HIGHLIGHTS OF THE SCHEME

Name of the Scheme	Aditya Birla Sun Life Frontline Equity Fund
Type of scheme	An open ended equity scheme predominantly investing in large cap stocks.
Inception Date	August 30, 2002
Investment Objective	The objective of the scheme is long term growth of capital, through a portfolio with a target allocation of 100% equity by aiming at being as diversified across various industries and/ or sectors as its chosen benchmark index, Nifty 50 TRI. The secondary objective is income generation and distribution of IDCW.
No. of Folios & AUM (As on May 31, 2021)	Folios: 9,61,936 AUM in Crs: Rs. 20,360.53
Plans/ Options offered	<p>The Scheme will have Regular Plan and Direct Plan** with a common portfolio and separate NAVs. Investors should indicate the Plan for which the subscription is made by indicating the choice in the application form.</p> <p>Each of the above (Regular and Direct) Plan under the scheme will have the following Options:</p> <p>(1) Growth Option and</p> <p>(2) Income Distribution cum capital withdrawal (“IDCW”) Option (Payout of IDCW/ Reinvestment of IDCW/ IDCW Sweep Facility)^</p> <p><i>^the amounts can be distributed out of investors capital (Equalization Reserve), which is part of sale price that represents realized gains</i></p> <p>**DIRECT PLAN:</p> <p>i. Direct Plan is only for investors who purchase /subscribe Units in a Scheme directly with the Mutual Fund and is not available for investors who route their investments through a Distributor.</p> <p>ii. Eligible investors: All categories of investors (whether existing or new Unitholders) as permitted under the Scheme Information Document of the Scheme are eligible to subscribe under Direct Plan.</p> <p>iii. Modes for applying: Investments under Direct Plan can be made through various modes offered by the Mutual Fund for investing directly with the Mutual Fund including through Stock Exchange Platforms for Mutual Funds [excluding other Platform(s) where investors’ applications for subscription of units are routed through Distributors].</p> <p>iv. How to apply:</p> <p>a. Investors desirous of subscribing under Direct Plan of a Scheme will have to ensure to indicate “Direct Plan” against the Scheme name in the application form.</p> <p>b. Investors should also indicate “Direct” in the ARN column of the application form.</p> <p>Payout of IDCW Under this option, it is proposed to declare IDCW subject to the availability of distributable surplus as computed in accordance with SEBI Regulations. IDCW, if declared, will be paid (subject to deduction of tax at source, if any) to those Unitholders, whose names appear in the register of Unitholders on the notified record date. AMC reserves the right to change the record date from time to time. However, it must be distinctly understood that actual declaration of IDCW and frequency thereof is at the discretion of trustees. There is no assurance or guarantee to Unitholders as to the rate of IDCW distribution nor that the IDCW will be paid regularly. The IDCW shall be paid in the name of the sole / first holder and, if applicable, will be posted to the Registered Address of the sole / first holder in the original application form. To safeguard the interest of the unit holders from loss/ theft of IDCW cheques, investors should provide the name of their bank, branch, account number and IFSC/ MICR Number in the application form. IDCW cheques will be sent to the unit holder after incorporating such information. However, AMC will endeavor to credit the Payout of IDCW directly to the designated Bank A/c of the unitholder through any of the available electronic mode (i.e. RTGS / NEFT / Direct Credit / NECS). AMC reserves the right to use any of the above mode of payment as deemed appropriate for all folios where the required information is available. On payments of IDCW, the NAV will stand reduced by the amount of IDCW paid. In case the IDCW amount payable is less than or equal to Rs 250/- (Rupees Two Hundred and Fifty only) the same will be compulsorily reinvested in the corresponding Scheme(s)/Plan(s) on the ex-IDCW date at Applicable NAV The amount of IDCW reinvested will be net of applicable taxes.</p>

Reinvestment of IDCW Unitholders opting for IDCW option may choose Reinvestment of IDCW to be received by them in additional units of the scheme. Under this facility the IDCW due and payable to the unitholders will be compulsorily and without any further act by the unitholders, reinvested in the IDCW option (on the next business day after the record date) at a price based on the prevailing Ex-IDCW Net Asset Value (NAV derived post declaration of IDCW) per unit on the record date. The amount of Reinvestment of IDCW will be net of tax deducted at source, wherever applicable. Reinvestment of IDCW shall constitute a constructive payment of IDCW to the unitholders and a constructive receipt of the same amount from each unitholder for reinvestment in units. On Reinvestment of IDCW, the number of units to the credit of the unitholders will increase to the extent of the Reinvestment of IDCW divided by the applicable NAV as explained above. There shall, however, be no entry/sales load on the IDCWs so reinvested.

IDCW Sweep Facility

Under IDCW Sweep Facility, Unitholders can now opt for transferring the IDCW earned under open-ended Debt / Equity Schemes to the Growth Option of any open - ended Debt / Equity Schemes of the Fund. The criteria of complying with the 'Minimum Application Amount' specified in the Scheme Information Document for respective Target Scheme will not be applicable to avail this facility. For instance, if the minimum application amount for fresh purchases in Aditya Birla Sun Life Equity Savings Fund - Direct Plan - Growth Option is Rs. 5,000/-, Unitholder can avail the facility even if the amount of IDCW is less than Rs. 5,000/- (subject to a minimum of Rs.1,000/-). The minimum amount of IDCW eligible for transfer (net of applicable taxes, if any) under IDCW Sweep Facility is Rs. 1,000/- (Rupees One Thousand Only). In case the IDCW amount to be transferred is less than the eligible amount, then the IDCW will be re-invested in the Scheme or paid to the Unitholder as per the existing option opted by the Unitholder. This facility shall not be available to the Unitholders who have opted for Reinvestment of IDCW under Daily IDCW Option under Source Scheme(s). This facility shall be processed on the record date of the IDCW declared under the Scheme. Further this facility shall not allow for switch of partial IDCW or switch of IDCW to multiple schemes.

Unitholders will have the right to discontinue the facility at any time by sending a written request to the Investor Service Centres (ISCs) of Aditya Birla Sun Life AMC Limited. Notice of such discontinuance should be received at least 7 (seven) business days prior to the IDCW Record Date. On receipt of the valid request, the facility will be terminated.

Growth Option

Under this option, no IDCW will be declared. The income attributable to units under this option will continue to remain invested and will be reflected in the NAV of the units under this option.

Default Plan / Option

(In case the investor fails to specify his preference, the given default plan / option / sub-option would apply)

Default Option/Sub-Option: Reinvestment of IDCW

In case of valid application received without indicating choice between Growth and IDCW Option, the same shall be considered as Reinvestment of IDCW and processed accordingly.

Default Plan:

Investors are requested to note the following scenarios for the applicability of "Direct Plan or Regular Plan" for valid applications received under the Scheme:

Section I – INTRODUCTION

A. RISK FACTORS

STANDARD RISK FACTORS

- Mutual Funds and securities investments are subject to market risks and there can be no assurance or guarantee that the objectives of the Scheme will be achieved.
- Investment in Mutual Fund Units involves investment risks such as trading volumes, settlement risk, liquidity risk, default risk including the possible loss of principal.
- As the price / value / interest rates of the securities in which the scheme invests fluctuates, the value of your investment in the scheme may go up or down depending on the various factors and forces affecting capital markets and money markets.
- Past performance of the Sponsor / AMC / Mutual Fund does not guarantee future performance of the Scheme and may not necessarily provide a basis of comparison with other investments.

- Aditya Birla Sun Life Frontline Equity Fund is the name of the Scheme and does not, in any manner, indicate either the quality of the Scheme or its future prospects and returns.
- The Sponsors are not responsible or liable for any loss resulting from the operation of the Schemes beyond the initial contribution of Rs.1,00,000 made by it towards setting up the Fund.
- The present scheme is not a guaranteed or assured return scheme.

SCHEME SPECIFIC RISK FACTORS

Risks associated with investment in Equity and Equity related instruments:

- Equity and Equity related securities by nature are volatile and prone to price fluctuations on a daily basis due to both macro and micro factors.
- The NAVs of schemes investing in equity will fluctuate as the daily prices of the individual securities in which they invest fluctuate and the units when redeemed may be worth more or less than their original cost.
- The value of the Scheme's investments, may be affected generally by factors affecting securities markets, such as price and volume volatility in the capital markets, interest rates, currency exchange rates, changes in policies of the Government, taxation laws or policies of any appropriate authority and other political and economic developments and closure of stock exchanges which may have an adverse bearing on individual securities, a specific sector or all sectors including equity and debt markets. Consequently, the NAV of the units of the Scheme may fluctuate and can go up or down.
- In respect of investments in equity and equity-related instruments, there may be risks associated with trading volumes, settlement periods and transfer procedures that may restrict liquidity of investments in equity and equity-related securities. In the event of inordinately large number of redemptions or of a restructuring of the schemes' investment portfolio, there may be delays in the redemption of units.
- Within the regulatory limits, the Fund Manager may choose to invest in listed and to be listed securities that offer attractive yields. Securities, which are not quoted on the stock exchanges, are inherently illiquid in nature and carry a larger amount of liquidity risk, in comparison to securities that are listed on the exchanges or offer other exit options to the investor, including a put option. This may however increase the risk of the portfolio. The liquidity and valuation of the schemes' investments due to their holdings of listed and to be listed securities may be affected if they have to be sold prior to their target date of disinvestments.
- Investment made in listed and to be listed equity or equity-related securities may only be realizable upon listing of these securities. Settlement problems could cause the Scheme to miss certain investment opportunities.
- Investors may note that Fund Manager's investment decisions may not always be profitable, as actual market movements may be at variance with anticipated trends.
- Though the constituent stocks of most indexes are typically liquid, liquidity differs across stocks. Due to the heterogeneity in liquidity in the capital market segment, trades on this segment may not get implemented instantly.

Risk Factors associated with investments in Fixed Income Securities:

- **Price-Risk or Interest-Rate Risk:** Fixed income securities such as bonds, debentures and money market instruments run price-risk or interest-rate risk. Generally, when interest rates rise, prices of existing fixed income securities fall and when interest rates drop, such prices increase. The extent of fall or rise in the prices is a function of the existing coupon, days to maturity and the increase or decrease in the level of interest rates.
- **Credit Risk:** In simple terms this risk means that the issuer of a debenture/ bond or a money market instrument may default on interest payment or even in paying back the principal amount on maturity. Even where no default occurs, the price of a security may go down because the credit rating of an issuer goes down. It must, however, be noted that where the Scheme has invested in Government securities, there is no credit risk to that extent.
- **Liquidity or Marketability Risk:** This refers to the ease with which a security can be sold at or near to its valuation Yield-to-Maturity (YTM). The primary measure of liquidity risk is the spread between the bid price and the offer price quoted by a dealer. Liquidity risk is today's characteristic of the Indian fixed income market.
- **Reinvestment Risk:** Investments in fixed income securities may carry reinvestment risk as interest rates prevailing on the interest or maturity due dates may differ from the original coupon of the bond. Consequently, the proceeds may get invested at a lower rate.
- **Pre-payment Risk:** Certain fixed income securities give an issuer the right to call back its securities before their maturity date, in periods of declining interest rates. The possibility of such prepayment may force the fund to reinvest the proceeds of such investments in securities offering lower yields, resulting in lower interest income for the fund.
- Different types of securities in which the scheme would invest as given in the Scheme Information Document carry different levels and types of risk. Accordingly the scheme's risk may increase or decrease depending upon its investment pattern. E.g. corporate bonds carry a higher amount of risk than Government securities. Further even among corporate bonds, bonds, which are AA rated, are comparatively more risky than bonds, which are AAA rated.

- The above are some of the common risks associated with investments in fixed income and money market securities. There can be no assurance that a Scheme's investment objectives will be achieved, or that there will be no loss of capital. Investment results may vary substantially on a monthly, quarterly or annual basis.

