

Domestic securitised debt assets would be in the nature of Mortgage Backed Securities (MBS) and Asset Backed Securities (ABS) with underlying pool of assets and receivables like Housing Loans, Auto loans and corporate loans. The Securitised debt assets and the underlying asset classes like housing loans, Auto Loans and Corporate loans have the following risk factors.

- **Limited Recourse and Credit Risk:** Certificates issued on investment in securitised debt represent a beneficial interest in the underlying receivables and there is no obligation on the issuer,

seller or the originator in that regard. Defaults on the underlying loan can adversely affect the pay outs to the investors (i.e. the Scheme) and thereby, adversely affect the NAV of the Scheme. While it is possible to repossess and sell the underlying asset, various factors can delay or prevent repossession and the price obtained on sale of such assets may be low.

- **Bankruptcy Risk:** If the originator of securitised debt instruments in which the Scheme invests is subject to bankruptcy proceedings and the court in such proceedings concludes that the sale of the assets from originator to the trust was not a 'true sale', then the Scheme could experience losses or delays in the payments due. Normally, care is taken in structuring the securitization transaction so as to minimize the risk of the sale to the trust not being construed as a 'true sale'.
- **Risk of Co-mingling:** Servicers in a securitization transaction normally deposit all payments received from the obligors into a collection account. However, there could be a time gap between collection by a servicer and depositing the same into the collection account. In this interim period, collections from the loan agreements by the servicer may not be segregated from other funds of the servicer. If the servicer fails to remit such funds due to investors, investors in the Scheme may be exposed to a potential loss.

Risks associated with Mortgage Backed Securities (MBS) - Housing Loans

- **Prepayment Risk:** The fund may receive payment of monthly payouts earlier than scheduled. Prepayments shorten the life of the instrument to an extent that cannot be fully predicted. The rate of prepayments may be influenced by a variety of economic, social and other factors.
- **Credit Risk:** Delinquencies may happen which would reduce the principal amount. Typically, MBS structures come with credit enhancement in variety of forms. If delinquencies are higher than the amount available in the credit enhancement facility than the monthly payouts to the fund would reduce. Historically, it has been observed that housing loans have lower default rates as compared to other forms of credit.
- **Liquidity Risk:** Historically the secondary market volume of securitised papers has been limited. This could limit the ability of the fund to resell them. Secondary market trades could be at a discount or premium depending upon the prevailing interest rates.
- **Conversion risk:** Conversion of loans from fixed rate to floating rate loans and vice versa could lead to a change in the expected cash flows from the loans.

Risks associated with Asset Backed Securities (ABS)-Auto Loans.

- **Prepayment Risk:** The fund may receive payment of monthly payouts earlier than scheduled. Prepayments shorten the life of the instrument to an extent that cannot be fully predicted. The rate of prepayments may be influenced by a variety of economic, social and other factors. Prepayments in auto loans is lower than housing loans as the shorter tenor of auto loans makes it economically unattractive to prepay after considering the prepayment charges.
- **Credit Risk:** Delinquencies may happen which would reduce the principal amount. Typically, ABS structures come with credit enhancement in variety of forms. If delinquencies are higher than the amount available in the credit enhancement facility than the monthly payouts to the fund would reduce. Typically auto loans carry higher risk than MBS as the value retention of the underlying asset is higher in MBS as compared to the underlying asset of ABS.
- **Liquidity Risk:** Historically the secondary market volume of securitised papers has been limited. This could limit the ability of the fund to resell them. Secondary market trades could be at a discount or premium depending upon the prevailing interest rates.

Risks associated with Asset Backed Securities (ABS) - Corporate Loans

- **Credit Risk:** The fund has an exposure to the Borrower/Borrowers and servicing of the instrument depends on the credit risk of the Borrower. The value of the instrument would fluctuate depending upon the changes in the perceived level of credit risk as well as any actual default.
- **Prepayment Risk:** The Borrower may prepay the receivables prior to their respective due dates. This may result in a change in the yield and tenor for the fund.
- **Limited Liquidity and Price Risk:** Historically the secondary market volume of securitised papers has been limited. This could limit the ability of the fund to resell them. Secondary market trades could be at a discount or premium depending upon the prevailing interest rates.

Risks associated with investing in securities with Structured Obligations/Credit Enhancements:

- **Structured obligations such as corporate / promoter guarantee:** Securities which have a structure with a guarantee from the corporate / promoter, may see an adverse effect if there are any signs of stress at the promoter / group level, even though the standalone borrowing entity's debt servicing capability and repayments may not see any material impact, from a future cash flow perspective.

Aditya Birla Sun Life Business Cycle Fund

- It can have liquidity risk, since the market for structured products is not very deep. The primary measure of liquidity risk is the spread between the bid price and the offer price quoted by a dealer. Liquidity risk is today's characteristic of the Indian fixed income market.
- If there were to be a default from this portfolio, there may be no other recourse to recovery. In simple terms this risk means that the issuer of a debenture/ bond or a money market instrument may default on interest payment or even in paying back the principal amount on maturity.
- The Scheme may invest in debt instruments having credit enhancements backed by equity shares/guarantees or other any assets as collateral. The profile of these issuers tends to be relatively weak and there may be a pledge of shares of a related party to enhance credit quality or guarantees provided or any other asset provided as security acceptable to lenders.
- Where equity shares are provided as collateral there is the risk of sharp price volatility of underlying securities which may lead to erosion in value of collateral which may affect the ability of the fund to enforce collateral and recover capital and interest obligations. Also there is a possibility of guarantor going insolvent which can also impact the recovery value of exposure.
- In case of credit enhanced structures backed by equity share the liquidity of the underlying shares may be low leading to a lower recovery and a higher impact cost of liquidation. In case of other assets provided recovery value and enforce ability of asset can also be a risk factor which can lower the recovery value.

Risk Factors Associated with Investments in REITs and InvITS:

- **Market Risk:** REITs and InvITs Investments are volatile and subject to price fluctuations on a daily basis owing to factors impacting the underlying assets. AMC/Fund Manager's will do the necessary due diligence but actual market movements may be at variance with the anticipated trends.
- **Liquidity Risk:** As the liquidity of the investments made by the Scheme(s) could, at times, be restricted by trading volumes, settlement periods, dissolution of the trust, potential delisting of units on the exchange etc, the time taken by the Mutual Fund for liquidating the investments in the scheme may be high in the event of immediate redemption requirement. Investment in such securities may lead to increase in the scheme portfolio risk.
- **Reinvestment Risk:** Investments in REITs & InvITs may carry reinvestment risk as there could be repatriation of funds by the Trusts in form of buyback of units or dividend pay-outs, etc. Consequently, the proceeds may get invested in assets providing lower returns.
- **Regulatory/Legal Risk:** REITs and InvITs being new asset classes, rights of unit holders such as right to information etc may differ from existing capital market asset classes under Indian Law. The above are some of the common risks associated with investments in REITs & InvITs. Investment results may vary substantially on a monthly, quarterly or annual basis.

Risk factors associated with instruments having special features

- The scheme shall invest in certain debt instruments with special features which may be subordinated to equity and thereby such instruments may absorb losses before equity capital. The instrument is also convertible to equity upon trigger of a pre-specified event for loss absorption as may be decided by the RBI.
- The debt instruments with special features are considered as Non-Convertible Debentures, may be treated as debt instruments until converted to equity.
- The instruments are subject to features that grants issuer a discretion in terms of writing down the principal/coupon, to skip coupon payments, to make an early recall etc. Thus debt instruments with special features are subject to "Coupon discretion", "Loss Absorbency", "Write down on Point of Non-viability trigger(PONV) event" and other events as more particularly described as per the term sheet of the underlying instruments.
- The instrument is also subject to Liquidity Risk pertaining to how saleable a security is in the market. The particular security may not have a market at the time of sale due to uncertain/insufficient liquidity in the secondary market, then the scheme may have to bear an impact depending on its exposure to that particular security.

B. RISK CONTROL STRATEGIES

Investments made by the Scheme would be in accordance with the investment objectives of the scheme and provisions of SEBI (MF) Regulations. Since investing requires disciplined risk management, the AMC would incorporate adequate safeguards for controlling risks in the portfolio construction process. The risk control process involves identifying risks and taking proper measures for the same. The AMC believes that this diversification would help achieve the desired level of consistency in returns. The Scheme may also use various derivatives products for the purpose of trading, hedging and portfolio balancing from time to time, with an attempt to protect the value of the portfolio and enhance

Unitholders' interest. While these measures are expected to mitigate the above risks to a large extent, there can be no assurance that these risks would be completely eliminated.

Credit Risk

Every investment in Debt and Money Market Instruments of any issuer would be made in accordance with Credit policy as defined and established by AMC from time to time. The Credit Policy, which is reviewed and monitored on a regular basis by Investment Committee, inter alia, enumerates issuer selection process, the various parameters to be considered for setting up credit exposure limits and Credit authorisation matrix for such limits, credit monitoring process etc.

The following parameters shall be considered for selection:

- (i) The exposure to a counter party is based on the networth of the counterparty. The fund manager would do a risk assessment of the issuer before making the investments. Further, continuous monitoring of the networth of the company is done. The risk assessment by the fund manager includes the monitoring of the following:
 - I. Capital Structure
 - II. Debt Service coverage ratio
 - III. Interest coverage
 - IV. Profitability margin
 - V. Current ratio
- (ii) The fund managers determine the sector to which the counter party relates. The fund managers assigns risk weightages to sectors and shall not invest in sectors which carry a high credit risk. The risk weightages are based upon various factors like the nature of products/services of the sector, current state and future outlook for the sector, subsidies provided to the sector and government regulations for the sector.
- (iii) The fund manager shall also check the track record of the company in terms of its financials and any defaults to its creditors.
- (iv) The fund managers shall consider the track record of the sponsor/ parent of the counterparty. It includes the financials of the sponsor/ parent company and whether the parent/sponsor has defaulted in the past.
- (v) The fund manager can also have a call with the Management of the company as a part of its research of the company.
- (vi) The fund manager will also check for Credit Default Swaps spreads of the company in global market, if any available.

The above parameters are dependent upon the information available at the time of due diligence. The fund manager shall endeavour to include all these parameters but investors should note that these parameters are indicative and can change from time to time at the discretion of the fund manager.

Price-Risk or Interest-Rate Risk

Generally, when interest rates rise, prices of fixed income securities fall and when interest rates drop, the prices increase. As with all debt securities, changes in interest rates may affect the NAV of the Scheme since the price of a fixed income instrument falls when the interest rates move up and vice versa. The effect is more prominent when the duration of the instrument is higher. The extent of fall or rise in the prices is a function of the existing coupon, days to maturity and the increase or decrease in the level of interest rates. These types of events may result in loss of value in the portfolio.

C. REQUIREMENT OF MINIMUM INVESTORS IN THE SCHEME

The Scheme shall have a minimum of 20 investors and no single investor shall account for more than 25% of the corpus of the Scheme. However, if such limit is breached during the NFO of the Scheme, the Fund will endeavour to ensure that within a period of three months or the end of the succeeding calendar quarter from the close of the NFO of the Scheme, whichever is earlier, the Scheme complies with these two conditions. In case the Scheme does not have a minimum of 20 investors in the stipulated period, the provisions of Regulation 39(2)(c) of the SEBI (MF) Regulations would become applicable automatically without any reference from SEBI and accordingly the Scheme shall be wound up and the units would be redeemed at applicable NAV. The two conditions mentioned above shall also be complied within each subsequent calendar quarter thereafter, on an average basis, as specified by SEBI. If there is a breach of the 25% limit by any investor over the quarter, a rebalancing period of one month would be allowed and thereafter the investor who is in breach of the rule shall be given 15 days' notice to redeem his exposure over the 25% limit. Failure on the part of the said investor to redeem his exposure over the 25% limit within the aforesaid 15 days would lead to automatic redemption by the Mutual Fund on the applicable Net Asset Value on the 15th day of the notice period. The Fund shall adhere to the requirements prescribed by SEBI from time to time in this regard.

D. SPECIAL CONSIDERATIONS

- Changes in Government Policy in general and changes in tax benefits applicable to mutual funds may impact the returns to investors in the Scheme. As is the case with any investment, there can be no guarantee that the tax position or the proposed tax position prevailing at the time of an investment in the Scheme will endure indefinitely. In view of the individual nature of tax consequences, each Unitholder is advised to consult his / her own professional tax advisor.
- The NAV of the Scheme may be affected by changes in the general market conditions, factors and forces affecting capital market in particular, level of interest rates, various market related factors, settlement periods and transfer procedures.
- The Trustee, AMC, Mutual Fund, their directors or their employees shall not be liable for any of the tax consequences that may arise, in the event that the Scheme is wound up for the reasons and in the manner provided in Statement of Additional Information (SAI) / Scheme Information Document.
- Mutual Funds are vehicles of securities investments that are subject to market and other risks and there can be no guarantee against loss resulting from investing in the Scheme. The various factors that impact the value of the Scheme's investments include, but are not restricted to, fluctuations in the bond markets, fluctuations in interest rates, prevailing political and economic environment, changes in government policy, factors specific to the issuer of the securities, tax laws, liquidity of the underlying instruments, settlement periods, trading volumes etc.
- Redemptions due to change in the fundamental attributes of the Scheme or due to any other reasons may entail tax consequences.
- Growth, appreciation, IDCW, bonus, income, etc. if any, referred to in this Document are subject to the tax laws and other fiscal enactments as they exist from time to time.
- Investors should study this SID carefully in its entirety and should not construe the contents hereof as advice relating to legal, taxation, investment or any other matters. Investors may, if they wish, consult their legal, tax, investment and other professional advisors to determine possible legal, tax, financial or other considerations of subscribing to or redeeming Units, before taking a decision to invest/redeem Units. Investors who intend to invest in the Scheme are required to and deemed to have understood the risk factors associated with the Scheme.
- From time to time, funds managed by the associates of the Sponsor may invest either directly or indirectly in the Scheme. The funds managed by these associates may acquire a substantial portion of the Scheme's Units and collectively constitute a major investment in the Scheme. Accordingly, Redemption of Units held by such funds may have an adverse impact on the value of the Units of the Scheme because of the timing of any such Redemption and may affect the ability of other Unit Holders to redeem their respective Units.
- A Unitholder may invest in the scheme and acquire a substantial portion of the scheme units. The repurchase of units by the Unitholder may have an adverse impact on the units of the scheme, because the timing of such repurchase may impact the ability of other Unit holders to repurchase their units.
- In respect of transaction in Units of the Scheme through Stock Exchange Platform for Mutual Funds, allotment and redemption of Units on any Business Day will depend upon the modalities of processing viz. collection of application form, the order processing / settlement by respective stock exchanges and their respective clearing corporations, on which the Fund has no control. Moreover, transactions conducted through the Stock Exchange Platform shall be governed by the guidelines and directives issued by respective recognised stock exchange(s).
- The Product labeling mandated by SEBI is to provide investors an easy understanding of the risk involved in the kind of product / scheme they are investing to meet their financial goals. The Riskometer categorizes the scheme of Fund under different levels of risk based on the respective scheme's investment objective, asset allocation pattern, investment strategy and typical investment time horizon of investors. Therefore, the scheme falling under the same level of risk in the Riskometer may not be similar in nature. Investors are advised before investing to evaluate a scheme not only on the basis of the Product labeling (including the Riskometer) but also on other quantitative and qualitative factors such as performance, portfolio, fund managers, asset manager, etc. and shall also consult their financial advisers, if they are unsure about the suitability of the scheme before investing. Further, pursuant to SEBI circular dated October 05, 2020, Risk-o-meters shall be evaluated on a monthly basis and Mutual Funds/AMCs shall disclose the Risk-o-meters along with portfolio disclosure for their schemes on their website and on AMFI website within 10 days from the close of each month. Mutual Funds shall also disclose the risk level of schemes as on March 31 of every year, along with number of times the risk level has changed over the year, on their website and AMFI website.
- The AMC and its Registrar reserve the right to disclose/share investors' personal information with the following third parties:

Aditya Birla Sun Life Business Cycle Fund

1. Registrar, Banks and / or authorised external third parties who are involved in transaction processing, dispatches, etc., of investors' investment in the Scheme;
2. Distributors or Sub-brokers through whom applications of investors are received for the Scheme; or
3. Any other organisations for compliance with any legal or regulatory requirements or to verify the identity of investors for complying with anti-money laundering requirements.

