Indian equity markets rebounded sharply after two consecutive sessions of losses, supported by a decline in crude oil prices and stability in global bond yields, which helped ease concerns over inflation and the interest rate outlook.

Airtel Money debuted on the London Stock Exchange with a valuation of around USD 7 billion. The listing marks a significant milestone for the digital financial services business and is expected to support future expansion across its operating markets. The development highlights growing investor interest in African fintech and mobile payments platforms.

JM Frictech announced an investment of Rs. 50 crore to establish its fourth manufacturing facility in Chandigarh. The expansion is aimed at enhancing production capacity and meeting rising demand for industrial products. The new plant is expected to strengthen the company's manufacturing footprint and support future growth plans.

HDFC Bank has completed selling a majority of its stake in HDFC Credila, an education finance subsidiary, for Rs 9,553 crore to private equity firms BPEA EQT and ChrysCapital. The bank would no longer have HDFC Credila as a division.

Term of the Day

Risk Management

Definition: Risk management is a process by means of which risks are identified, assessed, monitored and finally mitigated for any process or organisation. It is a process which is considered very critical for proper functioning and maintenance of any organisation. Some of the risks which a company is generally exposed to are financial risk, environmental risk, theft risk besides others.

Explanation

Risk Management is a critical part of organization’s strategy and it is widely seen as an essential part of the business. Companies face various risks and it is strategically very important to make provisions for them and mitigate them wherever possible. Effective risk management practices of the organization makes it less vulnerable and better prepared for uncertainty. Some of the common methods of mitigating risks are transferring it to a third party (insurance), budgeting for the same, implementing stringent control measures and finally creating a backup plan. Let us take an example of a company X based in India.