Risk Factors associated with investments in Foreign Securities:

- Investments in International (overseas) securities including Exchange Traded Funds involves increased risk and volatility, not typically associated with domestic investing, due to changes in currency exchange rates, foreign government regulations, differences in auditing and accounting standards, potential political and economic instability, limited liquidity, and volatile prices. Further, risks associated with introduction of extraordinary exchange control, economic deterioration, and changes in bi-lateral relationships.
- To the extent the assets of the scheme are invested in overseas financial assets, there may be risks associated with currency movements, restrictions on repatriation and transaction procedures in overseas market. Further, the repatriation of capital to India may also be hampered by changes in regulations or political circumstances as well as the application to it of other restrictions on investment. In addition, country risks would include events such as introduction of extraordinary exchange controls, economic deterioration, bi-lateral conflict leading to immobilisation of the overseas financial assets and the prevalent tax laws of the respective jurisdiction for execution of trades or otherwise.
- **Currency Risk:** The schemes may invest in securities denominated in a broad range of currencies and may maintain cash in such currencies. As a consequence, fluctuations in the value of such currencies against the currency denomination of the relevant scheme will have a corresponding impact on the value of the portfolio. Furthermore, investors should be aware that movements in the rate of exchange between the currency of denomination of a fund and their home currency will affect the value of their shareholding when measured in their home currency.
- **Country Risk:** The Country risk arises from the inability of a country, to meet its financial obligations. It is the risk encompassing economic, social and political conditions in a foreign country, which might adversely affect foreign investors' financial interests.
- The Scheme(s) may also invest in Foreign Securities as permitted by Reserve Bank of India and Securities and Exchange Board of India. To the extent that some part of the assets of the Schemes may be invested in securities denominated in foreign currencies, the Indian Rupee equivalent of the net assets, distributions and income may be adversely affected by the changes in the value of certain foreign currencies relative to the Indian Rupee. The repatriation of capital also may be hampered by changes in regulations concerning exchange controls or political circumstances as well as all other restrictions on investments as applicable.

Risk Factors associated with investments in Derivatives:

- As and when any Scheme trades in the derivatives market there are risk factors and issues concerning the use of derivatives that investors should understand. Derivative products are specialized instruments that require investment techniques and risk analysis different from those associated with stocks and bonds. The use of a derivative requires an understanding not only of the underlying instrument but also of the derivative itself. Derivatives require the maintenance of adequate controls to monitor the transactions entered into, the ability to assess the risk that a derivative adds to the portfolio and the ability to forecast price or interest rate movements correctly. There is a possibility that loss may be sustained by the portfolio as a result of the failure of another party (usually referred as the "counter party") to comply with the terms of the derivatives contract. Other risks in using derivatives include the risk of mispricing or improper valuation of derivatives and the inability of derivatives to correlate perfectly with underlying assets, rates and indices. Thus, derivatives are highly leveraged instruments. Even a small price movement in the underlying security could have a large impact on their value. Besides the price of the underlying asset, the volatility, tenor and interest rates affect the pricing of derivatives. Derivative products are leveraged instruments and can provide disproportionate gains as well as disproportionate losses to the investor. Execution of such strategies depends upon the ability of the fund manager to identify such opportunities. Identification and execution of the strategies to be pursued by the fund manager involve uncertainty and decision of fund manager may not always be profitable. No assurance can be given that the fund manager will be able to identify or execute such strategies.
- Derivative trades involve execution risks, whereby the rates seen on the screen may not be the rate at which ultimate execution takes place.
- The options buyer's risk is limited to the premium paid, while the risk of an options writer is unlimited. However, the gains of an options writer are limited to the premiums earned.
- The writer of a put option bears the risk of loss if the value of the underlying asset declines below the exercise price. The writer of a call option bears a risk of loss if the value of the underlying asset increases above the exercise price.

- Investments in index futures face the same risk as the investments in a portfolio of shares representing an index. The extent of loss is the same as in the underlying stocks.
- Risk of loss in trading futures contracts can be substantial, because of the low margin deposits required, the extremely high degree of leverage involved in futures pricing and potential high volatility of the futures markets.
- The risks associated with the use of derivatives are different from or possibly greater than, the risks associated with investing directly in securities and other traditional investments.
- Execution of investment strategies with respect to investments in Derivatives depends upon the ability of the fund manager to identify such opportunities which may not be available at all times and that the decisions made by the fund manager may not always be profitable. Investors may note that AMC/Fund Manager's investment decisions may not always be profitable, as actual market movements may be at variance with anticipated trends.

Risks associated with investments in Securitised Debt:

Domestic securitised debt assets would be in the nature of Mortgage backed securities (MBS) and Asset backed securities (ABS) with underlying pool of assets and receivables like Housing Loans, Auto loans and corporate loans. The Securitised debt assets and the underlying asset classes like housing loans, Auto Loans and Corporate loans have the following risk factors.

- **Limited Recourse and Credit Risk:** Certificates issued on investment in securitised debt represent a beneficial interest in the underlying receivables and there is no obligation on the issuer, seller or the originator in that regard. Defaults on the underlying loan can adversely affect the pay outs to the investors (i.e. the Scheme) and thereby, adversely affect the NAV of the Scheme. While it is possible to repossess and sell the underlying asset, various factors can delay or prevent repossession and the price obtained on sale of such assets may be low.
- **Bankruptcy Risk:** If the originator of securitised debt instruments in which the Scheme invests is subject to bankruptcy proceedings and the court in such proceedings concludes that the sale of the assets from originator to the trust was not a 'true sale', then the Scheme could experience losses or delays in the payments due. Normally, care is taken in structuring the securitization transaction so as to minimize the risk of the sale to the trust not being construed as a 'true sale'.
- **Risk of Co-mingling:** Servicers in a securitization transaction normally deposit all payments received from the obligors into a collection account. However, there could be a time gap between collection by a servicer and depositing the same into the collection account. In this interim period, collections from the loan agreements by the servicer may not be segregated from other funds of the servicer. If the servicer fails to remit such funds due to investors, investors in the Scheme may be exposed to a potential loss.

Risks associated with Mortgage Backed Securities (MBS) - Housing Loans

- **Prepayment Risk:** The fund may receive payment of monthly payouts earlier than scheduled. Prepayments shorten the life of the instrument to an extent that cannot be fully predicted. The rate of prepayments may be influenced by a variety of economic, social and other factors.
- **Credit Risk:** Delinquencies may happen which would reduce the principal amount. Typically MBS structures come with credit enhancement in variety of forms. If delinquencies are higher than the amount available in the credit enhancement facility than the monthly payouts to the fund would reduce. Historically, it has been observed that housing loans have lower default rates as compared to other forms of credit.
- **Liquidity Risk:** Historically the secondary market volume of securitised papers has been limited. This could limit the ability of the fund to resell them. Secondary market trades could be at a discount or premium depending upon the prevailing interest rates.
- **Conversion risk:** Conversion of loans from fixed rate to floating rate loans and vice versa could lead to a change in the expected cash flows from the loans.

Risks associated with Asset Backed Securities (ABS)-Auto Loans.

- **Prepayment Risk:** The fund may receive payment of monthly payouts earlier than scheduled. Prepayments shorten the life of the instrument to an extent that cannot be fully predicted. The rate of prepayments may be influenced by a variety of economic, social and other factors. Prepayments in auto loans is lower than housing loans as the shorter tenor of auto loans makes it economically unattractive to prepay after considering the prepayment charges.
- **Credit Risk:** Delinquencies may happen which would reduce the principal amount. Typically ABS structures come with credit enhancement in variety of forms. If delinquencies are higher than the amount available in the credit enhancement facility than the monthly payouts to the fund would reduce. Typically auto loans carry higher risk than MBS as the value retention of the underlying asset is higher in MBS as compared to the underlying asset of ABS.
- **Liquidity Risk:** Historically the secondary market volume of securitised papers has been limited. This could limit the ability of the fund to resell them. Secondary market trades could be at a discount or premium depending upon the prevailing interest rates.

Risks associated with Asset Backed Securities (ABS) – Corporate Loans

- **Credit Risk:** The fund has an exposure to the Borrower/Borrowers and servicing of the instrument depends on the credit risk of the Borrower. The value of the instrument would fluctuate depending upon the changes in the perceived level of credit risk as well as any actual default.
- **Prepayment Risk:** The Borrower may prepay the receivables prior to their respective due dates. This may result in a change in the yield and tenor for the fund.
- **Limited Liquidity and Price Risk:** Historically the secondary market volume of securitised papers has been limited. This could limit the ability of the fund to resell them. Secondary market trades could be at a discount or premium depending upon the prevailing interest rates.

RISKS FACTORS ASSOCIATED WITH INVESTMENTS IN INTEREST RATE SWAPS:

Being intended for use as a hedge instrument, Interest rate swaps will primarily help in mitigating interest rate risk of the portfolio. However, it may be exposed to following types of risks:

- **Counterparty risk** - The counterparty risk is to the extent of gain made in any IRS transaction. To restrict such risks, the fund manager may consider booking profits and unwinding the position.
- **Limitations on upside:** IRS when used as hedging tool may also limit the profits if interest rates move in the opposite direction than anticipated.

Risks associated with Writing of Covered Call Options:

- Writing call options are highly specialized activities and entail higher than ordinary investment risks. In such investment strategy, the profits from call option writing is capped at the option premium, however, the downside depends upon the increase in value of the underlying equity shares.
- The Scheme may write covered call option only in case it has adequate number of underlying equity shares as per regulatory requirement. This would lead to setting aside a portion of investment in underlying equity shares. If covered call options are sold to the maximum extent allowed by regulatory authority, the scheme may not be able to sell the underlying equity shares immediately if the view changes to sell and exit the stock. The covered call options need to be unwound before the stock positions can be liquidated. This may lead to a loss of opportunity or can cause exit issues if the strike price at which the call option contracts have been written become illiquid. Hence, the scheme may not be able to sell the underlying equity shares, which can lead to temporary illiquidity of the underlying equity shares and result in loss of opportunity.
- The writing of covered call option would lead to loss of opportunity due to appreciation in value of the underlying equity shares. Hence, when the appreciation in equity share price is more than the option premium received, the scheme would be at a loss.
- The total gross exposure related to option premium paid and received must not exceed the regulatory limits of the net assets of the scheme.

Risk Factors associated with Securities Lending and Borrowing:

Securities Lending is lending of securities through an approved intermediary to a borrower under an agreement for a specified period with the condition that the borrower will return equivalent securities of the same type or class at the end of the specified period along with the corporate benefits accruing on the securities borrowed. The risks in lending portfolio securities, as with other extensions of credit, consist of the failure of another party, in this case the approved intermediary, to comply with the terms of agreement entered into between the lenders of securities i.e. the Scheme and the approved intermediary. Such failure to comply can result in the possible loss of rights in the collateral put up by the borrower of the securities, the inability of the approved intermediary to return the securities deposited by the lender and the possible loss of any corporate benefits accruing to the lender from the securities deposited with the approved intermediary. The Scheme may not be able to sell lent out securities, which can lead to temporary illiquidity & loss of opportunity.

RISKS FACTORS ASSOCIATED WITH SHORT SELLING:

The scheme shall not engage in Short Selling.

B. RISK CONTROL STRATEGIES

The overall portfolio structuring would aim at controlling risk at a moderate level. Both very aggressive and very defensive postures would be avoided. Stock-specific risk will be minimised by investing only in those companies that have been thoroughly researched by ABSLAMC's research team. Risk will also be managed through broad diversification of the portfolio within the framework of the above mentioned investment objective and policies. Macroeconomic risk will be addressed through focused and ongoing review of relevant business and economic environment. All efforts will be made to protect the NAV of the scheme and the interest of the unit holders.

Liquidity will be a very important consideration for investment decisions, due to the potential of large redemptions inherent in open ended schemes. As a result, a reasonable proportion of the scheme's investments will be made in relatively liquid investments.

While these measures are expected to mitigate the above risks to a large extent, there can be no assurance that these risks would be completely eliminated.