Account statements or financial information pertaining to the investor, if it is to be sent over the internet to the Unitholder, distributors or any other entity as indicated above, will be sent only through a secure means and / or through encrypted electronic mail.

- The Mutual Fund may disclose details of the investor's account and transactions there under to those intermediaries whose stamp appears on the application form. In addition, the Mutual Fund may disclose such details to the bankers / its agents, as may be necessary for the purpose of effecting payments to the investor. Further, the Mutual Fund may disclose details of the investor's account and transactions thereunder to any Regulatory/Statutory entities as per the provisions of law.
- Neither this Document nor the Units have been registered in any jurisdiction. The distribution of this Document in certain jurisdictions may be restricted or totally prohibited due to registration requirements and accordingly, persons who come into possession of this Document are required to inform themselves about and to observe any such restrictions and or legal compliance requirements.

Section II – INFORMATION ABOUT THE SCHEME

A. TYPE OF THE SCHEME

Aditya Birla Sun Life Business Cycle Fund is an open ended equity scheme following business cycles based investing theme.

B. INVESTMENT OBJECTIVE

The investment objective of the scheme is to provide long term capital appreciation by investing predominantly in equity and equity related securities with a focus on riding business cycles through dynamic allocation between various sectors and stocks at different stages of business cycles in the economy.

The Scheme does not guarantee/indicate any returns. There can be no assurance that the objective of the Scheme will be achieved.

C. ASSET ALLOCATION AND INVESTMENT PATTERN

Under normal circumstances, the asset allocation of the Scheme will be as follows:

Instruments	Risk profile	Normal Allocation (% of total Assets)
Equity & Equity related instruments selected on the basis of business cycle	High	80% - 100%
Other Equity & Equity related instruments	High	0% - 20%
Debt and Money Market Instruments	Low to Medium	0% - 20%
Units issued by REITs & InvITs	Medium to High	0% - 10%

The Scheme may also invest up to 50% of the portfolio (i.e. net assets including cash) in such derivative instruments as may be introduced from time to time subject to framework specified by SEBI, for the purpose of hedging and portfolio balancing and other uses as may be permitted under SEBI (MF) Regulations.

The cumulative gross exposure through equity, debt and Money Market Instruments, derivatives, repo transactions, Real Estate Investment Trusts (REITs), Infrastructure Investment Trusts (InvITs), other permitted securities/assets and such other securities/assets as may be permitted by the Board from time to time subject to regulatory approvals, if any should not exceed 100% of the net assets of the scheme.

The Scheme may seek to invest upto 20% of its net assets in foreign securities.

The Scheme seeks to invest an amount of US \$ 20 million in foreign securities subject to guidelines laid down by SEBI vide its circular no. SEBI/IMD/CIR No.7/104753/08 date September 26, 2007, circular no. SEBI/IMD/CIR No.2/122577/08 dated April 08, 2008, circular no. SEBI/HO/IMD/DF3/CIR/P/2020/225 dated November 5, 2020 and circular no. SEBI/HO/IMD/IMD-II/DOF3/P/CIR/2021/571 dated June 03, 2021.

The Scheme intends to invest in repo /reverse repo in corporate debt securities, as per prevailing regulatory norms upto 10% of the net assets of the Scheme.

Exposure limit for Securities Lending and Borrowing:

Subject to SEBI (MF) Regulations and in accordance with Securities Lending Scheme, 1997, SEBI Circular No MFD/CIR/ 01/ 047/99 dated February 10, 1999, SEBI Circular no. SEBI /IMD / CIR No 14 / 187175/ 2009 dated December 15, 2009, as amended from time to time, the Scheme may engage in Stock Lending subject to the following limits:

- (i) Not more than 20% of the net assets of the Scheme can be deployed in Stock Lending; and
- (ii) Not more than 5% of the net assets of the Scheme can be deployed in Stock Lending to a single intermediary level.

The Scheme may invest in mutual fund units upto 20% of the net assets of the Scheme.

Investment in securitized debt will be restricted to 20% of the debt portfolio.

The Scheme may invest in debt instruments having Structured Obligations / Credit Enhancements subject to the following:

- The investment of the Scheme in the following instruments shall not exceed 10% of the debt portfolio of the Scheme and the group exposure in such instruments shall not exceed 5% of the debt portfolio of the Scheme:
 - i. Unsupported rating of debt instruments (i.e. without factoring-in credit enhancements) is below investment grade; and
 - ii. Supported rating of debt instruments (i.e. after factoring-in credit enhancement) is above investment grade.

The above limits shall not be applicable on investments in securitized debt instruments.

- Investment by the Scheme in debt instruments, having credit enhancements backed by equity shares directly or indirectly, shall have a minimum cover of 4 times considering the market value of such shares. Further, the investment in debt instruments having credit enhancements should be sufficiently covered to address the market volatility and reduce the inefficiencies of invoking of the pledge or cover, whenever required, without impacting the interest of the investors. In case of fall in the value of the cover below the specified limit, AMCs will initiate necessary steps to ensure protection of the interest of the investors.
- The Scheme shall not invest more than 10% of its NAV of the debt portfolio of the scheme in such instruments having special features or as permitted by SEBI from time to time.

The scheme will not invest in Credit Default Swaps and shall not indulge in short selling.

Change in Asset Allocation

The above mentioned investment pattern is indicative and may change for short duration.

Subject to the SEBI (MF) Regulations, the asset allocation pattern indicated above may change from time to time, keeping in view market conditions, market opportunities, and political and economic factors. It must be clearly understood that the percentages stated above are only indicative and not absolute and that they can vary substantially depending upon the perception of the Investment Manager, the intention being at all times to seek to protect the interests of the unit holders. Such changes in the investment pattern will be for short term and defensive considerations. However, due to market conditions, the AMC may invest beyond the range set out above. Such deviations shall normally be for a short-term purpose only, for defensive considerations and the intention being at all times to protect the interests of the Unit Holders. The Fund Manager shall rebalance the portfolio within 30 days from the date of deviation to bring it in line with the asset allocation pattern as indicated in this SID. Further, in case the rebalancing is not done within the specified period, justification for the same shall be provided to the Investment Committee and the reason for the same shall be recorded in writing. The Investment Committee shall then decide on the course of action.

Provided further and subject to the above, any change in the asset allocation affecting the investment profile of the Scheme shall be effected only in accordance with the provisions of sub regulation (15A) of Regulation 18 of the SEBI (MF) Regulations.

D. INVESTMENT BY SCHEME

The securities may be acquired through Initial Public Offerings (IPOs), secondary market operations, private placement, rights offers or negotiated deals.

Additional disclosures wrt Investments in Securitised Debt:

1. How the risk profile of securitized debt fits into the risk appetite of the scheme

Securitized Debt is a financial instrument (bond) whose interest and principal payments are backed by an underlying cash flow from another asset. The asset may be either a loan to a single counterparty or a pool of loans. In this Scheme, the Fund manager ensures that as securitised debt instruments are relatively illiquid, the fund manager buys these with a view to hold them till maturity. Thus, in line with the investment strategy of the Scheme and considering that there would be no intermediate redemption pressures for the Fund Manager, the Scheme may take limited exposure to rated Securitized Debt. Credit assessment of the underlying asset or loans is done to evaluate if it meets internal norms set by the AMC.

Investment in these instruments will help the Scheme in aiming at reasonable returns. These returns come with a certain degree of risks which are covered separately in the Scheme Information Document. Accordingly, the risk profile of the securitised debt instruments matches that of the prospective investors of this Scheme and hence can be considered in the fund universe.

2. Policy relating to originators based on nature of originator, track record, exposure to securities classified as below investment grade or default, losses in earlier securitized debt, etc.

A securitization transaction involves sale of receivables by the originator (a bank, non-banking finance company, housing finance company, or a manufacturing/service company) to a Special Purpose Vehicle (SPV), typically set up in the form of a trust. Investors are issued rated Pass Through Certificates (PTCs), the proceeds of which are paid as consideration to the originator. In this manner, the originator, by selling his loan receivables to an SPV, receives consideration from investors much before the maturity of the underlying loans. Investors are paid from the collections of the underlying loans from borrowers. Typically, the transaction is provided with a limited amount of credit enhancement (as stipulated by the rating agency for a target rating), which provides protection to investors against defaults by the underlying borrowers.

The scheme will invest in instruments of the originator only if the originator has an investment grade rating. Over and above the credit rating assigned by credit rating agencies to the originator, ABSLMF will conduct an additional evaluation on

- Previous track record on origination, servicing and performance of existing pools
- Willingness to pay, through credit enhancement facilities etc.
- Ability to pay
- Business risk assessment, wherein following factors are considered:
 - Outlook for the economy (domestic and global)
 - Outlook for the industry
 - Originator/Pool specific factors

In addition, a detailed review and assessment of rating rationale is done including interactions with the company as well as agency. For single loan PTC, credit evaluation of the underlying corporate will be carried out as with any other debt instruments.

3. Risk mitigation strategies for investments with each kind of originator

In terms of specific risks attached to securitization, each asset class would have different underlying risks, however, residential mortgages are supposed to be having lower default rates as an asset class. On the other hand, repossession and subsequent recovery of commercial vehicles and other auto assets is fairly easier and better compared to mortgages. Some of the asset classes such as personal loans, credit card receivables etc., being unsecured credits in nature, may witness higher default rates. As regards corporate loans/receivables, depending upon the nature of the underlying security for the

loan or the nature of the receivable the risks would correspondingly fluctuate. However, the credit enhancement stipulated by rating agencies for such asset class pools is typically much higher, which helps in making their overall risks comparable to other AAA rated asset classes.

The Scheme may invest in securitized debt assets. The asset may be either a loan to a single counterparty or a pool of loans. The Scheme intends to invest in securitized instruments rated by a SEBI recognized credit rating agency. In addition, some specific risk mitigation measures will include:

Limited Recourse and Credit Risk: Certificates issued on investment in securitized debt represent a beneficial interest in the underlying receivables and there is no obligation on the issuer, seller or the originator in that regard. Defaults on the underlying loan can adversely affect the pay outs to the investors (i.e. the Scheme) and thereby, adversely affect the NAV of the Scheme.

Risk Mitigation: In addition to careful scrutiny of credit profile of borrower/pool additional security in the form of adequate cash collaterals and other securities may be obtained to ensure that they all qualify for similar rating.

Bankruptcy Risk: If the originator of securitized debt instruments in which the Scheme invests is subject to bankruptcy proceedings and the court in such proceedings concludes that the sale of the assets from originator to the trust was not a 'true sale', and then the Scheme could experience losses or delays in the payments due.

Risk Mitigation: Normally, specific care is taken in structuring the securitization transaction so as to minimize the risk of the sale to the trust not being construed as a 'true sale'. It is also in the interest of the originator to demonstrate the transaction as a true sell to get the necessary revenue recognition and tax benefits.

Limited Liquidity and Price risk

Presently, secondary market for securitized papers is not very liquid. There is no assurance that a deep secondary market will develop for such securities. This could limit the ability of the investor to resell them. Even if a secondary market develops and sales were to take place, these secondary transactions may be at a discount to the initial issue price due to changes in the interest rate structure.

Risk Mitigation: Securitized debt instruments are relatively illiquid in the secondary market and hence they are generally held to maturity. The liquidity risk and HTM nature is taken into consideration at the time of analyzing the appropriateness of the securitization.

Risks due to possible prepayments: Weighted Tenor / Yield

Asset securitization is a process whereby commercial or consumer credits are packaged and sold in the form of financial instruments Full prepayment of underlying loan contract may arise under any of the following circumstances;

- Obligor pays the Receivable due from him at any time prior to the scheduled maturity date of that Receivable; or
- Receivable is required to be repurchased by the Seller consequent to its inability to rectify a material misrepresentation with respect to that Receivable; or
- The Servicer recognizing a contract as a defaulted contract and hence repossessing the underlying Asset and selling the same
- In the event of prepayments, investors may be exposed to changes in tenor and yield.

Risk Mitigation: A certain amount of prepayments is assumed in the calculations at the time of purchase based on historical trends and estimates. Further a stress case estimate is calculated and additional margins are built in.

Bankruptcy of the Investor's Agent

If Investor's agent becomes subject to bankruptcy proceedings and the court in the bankruptcy proceedings concludes that the recourse of Investor's Agent to the assets/receivables is not in its capacity as agent/Trustee but in its personal capacity, then an Investor could experience losses or delays in the payments due under the swap agreement.

Risk Mitigation: All possible care is normally taken in structuring the transaction and drafting the underlying documents so as to provide that the assets/receivables if and when held by Investor's Agent is held as agent and in Trust for the Investors and shall not form part of the personal assets of Investor's Agent.

4. The level of diversification with respect to the underlying assets, and risk mitigation measures for less diversified investments

Framework that will be applied while evaluating investment decision relating to a pool securitization transaction:

Aditya Birla Sun Life Business Cycle Fund

Characteristics / Type of Pool	Mortgage Loan/ Loan Against Properties	Commercial Vehicle & Construction Equipment	Car	Two Wheeler	Micro Finance Pools	Personal Loans	Single Sell Downs	Others

Avg Single Exposure Range %	1-25%	1.5-2.5%	Retail	Retail	Retail	Retail	NA	NA

Information illustrated in the Table above, is based on the current scenario relating to Securitized Debt market and is subject to change depending upon the change in the related factors.

We endeavor to consider some of the important risk mitigating factors for securitized pool i.e.

- Average maturity of the pool: based on different asset classes and current market practices
- Collateral margin including cash collateral and other credit enhancements
- Loan to Value Ratio
- Average seasoning of the pool,
- Default rate distribution
- Geographical Distribution
- Maximum single exposure: Retail pools (passenger cars, 2-wheelers, Micro finance, personal loans, etc.) are generally well diversified with maximum and average single exposure limits within 1%.

As illustrated above, these factors vary for different asset classes and would be based on interactions with each originator as well as the credit rating agency.

5. Minimum retention period of the debt by originator prior to securitization

The Mutual Fund will follow the guidelines on minimum holding period requirements as laid down by SEBI and RBI from time to time.

6. Minimum retention percentage by originator of debts to be securitized

We will follow the guidelines on minimum holding period requirements as laid down by SEBI and RBI from time to time.

7. The mechanism to tackle conflict of interest when the mutual fund invests in securitized debt of an originator and the originator in turn makes investments in that particular scheme of the fund

Investments made by the scheme in any asset are done based on the requirements of the scheme and is in accordance with the investment policy. All Investments are made entirely at an arm's length basis with no consideration of any existing / consequent investments by any party related to the transaction (originator, issuer, borrower etc.). Investments made in Securitized debt are made as per the Investment pattern of the Scheme and are done after detailed analysis of the underlying asset. There might be instances of Originator /obligor investing in the same scheme but both the transactions are at arm's length and avoid any conflict of interest. In addition to internal controls in the fixed income investment process, there is regular monitoring by the compliance team, risk management group, and internal review teams. Normally the issuer who is securitizing instrument is in need of money and is unlikely to have long term surplus to invest in mutual fund scheme.