C. REQUIREMENT OF MINIMUM INVESTORS IN THE SCHEME

The Scheme shall have a minimum of 20 investors and no single investor shall account for more than 25% of the corpus of the Scheme. In case the Scheme does not have a minimum of 20 investors in the stipulated period, the provisions of Regulation 39(2)(c) of the SEBI (MF) Regulations would become applicable automatically without any reference from SEBI and accordingly the Scheme shall be wound up and the units would be redeemed at applicable NAV. The two conditions mentioned above shall also be complied within each subsequent calendar quarter thereafter, on an average basis, as specified by SEBI. If there is a breach of the 25% limit by any investor over the quarter, a rebalancing period of one month would be allowed and thereafter the investor who is in breach of the rule shall be given 15 days' notice to redeem his exposure over the 25% limit. Failure on the part of the said investor to redeem his exposure over the 25% limit within the aforesaid 15 days would lead to automatic redemption by the Mutual Fund on the applicable Net Asset Value on the 15th day of the notice period. The Fund shall adhere to the requirements prescribed by SEBI from time to time in this regard.

C. SPECIAL CONSIDERATIONS

- Changes in Government Policy in general and changes in tax benefits applicable to mutual funds may impact the returns to investors in the Scheme. As is the case with any investment, there can be no guarantee that the tax position or the proposed tax position prevailing at the time of an investment in the Scheme will endure indefinitely. In view of the individual nature of tax consequences, each Unitholder is advised to consult his / her own professional tax advisor.
- The NAV of the scheme may be affected by changes in the general market conditions, factors and forces affecting capital market in particular, level of interest rates, various market related factors, settlement periods and transfer procedures.
- A Unitholder may invest in the schemes and acquire a substantial portion of the scheme units. The repurchase of units by the Unitholder may have an adverse impact on the units of the schemes, because the timing of such repurchase may impact the ability of other Unit holders to repurchase their units.
- Mutual Funds are vehicles of securities investments that are subject to market and other risks and there can be no guarantee against loss resulting from investing in the Scheme. The various factors that impact the value of the Scheme' investments include, but are not restricted to, fluctuations in the bond markets, fluctuations in interest rates, prevailing political and economic environment, changes in government policy, factors specific to the issuer of the securities, tax laws, liquidity of the underlying instruments, settlement periods, trading volumes etc.
- The Trustee, AMC, Mutual Fund, their directors or their employees shall not be liable for any of the tax consequences that may arise, in the event that the Scheme is wound up for the reasons and in the manner provided in Statement of Additional Information (SAI) / Scheme Information Document.
- Redemptions due to change in the fundamental attributes of the Scheme or due to any other reasons may entail tax consequences. The Trustees, the Mutual Fund, the AMC, their directors or their employees shall not be liable for any tax consequences that may arise.
- From time to time, funds managed by the affiliates / associates of the Sponsor may invest either directly or indirectly in the Scheme. The funds managed by these affiliates/associates may acquire a substantial portion of the Scheme's Units and collectively constitute a major investment in the Scheme. Accordingly, Redemption of Units held by such funds may have an adverse impact on the value of the Units of the Scheme because of the timing of any such Redemption and may affect the ability of other Unit Holders to redeem their respective Units.
- There is no guarantee or assurance on the frequency or quantum of IDCWs, which shall be subject to availability of distributable surplus.
- Growth, appreciation, IDCW, bonus, income, etc if any, referred to in this Document are subject to the tax laws and other fiscal enactments as they exist from time to time.
- The Product labeling mandated by SEBI is to provide investors an easy understanding of the risk involved in the kind of product / scheme they are investing to meet their financial goals. The Riskometer categorizes the schemes of Fund under different levels of risk based on the respective scheme's investment objective, asset allocation pattern, investment strategy and typical investment time horizon of investors. Therefore, the schemes falling under the same level of risk in the Riskometer may not be similar in nature. Investors are advised before investing to evaluate a scheme not only on the basis of the Product labeling (including the Riskometer) but also on other quantitative and qualitative factors such as performance, portfolio, fund managers, asset manager, etc. and shall also consult their financial advisers, if they are unsure about the suitability of the scheme before investing. Further, pursuant to SEBI circular dated October 05, 2020, Risk-o-meters shall be evaluated on a

monthly basis and Mutual Funds/AMCs shall disclose the Risk-o-meters along with portfolio disclosure for their schemes on their website and on AMFI website within 10 days from the close of each month. Mutual Funds shall also disclose the risk level of schemes as on March 31 of every year, along with number of times the risk level has changed over the year, on their website and AMFI website.

- The AMC and its Registrar reserve the right to disclose/share investors' personal information with the following third parties:
 1. Registrar, Banks and / or authorised external third parties who are involved in transaction processing, dispatches, etc., of investors' investment in the Scheme;
 2. Distributors or Sub-brokers through whom applications of investors are received for the Scheme; or
 3. Any other organisations for compliance with any legal or regulatory requirements or to verify the identity of investors for complying with anti-money laundering requirements.

Account statements or financial information pertaining to the investor, if it is to be sent over the internet to the Unitholder, distributors or any other entity as indicated above, will be sent only through a secure means and / or through encrypted electronic mail.

- The Mutual Fund may disclose details of the investor's account and transactions there under to those intermediaries whose stamp appears on the application form. In addition, the Mutual Fund may disclose such details to the bankers / its agents, as may be necessary for the purpose of effecting payments to the investor. Further, the Mutual Fund may disclose details of the investor's account and transactions thereunder to any Regulatory/Statutory entities as per the provisions of law.
- In respect of transaction in Units of the Scheme through Stock Exchange Platform for Mutual Funds, allotment and redemption of Units on any Business Day will depend upon the order processing/ settlement by respective stock exchanges and their respective clearing corporations on which the Fund has no control.
- Investors should study this Scheme Information Document carefully in its entirety and should not construe the contents hereof as advice relating to legal, taxation, investment or any other matters. Investors may, if they wish, consult their legal, tax, investment and other professional advisors to determine possible legal, tax, financial or other considerations of subscribing to or redeeming Units, before making a decision to invest/redeem Units.
- The AMC / Fund has registered the Scheme(s) with Securities & Commodities Authority ("SCA") as foreign investment fund, which can be distributed in the United Arab Emirates ("UAE") by licensed distributor(s) who have obtained approval from SCA to promote the Scheme(s) within the UAE. The distribution of this Document in certain jurisdictions may be restricted or totally prohibited due to registration requirements and accordingly, persons who come into possession of this Document are required to inform themselves about and to observe any such restrictions and or legal compliance requirements.
- No person has been authorized to issue any advertisement or to give any information or to make any representations other than that contained in this Document. Circulars in connection with this offering not authorized by the Mutual Fund and any information or representations not contained herein must not be relied upon as having been authorized by the Mutual Fund.

Investments may be made in listed or to be listed instruments. Listed securities may be listed on any of the recognised Indian stock exchanges including the National Stock Exchange and the Over the Counter Exchange of India ("OTCEI"). Investments may be made as secondary market purchases, initial public offers, private placements, negotiated investments, rights offers, etc. The Mutual Fund under this Scheme may invest in non-publicly offered debt securities (including convertible securities). The investments may have tenors that could be short-term (i.e. less than one year) or long-term (i.e. greater than one year). The Scheme reserves the right to invest in newer investment products including foreign securities (i.e. offshore investments) subject to approval of the Trustee Company and in compliance with the applicable SEBI Regulations. From time to time it is possible that the portfolio may hold cash.

The portion of the Scheme's portfolio invested in each type of security will vary in accordance with economic conditions, the general level of stock prices, interest rates and other relevant considerations, including the risks associated with each investment. The Scheme will, in order to reduce the risks associated with any one security, utilize a variety of investments and performance will depend on the Asset Management Company's ability to assess accurately and react to changing market conditions.

Not more than 5% of the net assets of the Scheme may be invested in equity and equity-related securities that are not listed on any stock exchange (including the OTCEI). Any such investments will only be made if the Asset Management Company believes that such securities may be listed within a two-year period. This policy, however, is not applicable to the Scheme's acquisition of equity and equity-related securities in initial public offerings that at the time of acquisition are not yet either listed or quoted on any stock exchange, but pursuant to the terms of such initial public offering will be so listed. The Mutual Fund under this Scheme, will not invest more than 10% of its net assets in the debt (including non- publicly offered debt securities) and money market securities of any one issuer excluding call money.

Upto 5% of the Scheme's net assets may be invested in listed and to be listed equity and equity-related securities as stated in the previous paragraph. Further, since a significant section of the debt market consists of non-publicly offered debt securities, the Scheme could invest upto 20% of its net assets (i.e. its entire allocation to debt and money market securities) in non-publicly offered debt securities. In the event investments made in listed and to be listed equity and equity related securities and non-publicly offered debt securities affect the ability of the Scheme to

make redemption payments within the stipulated time frame set forth herein then redemption payments. The Scheme also intends to participate in derivatives trading within the equity component of their portfolios. The scheme intends to use derivatives instruments like options on stocks and stock indices, interest rate swaps, forward rate agreements or such other derivative instruments as may be introduced from time to time subject to framework specified by SEBI, for the purpose of hedging, portfolio balancing and other permitted usages as provided under the regulations and guidelines. The value of derivative contracts outstanding will be limited to 50% of net assets of the scheme. RBI has permitted Mutual Funds to participate in Interest Rate Swaps and Forward Rate Agreements. SEBI has also permitted trading of interest rate derivatives through stock exchanges. The scheme may also trade in these instruments. Under normal circumstances each scheme shall not have an exposure of more than 25% of its net assets in foreign securities. However, the AMC with a view to protecting the interests of the investors, may increase exposure in foreign securities as deemed fit from time to time.

Subject to SEBI (MF) Regulations and in accordance with Securities Lending Scheme, 1997, SEBI Circular No MFD/CIR/ 01/ 047/99 dated February 10, 1999, SEBI Circular no. SEBI /IMD / CIR No 14 / 187175/ 2009 dated December 15, 2009, as amended from time to time, the Scheme may engage in Stock Lending not more than 20% of the net assets of the Scheme.

Change in Asset Allocation

The abovementioned investment pattern is indicative and may change for short duration.

Subject to the SEBI (MF) Regulations, the asset allocation pattern indicated above may change from time to time, keeping in view market conditions, market opportunities, and political and economic factors. It must be clearly understood that the percentages stated above are only indicative and not absolute and that they can vary substantially depending upon the perception of the Investment Manager, the intention being at all times to seek to protect the interests of the unit holders. Such changes in the investment pattern will be for short term and defensive considerations. However, due to market conditions, the AMC may invest beyond the range set out above. Such deviations shall normally be for a short-term purpose only, for defensive considerations and the intention being at all times to protect the interests of the Unit Holders. The Fund Manager shall rebalance the portfolio within 30 days from the date of deviation to bring it in line with the asset allocation pattern as indicated in this SID. Further, in case the rebalancing is not done within the specified period, justification for the same shall be provided to the Investment Committee and the reason for the same shall be recorded in writing. The Investment Committee shall then decide on the course of action.

Provided further and subject to the above, any change in the asset allocation affecting the investment profile of the Scheme shall be effected only in accordance with the provisions of sub regulation (15A) of Regulation 18 of the SEBI (MF) Regulations.

D. INVESTMENT BY SCHEME

Subject to the Regulations, and the specific asset allocation as provided for each of the scheme, the corpus of the Scheme can be invested in any (but not exclusively) of the following securities:

1. Equity and Equity related instruments including include convertible debentures, convertible preference shares, warrants carrying the right to obtain equity shares, equity derivatives and such other instrument as may be specified by the Board from time to time.
2. Securities issued by Government of India, Repos/reverse repos in Government Securities as may be permitted by RBI (including but not limited to coupon bearing bonds, zero coupon bonds and treasury bills).
3. Securities guaranteed by the Central and State Governments (including but not limited to coupon bearing bonds, zero coupon bonds and treasury bills).
4. Debt obligations of domestic Government agencies and statutory bodies, which may or may not carry a Central/State Government guarantee.
5. Corporate debt and securities (of both public and private sector undertakings) including Bonds, Debentures, Notes, Strips etc.
6. Money market instruments permitted by SEBI/RBI, having maturities upto one year, in call money market or in alternative investment for the call money market as may be provided by the RBI to meet the liquidity requirements.
7. Certificate of Deposits (CDs).
8. Commercial Paper (CPs).
9. Securitised Debt Obligations.
10. The non-convertible part of convertible securities.
11. Any other domestic fixed income securities.
12. Pass through, Pay through or other Participation Certificates, representing interest in a pool assets including receivables.
13. Derivative instruments like Interest Rate Swaps, Forward Rate Agreements, Stock Index Futures, Stock Options, Index Options and such other derivative instruments permitted by SEBI/RBI.
14. Foreign securities as permitted by RBI and SEBI.

15. Any other like instruments as may be permitted by RBI/SEBI/ such other Regulatory Authority from time to time.

The securities mentioned above could be listed or to be listed, secured or unsecured, rated or un-rated and of varying maturity, as enabled under SEBI Regulations/ circulars/ RBI. The securities may be acquired through Initial Public Offerings (IPOs), secondary market operations, private placement, rights offers or negotiated deals.

Policy on Overseas Investment

SEBI vide its circular dated September 26, 2007, has permitted mutual funds to invest in ADRs/ GDRs issued by Indian or foreign companies, Equity of overseas companies listed on recognized stock exchanges overseas, Initial and follow on public offerings for listing at recognized stock exchanges overseas, Foreign debt securities in the countries with fully convertible currencies, short term as well as long term debt instruments with rating not below investment grade by accredited/ registered credit rating agencies, Money market instruments rated not below investment grade, Repos in the form of investment, where the counterparty is rated not below investment grade; repos should not however, involve any borrowing of funds by mutual funds, Government securities where the countries are rated not below investment grade, Derivatives traded on recognized stock exchanges overseas only for hedging and portfolio balancing with underlying as securities, Short term deposits with banks overseas where the issuer is rated not below investment grade, Units/securities issued by overseas mutual funds or unit trusts registered with overseas regulators and investing in (a) aforesaid securities, (b) Real Estate Investment Trusts (REITs) listed in recognized stock exchanges overseas or (c) unlisted overseas securities (not exceeding 10% of their net assets).

In accordance with SEBI circular dated September 26, 2007 read with circular dated April 8, 2008, November 5, 2020 and June 03, 2021 currently Mutual Funds can invest in Foreign securities within the overall limit of US \$ 7 billion, mutual funds can make overseas investments subject to a maximum of US \$1 billion per mutual fund. It is the Investment Manager's belief that overseas securities offer new investment and portfolio diversification opportunities into multi-market and multi-currency products. However, such investments also entail additional risks as specified under paragraph "Risk factors associated with investments in Foreign Securities". Such investment opportunities will be pursued by the Investment Manager provided they are considered appropriate in terms of the overall investment objectives of the Scheme. The Scheme will make investments in foreign equity securities in accordance with the investment objectives of the Scheme and in accordance with any guidelines issued by SEBI from time to time. Offshore investments shall be made subject to any necessary approvals or conditions stipulated by SEBI and the expenses charged to the Scheme shall not exceed the total limits on expenses as prescribed under the Regulations and guidelines thereunder. The Fund shall appoint a dedicated Fund Manager for making investments in overseas securities and where necessary, shall appoint other intermediaries of repute as advisors, sub managers, or sub-custodians for managing and administering such investments. The appointment of such intermediaries shall be in accordance with the applicable requirements, if any, of SEBI.

Additional disclosures w.r.t. Investments in Securitised Debt:

1. How the risk profile of securitized debt fits into the risk appetite of the scheme

Securitized Debt is a financial instrument (bond) whose interest and principal payments are backed by an underlying cash flow from another asset. The asset may be either a loan to a single counterparty or a pool of loans. In this scheme the Fund manager ensures that as securitised debt instruments are relatively illiquid, the fund manager buys these with a view to hold them till maturity. Thus, in line with the investment strategy of the Scheme and considering that there would be no intermediate redemption pressures for the Fund Manager, the Scheme may take limited exposure to rated Securitized Debt. Credit assessment of the underlying asset or loans is done to evaluate if it meets internal norms set by the AMC.

Investment in these instruments will help the Scheme in aiming at reasonable returns. These returns come with a certain degree of risks which are covered separately in the Scheme Information Document. Accordingly, the risk profile of the securitised debt instruments matches that of the prospective investors of this Scheme and hence can be considered in the fund universe.

2. Policy relating to originators based on nature of originator, track record, NPAs, losses in earlier securitized debt, etc.

A securitization transaction involves sale of receivables by the originator (a bank, non-banking finance company, housing finance company, or a manufacturing/service company) to a Special Purpose Vehicle (SPV), typically set up in the form of a trust. Investors are issued rated Pass Through Certificates (PTCs), the proceeds of which are paid as consideration to the originator. In this manner, the originator, by selling his loan receivables to an SPV, receives consideration from investors much before the maturity of the underlying loans. Investors are paid from the collections of the underlying loans from borrowers. Typically, the transaction is provided with a limited amount of credit enhancement (as stipulated by the rating agency for a target rating), which provides protection to investors against defaults by the underlying borrowers.

The scheme will invest in instruments of the originator only if the originator has an investment grade rating. Over and above the credit rating assigned by credit rating agencies to the originator, ABSLMF will conduct an additional evaluation on

- Previous track record on origination, servicing and performance of existing pools
- Willingness to pay, through credit enhancement facilities etc.
- Ability to pay
- Business risk assessment, wherein following factors are considered:
 - Outlook for the economy (domestic and global)
 - Outlook for the industry
 - Originator/Pool specific factors

In addition a detailed review and assessment of rating rationale is done including interactions with the company as well as agency. For single loan PTC, credit evaluation of the underlying corporate will be carried out as with any other debt instruments.

3. Risk mitigation strategies for investments with each kind of originator

In terms of specific risks attached to securitization, each asset class would have different underlying risks, however, residential mortgages are supposed to be having lower default rates as an asset class. On the other hand, repossession and subsequent recovery of commercial vehicles and other auto assets is fairly easier and better compared to mortgages. Some of the asset classes such as personal loans, credit card receivables etc., being unsecured credits in nature, may witness higher default rates. As regards corporate loans/receivables, depending upon the nature of the underlying security for the loan or the nature of the receivable the risks would correspondingly fluctuate. However, the credit enhancement stipulated by rating agencies for such asset class pools is typically much higher, which helps in making their overall risks comparable to other AAA rated asset classes.

The Scheme may invest in securitized debt assets. The asset may be either a loan to a single counterparty or a pool of loans. The Scheme intends to invest in securitized instruments rated by a SEBI recognized credit rating agency. In addition, some specific risk mitigation measures will include:

Limited Recourse and Credit Risk: Certificates issued on investment in securitized debt represent a beneficial interest in the underlying receivables and there is no obligation on the issuer, seller or the originator in that regard. Defaults on the underlying loan can adversely affect the pay outs to the investors (i.e. the Scheme) and thereby, adversely affect the NAV of the Scheme.

Risk Mitigation: In addition to careful scrutiny of credit profile of borrower/pool additional security in the form of adequate cash collaterals and other securities may be obtained to ensure that they all qualify for similar rating.

Bankruptcy Risk: If the originator of securitized debt instruments in which the Scheme invests is subject to bankruptcy proceedings and the court in such proceedings concludes that the sale of the assets from originator to the trust was not a 'true sale', and then the Scheme could experience losses or delays in the payments due.

Risk Mitigation: Normally, specific care is taken in structuring the securitization transaction so as to minimize the risk of the sale to the trust not being construed as a 'true sale'. It is also in the interest of the originator to demonstrate the transaction as a true sell to get the necessary revenue recognition and tax benefits.

Limited Liquidity and Price risk

Presently, secondary market for securitized papers is not very liquid. There is no assurance that a deep secondary market will develop for such securities. This could limit the ability of the investor to resell them. Even if a secondary market develops and sales were to take place, these secondary transactions may be at a discount to the initial issue price due to changes in the interest rate structure.

Risk Mitigation: Securitized debt instruments are relatively illiquid in the secondary market and hence they are generally held to maturity. The liquidity risk and HTM nature is taken into consideration at the time of analyzing the appropriateness of the securitization.

Risks due to possible prepayments: Weighted Tenor / Yield

Asset securitization is a process whereby commercial or consumer credits are packaged and sold in the form of financial instruments. Full prepayment of underlying loan contract may arise under any of the following circumstances;

- Obligor pays the Receivable due from him at any time prior to the scheduled maturity date of that Receivable; or
- Receivable is required to be repurchased by the Seller consequent to its inability to rectify a material misrepresentation with respect to that Receivable; or
- The Servicer recognizing a contract as a defaulted contract and hence repossessing the underlying Asset and selling the same
- In the event of prepayments, investors may be exposed to changes in tenor and yield.

Risk Mitigation: A certain amount of prepayments is assumed in the calculations at the time of purchase based on historical trends and estimates. Further a stress case estimate is calculated and additional margins are built in.

Bankruptcy of the Investor's Agent

If Investor's agent becomes subject to bankruptcy proceedings and the court in the bankruptcy proceedings concludes that the recourse of Investor's Agent to the assets/receivables is not in its capacity as agent/Trustee but in its personal capacity, then an Investor could experience losses or delays in the payments due under the swap agreement.

Risk Mitigation: All possible care is normally taken in structuring the transaction and drafting the underlying documents so as to provide that the assets/receivables if and when held by Investor's Agent is held as agent and in Trust for the Investors and shall not form part of the personal assets of Investor's Agent.

4. The level of diversification with respect to the underlying assets, and risk mitigation measures for less diversified investments

Framework that will be applied while evaluating investment decision relating to a pool securitization transaction:

Characteristics / Type of Pool	Mortgage Loan/ Loan Against Properties	Commercial Vehicle & Construction Equipment	Car	Two Wheeler	Micro Finance Pools	Personal Loans	Single Sell Downs	Others
Approx. Avg Maturity	60-180 Months	12-48 Months	12-48 Months	12-36 Months	12 Months	12-36 Months	NA	NA
Collateral Margin (incl. Cash, Guarantees, Excess Interest Spread, Subordinate Tranche)	5-20%	5-20%	5-20%	5-20%	5-30%	5-30%	NA	NA
Avg Loan to Value Ratio	< 90%	< 90%	< 90%	< 90%	NA	NA	NA	NA
Avg Seasoning of the Pool	6-12 Months	3-6 Months	3-6 Months	3-6 Months	3-12 Weeks	1-3 Months	0-3 Months	NA
Max. Single Exposure Range	3-5%	3-5%	Retail	Retail	Retail	Retail	NA	NA
Avg Single Exposure Range %	1-25%	1.5-2.5%	Retail	Retail	Retail	Retail	NA	NA

Information illustrated in the Table above, is based on the current scenario relating to Securitized Debt market and is subject to change depending upon the change in the related factors.

We endeavor to consider some of the important risk mitigating factors for securitized pool i.e.

- Average maturity of the pool: based on different asset classes and current market practices
- Collateral margin including cash collateral and other credit enhancements
- Loan to Value Ratio
- Average seasoning of the pool,
- Default rate distribution
- Geographical Distribution
- Maximum single exposure: Retail pools (passenger cars, 2-wheelers, Micro finance, personal loans, etc) are generally well diversified with maximum and average single exposure limits within 1%.

As illustrated above, these factors vary for different asset classes and would be based on interactions with each originator as well as the credit rating agency.

5. Minimum retention period of the debt by originator prior to securitization

The Mutual Fund will follow the guidelines on minimum holding period requirements as laid down by SEBI and RBI from time to time.

6. Minimum retention percentage by originator of debts to be securitized

We will follow the guidelines on minimum holding period requirements as laid down by SEBI and RBI from time to time.