8. In general, the resources and mechanism of individual risk assessment with the AMC for monitoring investment in securitized debt

The risk assessment process for securitized debt, as detailed in the preceding paragraphs, is same as any other credit. The investments in securitized debt are done after appropriate research by credit analyst. The ratings are monitored for any movement. The entire securitized portfolio is published in

the fact sheet and disclosed in the web site for public consumption with details of underlying exposure and originator.

Trading in Derivatives

SEBI has permitted Mutual Funds to participate in derivatives trading subject to observance of guidelines issued by it in this behalf. Accordingly, Mutual Funds may use various derivative products from time to time, as would be available and permitted by SEBI, in an attempt to protect the value of the portfolio and enhance Unitholders' interest.

The scheme intends to use derivative instruments stock options, stock futures, index options, index futures or other equity derivative instruments as may be introduced from time to time.

Example of a derivatives transaction

Basic Structure of a Swap

Bank A has a 6 month Rs 10 crore liability, currently being deployed in call. Bank B has a Rs 10 crore 6 month asset, being funded through call. Both banks are running an interest rate risk. To hedge this interest rate risk, they can enter into a 6 month MIBOR (Mumbai Inter Bank Offered Rate) swap. Through this swap, A will receive a fixed pre-agreed rate (say 7%) and pay "call" on the NSE MIBOR ("the benchmark rate"). The paying at "call" on the benchmark rate by A will neutralise the interest rate risk of lending in call. B will pay 7% and receive interest at the benchmark rate. The receiving of "call" on the benchmark rate by B will neutralise his interest rate risk arising from its call borrowing. The mechanism is as follows:

- Assume the swap is for Rs 10 crore March 1st to September 1st. A is fixed rate receiver at 7% and B is a floating rate receiver at the overnight compounded rate.

Aditya Birla Sun Life Business Cycle Fund

- On March 1st, A and B will exchange only an agreement of having entered this swap. This documentation would be as per International Securities Dealers Association (ISDA).
- On a daily basis, the benchmark rate fixed by NSE will be tracked by them. On September 1st they will calculate the following:

A is entitled to receive interest on Rs 10 crore at 7% for 184 days i.e. Rs 35.28 lakh, (this amount is known at the time the swap was concluded) and will pay the compounded benchmark rate.

B is entitled to receive daily compounded call rate for 184 days & pay 7% fixed.

On September 1st, if the total interest on the daily overnight compounded benchmark rate is higher than Rs 35.28 lakhs, A will pay B the difference. If the daily compounded benchmark rate is lower, then B will pay A the difference.

Effectively Bank A earns interest at the rate of 7% p.a. for six months without lending money for 6 months fixed, while Bank B pays interest @ 7% p.a. for 6 months on Rs 10 crore, without borrowing for 6 months fixed. As per above said RBI circulars, mutual funds are permitted to do Interest Rate Swaps/Forward Rate Agreements, for hedging purposes only. Accordingly, the AMC would undertake the same for similar purposes only. IRS and FRAs do also have inherent credit and settlement risks. However, these risks are substantially reduced as they are limited to the interest streams and not the notional principal amounts.

Derivatives can be traded over the exchange or can be structured between two counter-parties. Those transacted over the exchange are called Exchange Traded derivatives whereas the other category is referred to as OTC (Over The Counter) derivatives. Some of the differences of these two derivative categories are as under:

Some of the differences of these two derivative categories are as under:

Exchange traded derivatives: These are quoted on the exchanges like any other traded asset class. The most common amongst these are the Index Futures, Index Options, Stock Futures and Options on individual equities / securities. The basic form of the futures contract is similar to that of the forward contract, a futures contract obligates its owner to purchase a specified asset at a specified exercise price on the contract maturity date. Futures are cash-settled and are traded only in organised exchanges. Exchange traded derivatives are standardised in terms of amount and delivery date. Standardisation and transparency generally ensures a liquid market together with narrower spreads. On the other hand, for delivery dates far in the future, there may be insufficient liquidity in the futures market whereas an OTC price may be available.

OTC derivatives: OTC derivatives require the two parties engaging in a derivatives transaction to come together through a process of negotiation. It is a derivative that is customised in terms of structure, amount, tenor, underlying assets, collateral etc.

The Scheme may use derivatives instruments such as Stock Index Futures, Options on indices or such other derivative instruments as may be introduced / permitted, from time to time. To illustrate, an example of a Stock Index Future is given below:

Index Futures

Benefits

- Investment in stock index futures can give exposure to the index without directly buying the individual stocks. Appreciation in index stocks can be effectively captured through investment in Stock Index Futures.
- The Fund can sell futures to hedge against market movements effectively without actually selling the stocks it holds.

The stock index futures are instruments designed to give exposure to the equity market indices. The Stock Exchange, Mumbai and the National Stock Exchange have started trading in index futures of 1, 2 and 3 month maturities. The pricing of an index future is the function of the underlying index and interest rates.

Illustration

Spot Index: 1070

1 month Nifty Future Price on day 1: 1075

Fund buys 100 lots

Each lot has a nominal value equivalent to 200 Units of the underlying index

Situation 1

Let us say that on the date of settlement, the future price = closing spot price = 1085

Profits for the Fund = $(1085 - 1075) \times 100 \text{ lots} \times 200 = \text{Rs. } 200,000$

Situation 2

Let us say that on the date of settlement, the future price = Closing spot price = 1070

Loss for the Fund = $(1070 - 1075) \times 100 \text{ lots} \times 200 = (\text{Rs. } 100,000)$

The net impact for the Fund will be in terms of the difference between the closing price of the index and cost price (ignoring margins for the sake of simplicity). Thus, it is clear from the example that the profit or loss for the Fund will be the difference of the closing price (which can be higher or lower than the purchase price) and the purchase price. The risks associated with index futures are similar to the one with equity investments. Additional risks could be on account of illiquidity and hence mispricing of the future at the time of purchase.

Buying Options

Benefits of buying a call option

Buying a call option on a stock or index gives the owner the right, but not the obligation, to buy the underlying stock / index at the designated strike price. Here the downside risks are limited to the premium paid to purchase the option.

Illustration

If the Fund buys a 1 month call option on XYZ Co. at a strike of Rs. 190, the current market price being say Rs. 191. The Fund will have to pay a premium of say Rs. 15 to buy this call. If the stock price goes below Rs. 190 during the tenure of the call, the Fund avoids the loss it would have incurred had it straightaway bought the stock instead of the call option. The Fund gives up the premium of Rs. 15 that has to be paid in order to protect the Fund from this probable downside. If the stock goes above Rs. 190, it can exercise its right and own XYZ Co. at a cost price of Rs. 190, thereby participating in the upside of the stock.

Benefits of buying a put option

Buying a put option on a stock originally held by the buyer gives him / her the right, but not the obligation, to sell the underlying stock at the designated strike price. Here the downside risks are limited to the premium paid to purchase the option.

Illustration

If the Fund owns XYZ Co. and also buys a three-month put option on XYZ Co. at a strike of Rs. 190, the current market price being say Rs. 191. The Fund will have to pay a premium of say Rs. 12 to buy this put.

If the stock price goes below Rs. 190 during the tenure of the put, the Fund can still exercise the put and sell the stock at Rs. 190, avoiding therefore any downside on the stock below Rs. 190. The Fund gives up the fixed premium of Rs. 12 that has to be paid in order to protect the Fund from this probable downside. If the stock goes above Rs. 190, say to Rs. 220, it will not exercise its option.

The Fund will participate in the upside of the stock, since it can now sell the stock at the prevailing market price of Rs. 220.

Writing of Covered Call Options

A call option gives the holder (buyer) the right but not the obligation to buy an asset by a certain date for a certain price. Covered calls are an options strategy where a person holds a long position in an asset and writes (sells) call options on that same asset.

Benefits of writing an option with underlying stock holding (Covered Call Writing Strategy)

The covered call strategy can be followed by the Fund Manager in order to hedge risk thereby resulting in better risk adjusted returns of the Scheme. The strategy offers the following benefits: a) Hedge against market risk - Since the fund manager sells a call option on a stock already owned by the mutual fund scheme, the downside from fall in the stock price would be lower to the extent of the premium earned from the call option. b) Generating additional returns in the form of option premium in a range

bound market. Thus, a covered call strategy involves gains for unit holders in case the strategy plays out in the right direction.

Illustration - Covered Call strategy using stock call options:

Suppose, a fund manager buys equity stock of XYZ Ltd. for Rs. 1000 and simultaneously sells a call option on the same stock at a strike price of Rs. 1100. The scheme earns a premium of say, Rs. 50. Here, the fund manager does not think that the stock price will exceed Rs. 1100.

Scenario 1: Stock price exceeds Rs. 1100

The call option will get exercised and the fund manager will sell the stock to settle his obligation on the call at Rs. 1100 (earning a return of 10% on the stock purchase price). Also, the scheme has earned a premium of Rs. 50.

Net Gain - Rs. 150

Scenario 2: Stock prices stays below Rs. 1100

The call option will not get exercised and will expire worthless. The premium earned on call option will generate alpha for the scheme.

Net Gain - Rs. 50

Writing of call option (under the covered call strategy) can be undertaken subject to the following conditions:

1. The Scheme may write call options only under a covered call strategy for constituent stocks of NIFTY 50 and BSE SENSEX.
2. The total notional value (taking into account strike price as well as premium value) of call options written by the Scheme shall not exceed 15% of the total market value of equity shares held in the Scheme.
3. The total number of shares underlying the call options written shall not exceed 30% of the unencumbered shares of a particular company held in the Scheme. The unencumbered shares in a scheme shall mean shares that are not part of Securities Lending and Borrowing Mechanism (SLBM), margin or any other kind of encumbrances.
4. The Scheme may sell securities on which a call option is written under a covered call strategy subject to compliance with points 2 & 3 above. In case of any passive breach of the requirement mentioned in point 2 above, the Scheme shall have 7 trading days to rebalance the portfolio. During the rebalancing period, no additional call options can be written in the said scheme.
5. In case the scheme needs to sell securities on which a call option is written under a covered call strategy, it must ensure compliance with points 2 and 3 above while selling the securities.
6. In no case, the Scheme shall write a call option without holding the underlying equity shares. A call option can be written only on shares which are not hedged using other derivative contracts.
7. The premium received shall be within the requirements prescribed in terms of SEBI circular dated August 18, 2010 i.e. the total gross exposure related to option premium paid and received must not exceed 20% of the net assets of the Scheme.
8. The exposure on account of the call option written under the covered call strategy shall not be considered as exposure in terms of paragraph 3 of SEBI Circular no. Cir/IMD/DF/11/2010, dated August 18, 2010.
9. The call option written shall be marked to market daily and the respective gains or losses shall be factored into the daily NAV of the Scheme until the position is closed or expired.

The Scheme intends to participate in derivatives trading within the equity component of their portfolios. Some of the strategies involving derivatives that may be used by the Investment Manager, with an aim to protect capital and enhance returns include:

Strategy Number 1: Hedging against an anticipated rise in equity prices. The scheme has a corpus of Rs. 100 crores and has invested Rs. 65 crores in equity and still has a cash of Rs15 crores available to invest in the equity component. The Fund may buy index futures of a value of Rs15 crores. The scheme may reduce the exposure to the future contract by taking an offsetting position as investments are made in the equities the scheme wants to invest in. Here, if the market rises, the scheme gains by having invested in the index futures.

Event	Gain/(Loss) from Derivatives position	Gain/(Loss) from Cash Market position	Overall Gain/(Loss) to Equity Component of Scheme
5% rise in equity price	$15 * 5\% = \text{Rs } 0.75 \text{ crs}$	$65 * 5\% = \text{Rs } 3.25 \text{ crs}$	Rs 4 Crores
5% fall in equity price	$15 * 5\% = \text{Rs } (0.75) \text{ crs}$	$65 * 5\% = \text{Rs } (3.25) \text{ crs}$	Rs (4) Crores

Strategy Number 2 Hedging against anticipated fall in equity prices. If the Fund has a negative view on the market and would not like to sell stocks, as the market might be weak, the scheme of the Fund can go short on index/stock futures. Later, the scheme can sell the stocks and unwind the future positions. A short position in the future would offset the long position in the underlying stocks and this can curtail potential loss in the portfolio.

For instance: The scheme has a corpus of Rs 100 crores and is 65% invested in equities. If the fund manager wishes to reduce the equity exposure to Rs30 crores, he would sell index/stock future contracts of Rs 35 crores.

Event	Gain/(Loss) from Derivatives position	Gain/(Loss) from Cash Market position	Overall Gain/(Loss) to Scheme
5% fall in equity price	$35 * 5\% = \text{Rs } 1.75 \text{ crs.}$	$65 * 5\% = \text{Rs } (3.25) \text{ crs}$	Rs(1.5) Crores
5% rise in equity price	$35 * 5\% = \text{Rs } (1.75) \text{ crs.}$	$65 * 5\% = \text{Rs } 3.25 \text{ crs}$	Rs1.5 Crores

Strategy Number 3: Using Index Futures to increase percentage investment in equities. This strategy will be used for the purpose of generating returns on idle cash, pending its investment in equities. The Scheme being open ended in nature upon conversion and maybe subject to daily inflows. There may be a time lag between the inflow of funds and their deployment in equities. If so desired, the AMC would be able to take immediate exposure to equities via index futures. The position in index futures may be reversed in a phased manner, as the funds are deployed in the equity markets.

The scheme has a corpus of Rs 75 crore and there is an inflow of Rs 5 crore in a day. The AMC may buy index futures contracts of a value of Rs. 5 crore. Later as the money is deployed in the underlying equities, the value of the index futures contracts can be suitably reduced.

Equity Allocation	Event	Equity Portfolio Gain/(Loss) (Rs. in crore)	Derivative Gain / (Loss) (Rs. in crore)	Total Portfolio Gain / (Loss) (Rs. in crore)
Rs 50 Crore Equity exposure	10% rise in equity prices	5	Nil	5
Rs 50 Crore Equity exposure + Rs. 5 Crore long position index futures	10% rise in equity prices	5	0.5	5.5
Rs 50 Crore Equity exposure	10% fall in equity prices	(5)	Nil	(5)
Rs 50 Crore Equity exposure + Rs. 5 Crore long position index futures	10% fall in equity prices	(5)	(0.5)	(5.5)

RISKS (For Strategies 1, 2 and 3)

- The strategy of taking a long position in index futures increases the exposure to the market. The long position is positively correlated with the market. However, there is no assurance that the stocks in the portfolio and the index behave in the same manner and thus this strategy may not provide gains perfectly aligned to the movement in the index.
- The long position will have as much loss as a gain in the underlying index. e.g. if the index appreciates by 10%, the future value rises by 10%. However, this is true only for futures contracts held till maturity. In the event that a futures contract is closed out before its expiry, the quoted price of the futures contract may be different from the gain / loss due to the movement of the underlying index. This is called the basis risk.
- While futures markets are typically more liquid than the underlying cash market, there can be no assurance that ready liquidity would exist at all points in time, for the Scheme to purchase or close out a specific futures contract.

Strategy Number 4: Using Index Futures to decrease percentage investment in equities.

Aditya Birla Sun Life Business Cycle Fund

Similarly, in the case of a pending outflow of funds the AMC, in order to reduce exposure in equities may enter into futures contracts to sell the Index at a future date. This position can be unwound over a period of time by simultaneously selling the equity shares from the investment portfolio of the Scheme. Since the price of the futures contracts is expected to be positively correlated with the index, the value of a short position will move in the direction opposite to the movement in the index. The strategy of taking a short position in the index future would reduce the market exposure, in line with the reduced net assets, in case of a significant redemption.

Example:

Assume a scheme has an equity exposure of Rs 50 crore. If the Fund Manager wishes to reduce the equity exposure to Rs. 40 crore in a short time, he would sell index futures contracts of a value of Rs 10 crore.