7. The mechanism to tackle conflict of interest when the mutual fund invests in securitized debt of an originator and the originator in turn makes investments in that particular scheme of the fund

Investments made by the scheme in any asset are done based on the requirements of the scheme and is in accordance with the investment policy. All Investments are made entirely at an arm's length basis with no consideration of any existing / consequent investments by any party related to the transaction (originator, issuer, borrower etc.). Investments made in Securitized debt are made as per the Investment pattern of the Scheme and are done after detailed analysis of the underlying asset. There might be instances of Originator /obligor investing in the same scheme but both the transactions are at arm's length and avoid any conflict of interest. In addition to internal controls in the fixed income investment process, there is regular monitoring by the compliance team, risk management group, and internal review teams. Normally the issuer who is securitizing instrument is in need of money and is unlikely to have long term surplus to invest in mutual fund scheme.

8. In general, the resources and mechanism of individual risk assessment with the AMC for monitoring investment in securitized debt

The risk assessment process for securitized debt, as detailed in the preceding paragraphs, is same as any other credit. The investments in securitized debt are done after appropriate research by credit analyst. The ratings are

monitored for any movement. The entire securitized portfolio is published in the fact sheet and disclosed in the web site for public consumption with details of underlying exposure and originator.

Trading in Derivatives

SEBI has permitted Mutual Funds to participate in derivatives trading subject to observance of guidelines issued by it in this behalf. Accordingly, Mutual Funds may use various derivative products from time to time, as would be available and permitted by SEBI, in an attempt to protect the value of the portfolio and enhance Unitholders' interest. The scheme intends to use derivatives instruments like interest rate swaps, forward rate agreements or such other derivative instruments as may be introduced from time to time for the purpose of hedging, portfolio balancing as may be permitted under SEBI (MF) Regulations.

The scheme intends to use derivative instruments stock options, stock futures, index options, index futures or other equity derivative instruments as may be introduced from time to time.

RBI has permitted Mutual Funds to participate in Interest Rate Swaps and Forward Rate Agreements. SEBI has also permitted trading of interest rate derivatives through stock exchanges. The Scheme may also trade in these instruments.

The Mutual Fund would comply with the provisions of SEBI Circular no. MFD / CIR No 03 / 158/03 dated June 10, 2003, SEBI Circular Ref. No. DNP/Cir-29/2005 dated September 14, 2005 and SEBI circular Ref. No. Cir/IMD/DF/11/ 2010 dated August 18, 2010, SEBI Ref. No. SEBI/HO/IMD/DF2/CIR/P/2019/17 dated January 16, 2019 and such other amendments issued by SEBI from time to time while trading in derivatives.

Presently, the position limits for trading in derivatives by Mutual Fund specified by SEBI vide its circular Ref. No. DNP/Cir-29/2005 dated September 14, 2005, circular Ref. No. DNP/Cir-30/2006, dated January 20, 2006, SEBI circular Ref no. DNP/Cir-31/2006 dated September 22, 2006 and circular SEBI/HO/MRD/DP/CIR/P/2016/143 dated December 27, 2016 are as follows:

Position Limits

The position limits for Mutual Funds and its schemes shall be under:

(i) Position limit for Mutual Funds in index options contracts

- (a) The Mutual Fund position limit in all index options contracts on a particular underlying index shall be Rs 500 crore or 15% of the total open interest of the market in index options, whichever is higher, per Stock Exchange.
- (b) This limit would be applicable on open positions in all options contracts on a particular underlying index.

(ii) Position limit for Mutual Funds in index futures contracts

- (a) The Mutual Fund position limit in all index futures contracts on a particular underlying index shall be Rs 500 crore or 15% of the total open interest of the market in index futures, whichever is higher, per Stock Exchange.
- (b) This limit would be applicable on open positions in all futures contracts on a particular underlying index.

(iii) Additional position limit for hedging

- (a) In addition to the position limits at point (i) and (ii) above, Mutual Funds may take exposure in equity index derivatives subject to the following limits:
- (b) Short positions in index derivatives (short futures, short calls and long puts) shall not exceed (in notional value) the Mutual Fund's holding of stocks.
- (c) Long positions in index derivatives (long futures, long calls and short puts) shall not exceed (in notional value) the Mutual Fund's holding of cash, government securities, T-Bills and similar instruments.

(iv) Position limit for Mutual Funds for stock based derivative contracts

- (a) The combined futures and options position limit shall be 20% of the applicable Market Wide Position Limit (MWPL).
- (b) The MWPL and client level position limits however would remain the same as prescribed.

(v) Position limit for each scheme of a Mutual Fund

The scheme-wise position limit requirements shall be:

- (a) For stock option and stock futures contracts, the gross open position across all derivative contracts on a particular underlying stock of a scheme of a mutual fund shall not exceed the higher of:
 - (i) 1% of the free float market capitalization (in terms of number of shares). Or
 - (ii) 5% of the open interest in the derivative contracts on a particular underlying stock (in terms of number of contracts).
- (b) This position limits shall be applicable on the combined position in all derivative contracts on an underlying stock at a Stock Exchange.

- (c) For index based contracts, Mutual Funds shall disclose the total open interest held by its scheme or all schemes put together in a particular underlying index, if such open interest equals to or exceeds 15% of the open interest of all derivative contracts on that underlying index.

Exposure to Derivatives

Further, the exposure limits for trading in derivatives by Mutual Fund specified by SEBI vide its circular Ref. No. Cir/IMD/DF/11/2010 dated August 18, 2010, is as follows:

1. The cumulative gross exposure through equity & equity related instruments, debt and Money Market Instruments and derivative shall not exceed 100% of the net assets of the scheme.
2. The total exposure related to option premium paid must not exceed 20% of the net assets of the scheme.
3. Cash or cash equivalents with residual maturity of less than 91 days may be treated as not creating any exposure.
4. Exposure due to hedging positions may not be included in the above mentioned limits subject to the following
 - Hedging positions are the derivative positions that reduce possible losses on an existing position in securities and till the existing position remains.
 - Hedging positions cannot be taken for existing derivative positions. Exposure due to such positions shall have to be added and treated under limits mentioned in Point 1
 - Any derivative instrument used to hedge has the same underlying security as the existing position being hedged.
 - The quantity of underlying associated with the derivative position taken for hedging purposes does not exceed the quantity of the existing position against which hedge has been taken.
5. Mutual Funds may enter into plain vanilla interest rate swaps for hedging purposes. The counter party in such transactions has to be an entity recognized as a market maker by RBI. Further, the value of the notional principal in such cases must not exceed the value of respective existing assets being hedged by the scheme. Exposure to a single counterparty in such transactions should not exceed 10% of the net assets of the scheme.
6. Exposure due to derivative positions taken for hedging purposes in excess of the underlying position against which the hedging position has been taken, shall be treated under the limits mentioned in point (1) above.
7. Definition of Exposure in case of derivatives positions

Each position taken in derivatives shall have an associated exposure as defined under. Exposure is the maximum possible loss that may occur on a position. However, certain derivative positions may theoretically have unlimited possible loss. Exposure in derivative positions shall be computed as follows:

Position	Exposure
Long Future	Futures Price * Lot Size * Number of Contracts
Short Future	Futures Price * Lot Size * Number of Contracts
Option bought	Option Premium Paid * Lot Size * Number of Contracts.

Interest Rate Swaps (IRS)

An IRS is an agreement between two parties to exchange stated interest obligations for an agreed period in respect of a notional principal amount. The most common form is a fixed to floating rate swap where one party receives a fixed (pre-determined) rate of interest while other receives a floating (variable) rate of interest.

Forward Rate Agreement (FRA)

An FRA is basically a forward starting IRS. It is an agreement between two parties to pay or receive the difference between an agreed fixed rate (the FRA rate) and the interest rate (reference rate) prevailing on a stipulated future date, based on a notional principal amount for an agreed period. The only cash flow is the difference between the FRA rate and the reference rate. As is the case with IRS, the notional amounts are not exchanged in FRAs.

Example of a derivatives transaction

Basic Structure of a Swap

Bank A has a 6 month Rs. 10 crore liability, currently being deployed in call. Bank B has a Rs. 10 crore 6 month asset, being funded through call. Both banks are running an interest rate risk. To hedge this interest rate risk, they can enter into a 6 month MIBOR (Mumbai Inter Bank Offered Rate) swap. Through this swap, A will receive a fixed preagreed rate (say 7%) and pay "call" on the NSE MIBOR ("the benchmark rate"). His paying at "call" on the benchmark rate will neutralise the interest rate risk of lending in call. B will pay 7% and receive interest at the benchmark rate. His receiving of "call" on the benchmark rate will neutralise his interest rate risk arising from his call borrowing. The mechanism is as follows:

- Assume the swap is for Rs. 10 crore March 1st to September 1st. A is fixed rate receiver at 7% and B is a floating rate receiver at the overnight compounded rate.
- On March 1st, A and B will exchange only an agreement of having entered this swap. This documentation would be as per International Securities Dealers Association (ISDA).
- On a daily basis, the benchmark rate fixed by NSE will be tracked by them. On September 1st they will calculate the following:

A is entitled to receive interest on Rs. 10 crore at 7% for 184 days i.e. Rs. 35.28 lakh, (this amount is known at the time the swap was concluded) and will pay the compounded benchmark rate.

B is entitled to receive daily compounded call rate for 184 days & pay 7% fixed.

On September 1st, if the total interest on the daily overnight compounded benchmark rate is higher than Rs. 35.28 lakhs, A will pay B the difference. If the daily compounded benchmark rate is lower, then B will pay A the difference.

Effectively Bank A earns interest at the rate of 7% p.a. for six months without lending money for 6 months fixed, while Bank B pays interest @ 7% p.a. for 6 months on Rs. 10 crore, without borrowing for 6 months fixed. As per abovesaid RBI circulars, mutual funds are permitted to do Interest Rate Swaps/Forward Rate Agreements, for hedging purposes only. Accordingly, the AMC would undertake the same for similar purposes only. IRS and FRAs do also have inherent credit and settlement risks. However, these risks are substantially reduced as they are limited to the interest streams and not the notional principal amounts.

Derivatives can be traded over the exchange or can be structured between two counter-parties. Those transacted over the exchange are called Exchange Traded derivatives whereas the other category is referred to as OTC (Over the Counter) derivatives. Some of the differences of these two derivative categories are as under:

Some of the differences of these two derivative categories are as under:

Exchange traded derivatives: These are quoted on the exchanges like any other traded asset class. The most common amongst these are the Index Futures, Index Options, Stock Futures and Options on individual equities / securities. The basic form of the futures contract is similar to that of the forward contract, a futures contract obligates its owner to purchase a specified asset at a specified exercise price on the contract maturity date. Futures are cash-settled and are traded only in organised exchanges. Exchange traded derivatives are standardised in terms of amount and delivery date. Standardisation and transparency generally ensures a liquid market together with narrower spreads. On the other hand, for delivery dates far in the future, there may be insufficient liquidity in the futures market whereas an OTC price may be available.

OTC derivatives: OTC derivatives require the two parties engaging in a derivatives transaction to come together through a process of negotiation. It is a derivative that is customised in terms of structure, amount, tenor, underlying assets, collateral etc.

The Scheme may use derivatives instruments such as Stock Index Futures, Options on indices or such other derivative instruments as may be introduced / permitted, from time to time. To illustrate, an example of a Stock Index Future is given below:

Index Futures

Benefits

- Investment in stock index futures can give exposure to the index without directly buying the individual stocks. Appreciation in index stocks can be effectively captured through investment in Stock Index Futures.
- The Fund can sell futures to hedge against market movements effectively without actually selling the stocks it holds.

The stock index futures are instruments designed to give exposure to the equity market indices. The Stock Exchange, Mumbai and the National Stock Exchange have started trading in index futures of 1, 2 and 3 month maturities. The pricing of an index future is the function of the underlying index and interest rates.