Portfolio	Event	Equity Portfolio Gain / (Loss) (Rs. in Crore)	Derivative Gain / (Loss) (Rs. in Crore)	Total Portfolio Gain / (Loss) (Rs. in Crore)
Rs 50 Crore Equity exposure	10% fall in equity prices	(5)	Nil	(5)
Rs 50 Crore Equity exposure + Rs. 10 Crore short position index futures	10% fall in equity prices	(5)	1	(4)
Rs 50 Crore Equity exposure	10% rise in equity prices	5	Nil	5
Rs 50 Crore Equity exposure + Rs. 10 Crore short position index futures	10% rise in equity prices	5	(1)	4

RISKS

- The strategy of taking a short position in index futures reduces the market exposure. The short position is negatively correlated with the market. However, there is no assurance that the stocks in the portfolio and the index behave in the same manner and thus this strategy may not be a perfect hedge.
- The short position will have as much loss as a gain in the underlying index. e.g. if the index appreciates by 10%, the future value falls by 10%. However, this is true only for futures contracts held till maturity. In the event that a futures contract is closed out before its expiry, the quoted price of the futures contract may be different from the gain / loss due to the movement of the underlying index. This is called the basis risk.
- While futures markets are typically more liquid than the underlying cash market, there can be no assurance that ready liquidity would exist at all points in time, for the Scheme to purchase or close out a specific futures contract.

Strategy Number 5: Portfolio Protection Using Index Put

The purchase of an index put option gives the scheme the option of selling the index to the writer of the put at a predetermined level of the index, called the strike price. If the index falls below this level, the scheme benefits from the rise in the value of the put option.

Similarly, as a stock hedging strategy, the purchase of a put option on the underlying stock would give the scheme the option to sell the stock to the writer of the option at the predetermined strike price. This would lead to a capping of the loss in value of a stock.

Example:

Let us assume a scheme with a corpus of Rs. 75 crore. Let us also assume an index level of 1000. The scheme is invested 50 crore in equities. The scheme purchases a put option on the index with a strike price of Rs.950 for an assumed cost of Rs. 50 lakhs.

The following table illustrates the portfolio returns:

% change in Index	Index Value	Equity Portfolio Value Rs in crore (A)	Option Value Rs in crore (B)	Cost of the Put Option Rs in crore (C)	Portfolio Value Rs in crore (A+B+C)	% Returns from portfolio
10	1100	55.00	0	(0.5)	54.50	9
5	1050	52.50	0	(0.5)	52.00	4
(5)	950	47.50	0	(0.5)	47.00	(6)

Aditya Birla Sun Life Business Cycle Fund

(10)	900	45.00	2.5	(0.5)	47.00	(6)
(15)	850	42.50	5	(0.5)	47.00	(6)

A similar put option can be purchased on any individual stock and the downside may be capped.

RISKS

- The table shows that the portfolio value will not fall below Rs 47 crore, while the scheme benefits from any increase in stock prices. The table assumes perfect correlation between the equity portfolio and the index. However, this may not be the case. Therefore, the minimum portfolio value cannot be assured, but the loss is expected to be lower in a portfolio with a put option on the index, as compared to a normal portfolio.
- The put option would lead to a gain based on the difference between the strike price and the index level at expiration date, if positive. However, in case the option is reversed before the expiration date, the market price received on the sale of the option may be different from the price calculated.
- While options markets can be more liquid than the underlying cash market, there can be no assurance that ready liquidity would exist at all points in time, for the scheme to purchase or close out a specific options contract.
- In the case of purchase of a stock put, the strategy is a perfect hedge on the expiration date of the put option. On other days, there may be (temporary) imperfect correlation between the share price and the put option, which can potentially take the stock value below the minimum under the hedge.

Investment Process and Recording of Investment Decisions

The AMC through its various policies and procedures defines prudential and concentration limits to de-risk the portfolio. The investment management team is allowed full discretion to make sale and purchase decisions within the limits established. The responsibility for the investment decisions is with the fund managers and the CEO of the AMC does not have any role in the day to day decision making process. All the decisions will be recorded alongwith their justifications. The AMC and Trustee will review the performance of the scheme in their Board meetings. The performance would be compared with the performance of the benchmark index and with peer group in the industry.

Investment in other Schemes

The Scheme may, in line with its investment objectives, invest in another Scheme under the management of ABSLAMC or of any other Asset Management Company. The aggregate Interscheme investment by ABSLMF under all its Schemes, other than fund of fund schemes, taken together, in another Scheme managed by ABSLAMC or in any other Scheme of any other Mutual Fund, shall not be more than 5% of the net asset value of the Fund. No fee shall be charged by the AMC on any investment in another Scheme under the management of ABSLAMC or of any other Asset Management Company.

Investments in the Scheme by the AMC, Sponsor, or their associates

Under Regulation 28(4) of the SEBI (MF) Regulations, 1996 inserted by Gazette Notification No. LADNRO/Gn/2014-15/01 dated May 06, 2014 and SEBI circular number SEBI/HO/IMD/DF4/CIR/P/2020/100 dated June 12, 2020, the sponsor or AMC not invest less than one percent of the amount which would be raised in the new fund offer or fifty lakh rupees, whichever is less, in growth option of the scheme and such investment will not be redeemed unless the Scheme is wound up.

In addition to investments as mandated under Regulation 28(4) of the Regulations as mentioned above, the AMC, may invest in the scheme during the continuous offer period subject to the SEBI (MF). As per the existing SEBI (MF) Regulations, the AMC will not charge investment management and advisory fee on the investment made by it in the scheme. The Sponsor, Trustee and their associates may invest in the scheme on an ongoing basis subject to SEBI (MF) Regulations & circulars issued by SEBI and to the extent permitted by its Board of Directors from time to time.

Investment of Subscription Money

The AMC shall commence investment out of the NFO proceeds received in accordance with the investment objectives of the Scheme only on or after the closure of the NFO period. The Mutual Fund/ AMC can however deploy the NFO proceeds in Tri-party Repos before the closure of NFO period. However, AMCs shall not charge any investment management and advisory fees on funds deployed in Tri-party Repos during the NFO period. The appreciation received from investment in Tri-party Repos shall be passed on to investors.

Further, in case the minimum subscription amount is not garnered by the scheme during the NFO period, the interest earned upon investment of NFO proceeds in Tri-party Repos shall be returned to investors, in proportion of their investments, along-with the refund of the subscription amount.

Borrowing by the Mutual Fund

Under the SEBI (MF) Regulations, the Mutual Fund is allowed to borrow to meet the temporary liquidity requirements of its Scheme for the purpose of Redemption of Units or the payment of interest or IDCW to the Unit holders. Further, as per the SEBI (MF) Regulations, the Mutual Fund shall not borrow more than 20% of the Net Assets of the scheme and the duration of such borrowing shall not exceed a period of six months. The Mutual Fund may raise such borrowings after approval by the Trustee from Sponsor or any of its Associate / Group Companies or Banks in India or any other entity at market related rates prevailing at the time and applicable to similar borrowings. The security for such borrowings, if required, will be as determined by the Trustee.

E. INVESTMENT STRATEGY

The Scheme will invest in Indian equity and equity related securities with focus on riding business cycles through dynamic allocation between sectors and stocks at different stages of business cycles in the economy. The Fund would follow top down approach of portfolio construction to identify stage of business cycle, sector opportunities and subsequently using bottom up approach identify strong companies within those sectors.

The Scheme would aim to deploy the business cycle approach in investing by identifying economic trends and investing in the sectors and stocks that are likely to outperform at any given stage of business cycle. The fund manager will consider economic parameters (like Current Account Deficit, fiscal deficit, interest rates, inflation), investment indicators (like investment in capex, new projects cleared, etc.), business and consumer sentiment (purchasing manager index, business confidence index, sales of various consumer discretionary products, etc.) to decide on the expansion or contraction phase. For instance, during the early expansion phase, cyclical stocks tend to outperform. In the contraction period, the defensive groups or sectors that are less sensitive to changes in overall economic activity like healthcare, consumer staples, etc. outperform because of their stable cash flows and dividend yields.

The Scheme would adopt top-down approach of investing and will aim at being diversified across various industries and / or sectors and/ or market capitalization. The selection of sectors at the primary level will be based on the stage of the domestic economic cycle. The fund managers could use various indicators such as corporate profit growth trends, inventory levels, credit growth, capacity utilization levels and other relevant factors to determine the stage of the economic cycle. Based on the views formed on the stage of the economic cycle, the fund managers would look to own sectors and subsequent stocks that they expect to outperform over the next few years. The stock selection of the scheme would emphasize on identifying companies with sound corporate managements and prospects of good future growth. The fund managers will favour companies that offer the best value relative to their respective long-term growth prospects, returns on capital and management quality. When assessing a company, the fund managers will focus on understanding how each of these factors will change over time.

Essentially, the focus would be on stocks driven by long-term fundamentals. However, short term opportunities would also be seized, provided underlying values supports these opportunities. A portion of the scheme will also be invested in IPOs, emerging sectors, concept stocks and other primary market offerings that meet our investment criteria.

Debt & Money Market Instruments

The Scheme may also invest a small portion of its corpus in money market instruments to manage its liquidity requirements. The fund investment in debt securities and money market instruments issued by corporate and/or state and central government with the aim to controlling volatility and providing cash flows on a continuous basis. Rigorous in depth credit evaluation of the securities proposed to be invested in will be carried out by the investment team of the AMC for its fixed income investments. In addition, the Investment Team of the AMC studies the macro economic conditions, including the political, economic environment and factors affecting liquidity and interest rates. Investments in

Aditya Birla Sun Life Business Cycle Fund

debentures and bonds will usually be in instruments which have been assigned investment grade ratings by any approved rating agency.

ABSLAMC may, from time to time, review and modify the Scheme's investment strategy if such changes are considered to be in the best interests of the unit holders and if market conditions warrant it. Investments in securities and instruments not specifically mentioned earlier may also be made, provided they are permitted by SEBI/RBI and approved by the Trustee.

I. INVESTMENT RESTRICTIONS FOR THE SCHEME

All investments by the Scheme and the Mutual Fund will always be within the investment restrictions as specified in the SEBI (MF) Regulations. Pursuant to the Regulations, the following investment and other restrictions are presently applicable to the scheme:

- All investments by the Scheme shall be made only in listed or to be listed equity shares and equity related instruments.
- The Scheme shall not invest more than 10% of its NAV in the equity shares or equity related instruments of any company.
- The Scheme shall not invest more than 10% of its NAV in debt instruments comprising money market instruments and non-money market instruments issued by a single issuer, which are rated not below investment grade by a credit rating agency authorised to carry out such activity under the SEBI Act, 1992. Such investment limit may be extended to 12% of the NAV of the Scheme with the prior approval of the Board of Trustees and the Board of the AMC. Provided that, such limit shall not be applicable for investments in government securities, treasury bills and triparty repo on Government securities or treasury bills. Provided further that investment within such limit can be made in mortgage backed securitised debt which are rated not below investment grade by a credit rating agency registered with SEBI.
- Investment in unrated debt and money market instruments (other than government securities, treasury bills, derivative products such as Interest Rate Swaps (IRS), Interest Rate Futures (IRF), etc.) by the Scheme shall not exceed 5% of the net assets of the Scheme. However, all such investments shall be made with the prior approval of the Board of AMC and Trustees.
- The Scheme shall not invest in unlisted debt instruments including commercial papers (CPs), other than (a) government securities, (b) other money market instruments and (c) derivative products such as Interest Rate Swaps (IRS), Interest Rate Futures (IRF), etc. which are used by mutual funds for hedging. However, mutual fund schemes may invest in unlisted Non-Convertible

Debentures (NCDs) not exceeding 10% of the debt portfolio of the scheme subject to the condition that such unlisted NCDs have a simple structure (i.e. with fixed and uniform coupon, fixed maturity period, without any options, fully paid up upfront, without any credit enhancements or structured obligations) and are rated and secured with coupon payment frequency on monthly basis.

Provided further that, the Scheme shall comply with the norms under this clause within the time and in the manner as may be specified by the Board.

- All investments by the Scheme in CPs would be made only in CPs which are listed or to be listed.
- The Mutual Fund under all its schemes shall not own more than 10% of any company's paid up capital carrying voting rights.

Provided, for investments in asset management company or trustee company of other mutual fund, collective investment of sponsor of a mutual fund, its associate and/or its group company, and its AMC through Schemes should be considered for calculating 10% voting rights.

- The investment of the Scheme in the following instruments shall not exceed 10% of the debt portfolio of the Scheme and the group exposure in such instruments shall not exceed 5% of the debt portfolio of the Scheme:
 - Unsupported rating of debt instruments (i.e. without factoring-in credit enhancements) is below investment grade; and
 - Supported rating of debt instruments (i.e. after factoring-in credit enhancement) is above investment grade

The above limits shall not be applicable on investments in securitised debt instruments.

- Investment by the Scheme in debt instruments, having credit enhancements backed by equity shares directly or indirectly, shall have a minimum cover of 4 times considering the market value of such shares. Further, the investment in debt instruments having credit enhancements should be sufficiently covered to address the market volatility and reduce the inefficiencies of invoking of the pledge or cover, whenever required, without impacting the interest of the investors. In case of fall in the value of the cover below the specified limit, AMCs will initiate necessary steps to ensure protection of the interest of the investors.
- Pursuant to SEBI Circular no. SEBI / HO/ IMD/DF4/ CIR/P / 2021 / 32 dated March 10, 2021, no Mutual Fund under all its schemes shall own more than 10% of debt instruments with special features issued by a single issuer

The Scheme shall not invest –

- a. more than 10% of its NAV of the debt portfolio of the scheme in such instruments; and
 - b. more than 5% of its NAV of the debt portfolio of the scheme in such instruments issued by a single issuer. The above investment limit for a mutual fund scheme shall be within the overall limit for debt instruments issued by a single issuer, as specified at clause 1 of the Seventh Schedule of SEBI (Mutual Fund) Regulations, 1996, and other prudential limits with respect to the debt instruments
- The Scheme may invest in other schemes under the same AMC or any other Mutual Fund without charging any fees, provided the aggregate inter-scheme investment made by all the Schemes under the same management or in schemes under management of any other Asset Management Company shall not exceed 5% of the Net Asset Value of the Fund. No investment management fees shall be charged for investing in other schemes of the fund or in the schemes of any other Mutual Fund.
 - Transfer of investments from one scheme to another scheme in the Mutual Fund is permitted provided:
 - Such transfers are done at the prevailing market price for quoted instruments on spot basis (spot basis shall have the same meaning as specified by a Stock Exchange for spot transactions); and
 - The securities so transferred shall be in conformity with the investment objective of the Scheme to which such transfer has been made.
 - Transfer of investments from one scheme to another scheme in the Mutual Fund is permitted provided the same are in line with SEBI circular no. SEBI/HO/IMD/DF4/CIR/P/2020/202 dated October 8, 2020.
 - The Mutual Fund shall get the securities purchased or transferred in the name of the fund on account of the concerned Scheme, wherever investments are intended to be of a long-term nature.
 - The Mutual Fund shall buy and sell securities on the basis of deliveries and shall in all cases of purchases take delivery of relevant securities and in all cases of sale, deliver the securities.

Provided further that the Mutual Fund may enter into derivatives transactions in a recognized stock exchange, subject to the framework specified by SEBI.

Provided further that sale of government security already contracted for purchase shall be permitted in accordance with the guidelines issued by the Reserve Bank of India in this regard.

- Pending deployment of funds of the Scheme in terms of its investment objectives, the Scheme may invest its funds in short term deposits of scheduled commercial banks, subject to the following guidelines for parking of funds in short term deposits of scheduled commercial banks, subject to

Aditya Birla Sun Life Business Cycle Fund

the following guidelines for parking of funds in short term deposits of scheduled commercial banks laid down by SEBI vide its circular dated April 16, 2007, August 16, 2019 and such other guidelines as may be specified by SEBI from time to time:

- i. "Short Term" for parking of funds shall be treated as a period not exceeding 91 days. Such short-term deposits shall be held in the name of the Scheme.
- ii. The Scheme shall not park more than 15% of the net assets in short term deposit(s) of all the scheduled commercial banks put together. However, such limit may be raised to 20% with the approval of the Trustee.
- iii. Parking of funds in short term deposits of associate and sponsor scheduled commercial banks together shall not exceed 20% of total deployment by the Mutual Fund in short term deposits.
- iv. The Scheme shall not park more than 10% of the net assets in short term deposit(s), with any one scheduled commercial bank including its subsidiaries.
- v. The Scheme shall not park funds in short-term deposit of a bank which has invested in the Scheme. The bank in which a scheme has short-term deposit shall not invest in the scheme until the scheme has short-term deposit with such bank.
- vi. The AMC will not charge any investment management and advisory fees for funds under the Scheme parked in short term deposits of scheduled commercial banks.

The above norms do not apply to term deposits placed as margins for trading in cash and derivatives market. However, all term deposits placed as margins shall be disclosed in the half yearly portfolio statements under a separate heading. Details such as name of bank, amount of term deposits, duration of term deposits, percentage of NAV should be disclosed.

- The Scheme shall not make any investment in:
 - Any unlisted security of an associate or group company of the Sponsor; or
 - Any security issued by way of private placement by an associate or group company of the Sponsor; or
 - The listed securities of group companies of the Sponsor, which is in excess of 25% of the net assets.
- The Fund shall not borrow except to meet temporary liquidity needs of the Fund for the purpose of repurchase / redemption of Units or payment of interest and IDCW to the Unitholders. Provided that the Fund shall not borrow more than 20% of the net assets of any individual Scheme and the duration of the borrowing shall not exceed a period of 6 months.
- This Scheme seeks to invest an amount of US \$ 20 million in foreign securities subject to guidelines laid down by SEBI vide its circular no. SEBI/IMD/CIR No.7/104753/08 date September 26, 2007, circular no. SEBI/IMD/CIR No.2/122577/08 dated April 08, 2008, circular no. SEBI/HO/IMD/DF3/CIR/P/2020/225 dated November 5, 2020 and circular no. SEBI/HO/IMD/IMD-II/DOF3/P/CIR/2021/571 dated June 03, 2021. Further, the said limits shall be valid for a period of six months from the date of closure of NFO. Thereafter the unutilized limit, if any, shall not be available to the Mutual Fund for investment in Overseas securities and shall be available towards the unutilized industry wide limits. Further investments after the period of six months from the date of closure of NFO will follow the norms for ongoing schemes.
- Subject to guidelines laid down by SEBI vide its circular no. SEBI/IMD/CIR No.7/104753/08 date September 26, 2007, circular no. SEBI/IMD/CIR No.2/122577/08 dated April 08, 2008 circular no. 2. **Minimum Application Amount:** Minimum 6 installments (including the first installment) of Rs 500/- each and above per month.

The first SIP cheque may be accepted on any working day of the month. The balance SIP cheques must be uniformly dated for every month.

3. Initial / First SIP investment amount can be different from the subsequent SIP amounts but subsequent SIP amounts should be the same and further, the initial / first / subsequent SIP investment amount(s) must confirm to the minimum SIP amount criteria as specified above.

4. **Fast Forward Facility:** Investors can opt for multiple dates within a month in case of monthly SIP. Investors may choose maximum upto 4 dates from the following dates: 1st and/or 7th and/ or 10th and/or 14th and/or 20th and/or 21st and/or 28th of every month.

5. **STEP-UP SIP:**

'Step-Up SIP', is an optional, add-on feature, and an enhancement to Systematic Investment Plan (SIP) facility available under the scheme. This feature enables the investors to enhance/increase SIP installment at pre-defined intervals by a fixed amount, thus, providing the investors a simplified method of aligning SIP installments amounts with increase in earnings over the tenure of SIP.

The terms and conditions for availing the 'Step-Up SIP' shall be as follows:

1. **Option for Frequency for Step-Up SIP:**

a. **Half Yearly Step-Up SIP:** Under this option, the amount of investment through SIP installment shall be increased by amount chosen / designated by Investor post every 6th (sixth) SIP installment.

b. **Yearly Step-Up SIP:** Under this option, the amount of investment through SIP installment shall be increased by amount chosen / designated by Investor post every 12th (twelfth) SIP installment.

2. **Minimum Step-Up SIP Amount:** Rs. 500 and in multiples of Rs. 500 thereafter

3. **Default Step-Up SIP Frequency and amount:** In case the investor fails to specify any frequency or amount for Step-Up SIP, the same shall be deemed as Yearly Step-Up SIP and Rs. 500 respectively and the application form shall be processed accordingly. In case the investor fails to specify both, i.e. the frequency for Step-Up SIP and amount for Step-Up SIP, the application form may be processed as conventional SIP, subject to it being complete in all other aspects.

4. **Maximum Tenure for Step-Up SIP:** 10 year (i.e. Investors may chose / have tenure of more than 10 years under SIP, however, in such cases, feature of Step-Up SIP shall be considered and processed for a maximum of 10 years only.)

5. **Step-Up SIP shall be available for SIP Investments through NECS / Direct Debit Facility only.** Step-Up SIP shall not be available under Fast Forward SIP facility.

The AMC reserves the right to discontinue the SIP in case of cheque return and debit the cheque return charges to the investor's account. SIP registration will be discontinued in the following cases: (1) Where 3 (three) consecutive SIP installments are not honored or (2) In case of Fast Forward Facility, 3 (three) sequential SIP installments are not honored.</p> <p>7. On an ongoing basis, the AMC would accept SIP with post-dated cheques as well NECS / Auto Debit. However, the investor is required to provide a cheque* for the first SIP transaction drawn on the same bank account which is to be registered for NECS /Auto Debit. The cheque should be dated on or before the date of submission of the Application Form. SIP form should be submitted atleast 21 days before the first Debit through NECS/Auto Debit. Units will be allotted at the Applicable NAV on the applicable dates (or the immediately next business day, in case the date happens to fall on non-business day) subject to realization of proceeds.</p> <p>*Note: Investors can also start a SIP without any initial Investment. For availing this feature, investors need to submit the application form atleast 21 days before the first Debit date. Further, in case investor is desirous of registering SIP without initial/first SIP investment, investor must attach an original copy of cancelled cheque of the bank account to be registered for NECS/Auto Debit.</p> <p>Micro SIP:</p> <p>1. As per AMFI notification and Guidelines issued on July 14, 2009, SIPs without life insurance cover or lumpsum by eligible investors where aggregate (under all schemes of Mutual Fund) in a rolling 12month period or in a financial year i.e. April to March does not exceed Rs. 50,000 (known as "Micro SIP") shall be exempted from the requirement of PAN.</p> <p>2. This exemption of PAN requirement is only available to individuals (including Joint Holders, NRIs but not PIOs), Minors and Sole proprietary firms who do not possess PAN*. HUFs and other categories will not be eligible for this exemption. <i>*In case of joint holders, first holder must not possess a PAN.</i></p> <p>3. Please note that for availing Micro SIP, investor have to submit KYC/ KRA acknowledgement / confirmation quoting PAN Exempt KYC Reference No. (PEKRN) obtained from KYC Registration Agency (KRA) along with the application form for such investments. Eligible investors must hold only one PEKRN.</p> <p>4. Please note that investors holding a valid Permanent Account Number (PAN) issued by Income Tax Department are mandatorily required to be KYC compliant and submit the KYC/KRA acknowledgement.</p> <p>5. Additional Micro SIP in same folio: For Subsequent Micro SIP applications, investors can quote the existing folio number where</p>		

	<p>a Micro SIP has been registered and need not resubmit the supporting document.</p> <p>6. In case of any deficiencies in the supporting documents or in case of the aggregate of SIP and investments exceeding Micro SIP threshold, the Mutual Fund reserves the right to reject the applications.</p> <p>In case the first Micro SIP installment is processed, and the application is found to be defective, the Micro SIP registration will be ceased for future installments. No refund shall be made for the units already allotted and the investors may redeem their investments.</p> <p><u>Pause Facility under SIP</u></p> <p>As per this Facility the investors will have an option to pause their SIP investment for specified number of installments and SIP would restart from the immediate month after completion of the pause period specified by the investor.</p> <p>The terms & conditions for availing the Pause Facility are as follows:</p> <ul style="list-style-type: none"> • The Pause Facility is only available for SIP registered with Monthly frequency; • Notice of pause should be submitted at least 15 working days prior to the subsequent SIP date; • Pause facility request can be for minimum 1 installment and for maximum 3 consecutive installments; • Investors can avail this facility only once in the tenure of the existing SIP; • In case of Step up SIP, the Pause facility will not be available between two separate instalment amounts and would be liable to be rejected. For e.g. if the Pause facility period is 3 months, SIP amount for 1st month is Rs. 1000 and subsequent 2nd and 3rd instalment amount is increased with Step up amount of Rs. 1500, in such case Pause request will be rejected; • Pause facility is allowed only for ECS/NACH/Direct Debit Registrations and will not be available for SIP registered through Standing Instruction; <p>Aditya Birla Sun Life AMC Limited reserves the right to modify / terminate the features of this Facility as it may deem fit from time to time</p> <p>.</p> <p>II. SYSTEMATIC TRANSFER PLAN:</p> <p>STP allows the Investors to invest by transfer of a fixed amount from any of the following schemes to any open ended scheme of Aditya Birla Sun Life Mutual Fund. Since the amount is fixed, the investor gets the benefit of Rupee Cost Averaging. Further, the Investors have an option of Daily Systematic Transfer Plan (Daily STP) in addition to Weekly Systematic Transfer Plan, Monthly Systematic Transfer Plan and Quarterly Systematic Transfer Plan. This facility of Daily STP shall enable the Unitholders to transfer a fixed amount from their existing investments in the Scheme of Mutual Fund at daily intervals (business days) through a onetime request to other eligible existing schemes.</p> <p>For Weekly, Monthly and Quarterly STP, Investors can transfer "OUT" investment from the Scheme and transfer "IN" to any of the Open-ended Scheme offered by Aditya Birla Sun Life Mutual Fund (except Aditya Birla Sun Life Index Fund, Aditya Birla Sun Life Asset Allocation Fund, Aditya Birla Sun Life Gold ETF, Aditya Birla Sun Life Nifty Next 50 ETF, Aditya Birla Sun Life Sensex ETF, Aditya Birla Sun Life Nifty ETF, Aditya Birla Sun Life Banking ETF and subject to completion of lock-in period of units in Aditya Birla Sun Life Tax Relief '96, Aditya Birla Sun Life Tax Plan, Aditya Birla Sun Life Bal Bhavishya Yojna and Aditya Birla Sun Life Retirement Fund at the time of registration) of Aditya Birla Sun Life Mutual Fund.</p>

- iii. Monthly Systematic Transfer Plan: Transfer can be of following dates: 1st or 7th or 10th or 14th or 20th or 21st or 28th of each month for minimum 6 transfers.

Fast Forward Facility: Investors availing Monthly STP facility can opt for multiple dates, maximum upto any four dates within a month and in this case the dates can be dated 1st and / or 7th and / or 10th and/or 14th and/or 20th and/ or 21st and/ or 28th of each month.

- iv. Quarterly Systematic Transfer Plan: Transfer can be of following dates: 1st or 7th or 10th or 14th or 20th or 21st or 28th of each quarter for minimum 4 transfers.

(Default date: If the transfer frequency is not selected or in case of any ambiguity, the STP date will be 7th of each month/ quarter. In case where more than 4 dates are specified, default dates will be 7th, 14th, 21st & 28th of each month.)

5. In case of insufficient balance, the transfer will not be effected.

Value Systematic Transfer Plan (Value STP):

Value Systematic Transfer Plan, is a facility (hereinafter referred as 'Value STP') wherein Unit holder(s) of eligible open-ended Scheme(s) of Aditya Birla Sun Life Mutual Fund [hereinafter referred to as "Fund"] can opt to systematically transfer amount(s), which may vary based on the value of investments already made/transferred under this facility, on the date of transfer at pre-determined intervals from open-ended Scheme(s) of the Fund [hereinafter referred to as "Transferor Scheme"] to the Growth Option of open-ended equity Scheme(s) of the Fund [hereinafter referred to as "Transferee Scheme"].

The key features of Value STP are mentioned below:

- a. In Value STP (as per the Frequency opted by the Unitholder i.e. Monthly or Quarterly) Unitholders will be eligible to transfer fixed amount per installment OR the amount as determined by the following formula whichever is higher:

$$[(\text{First installment amount}) \times (\text{Number of installments including the current installment})] \text{ less } (\text{Market Value of the investments through Value STP in the Transferee Scheme on the date of transfer}).$$
 If the amount of transfer as calculated by the above formula is less than Rs. 500, then the default amount of Rs. 500 will be transferred to the Transferee Scheme on the trigger date.
 However, in case of redemption or switch-out of Units allotted under Value STP in the Transferee Scheme, the balance instalments under Value STP will be processed for the fixed instalment amount only as specified by the Unitholder at the time of enrolment.
 On the date of transfer, if the market value of the investments in the Transferee Scheme through Value STP is higher than the Investment Value for that period $[(\text{first installment amount}) \times (\text{number of installments; including the current installment})]$, then there would be no STP on that trigger date effected from the Transferor Scheme.
- b. The first instalment under Value STP will be processed for the fixed instalment amount mentioned by the Unitholder at the time of enrolment.
 From the second instalment onwards, the amount to be transferred shall be computed as per formula stated in (a) above.
- c. The minimum number of installments and amount for enrollment to avail Value STP are as below:

Frequency	Trigger Dates	Minimum Value STP amount (Rs.)
-----------	---------------	--------------------------------

	Monthly	1st, 7th, 10th, 14th, 20th, 21st, 28 th	For STP installments greater than Rs. 500 but less than Rs. 999, Unitholders are required to instruct for minimum 12 transfers of Rs. 500 and in multiples of Re. 1 thereafter.
	Quarterly		For STP installments of Rs. 1000 and above, Unitholders are required to instruct for minimum 6 transfers of Rs. 1000 and in multiples of Re. 1 thereafter.
<p>d. The maximum amount of transfer under Value STP would be limited to twice the amount per instalment mentioned in the application form at the time of enrolment.</p> <p>e. In case none of the frequencies have been selected or in case of any ambiguity, Monthly frequency shall be treated as the default Frequency. If STP date is not specified or in case of any ambiguity then 7th Business Day of the month will be treated as default date.</p> <p>f. In case the date of transfer falls on a Non-Business Day, the immediate next Business Day will be considered for the purpose of determining the applicability of NAV.</p> <p>g. In case of valid enrolment forms received, indicating choice of option other than the Growth Option in the Transferee Scheme, it will be deemed as the Growth Option in Transferee Scheme and processed accordingly.</p> <p>h. A Single Value STP Enrolment Form can be filled for transfer into only one Scheme/Plan/Option.</p> <p>i. Unitholder has the right to discontinue Value STP at any time he/she so desires by sending a written request at least 7 (seven) days in advance to any of the offices of the Fund or its Authorised Collection Centres.</p> <p>j. Value STP will be terminated/not processed under the following circumstances: (i) On marking of lien or pledge of Units in the Transferor Scheme (ii) On receipt of intimation of death of the Unitholder.</p> <p>B. Capital Appreciation Transfer Plan (CATP): Capital Appreciation Transfer Plan (CATP) is a facility wherein the Unitholders can opt for the Systematic Transfer Plan by providing instruction to transfer capital appreciation at regular intervals - Monthly or Quarterly under the open-ended Scheme(s) of the Fund (except Aditya Birla Sun Life Gold ETF, Aditya Birla Sun Life Nifty ETF, Aditya Birla Sun Life Sensex ETF, Aditya Birla Sun Life Nifty Next 50 ETF and Aditya Birla Sun Life Banking ETF).</p> <p>The capital appreciation, if any, will be calculated from the registration date of the CATP under the folio, till the first trigger date. Subsequent capital appreciation, if any, will be the capital appreciation between the previous CATP date (where CATP has been successfully processed and paid) and the immediate next CATP date.</p> <p>The key features of CATP are mentioned below:</p> <p>a. CATP is offered at Monthly and Quarterly intervals. In case none of the frequencies have been selected or in case of any ambiguity, Monthly frequency shall be treated as the default Frequency. If STP date is not specified or in case of any ambiguity then 7th Business Day of the month will be treated as default date. In case the date of transfer falls on a Non-Business Day, the immediate next Business Day will be considered for the purpose of determining the applicability of NAV.</p> <p>b. The minimum amount required to trigger instalment under CATP is Re. 1 and in multiples of Re. 1 thereafter.</p>			

- c. A Single CATP Enrolment Form can be filled for transfer into only one Scheme/Plan/Option.
- d. Unitholder has the right to discontinue CATP at any time he/she so desires by sending a written request at least 7 (seven) days in advance to any of the offices of the Fund or its Authorised Collection Centres.
- e. CATP will be terminated / not processed under the following circumstances: (i) On marking of lien or pledge of Units in the Transferor Scheme (ii) On receipt of intimation of death of the Unitholder.