Illustration

Spot Index: 1070

1 month Nifty Future Price on day 1: 1075

Fund buys 100 lots

Each lot has a nominal value equivalent to 200 Units of the underlying index

Situation 1

Let us say that on the date of settlement, the future price = closing spot price = 1085

Profits for the Fund = $(1085-1075) \times 100 \text{ lots} \times 200 = \text{Rs. } 200,000$

Situation 2

Let us say that on the date of settlement, the future price = Closing spot price = 1070

Loss for the Fund = $(1070-1075) \times 100 \text{ lots} \times 200 = (\text{Rs. } 100,000)$

The net impact for the Fund will be in terms of the difference between the closing price of the index and cost price (ignoring margins for the sake of simplicity). Thus, it is clear from the example that the profit or loss for the Fund will

be the difference of the closing price (which can be higher or lower than the purchase price) and the purchase price. The risks associated with index futures are similar to the one with equity investments. Additional risks could be on account of illiquidity and hence mispricing of the future at the time of purchase.

Buying Options

Benefits of buying a call option

Buying a call option on a stock or index gives the owner the right, but not the obligation, to buy the underlying stock / index at the designated strike price. Here the downside risks are limited to the premium paid to purchase the option.

Illustration

If the Fund buys a 1 month call option on Hindustan Lever at a strike of Rs. 190, the current market price being say Rs. 191. The Fund will have to pay a premium of say Rs. 15 to buy this call. If the stock price goes below Rs. 190 during the tenure of the call, the Fund avoids the loss it would have incurred had it straightaway bought the stock instead of the call option. The Fund gives up the premium of Rs. 15 that has to be paid in order to protect the Fund from this probable downside. If the stock goes above Rs. 190, it can exercise its right and own Hindustan Lever at a cost price of Rs. 190, thereby participating in the upside of the stock.

Benefits of buying a put option

Buying a put option on a stock originally held by the buyer gives him / her the right, but not the obligation, to sell the underlying stock at the designated strike price. Here the downside risks are limited to the premium paid to purchase the option.

Illustration

If the Fund owns Hindustan Lever and also buys a three-month put option on Hindustan Lever at a strike of Rs. 190, the current market price being say Rs. 191. The Fund will have to pay a premium of say Rs. 12 to buy this put.

If the stock price goes below Rs. 190 during the tenure of the put, the Fund can still exercise the put and sell the stock at Rs. 190, avoiding therefore any downside on the stock below Rs. 190. The Fund gives up the fixed premium of Rs. 12 that has to be paid in order to protect the Fund from this probable downside. If the stock goes above Rs. 190, say to Rs. 220, it will not exercise its option.

The Fund will participate in the upside of the stock, since it can now sell the stock at the prevailing market price of Rs. 220.

Writing of Covered Call Options

A call option gives the holder (buyer) the right but not the obligation to buy an asset by a certain date for a certain price. Covered calls are an options strategy where a person holds a long position in an asset and writes (sells) call options on that same asset.

Benefits of writing an option with underlying stock holding (Covered Call Writing Strategy)

The covered call strategy can be followed by the Fund Manager in order to hedge risk thereby resulting in better risk adjusted returns of the Scheme. The strategy offers the following benefits: a) Hedge against market risk - Since the fund manager sells a call option on a stock already owned by the mutual fund scheme, the downside from fall in the stock price would be lower to the extent of the premium earned from the call option. b) Generating additional returns in the form of option premium in a range bound market. Thus, a covered call strategy involves gains for unit holders in case the strategy plays out in the right direction.

Illustration - Covered Call strategy using stock call options:

Suppose, a fund manager buys equity stock of XYZ Ltd. for Rs. 1000 and simultaneously sells a call option on the same stock at a strike price of Rs. 1100. The scheme earns a premium of say, Rs. 50. Here, the fund manager does not think that the stock price will exceed Rs. 1100.

Scenario 1: Stock price exceeds Rs. 1100

The call option will get exercised and the fund manager will sell the stock to settle his obligation on the call at Rs. 1100 (earning a return of 10% on the stock purchase price). Also, the scheme has earned a premium of Rs. 50.

Net Gain - Rs. 150

Scenario 2: Stock prices stays below Rs. 1100

The call option will not get exercised and will expire worthless. The premium earned on call option will generate alpha for the scheme.

Net Gain - Rs. 50

Writing of call option (under the covered call strategy) can be undertaken subject to the following conditions:

1. The Scheme may write call options only under a covered call strategy for constituent stocks of NIFTY 50 and BSE SENSEX.
2. The total notional value (taking into account strike price as well as premium value) of call options written by the Scheme shall not exceed 15% of the total market value of equity shares held in the Scheme.
3. The total number of shares underlying the call options written shall not exceed 30% of the unencumbered shares of a particular company held in the Scheme. The unencumbered shares in a scheme shall mean shares that are not part of Securities Lending and Borrowing Mechanism (SLBM), margin or any other kind of encumbrances.
4. The Scheme may sell securities on which a call option is written under a covered call strategy subject to compliance with points 2 & 3 above. In case of any passive breach of the requirement mentioned in point 2 above, the Scheme shall have 7 trading days to rebalance the portfolio. During the rebalancing period, no additional call options can be written in the said scheme.
5. In case the scheme needs to sell securities on which a call option is written under a covered call strategy, it must ensure compliance with points 2 and 3 above while selling the securities.
6. In no case, the Scheme shall write a call option without holding the underlying equity shares. A call option can be written only on shares which are not hedged using other derivative contracts.
7. The premium received shall be within the requirements prescribed in terms of SEBI circular dated August 18, 2010 i.e. the total gross exposure related to option premium paid and received must not exceed 20% of the net assets of the Scheme.
8. The exposure on account of the call option written under the covered call strategy shall not be considered as exposure in terms of paragraph 3 of SEBI Circular no. Cir/IMD/DF/11/2010, dated August 18, 2010.
9. The call option written shall be marked to market daily and the respective gains or losses shall be factored into the daily NAV of the Scheme until the position is closed or expired.

The Scheme intends to participate in derivatives trading within the equity component of their portfolios. Some of the strategies involving derivatives that may be used by the Investment Manager, with an aim to protect capital and enhance returns include:

Strategy Number 1: Hedging against an anticipated rise in equity prices. The scheme has a corpus of Rs. 100 crores and has invested Rs. 65 crores in equity and still has a cash of Rs. 15 crores available to invest in the equity component. The Fund may buy index futures of a value of Rs. 15 crores. The scheme may reduce the exposure to the future contract by taking an offsetting position as investments are made in the equities the scheme wants to invest in. Here, if the market rises, the scheme gains by having invested in the index futures.

Event	Gain/(Loss) from Derivatives position	Gain/(Loss) from Cash Market position	Overall Gain/(Loss) to Equity Component of Scheme
5% rise in equity price	15 * 5% = Rs.0.75 crs	65 * 5% = Rs.3.25 crs	Rs. 4 Crores
5% fall in equity price	15 * 5% = Rs. (0.75) crs	65 * 5% = Rs. (3.25) crs	Rs. (4) Crores

Strategy Number 2 Hedging against anticipated fall in equity prices. If the Fund has a negative view on the market and would not like to sell stocks, as the market might be weak, the scheme of the Fund can go short on index/stock futures. Later, the scheme can sell the stocks and unwind the future positions. A short position in the future would offset the long position in the underlying stocks and this can curtail potential loss in the portfolio. For instance: The scheme has a corpus of Rs.100 crores and is 65% invested in equities. If the fund manager wishes to reduce the equity exposure to Rs. 30 crores, he would sell index/stock future contracts of Rs. 35 crores.

Event	Gain/(Loss) from Derivatives position	Gain/(Loss) from Cash Market position	Overall Gain/(Loss) to Scheme
5% fall in equity price	35 * 5% = Rs.1.75 crs.	65 * 5% = Rs. (3.25) crs	Rs. (1.5) Crores
5% rise in equity price	35 * 5% = Rs. (1.75) crs.	65 * 5% = Rs. 3.25 crs	Rs. 1.5 Crores

Strategy Number 3: Using Index Futures to increase percentage investment in equities. This strategy will be used for the purpose of generating returns on idle cash, pending its investment in equities. The Scheme being open ended in nature upon conversion and maybe subject to daily inflows. There may be a time lag between the inflow of funds and their deployment in equities. If so desired, the AMC would be able to take immediate exposure to equities via index futures. The position in index futures may be reversed in a phased manner, as the funds are deployed in the equity markets.

The scheme has a corpus of Rs. 75 crore and there is an inflow of Rs. 5 crore in a day. The AMC may buy index futures contracts of a value of Rs. 5 crore. Later as the money is deployed in the underlying equities, the value of the index futures contracts can be suitably reduced.

Equity Allocation	Event	Equity Portfolio Gain/(Loss) (Rs. in crore)	Derivative Gain / (Loss) (Rs. in crore)	Total Portfolio Gain / (Loss) (Rs. in crore)
Rs. 50 Crore Equity exposure	10% rise in equity prices	5	Nil	5
Rs. 50 Crore Equity exposure + Rs. 5 Crore long position index futures	10% rise in equity prices	5	0.5	5.5
Rs. 50 Crore Equity exposure	10% fall in equity prices	(5)	Nil	(5)
Rs. 50 Crore Equity exposure + Rs. 5 Crore long position index futures	10% fall in equity prices	(5)	(0.5)	(5.5)

RISKS (For Strategies 1, 2 and 3)

- The strategy of taking a long position in index futures increases the exposure to the market. The long position is positively correlated with the market. However, there is no assurance that the stocks in the portfolio and the index behave in the same manner and thus this strategy may not be provide gains perfectly aligned to the movement in the index.
- The long position will have as much loss as a gain in the underlying index. e.g. if the index appreciates by 10%, the future value rises by 10%. However, this is true only for futures contracts held till maturity. In the event that a futures contract is closed out before its expiry, the quoted price of the futures contract may be different from the gain / loss due to the movement of the underlying index. This is called the basis risk.
- While futures markets are typically more liquid than the underlying cash market, there can be no assurance that ready liquidity would exist at all points in time, for the Scheme to purchase or close out a specific futures contract.

Strategy Number 4: Using Index Futures to decrease percentage investment in equities.

Similarly, in the case of a pending outflow of funds the AMC, in order to reduce exposure in equities may enter into futures contracts to sell the Index at a future date. This position can be unwound over a period in time by simultaneously selling the equity shares from the investment portfolio of the Scheme. Since the price of the futures contracts is expected to be positively correlated with the index, the value of a short position will move in the direction opposite to the movement in the index. The strategy of taking a short position in the index future would reduce the market exposure, in line with the reduced net assets, in case of a significant redemption.

Example:

Assume a scheme has an equity exposure of Rs. 50 crore. If the Fund Manager wishes to reduce the equity exposure to Rs. 40 crore in a short time, he would sell index futures contracts of a value of Rs. 10 crore.

Portfolio	Event	Equity Portfolio Gain / (Loss) (Rs. in Crore)	Derivative Gain / (Loss) (Rs. in Crore)	Total Portfolio Gain / (Loss) (Rs. in Crore)
Rs. 50 Crore Equity exposure	10% fall in equity prices	(5)	Nil	(5)
Rs. 50 Crore Equity exposure + Rs. 10 Crore short position index futures	10% fall in equity prices	(5)	1	(4)
Rs. 50 Crore Equity exposure	10% rise in equity prices	5	Nil	5
Rs. 50 Crore Equity exposure + Rs. 10 Crore short position index futures	10% rise in equity prices	5	(1)	4

RISKS

- The strategy of taking a short position in index futures reduces the market exposure. The short position is negatively correlated with the market. However, there is no assurance that the stocks in the portfolio and the index behave in the same manner and thus this strategy may not be a perfect hedge.
- The short position will have as much loss as a gain in the underlying index. e.g. if the index appreciates by 10%, the future value falls by 10%. However, this is true only for futures contracts held till maturity. In the event that a futures contract is closed out before its expiry, the quoted price of the futures contract may be different from the gain / loss due to the movement of the underlying index. This is called the basis risk.
- While futures markets are typically more liquid than the underlying cash market, there can be no assurance that ready liquidity would exist at all points in time, for the Scheme to purchase or close out a specific futures contract.

Strategy Number 5: Portfolio Protection Using Index Put

The purchase of an index put option gives the scheme the option of selling the index to the writer of the put at a predetermined level of the index, called the strike price. If the index falls below this level, the scheme benefits from the rise in the value of the put option.

Similarly, as a stock hedging strategy, the purchase of a put option on the underlying stock would give the scheme the option to sell the stock to the writer of the option at the predetermined strike price. This would lead to a capping of the loss in value of a stock.

Example:

Let us assume a scheme with a corpus of Rs. 75 crore. Let us also assume an index level of 1000. The scheme is invested 50 crore in equities. The scheme purchases a put option on the index with a strike price of Rs.950 for an assumed cost of Rs. 50 lakhs.

The following table illustrates the portfolio returns:

% change in Index	Index Value	Equity Portfolio Value Rs. in crore (A)	Option Value Rs. in crore (B)	Cost of the Put Option Rs. in crore (C)	Portfolio Value Rs. in crore (A+B+C)	% Returns from portfolio
10	1100	55.00	0	(0.5)	54.50	9
5	1050	52.50	0	(0.5)	52.00	4
(5)	950	47.50	0	(0.5)	47.00	(6)
(10)	900	45.00	2.5	(0.5)	47.00	(6)
(15)	850	42.50	5	(0.5)	47.00	(6)

A similar put option can be purchased on any individual stock and the downside may be capped.

RISKS

- The table shows that the portfolio value will not fall below Rs. 47 crore, while the scheme benefits from any increase in stock prices. The table assumes perfect correlation between the equity portfolio and the index. However, this may not be the case. Therefore, the minimum portfolio value cannot be assured, but the loss is expected to be lower in a portfolio with a put option on the index, as compared to a normal portfolio.
- The put option would lead to a gain based on the difference between the strike price and the index level at expiration date, if positive. However, in case the option is reversed before the expiration date, the market price received on the sale of the option may be different from the price calculated.
- While options markets can be more liquid than the underlying cash market, there can be no assurance that ready liquidity would exist at all points in time, for the scheme to purchase or close out a specific options contract.
- In the case of purchase of a stock put, the strategy is a perfect hedge on the expiration date of the put option. On other days, there may be (temporary) imperfect correlation between the share price and the put option, which can potentially take the stock value below the minimum under the hedge.

Strategy Number 6: Using Alpha Strategy

The fund will seek to generate alpha by superior stock selection and removing market risks by selling appropriate index. For example, one can seek to generate positive alpha by buying an IT stock and selling Nifty IT Index future or a bank stock and selling Bank Index futures or buying a stock and selling the Nifty Index. The objective of the strategy is to generate alpha by superior stock selection and removing market risks by hedging with appropriate index.

For instance: The scheme has a corpus of Rs.100 crores and is 65% invested in equities. Of the equity component, the fund manager has 5% exposure to. The scheme takes an offsetting position by making investments Nifty IT index future. Here, the different market scenarios are illustrated in the table below:-

Event	Gain/(Loss) from Derivatives position	Gain/(Loss) from Cash Market position	Absolute Gain
10% fall in stock price & 5% fall in index price	$3.25 * 5\% = \text{Rs. } (0.1625)$ crs.	$3.25 * 10\% = \text{Rs. } (0.325)$ crs	(0.1625)
10% fall in index price & 5% fall in stock price	$3.25 * 10\% = \text{Rs. } (0.325)$ crs.	$3.25 * 5\% = \text{Rs. } (0.1625)$ crs	0.1625
10% rise in stock price & 5% rise in index price	$3.25 * 5\% = \text{Rs. } 0.1625$ crs.	$3.25 * 10\% = \text{Rs. } 0.325$ crs.	0.4875
10% rise in index price & 5% rise in stock price	$3.25 * 10\% = \text{Rs. } 0.325$ crs.	$3.25 * 5\% = \text{Rs. } 0.1625$ crs.	0.4875
10% rise in index price & 10% rise in stock price	$3.25 * 10\% = \text{Rs. } 0.325$ crs.	$3.25 * 10\% = \text{Rs. } 0.325$ crs.	0.65

Risk Associated with this Strategy

- The stock selection under this strategy may under-perform the market and generate a negative alpha.
- The risk of mispricing or improper valuation and the inability of derivatives to correlate perfectly with underlying assets, rates and indices.
- Execution Risk: The prices which are seen on the screen need not be the same at which execution will take place.

Investment Process and Recording of Investment Decisions

The AMC through its various policies and procedures defines prudential and concentration limits to de-risk the portfolio. The investment management team is allowed full discretion to make sale and purchase decisions within the limits established. The responsibility for the investment decisions is with the portfolio managers and the CEO of the AMC does not have any role in the day to day decision making process. All the decisions will be recorded alongwith their justifications. The AMC and Trustee will review the performance of the scheme in their Board meetings. The performance would be compared with the performance of the benchmark index and with peer group in the industry.

Investment in other Schemes

The Scheme may, in line with its investment objectives, invest in another Scheme under the management of ABSLAMC or of any other Asset Management Company. The aggregate interscheme investment by Aditya Birla Sun Life Mutual Fund under all its Schemes, other than fund of fund schemes, taken together, in another Scheme managed by ABSLAMC or in any other Scheme of any other Mutual Fund, shall not be more than 5% of the net asset value of the Fund. No fee shall be charged by the AMC on any investment in another Scheme under the management of ABSLAMC or of any other Asset Management Company.

Investments in the Scheme by the AMC, Sponsor, or their associates

Under Regulation 28(4) of the SEBI (MF) Regulations, 1996 inserted by Gazette Notification No. LADNRO/Gn/2014-15/01 dated May 06, 2014 and SEBI circular number SEBI/HO/IMD/DF4/CIR/P/2020/100 dated June 12, 2020, the AMC has invested in the Direct Plan – Growth option of the Scheme and such investment will not be redeemed unless the Scheme is wound up.

In addition to investments as mandated under Regulation 28(4) of the Regulations as mentioned above, the AMC, may invest in the scheme during the continuous offer period subject to the SEBI (MF). As per the existing SEBI (MF) Regulations, the AMC will not charge investment management and advisory fee on the investment made by it in the scheme.

Investment of Subscription Money

Pending deployment of the funds of the Scheme in terms of the investment objective, the Mutual Fund can invest the funds of the Scheme in short term deposits of scheduled commercial banks as per the guidelines given in SEBI Circular no. SEBI/IMD/CIR No. 1/91171/07 dated April 16, 2007, or money market instruments.

Borrowing by the Mutual Fund

Under the SEBI (MF) Regulations, the Mutual Fund is allowed to borrow to meet the temporary liquidity requirements of its Scheme for the purpose of Redemption of Units or the payment of interest or IDCW to the Unit holders. Further, as per the SEBI (MF) Regulations, the Mutual Fund shall not borrow more than 20% of the Net Assets of the scheme and the duration of such borrowing shall not exceed a period of six months. The Mutual Fund may raise such borrowings after approval by the Trustee from Sponsor or any of its Associate / Group Companies or Banks in India or any other entity at market related rates prevailing at the time and applicable to similar borrowings. The security for such borrowings, if required, will be as determined by the Trustee.

E. INVESTMENT STRATEGY

The Scheme will aim at being as diversified across various industries and/ or sectors as its chosen benchmark index. It will target the same sectoral weights within its equity portfolio as the benchmark index on a designated day subject to some predetermined flexibility. However, the Scheme shall have the flexibility of selecting stocks within a particular sector from a wider investment universe. So while the equity component of the Scheme's portfolio will track sectoral weights of the chosen benchmark index, the stocks making up those sectoral weights in the Scheme's portfolio could be different from those comprising the relevant sectoral weights in the index. However, such stocks will be from the same sectors although they may differ from the index constituents on account of the Scheme's investment universe being wider than index stocks.

The sectoral weights will be computed by aggregating market values of individual stocks sector wise, as a percentage of the total market value of the equity component in the Scheme's portfolio. The Scheme will have the flexibility of varying the sectoral weights by $\pm 30\%$ of the sectoral weights in the index on the designated day, or by an absolute figure of $\pm 5\%$, whichever is higher. For example, if the sector weight in the index on the designated day is 15%, the $\pm 30\%$ rule will apply and the Scheme will maintain a weight between 10.5% and 19.5%. For a sector comprising 10% of the index, the Scheme could have an exposure of between 5% - 15% to that sector in the equity component in its portfolio since in this situation; the $\pm 5\%$ rule will become applicable. This implies that sectors with less than 5% weights in the index on the designated day may be ignored. The Scheme's equity portfolio will attain the sectoral diversification of the index on the designated day computed in the above manner, by the month-end after the designated day. The Scheme may invest up to 20% of its net assets in cash, government securities, debt and money market instruments. This limit may not be exceeded for a continuous period of 30 days without the approval of / ratification by the Trustee.

The Scheme has currently chosen Nifty 50 as its benchmark index. The equity portfolio of the Scheme will match the sectoral diversification of the benchmark index as computed in the above manner by the last calendar day of each quarter or if it is a non-Business Day, by the first Business Day of the Next quarter.

The Scheme's investment universe shall comprise all listed and / or to be listed stocks. The Scheme will endeavour to invest in 'frontline' stocks i.e. stocks which in the opinion of its Fund Manager, provide superior growth opportunities.

Notwithstanding the foregoing investment policies for the scheme, for temporary defensive purposes (e.g., during periods in which the Asset Management Company believes changes in the securities market or economic or other conditions warrant), the scheme may invest in Indian Government T-Bills and hold cash or cash equivalents and other money market instruments. The Trustee of the Mutual Fund may from time to time alter these limitations in conformity with the SEBI (MF) Regulations, 1996 and other guidelines or notifications that may be issued by SEBI.

Portfolio turnover

The scheme has no explicit constraints either to maintain or limit the portfolio turnover. Portfolio turnover will depend upon the circumstances prevalent at any time and would also depend on the extent of volatility in the market and inflows/outflows in the scheme. The Fund Manager will however endeavour to maintain a low portfolio turnover rate.

F. FUNDAMENTAL ATTRIBUTES

Following are the fundamental attributes of the scheme, in terms of Regulation 18 (15A) of the SEBI Regulations

- **Type of Scheme:** An open ended equity scheme predominantly investing in large cap stocks.
- **Investment objective:** The objective of the scheme is long term growth of capital, through a portfolio with a target allocation of 100% equity by aiming at being as diversified across various industries and/ or sectors as its chosen benchmark index, Nifty 50 TRI. The secondary objective is income generation and distribution of IDCW.
- **Asset Allocation Pattern:**
Please refer to 'Section II - C. Asset Allocation and Investment Pattern' of this SID for details.
- **Terms of Issue: Listing/Redemption Of Units:**
As mentioned in Section III B of this SID
- **Aggregate Fees and Expenses**
Please refer to 'Section IV. Fees and Expenses' of this SID.
- **Any Safety Net or Guarantee provided:**
This Scheme does not provide any guaranteed or assured return to its Investors

In accordance with Regulation 18(15A) of the SEBI (MF) Regulations, the Trustees shall ensure that no change in the fundamental attributes of the Scheme(s) and the Plan(s) / Option(s) thereunder or the trust or fee and expenses payable or any other change which would modify the Scheme(s) and the Plan(s) / Option(s) thereunder and affect the interests of Unitholders is carried out unless:

- A written communication about the proposed change is sent to each Unitholders and an advertisement is given in one English daily newspaper having nationwide circulation as well as in a newspaper published in the language of the region where the Head Office of the Mutual Fund is situated; and
- The Unitholders are given an option for a period of 30 days to exit at the prevailing Net Asset Value without any exit load.

G. BENCHMARK

The performance of the scheme will be benchmarked to the performance of the **Nifty 50 TRI**.

The fund reserves the right to change the said benchmark and/or adopt one/more other benchmarks to compare the performance of the Scheme. The performance of this scheme will be compared with its peers in the Industry. The performance will be placed before the Investment Committee as well as the Board of Directors of the AMC and the Trustee Company in each of their meetings.