Aditya Birla Sun Life AMC Limited (ABSLAMC) reserves the right to introduce/modify Value STP/CATP at any other frequencies or on any other dates as the ABSLAMC may feel appropriate from time to time.

All other features currently applicable to Systematic Transfer Plan shall be applicable to Value STP and CATP.

III. SYSTEMATIC WITHDRAWAL PLAN (SWP)

	<p>month/quarter (or next business day, if 1st or 7th or 10th or 14th or 20th or 21st or 28th is a non-business day).</p> <p>6. AMC will endeavor to credit the redemptions payouts directly to the designated Bank A/c of the unitholder through any of the available electronic mode (i.e. RTGS / NEFT / Direct Credit). AMC reserves the right to use any of the above mode of payment as deemed appropriate for all folios where the required information is available. AMC/Mutual Fund, however, reserves the right to issue a cheque / demand draft inspite of an investor opting for Electronic Payout.</p> <p>The investor has the right to discontinue/modify SWP at any time he/she so desires by sending a written request at least 15 days in advance of the immediate next due date to any of the offices of the Mutual Fund or its Authorised Collection Centres.</p> <p>IV.SWITCHING</p> <p>(a) Inter - Scheme Switching option</p> <p>Unit holders under the Scheme have the option to Switch part or all of their Unit holdings in the Scheme to other schemes managed by the Mutual Fund and vice versa, as per the features of the respective scheme. This Option will be useful to Unit holders who wish to alter the allocation of their investment among various scheme(s) / plan(s) of the Mutual Fund (subject to completion of lock-in period, if any, of the units of the scheme(s) from where the units are being switched) in order to meet their changed investment needs. The Switch will be effected by way of a Redemption of Units from the Scheme / Plan and a reinvestment of the Redemption proceeds in the scheme / plan and accordingly, to be effective, the Switch must comply with the Redemption rules and the issue rules of the respective scheme (for e.g. as to the minimum number of Units that may be redeemed or issued, Exit Load, etc.). The price at which the Units will be Switched out of the respective Scheme/ Plan will be based on the Redemption Price, and the proceeds will be invested at the prevailing sale price for units in that scheme / plan.</p> <p>(b) Intra-Scheme Switching option:</p> <p>Unit holders under the Scheme have the option to Switch their Unit holdings from Growth option to IDCW option or vice-versa. No Exit Load will be charged in respect of such Intra-Scheme Switching. The switches would be done at the applicable NAV based prices and the difference between the NAVs of the two options will be reflected in the number of units allotted.</p> <p>However, switch transactions are currently not available in case of units held in electronic (demat) mode. To affect a switch, a Unit Holder must provide clear instructions. Such instructions may be provided in writing or by completing the transaction slip/form attached to the account statement. The switch request can be made for an amount equivalent or higher than the minimum application amount of the scheme into which the switch is made. A Unit holder may request switch of a specified amount or a specified number of Units only. If the Unit holder has specified both the amount and the number of Units, switch-out of units will be carried out based on the number of units specified by the Unit holder.</p> <p>V. WEB BASED TRANSACTIONS</p> <p>The Mutual Fund may allow subscriptions / Redemption of Units, during the period when the ongoing subscription list is opened by the Trustees, by electronic mode through the various websites with whom the AMC would have an arrangement from time to time. Normally, the subscription proceeds, when invested through this mode, are by way of direct credit to the designated bank collection account of the</p>

	<p>Scheme. The Redemption proceeds, (subject to deduction of tax at source, if any) through this mode, are directly credited to the bank account of the Investors who have an account at the designated banks with whom the AMC has made arrangements from time to time. The intermediary will aggregate the data and forward the same to the AMC / ISC for processing. These transactions will be converted into a physical piece of instructions and date/time stamped in accordance with the guidelines specified in SEBI circular dated October 11, 2006. The Fund, the AMC, the Trustee, alongwith its directors, employees and representatives shall not be liable for any damages or injuries arising out of or in connection with the use of the web-site or its non-use including non-availability or failure of performance, loss or corruption of data, loss of or damage to property (including profit and goodwill), work stoppage, computer failure or malfunctioning or interruption of business; error, omission, interruption, deletion, defect, delay in operation or transmission, computer virus, communication line failure, unauthorised access or use of information. The Fund may introduce a facility for distributors to transact on the web on behalf of their clients, provided the client has authorised the distributors to do so by executing a Power of Attorney in favour of the distributor for this purpose. In such events, the Power of Attorney should be submitted to the Fund. It shall be the responsibility of the distributor, to ensure that the Power of Attorney is valid and subsisting to carry out the transaction.</p> <p>VI. TRANSACTIONS THROUGH STOCK EXCHANGE PLATFORM FOR MUTUAL FUNDS:</p> <p>ABSLAMC, shall enter into arrangements with NSE and BSE to facilitate purchase / subscription and redemption / repurchase of units of the scheme on an ongoing basis at any time after the scheme reopens for purchase and sale.</p> <p>The transactions carried out on the above platform shall be subject to such guidelines as may be issued by NSE/BSE and also SEBI (Mutual Funds) Regulations, 1996 and circulars/guidelines issued thereunder from time to time. For further details please refer SAI.</p> <p>Accordingly, following guidelines shall be applicable for transactions executed in open ended Schemes of the Fund through Mutual Fund Distributors through the Stock Exchange Infrastructure:</p> <ol style="list-style-type: none"> (1) Mutual Fund Distributors registered with Association of Mutual Funds in India (AMFI) and who has been permitted by the concerned recognised stock exchange will be eligible to use "NMF II Online Mutual Fund Platform" of National Stock Exchange of India Ltd.('NSE') platform and / or "BSE StAR MF" platform of BSE Limited (Rs.BSE') to purchase (including switches) and redeem units of schemes of the Fund in physical (non-demat) mode and/or demat (electronic) mode. (2) Mutual Fund Distributors will not handle payout/payin of funds as well as units on behalf of investor. Pay in will be directly received by recognized clearing corporation and payout will be directly made to investor account. In the same manner, units shall be credited and debited directly from the demat account of investors. (3) Incase of payment of redemption proceeds to the Clearing Corporation by the Fund/ its Registrar, it shall be treated as valid discharge for the Fund/ Aditya Birla Sun Life AMC Limited ("ABSLAMC") of its obligation of payment of redemption proceeds to investor. Similarly, incase of purchase of units crediting units into Clearing Corporation's Pool account shall discharge the Fund/ABSLAMC of its obligation to allot units to investor. (4) The facility of transacting in mutual fund schemes through stock exchange infrastructure is available subject to operating

<p>Creation of Segregated Portfolio</p>	<p>Segregated portfolio will be created, in case of a credit event at issuer level i.e. downgrade in credit rating by a SEBI registered Credit Rating Agency (CRA), as under:</p> <ul style="list-style-type: none"> • Downgrade of a debt or money market instrument to 'below investment grade, or • Subsequent downgrades of the said instruments from 'below investment grade, or • Similar such downgrades of a loan rating. <p>In case of difference in rating by multiple CRAs, the most conservative rating will be considered. Creation of segregated portfolio will be based on issuer level credit events and as mentioned above implemented at the ISIN level.</p> <p>Creation of segregated portfolio of unrated debt or money market instruments of an issuer that does not have any outstanding rated debt or money market instruments:</p> <p>Segregated portfolio may also be created in case of unrated debt or money market instruments of an issuer that does not have any outstanding rated debt or money market instruments. However, such segregation may be done only in case of actual default of either the interest or principal amount by the issuer of such instruments. The Fund shall inform AMFI immediately about the actual default by the issuer. AMFI will disseminate the information about the actual default by the issuer to all AMCs post which the Fund may segregate the portfolio of debt or money market instruments of the said issuer.</p> <p>Creation of segregated portfolio for investment in debt instruments with special features</p> <p>Segregated portfolio of such instruments may be created in case the said instrument is to be written off or converted to equity pursuant to any proposal, the date of said proposal may be treated as the trigger date. However, if the said instruments are written off or converted to equity without proposal, the date of write off or conversion of debt instrument to equity may be treated as the trigger date subject to compliance with relevant provisions of SEBI Circular No. SEBI/HO/IMD/DF2/CIR/P/2018/160 dated December 28, 2018, SEBI Circular No. SEBI/HO/IMD/DF2/CIR/P/2019/127 dated November 07, 2019 issued with respect to 'Creation of segregation portfolio in mutual fund schemes' and any other relevant Regulations/Circulars/Guidelines issued in the future from time to time</p>

Process of creation of segregated portfolio:

ABSLAMC will decide on creation of segregated portfolio on the day of credit event and will seek approval of ABSLTPL. Post that ABSLAMC will immediately issue a press release disclosing its intention to segregate such debt and money market instrument and its impact on the investors. ABSLAMC will also disclose in the press release that the segregation shall be subject to trustee approval. Additionally, the said press release will be prominently disclosed on the website of the AMC. ABSLAMC will ensure that till the time the trustee approval is received, which in no case shall exceed 1 business day from the day of credit event, the subscription and redemption in the scheme shall be suspended for processing with respect to creation of units and payment on redemptions.

The segregated portfolio shall be effective from the day of credit event, post approval of Trustee.

ABSLAMC will issue a press release immediately post approval of ABSLTPL with all relevant information pertaining to the segregated portfolio. The said information shall also be submitted to SEBI.

An e-mail or SMS will be sent to all unit holders of the concerned Scheme. The NAV of both segregated and main portfolio will be disclosed from the day of the credit event. All existing unit holders in the Scheme as on the day of the credit event shall be allotted equal number of units in the segregated portfolio as held in the main portfolio.

No redemption and subscription shall be allowed in the segregated portfolio. However, in order to facilitate exit to unit holders in segregated portfolio, ABSLAMC will enable listing of units of segregated portfolio on recognized stock exchange within 10 working days of creation of segregated portfolio and also enable transfer of such units on receipt of transfer request.

If the trustees do not approve the proposal to segregate portfolio, AMC shall issue a press release immediately informing investors of the same.

Valuation and processing of subscriptions and redemptions

The valuation will take into account the credit event and the portfolio will be valued based on the principles of fair valuation (i.e. realizable value of the assets) in terms of the relevant provisions of SEBI (Mutual Funds) Regulations, 1996 and Circular(s) issued thereunder.

All subscription and redemption requests for which NAV of the day of credit event or subsequent day is applicable will be processed as per the existing circular on applicability of NAV. However, in case of segregated portfolio, applicability of NAV will be as under:

1. Investors redeeming their units will get redemption proceeds based on the NAV of main portfolio and will continue to hold the units of segregated portfolio.
2. Investors subscribing to the Scheme will be allotted units only in the main portfolio based on its NAV.

In case ABSLTPL does not approve the above valuation process, all subscription and redemption applications will be processed based on the NAV of total portfolio.

Disclosure requirements

A statement of holding indicating the units held by the investors in the segregated portfolio along with the NAV of both segregated portfolio and main portfolio as on the day of the credit event will be communicated to the investors within 5 working days of creation of the

	<p>segregated portfolio. Further, adequate disclosure of the segregated portfolio will also appear in all scheme related documents, in monthly and half-yearly portfolio disclosures and in the annual report of the mutual fund and the Scheme. Further, the NAV of the segregated portfolio will be declared on daily basis.</p> <p>The information regarding number of segregated portfolios created in a scheme shall appear prominently under the name of the scheme at all relevant places such as SID, KIM-cum-Application Form, advertisement, AMC and AMFI websites, etc. The scheme performance required to be disclosed at various places will include the impact of creation of segregated portfolio. The scheme performance will clearly reflect the fall in NAV to the extent of the portfolio segregated due to the credit event and the said fall in NAV along with recovery (ies), if any, will be disclosed as a footnote to the scheme performance. These disclosures regarding the segregated portfolio will be carried out for a period of atleast 3 years after the investments in segregated portfolio are fully recovered/ written-off.</p> <p>The investors of the segregated portfolio will be duly informed of the recovery proceedings of the investments of the segregated portfolio and status update will be provided to the investors at the time of recovery and also at the time of writing-off of the segregated securities.</p> <p><u>Total Expense Ratio (“TER”) for the Segregated Portfolio</u> ABSLAMC will not charge investment and advisory fees on the segregated portfolio. However, TER (excluding the investment and advisory fees) can be charged, on a pro-rata basis only upon recovery of the investments in segregated portfolio. The TER so levied shall not exceed the simple average of such expenses (excluding the investment and advisory fees) charged on daily basis on the main portfolio (in % terms) during the period for which the segregated portfolio was in existence. The legal charges related to recovery of the investments of the segregated portfolio will be charged to the segregated portfolio in proportion to the amount of recovery. However, the same will be within the maximum TER limit as applicable to the main portfolio. The legal charges in excess of the TER limits, if any, will be borne by ABSLAMC. The costs related to segregated portfolio will in no case be charged to the main portfolio.</p> <p><u>Monitoring by Trustees</u> In order to ensure timely recovery of investments of the segregated portfolio, Trustees will ensure that, the ABSLAMC puts in sincere efforts to recover the investments of the segregated portfolio. Upon recovery of money, whether partial or full, it will be immediately distributed to the investors in proportion to their holding in the segregated portfolio. Any recovery of amount of the security in the segregated portfolio even after the write off shall be distributed to the investors of the segregated portfolio. Further, an Action Taken Report (ATR) on the efforts made by the ABSLAMC to recover the investments of the segregated portfolio will be placed in every Trustee meeting till the investments are fully recovered/ written-off.</p> <p>The Trustees will monitor the compliance of this circular and disclose in the half-yearly trustee reports filed with SEBI, the compliance in respect of every segregated portfolio created.</p> <p>In order to avoid mis-use of segregated portfolio, trustees will ensure that there is a mechanism in place to negatively impact the performance incentives of Fund Managers, Chief Investment Officers (CIOs), etc. involved in the investment process of securities under the segregated portfolio, mirroring the existing mechanism for</p>

Income Distribution cum capital withdrawal	The IDCW warrants shall be dispatched to the unitholders within 15 days from the record date. In the event of failure of dispatch of IDCW within the stipulated 15 day period, the AMC shall be liable to pay																																																												

	<p>interest @ 15 per cent per annum to the unit holders for the period of such delay.</p> <p>AMC will endeavor to credit the IDCW payouts directly to the designated Bank A/c of the unitholders of Aditya Birla Sun Life Mutual Fund schemes through any of the available electronic mode (i.e. RTGS / NEFT / Direct Credit / NECS). AMC reserves the right to use any of the above mode of payment as deemed appropriate for all folios where the required information is available.</p>
Redemption	<p>Redemption or repurchase proceeds shall be dispatched to the unitholders within 10 working days from the date of redemption or repurchase.</p> <p>The Units can be Redeemed (i.e. sold back to the Mutual Fund) or Switched-out on every Business Day at the Redemption Price. The Redemption / Switch-out request can be made by way of a written request / pre-printed form / relevant tear off section of the Transaction Slip enclosed with the Account Statement, which should be submitted at / may be sent by mail to any of the ISCs.</p> <p>In case an investor has purchased Units of the Scheme on more than one Business Day (either during the New Fund Offer Period, or on an ongoing basis), the Units purchased prior in time will be redeemed/switched-out first. Thus, in case of valid application for redemption/switch-out is made by the investor, those Units of the scheme which have been held for the longest period of time will be redeemed/switched-out first i.e. on a First-in-First-Out basis.</p> <p>However, where Units under a Scheme are held under both Regular and Direct Plans and the redemption / Switch request pertains to the Direct Plan, the same must clearly be mentioned on the request (along with the folio number), failing which the request would be processed from the Regular Plan. However, where Units under the requested Option are held only under one Plan, the request would be processed under such Plan.</p> <p>The Redemption would be permitted to the extent of clear credit balance in the Unit holder's account. The Redemption request can be made by specifying the rupee amount or by specifying the number of Units to be redeemed. If a Redemption request is for both, a specified rupee amount and a specified number of Units, the specified number of Units will be considered the definitive request. If only the Redemption amount is specified by the Unit holder, the AMC will divide the Redemption amount so specified by the Redemption Price to arrive at the number of Units. The request for Redemption of Units could also be in fractions, upto three decimal places. However, in case of units held in electronic (demat) mode, the redemption request can be given only in number of Units. Also Switch transactions are currently not available in case of units held in electronic (demat) mode.</p> <p>In case the Units are held in the names of more than one Unit holder, where mode of holding is specified as "Joint", Redemption requests will have to be signed by all the joint holders. However, in cases of holding specified as 'Anyone or Survivor', any of the Unit holders will have the power to make Redemption request, without it being necessary for all the Unit holders to sign. However, in all cases, the Redemption proceeds will be paid only to the first named holder.</p> <p>AMC will endeavor to credit the redemptions payouts directly to the designated Bank A/c of the unitholder through any of the available electronic mode (i.e. RTGS / NEFT / Direct Credit). AMC reserves the right to use any of the above mode of payment as deemed appropriate for all folios where the required information is available. AMC/Mutual Fund, however, reserves the right to issue a cheque / demand draft inspite of an investor opting for Electronic Payout.</p> <p>Bank Details: In order to protect the interest of investors from fraudulent encashment of cheques, the current SEBI (MF) Regulations have made it mandatory for investors to mention in their application / Redemption request, the bank name and account number. Applications without these details are liable to be rejected.</p>

<p>The policy regarding reissue of repurchased units, including the maximum extent, the manner of reissue, the entity (the scheme or the AMC) involved in the same.</p>	<p>The Units can be repurchased/redeemed (i.e., sold back to the Fund) or Switched-out on every business day, at the Applicable NAV subject to payment of exit load, if any and lock-in period, if any. The Units so repurchased shall not be reissued. The Redemption / Switch-out request can be made by way of a written request / pre-printed form / relevant tear off section of the Transaction Slip enclosed with the Account Statement, which should be submitted at / may be sent by mail to any of the ISCs.</p> <p>In case the Units are held in the names of more than one Unit holder, where mode of holding is specified as "Joint", Redemption requests will have to be signed by all the joint holders. However, in cases of holding specified as 'Anyone or Survivor', any of the Unit holders will have the power to make Redemption request, without it being necessary for all the Unit holders to sign. However, in all cases, the Redemption proceeds will be paid only to the first named holder.</p> <p>For further details, please refer to "Redemptions".</p>
<p>Restrictions, if any, on the right to freely retain or dispose of units being offered</p>	<p>Suspension of Sale / Switching Options of the Units:</p> <p>The Mutual Fund at its sole discretion reserves the right to suspend sale and switching of Units in the Scheme temporarily or indefinitely when any of the following conditions exist. However, the suspension of sale and switching of Units either temporarily or indefinitely will be with the approval of the Trustee.</p> <ol style="list-style-type: none"> 1. When one or more stock exchanges or markets, which provide basis for valuation for a substantial portion of the assets of the Scheme are closed otherwise than for ordinary holidays. 2. When, as a result of political, economic or monetary events or any circumstances outside the control of the Trustee and the AMC, the disposal of the assets of the Scheme are not reasonable, or would not reasonably be practicable without being detrimental to the interests of the Unit holders. 3. In the event of breakdown in the means of communication used for the valuation of investments of the Scheme, without which the value of the securities of the Scheme cannot be accurately calculated. 4. During periods of extreme volatility of markets, which in the opinion of the AMC are prejudicial to the interests of the Unit holders of the Scheme. 5. In case of natural calamities, strikes, riots and bandhs. 6. In the event of any force majeure or disaster that affects the normal functioning of the AMC or the ISC. 7. If so directed by SEBI. <p>The AMC reserves the right in its sole discretion to withdraw the facility of Sale and Switching option of Units into the Scheme [including any one Plan/Option of the Scheme], temporarily or indefinitely, if AMC views that changing the size of the corpus further may prove detrimental to the existing Unit holders of the Scheme.</p>
<p>Right To Limit Redemptions</p>	<p>Subject to the approval of the Board of Directors of Aditya Birla Sun Life AMC Limited ("ABSLAMC") and the Aditya Birla Sun Life Trustee Private Limited ("Trustee") and also subject to necessary communication of the same to SEBI, the redemption of / switch-out of Units of Scheme(s) of the Fund, may be temporarily suspended/ restricted under the following circumstances that leads to a systemic crisis or event that severely constricts market liquidity or the efficient functioning of markets:</p> <p>a) Liquidity issues - When markets at large becomes illiquid affecting almost all securities rather than any issuer specific security.</p> <p>b) Market failures, exchange closures - When markets are affected by unexpected events which impact the functioning of exchanges or the regular course of transactions. Such unexpected events could also be related to political, economic, military, monetary or other emergencies.</p>

	<p>c) Operational issues - When exceptional circumstances are caused by <i>force majeure</i>, unpredictable operational problems and technical failures (e.g. a black out). Under the aforesaid circumstances, ABSLAMC / Trustee may restrict redemption for a specified period of time not exceeding 10 working days in any 90 days period. For redemption requests placed during the restriction period the following provisions will be applicable:</p> <p>(iii) For redemption requests upto Rs. 2 lakh the above-mentioned restriction will not be applicable and</p> <p>(iv) Where redemption requests are above Rs. 2 lakh, AMCs shall redeem the first Rs. 2 lakh without such restriction and remaining part over and above Rs. 2 lakh shall be subject to such restriction.</p> <p>ABSLAMC / Trustee reserves the right to change / modify the provisions of right to limit Redemption / switch-out of units of the Scheme(s) pursuant to direction/ approval of SEBI.</p>
Delay in payment of redemption / repurchase proceeds and despatch of IDCW warrants	The Asset Management Company shall be liable to pay interest to the unitholders at such rate as may be specified by SEBI for the period of such delay (presently @ 15% per annum).
Transfer of Units	<p>Units are freely transferable, the Asset Management Company shall on production of instrument of transfer together with the relevant documents, register the transfer within thirty days from the date of such production. Further, On listing, the Units of the scheme held in electronic (demat) form would be transferable. Transfers should be only in favour of transferees who are eligible for holding Units under the Scheme. The AMC shall not be bound to recognise any other transfer. For effecting the transfer of Units held in electronic form, the Unitholders would be required to lodge delivery instructions for transfer of Units with the DP in the requisite form as may be required from time to time and the transfer will be effected in accordance with such rules/regulations as may be in force governing transfer of securities in electronic (demat) mode.</p> <p>If a person becomes a holder of the Units consequent to operation of law, or upon enforcement of a pledge, the Fund will, subject to production of satisfactory evidence, effect the transfer, if the transferee is otherwise eligible to hold the Units. Similarly, in cases of transfers taking place consequent to death, insolvency etc., the transferee's name will be recorded by the Fund subject to production of satisfactory evidence.</p> <p>Transfer of units will be subject to payment of applicable stamp duty by the Unitholder(s)</p>

C. PERIODIC DISCLOSURES

<p>Net Asset Value</p> <p>This is the value per unit of the scheme on a particular day. You can ascertain the value of your investments by multiplying the NAV with your unit balance.</p>	<p>The AMC will calculate and disclose the first NAV(s) of the scheme not later than 5 (five) Business days from the date of allotment. Thereafter, the NAV will be calculated and disclosed for every Business Day. NAV of the scheme will be calculated up to two decimal places. AMC reserves the right to calculate NAV more than two decimal places. AMC shall update the NAV on the AMFI website (www.amfiindia.com) and on the website of the Mutual Fund (www.mutualfund.adityabirlacapital.com) by 11.00 pm on the day of declaration of the NAV.</p> <p>In case of any delay, the reasons for such delay would be explained to AMFI in writing. If the NAVs are not available before commencement of business hours on the following day due to any reason, Mutual Fund shall issue a press release providing reasons</p>

Disclosure related to Risk-o-meter	<p>The Product labeling mandated by SEBI is to provide investors an easy understanding of the risk involved in the kind of product / scheme they are investing to meet their financial goals. The Riskometer categorizes the scheme of Fund under different levels of risk based on the respective scheme's investment objective, asset allocation pattern, investment strategy and typical investment time horizon of investors. Therefore, the scheme falling under the same level of risk in the Riskometer may not be similar in nature. Investors are advised before investing to evaluate a scheme not only on the basis of the Product labeling (including the Riskometer) but also on other quantitative and qualitative factors such as performance, portfolio, fund managers, asset manager, etc. and shall also consult their financial advisers, if they are unsure about the suitability of the scheme before investing. Further, pursuant to SEBI circular dated October 05, 2020, Risk-o-meters shall be evaluated on a monthly basis and Mutual Funds/AMCs shall disclose the Risk-o-meters along with portfolio disclosure for their schemes on AMCs website and on AMFI website within 10 days from the close of each month. Mutual Funds shall also disclose the risk level of schemes as on March 31 of every year, along with number of times the risk level has changed over the year, on AMCs website and AMFI website.</p>

D. COMPUTATION OF NET ASSET VALUE

The Net Asset Value (NAV) per Unit of the scheme will be computed by dividing the net assets of the scheme by the number of Units outstanding under the scheme on the valuation date. The Mutual Fund will value its investments according to the valuation norms, as specified in Schedule VIII of the SEBI (MF) Regulations, or such norms as may be specified by SEBI from time to time.

NAV of Units under the scheme shall be calculated as shown below:

$$\begin{aligned} & \text{Market or Fair Value of the scheme's Investments} \\ & + \text{Current Assets (including accrued income)} \\ & - \text{Current Liabilities and Provisions (including accrued expenses)} \end{aligned}$$

$$\text{NAV (Rs.) per Unit} = \frac{\text{Market or Fair Value of the scheme's Investments} + \text{Current Assets (including accrued income)} - \text{Current Liabilities and Provisions (including accrued expenses)}}{\text{No. of Units outstanding under the scheme}}$$

No. of Units outstanding under the scheme

The AMC will calculate and disclose the NAV of the scheme on every business day. The NAVs of the Scheme will be calculated upto two decimals and units allotted upto three decimals. AMC reserves the right to calculate NAV more than two decimal places. NAVs of the growth option and IDCW option will be different after the declaration of the first IDCW.

Computation of NAV in case of investment in foreign securities: On the valuation day, all the assets and liabilities denominated in foreign currency will be valued in Indian Rupees. The valuation price of the security will be converted to INR based on a reference rate provided by the designated agency at the close of banking hours in India. If required, the AMC may change the source of determining the exchange rate. The Fund shall value its investments according to the valuation norms as specified in the Eighth Schedule of the Regulations, or such guidelines / recommendations as may be specified by SEBI from time to time. The broad valuation norms are detailed in the Statement of Additional Information.

Section IV – FEES AND EXPENSES

This section outlines the expenses that will be charged to the schemes and also about the transaction charges, if any, to be borne by the investors. The information provided under this Section seeks to assist the investor in understanding the expense structure of the Schemes and types of different fees / expenses and their percentage the investor is likely to incur on purchasing and selling the Units of the Schemes.

A. NEW FUND OFFER EXPENSES

These expenses are incurred for the purpose of various activities related to the NFO like sales and distribution fees paid marketing and advertising, registrar expenses, printing and stationary, bank charges etc. All the NFO expenses of the Scheme shall be borne by the AMC.

The entire amount subscribed by the investor subject to deduction of transaction charges, if any, in the scheme during the New Fund Offer will be available to the scheme for investments.

B. ANNUAL SCHEME RECURRING EXPENSES

These are the fees and expenses for operating the scheme. These expenses include Investment Management and Advisory Fee charged by the AMC, Registrar and Transfer Agents' fee, marketing and selling costs etc. as given in the table related to maximum permissible expense below.

Within the limits specified under the SEBI Regulations, the AMC has estimated that the following will be charged to the scheme as expenses. For the actual current expenses being charged, the investor should refer to the website of the mutual fund. Further, any change in the expense ratio will be updated on our website and the same will be communicated to investor via SMS / e-mail 3 working days prior to the effective date of change.

As per Regulation 52(6)(c) of SEBI (MF) Regulations, the total expenses of the scheme, including Investment Management and Advisory Fees, shall be subject to following limits as specified below:

Assets under management Slab (In Rs. crore)	Total expense ratio limits
on the first Rs.500 crores of the daily net assets	2.25%
on the next Rs.250 crores of the daily net assets	2.00%
on the next Rs.1,250 crores of the daily net assets	1.75%
on the next Rs.3,000 crores of the daily net assets	1.60%
on the next Rs.5,000 crores of the daily net assets	1.50%
On the next Rs.40,000 crores of the daily net assets	Total expense ratio reduction of 0.05% for every increase of Rs.5,000 crores of daily net assets or part thereof.
On balance of the assets	1.05%

In addition to total expense permissible within limits of Regulation 52 (6)(c) of SEBI (MF) Regulations as above, the AMC may charge the following to the scheme in terms of Regulation 52(6A) of SEBI (MF) Regulations:

- (a) Additional expenses not exceeding of 0.30% of daily net assets may be charged to the Scheme, if the new inflows from retail investors[^] from beyond top 30 cities* are at least (i) 30% of gross new inflows in the scheme or (ii) 15% of the average assets under management (year to date) of the scheme, whichever is higher.

[^]As per SEBI circular dated March 25, 2019, inflows of amount upto Rs 2,00,000/- per transaction, by individual investors shall be considered as inflows from "retail investor".

*Beyond Top 30 (B30) cities shall mean beyond top 30 cities based on Association of Mutual Funds in India (AMFI) data on 'AUM by Geography - Consolidated Data for Mutual Fund Industry' as at the end of the previous financial year.

In case inflows from beyond such cities is less than the higher of (i) or (ii) mentioned above, such additional expense on daily net assets of the scheme shall be charged on proportionate basis in accordance with SEBI Circular no. CIR/IMD/DF/21/2012 dated September 13, 2012.

Inflows from corporates and institutions from B-30 cities will not be considered for computing the inflows from B-30 cities for the purpose of additional TER of 30 basis points.

The expense so charged shall be utilised for distribution expenses incurred for bringing inflows from such cities. However, the amount incurred as expense on account of inflows from such cities shall be credited back to the scheme in case the said inflows are redeemed within a period of one year from the date of investment.

- (b) Brokerage and transaction costs incurred for the execution of trades and included in the cost of investment, not exceeding 0.12 per cent of the value of trades in case of cash market transactions and 0.05 per cent of the value of trades in case of derivatives transactions. Thus, in terms of SEBI circular CIR/IMD/DF/24/2012 dated November 19, 2012, it is hereby clarified that the brokerage and transaction costs incurred for the execution of trades may be capitalized to the extent of 0.12

Aditya Birla Sun Life Business Cycle Fund

per cent of the value of trades in case of cash market transactions and 0.05 per cent of the value of trades in case of derivatives transactions. Any payment towards brokerage and transaction costs (including GST, if any) incurred for the execution of trades, over and above the said 0.12 per cent and 0.05 per cent for cash market transactions and derivatives transactions respectively may be charged to the scheme within the maximum limit of Total Expense Ratio (TER) as prescribed under Regulation 52 of the SEBI (MF) Regulations

- (c) Additional expenses incurred towards different heads mentioned under Regulations 52(2) and 52(4) of SEBI (MF) Regulations, not exceeding 0.05 per cent of daily net assets of the scheme.

The AMC has estimated the following recurring expenses, as detailed in table related to maximum permissible expense below. The expenses are estimated have been made in good faith as per the information available to the AMC based on past experience and are subject to change inter se.

The purpose of the below table is to assist the investor in understanding the various costs and expenses that an investor in the scheme will bear directly or indirectly.

Maximum estimated permissible expense as a % per annum of daily net assets	
A. Expense Head / Nature of expense	% of daily net assets
Investment Management and Advisory Fees (AMC fees)	Upto 2.25%

B. Additional expenses under Regulation 52 (6A) (c)	Upto 0.05%
C. Additional expense for gross new inflows from specified cities under Regulation 52 (6A) (b) to improve geographical reach of scheme.	Upto 0.30%

The above estimates for recurring expense are for indicative purposes only and have been made in good faith as per the information available to the AMC based on past experience.

Note:

- (a) The TER of the Direct Plan will be lower to the extent of the abovementioned distribution expenses/ commission which is charged in the Regular Plan.
- (b) ^In terms of SEBI Circular No. CIR/IMD/DF/21/2012 dated September 13, 2012, the AMC / Mutual Fund shall annually set apart at least 2 basis points (i.e. 0.02%) on daily net assets of the Scheme within the maximum limit of Total Expense Ratio as per Regulation 52 of the SEBI (MF) Regulations for investor education and awareness initiatives.
- (c) In terms of SEBI Circular No. CIR/IMD/DF/21/2012 dated September 13, 2012, AMC may charge the following Fees and expenses as mentioned below:
- Investment Management and Advisory Fees:** AMC may charge GST on investment management and advisory fees to the Scheme in addition to the maximum limit of Total Expense Ratio as prescribed under Regulation 52 of the SEBI (MF) Regulations.
 - Other than Investment Management and Advisory Fees:** AMC may charge GST on expenses other than investment management and advisory fees to the Scheme within the maximum limit of Total Expense Ratio as prescribed under Regulation 52 of the SEBI (MF) Regulations. Further, GST on Brokerage and transaction cost incurred for execution of trades, will be within the maximum limit of Total Expense Ratio as prescribed under Regulation 52 of the SEBI (MF) Regulations.

Aditya Birla Sun Life Business Cycle Fund

- (d) Additional Expenses upto 0.05% of daily net assets as permissible under Regulation 52 (6A) (c) may be charged by AMC under different heads of expenses mentioned under Regulation 52 (2) and (4) and more specifically stated in table above.
- (e) **Maximum Permissible expense:** The maximum total expense ratio (TER) that can be charged to the Scheme will be subject to such limits as prescribed under the SEBI (MF) Regulations. The said maximum TER shall either be apportioned under various expense heads as enumerated above, without any sub limit or allocated to any of the said expense head(s) at the discretion of AMC. Also, the types of expenses charged shall be as per the SEBI (MF) Regulations

Investors should note that, all scheme related expenses including commission paid to distributors will necessarily be paid from the Scheme only within the regulatory limits and not from the books of the ABSLAMC, its associate, sponsor, trustee or any other entity through any route.

The total recurring expenses of the Scheme excluding issue or redemption expenses, whether initially borne by the Mutual Fund or by the AMC, but including the investment management and advisory fee, shall not exceed the limits as prescribed under Regulation 52 of the SEBI (MF) Regulations.

Illustration of impact of expense ratio on schemes returns:

Expense ratio, normally expressed as a percentage of Average Assets under Management, is calculated by dividing the permissible expenses under the Regulations by the average net assets.

To further illustrate the above, for the Scheme under reference, suppose an Investor invested Rs. 10,000/- the impact of expenses charged will be as under:

	Regular Plan			Direct Plan		
	Amount (Rs.)	Units	NAV (Rs.)	Amount (Rs.)	Units	NAV (Rs.)
Invested on March 31, 2019 (A)	10,000.00	950.299	10.523	10,000.00	931.619	10.734
Value of above investment as on March 31, 2020 (post all applicable expenses) (B)	10,902.89	950.299	11.473	10,977.89	931.619	11.473
Expenses charged during the year (C)	150.00			150.00		
Distribution Expenses/Commission charged during the year (D)	75.00			0.00		
Value of above investment as on March 31, 2020 (after adding back all expenses charged) (D) [D= B+C]	11,052.89	950.299	11.710	11,127.89	931.619	11.945
Returns (%) (post all applicable expenses) (E)	9.03%			9.78%		
Returns (%) (without considering any expenses) (F) [F= (D-A)/A]	11.28%			11.28%		

Note(s):

- The purpose of the above illustration is to purely explain the impact of expense ratio charged to the Scheme and should not be construed as providing any kind of investment advice or guarantee of returns on investments.
- It is assumed that the expenses charged are evenly distributed throughout the year.
- The expenses of the Direct Option under the Scheme will be lower to the extent of the above mentioned distribution expenses/ commission. The NAVs of Direct Plan and Regular Plan will be different.
- Calculations are based on assumed NAVs, and actual returns on your investment may be more, or less.
- Any tax impact has not been considered in the above example, in view of the individual nature of the tax implications. Each investor is advised to consult his or her own financial advisor.

C. TRANSACTION CHARGES

SEBI has, with the intent to enable investment by people with small saving potential and to increase reach of Mutual Fund products in urban areas and in smaller towns, wherein the role of the distributor is considered vital, allowed AMCs vide its circular No. Cir/ IMD/ DF/13/ 2011 dated August 22, 2011 to deduct transaction charges for subscription of Rs. 10,000/- and above.

In accordance with the said circular, ABSLAMC / Mutual Fund will deduct the transaction charges from the subscription amount and pay to the distributors as shown below (who have opted-in to receive the transaction charges on basis of type of product). Thereafter, the balance of the subscription amount shall be invested.

1. Transaction charges shall be deducted for Applications for purchase/ subscription relating to new inflows and routed through distributor / agent:

Investor Type	Transaction charges [^]
First Time Mutual Fund Investor (across Mutual Funds)	Rs. 150 for subscription application of Rs. 10,000 and above.
Investor other than First Time Mutual Fund Investor	Rs. 100 for subscription application of Rs. 10,000 and above.

2. [^]The transaction charge, if any, shall be deducted by the ABSLAMC from the subscription amount and paid to the distributor; and the balance shall be invested and accordingly units allotted. The statement of account shall clearly state the net investment as gross subscription less transaction charge and depict the number of units allotted against the net investment amount.
However, Transaction charges in case of investments through Systematic Investment Plan (SIP) from first time mutual fund investor and investor other than first time mutual fund investor shall be deducted only if the total commitment (i.e. amount per SIP installment x No. of installments) amounts to Rs. 10,000/- or more. The transaction charges shall be deducted in 3-4 installments.
3. **Transaction charges shall not be deducted/applicable for:**
 - (a) purchases / subscriptions for an amount less than Rs. 10,000/-;
 - (b) Transaction other than purchases / subscriptions relating to new inflows such as Switches, STPs, Reinvestment of IDCW, etc.
 - (c) **Purchases / subscriptions made directly with the Mutual Fund (i.e. not routed through any distributor / agent).**
 - (d) Transactions carried out through the Stock Exchange Platforms for Mutual Funds.

D. LOAD STRUCTURE

Load is an amount that is paid by the investor to subscribe to the units or to redeem the units from the scheme. This amount is used by the AMC to pay commissions to the distributor and to take care of other marketing and selling expenses. Load amounts are variable and are subject to change from time to time. For the current applicable structure, please refer to the website of the AMC (www.mutualfund.adityabirlacapital.com) or may call at 1-800-22-7000/1-800-270-7000 or your distributor.

Type of Load	Load Chargeable (as %age of NAV)
Entry Load*	Nil.
Exit Load	For redemption/switch out of units on or before 365 days from the date of allotment: 1.00% of applicable NAV. For redemption/switch out of units after 365 days from the date of allotment: Nil

*In terms of SEBI circular no. SEBI/IMD/CIR No.4/ 168230/09 dated June 30, 2009, no entry load will be charged by the Scheme to the investor effective August 01, 2009.

- No Exit Loads will be chargeable in case of switches made from Growth option to IDCW option or vice-versa within the respective Plans offered under the Scheme
- No entry or exit load shall be charged in respect of units issued to unitholders on Reinvestments of IDCW and units issued to unitholders as Bonus units.
- No exit load will be charged in case of switch of investments from Regular Plan to Direct Plan and vice versa.
- The above Load shall be applicable in case SIP/STP/SWP transactions.
- Pursuant to Circular no. CIR/IMD/DF/21/2012 dated September 13, 2012, exit load charged, if any, by the AMC/Mutual Fund to the unitholders shall be credited to the Scheme immediately, net of GST, if any.

The investor is requested to check the prevailing load structure of the scheme before investing. AMC reserves the right to change / modify the Load structure under the schemes if it so deems fit in the interest of smooth and efficient functioning of the Mutual Fund. AMC reserves the right to introduce

/ modify the Load depending upon the circumstances prevailing at that time subject to maximum limits as prescribed under the SEBI (MF) Regulations.

Any imposition or enhancement of Load in future as may be permitted under SEBI (MF) Regulations shall be applicable on prospective investments only and will be calculated on First in First Out (FIFO) basis. However, AMC shall not charge any load on issue of bonus units and units allotted on reinvestment of IDCW for existing as well as prospective investors. At the time of changing the Load Structure following measures would be undertaken to avoid complaints from investors about investment in the schemes without knowing the loads:

- I. The addendum detailing the changes would be attached to Scheme Information Document and Key Information Document. The addendum will be circulated to all the distributors / brokers so that the same can be attached to all Scheme Information Documents and Key Information Documents already in stock.
- II. Arrangements will be made to display the addendum in the Scheme Information Document in the form of a notice in all the Investor Service Centres and distributors / brokers office.
- III. The introduction of the Exit Load alongwith the details would be stamped in the acknowledgement slip issued to the investors on submission of the application form and would also be disclosed in the statement of accounts issued after the introduction of such load.
- IV. Any other measure which the AMC/Mutual Fund may feel necessary.

For any change in load structure AMC will issue an addendum and display it on the website/Investor Service Centres

Unitholder Transaction Expenses and Load

In accordance with SEBI (MF) Regulations, while determining the price of the units, the mutual fund shall ensure that the repurchase price of the scheme is not lower than 95 per cent of the Net Asset Value.

Note: Where as a result of a Redemption/ Switch arising out of excess holding by an investor beyond 25% of the net assets of the schemes in the manner envisaged under SEBI Circular dated December 12, 2003 ref SEBI/IMD/CIR No. 10/ 22701/03 read with Circular dated June 14, 2005 ref SEBI/IMD/CIR No. 1/ 42529/05, such Redemption / Switch will not be subject to Exit load.

Further, only top 10 monetary penalties during the last three years shall be disclosed.

NIL

2. In case of Indian Sponsor(s), details of all monetary penalties imposed and/ or action taken during the last three years or pending with any financial regulatory body or governmental authority, against Sponsor(s) and/ or the AMC and/ or the Board of Trustees /Trustee Company; for irregularities or for violations in the financial services sector, or for defaults with respect to shareholders or debenture holders and depositors, or for economic offences, or for violation of securities law. Details of settlement, if any, arrived at with the aforesaid authorities during the last three years shall also be disclosed.

NIL

- 3. Details of all enforcement actions taken by SEBI in the last three years and/ or pending with SEBI for the violation of SEBI Act, 1992 and Rules and Regulations framed there under including debarment and/ or suspension and/or cancellation and/ or imposition of monetary penalty/adjudication/enquiry proceedings, if any, to which the Sponsor(s) and/ or the AMC and/ or the Board of Trustees/Trustee Company and/ or any of the directors and/ or key personnel (especially the fund managers) of the AMC and Trustee Company were/ are a party. The details of the violation shall also be disclosed.**

SEBI had issued a show cause notice in the matter of Mannapuram Finance Ltd (hereinafter referred to as "Company"), wherein it has been alleged that ING Asset Management (India) Pvt. Ltd., the investment manager of ING Mutual Fund (post-acquisition of schemes of ING Mutual Fund in October 2014, now known as, Aditya Birla Sun Life AMC Limited (AMC) and Aditya Birla Sun Life Mutual Fund (MF), respectively) traded in the scrip of Mannapuram Finance Ltd. when in possession of Unpublished Price Sensitive Information (hereinafter referred to as "UPSI"). It was alleged in the notice that there was a violation of Section 12A(d) and 12A(e) of SEBI Act, 1992 read with Regulation 3(i), 3A and 4 of SEBI (Prohibition of Insider Trading) Regulations, 1992 (hereinafter referred to as "PIT Regulations"). In response to the Show Cause Notice, the AMC has filed a preliminary reply denying the aforesaid allegations on the grounds that, AMC was not in possession of UPSI at the time of sale of shares and that the said shares were sold post publication of Price Sensitive Information made available by the Company on BSE website and thus the AMC/MF had not violated the alleged provisions of SEBI Act and PIT regulations.

Show Cause Notice dated May 29, 2019 issued against ABSLAMC and others for trades done by Schemes of ING Mutual Fund in the scrip of Mannapuram Finance Limited, has been disposed off by SEBI on April 13, 2020 without any penalty.

There are cases pending before the Consumer Redressal Commissions, Civil Courts and High Courts. The contingent liability aggregates to Rs. 86 lakhs approximately.

- 5. Any deficiency in the systems and operations of the Sponsor(s) and/ or the AMC and/ or the Board of Trustees/Trustee Company which SEBI has specifically advised to be disclosed in the SID, or which has been notified by any other regulatory agency, shall be disclosed.**

NIL

Asides the above, there is no other disclosure.

Note:

- (a) Further, any amendments / replacement / re-enactment of SEBI Regulations subsequent to the date of the Scheme Information Document shall prevail over those specified in this Document.
- (b) The Scheme under this Scheme Information Document was approved by the Trustees on June 17, 2021. The Trustees have ensured that Aditya Birla Sun Life Business Cycle Fund approved by them is a new product offered by Aditya Birla Sun Life Mutual Fund and is not a minor modification of any existing scheme/fund/product.
- (c) **Notwithstanding anything contained in this Scheme Information Document, the provisions of the SEBI (Mutual Funds) Regulations, 1996 and the guidelines there under shall be applicable.**