Rationale for adoption of benchmark:

Nifty 50 TR Index is a Broad-Based Index. Selection of companies for the Benchmark is primarily done on the basis of current market capitalisation of the listed scrips on the exchange. Besides market capitalisation, the market activity of the companies as reflected by the volumes of turnover and certain fundamental factors. The Nifty 50 TRI is selected as Benchmark for the schemes as it covers securities across the spectrum of growth and value stocks. In view of the same it will be prudent for investors to compare performance of the scheme with Nifty 50 TRI.

H. FUND MANAGER

Mr. Mahesh Patil would be the designated Fund Manager of the Scheme.

I. INVESTMENT RESTRICTIONS FOR THE SCHEME

All investments by the Scheme and the Mutual Fund will be within the investment restrictions as specified in the SEBI (MF) Regulations. Pursuant to the SEBI (MF) Regulations, the following investment and other restrictions are presently applicable to the scheme:

- All investments by the Scheme shall be made only in listed or to be listed equity shares and equity related instruments.
- The Scheme shall not invest more than 10% of its NAV in the equity shares or equity related instruments of any company. Provided that, the limit of 10 per cent shall not be applicable for investments in case of index funds, ETFs and sector or industry specific scheme.
- The scheme shall not invest more than 10% of its NAV in debt instruments comprising money market instruments and non-money market instruments issued by a single issuer which are rated not below investment grade by a credit rating agency authorised to carry out such activity under the Act. Such investment limit may be extended to 12% of the NAV of the scheme with the prior approval of the Board of Trustees and Board of Directors of the asset management company:
Provided that such limit shall not be applicable for investments in Government Securities, treasury bills and Triparty repo on Government securities or treasury bills:

Provided further that investments within such limit can be made in mortgaged backed securitised debt which are rated not below investment grade by a credit rating agency registered with the Board:

Provided further that such limit shall not be applicable for investments in case of debt exchange traded funds or such other funds as may be specified by the Board from time to time

- Investment in unrated debt and money market instruments (other than government securities, treasury bills, derivative products such as Interest Rate Swaps (IRS), Interest Rate Futures (IRF), etc.) by the Scheme shall not exceed 5% of the net assets of the Scheme. However, all such investments shall be made with the prior approval of the Board of AMC and Trustees.
- The Scheme shall not invest in unlisted debt instruments including commercial papers (CPs), other than (a) government securities, (b) other money market instruments and (c) derivative products such as Interest Rate Swaps (IRS), Interest Rate Futures (IRF), etc. which are used by mutual funds for hedging. However, mutual fund schemes may invest in unlisted Non-Convertible Debentures (NCDs) not exceeding 10% of the debt portfolio of the scheme subject to the condition that such unlisted NCDs have a simple structure (i.e. with fixed and uniform coupon, fixed maturity period, without any options, fully paid up upfront, without any credit enhancements or structured obligations) and are rated and secured with coupon payment frequency on monthly basis.

Provided further that, the Scheme shall comply with the norms under this clause within the time and in the manner as may be specified by the Board.

- All investments by the Scheme in CPs would be made only in CPs which are listed or to be listed.
- The Mutual Fund under all its Schemes shall not own more than 10% of any company's paid up capital carrying voting rights.

Provided, for investments in asset management company or trustee company of other mutual fund, collective investment of sponsor of a mutual fund, its associate and/or its group company, and its AMC through Schemes should be considered for calculating 10% voting rights.

- The investment of the Scheme in the following instruments shall not exceed 10% of the debt portfolio of the Scheme and the group exposure in such instruments shall not exceed 5% of the debt portfolio of the Scheme:
 - i. Unsupported rating of debt instruments (i.e. without factoring-in credit enhancements) is below investment grade; and
 - ii. Supported rating of debt instruments (i.e. after factoring-in credit enhancement) is above investment grade

The above limits shall not be applicable on investments in securitized debt instruments.

- Investment by the Scheme in debt instruments, having credit enhancements backed by equity shares directly or indirectly, shall have a minimum cover of 4 times considering the market value of such shares. Further, the investment in debt instruments having credit enhancements should be sufficiently covered to address the market volatility and reduce the inefficiencies of invoking of the pledge or cover, whenever required, without impacting the interest of the investors. In case of fall in the value of the cover below the specified limit, AMCs will initiate necessary steps to ensure protection of the interest of the investors.
- The Scheme may invest in other schemes under the same AMC or any other Mutual Fund without charging any fees, provided the aggregate inter-scheme investment made by all the Schemes under the same management or in schemes under management of any other Asset Management Company shall not exceed 5% of the Net Asset Value of the Fund. No investment management fees shall be charged for investing in other schemes of the fund or in the schemes of any other Mutual Fund.
- Transfer of investments from one scheme to another scheme in the Mutual Fund is permitted provided:
 - Such transfers are done at the prevailing market price for quoted instruments on spot basis (spot basis shall have the same meaning as specified by a Stock Exchange for spot transactions); and
 - The securities so transferred shall be in conformity with the investment objective of the Scheme to which such transfer has been made.
- Transfer of investments from one scheme to another scheme in the Mutual Fund is permitted provided the same are in line with SEBI circular no. SEBI/HO/IMD/DF4/CIR/P/2020/202 dated October 8, 2020.
- The Fund shall get the securities purchased or transferred in the name of the Mutual fund on account of the concerned Scheme, wherever investments are intended to be of a long-term nature.
- The Fund shall buy and sell securities on the basis of deliveries and shall in all cases of purchases, take delivery of relevant securities and in all cases of sale, deliver the securities. Further the Mutual fund may enter into derivatives transactions in a recognized stock exchange, subject to the framework specified by SEBI. Provided further that sale of government security already contracted for purchase shall be permitted in accordance with the guidelines issued by the Reserve Bank of India in this regard.
- Pending deployment of the corpus of the Scheme in securities in terms of investment objective, the Fund can invest the corpus of the Scheme in short term deposits of scheduled commercial banks in accordance with the guidelines issued by SEBI. Accordingly, as presently prescribed, the requirements of SEBI Circulars; SEBI/IMD/CIR No.1/91171/07 dated April 16, 2007, August 16, 2019 and such other guidelines as may be specified by SEBI from time to time:

- “Short Term” for parking of funds shall be treated as a period not exceeding 91 days. Such short-term deposits shall be held in the name of the Scheme.
- The Scheme shall not park more than 15% of the net assets in short term deposit(s) of all the scheduled commercial banks put together. However, such limit may be raised to 20% with the approval of the Trustee.
- Parking of funds in short term deposits of associate and sponsor scheduled commercial banks together shall not exceed 20% of total deployment by the Mutual Fund in short term deposits.
- The Scheme shall not park more than 10% of the net assets in short term deposit(s), with any one scheduled commercial bank including its subsidiaries.
- The Scheme shall not park funds in short-term deposit of a bank which has invested in the Scheme. The bank in which a scheme has short-term deposit shall not invest in the scheme until the scheme has short-term deposit with such bank.
- The AMC will not charge any investment management and advisory fees for parking of funds in short term deposits of scheduled commercial banks.

The above norms do not apply to term deposits placed as margins for trading in cash and derivatives market. However, all term deposits placed as margins shall be disclosed in the half yearly portfolio statements under a separate heading. Details such as name of bank, amount of term deposits, duration of term deposits, percentage of NAV should be disclosed.

- The Scheme shall not make any investment in:
 - Any unlisted security of an associate or group company of the Sponsor; or
 - Any security issued by way of private placement by an associate or group company of the Sponsor; or
 - The listed securities of group companies of the Sponsor, which is in excess of 25% of the net assets
- The Mutual Fund shall not borrow except to meet temporary liquidity needs of the Mutual Fund for the purpose of repurchase / redemption of Units or payment of interest and IDCW to the Unitholders. Provided that the Mutual Fund shall not borrow more than 20% of the net assets of any individual Scheme and the duration of the borrowing shall not exceed a period of 6 months.
- Subject to guidelines laid down by SEBI vide its circular no. SEBI/IMD/CIR No.7/104753/08 date September 26, 2007, circular no. SEBI/IMD/CIR No.2/122577/08 dated April 08, 2008, Circular No. SEBI/HO/IMD/DF3/CIR/P/2020/225 dated November 5, 2020 and SEBI Circular No. SEBI/HO/IMD/IMD-II/DOF3/P/CIR/2021/571 dated June 03, 2021, the Scheme may invest upto 20% of the average Asset Under Management (‘AUM’) of the previous three calendar months in overseas securities subject to maximum limit of USD 1 billion at a Fund house level.
- The entire Scheme’s investments will be in transferable securities (whether in capital markets or money markets) or in privately placed debenture or securitised debt, or bank deposits (pending deployment in securities in line with the investment objectives of the scheme) or in money at call.
- Debentures, irrespective of any residual maturity period (above or below 1 year), shall attract the investment restrictions as applicable for debt instruments as specified under Clause 1 and 1A of the Seventh Schedule to the SEBI (MF) Regulations or as may be specified by SEBI from time to time.
- The Mutual Fund shall not advance any loans for any purpose.
- The Scheme shall not invest in a fund of funds scheme.
- The Scheme shall not invest in Credit default swaps.

The Scheme will comply with any other regulations applicable to the investments of mutual funds from time to time.

The Trustees may alter the above restrictions from time to time to the extent that changes in the SEBI (MF) Regulations may allow and as deemed fit in the general interest of the unit holders.

All investment restrictions shall be applicable at the time of making investment.

These investment restrictions shall in the ordinary course apply as at the date of the most recent transaction or commitment to invest, and changes do not have to be effected merely because, owing to appreciations or depreciations in value, or by reason of the receipt of any rights, bonuses or benefits in the nature of capital or of any Scheme of arrangement or for amalgamation, reconstruction or exchange, or at any repayment or redemption or other reason outside the control of the Fund, any such limits would thereby be breached. If these limits are exceeded for reasons beyond its control, AMC shall as soon as possible take appropriate corrective action, taking into account the interests of the Unitholders.

In addition, certain investment parameters (like limits on exposure to Sectors, Industries, Companies, etc.) may be adopted internally by AMC, and amended from time to time, to ensure appropriate diversification / security for the Fund. The Trustee Company / AMC may alter these above stated limitations from time to time, and also to the extent the SEBI (Mutual Funds) Regulations, 1996 change, so as to permit the Scheme to make its investments in the full spectrum of permitted investments for Mutual Funds to achieve its investment objective.

As such investments by the Scheme will be made in accordance with SEBI (MF) Regulations, including Schedule VII thereof.

<p>Cut off timing for subscriptions/ redemptions/ switches.</p> <p>(This is the time before which your application (complete in all respects) should reach the official points of acceptance). An Application will be considered accepted on a Business Day, subject to it being complete in all respects and received and time stamped upto the relevant cut off time as specified alongside at any of the Official Points of Acceptance of transactions. Applications received via post or courier at any of the centres will be accepted on the basis of when the application is time stamped by the centre and not on the basis of date and time of receipt of the post or the courier. The Mutual Fund / AMC reserve the right to amend cut off timings subject to SEBI (MF) Regulations for the smooth and efficient functioning of the Scheme.</p>	<p>In accordance with provisions of SEBI circular no. SEBI/HO/IMD/DF2/CIR/P/2020/175 dated September 17, 2020, SEBI circular CIR/IMD/DF/21/2012 dated September 13, 2012, SEBI circular dated No. Cir/ IMD/ DF/ 19/ 2010 dated November 26, 2010, SEBI Circular No. IMD/ CIR No. 11 / 142521 / 08 dated October 24, 2008 and SEBI Circular SEBI/ IMD/ CIR No.11/ 78450/ 06 dated October 11, 2006 and further amendments if any, thereto, the following cut-off timings shall be observed by Mutual Fund in respect of purchase/ redemption/ switches of units of the scheme, and the following NAVs shall be applied in each case:</p> <p>I. APPLICABLE NAV FOR SUBSCRIPTIONS/ PURCHASE INCLUDING SWITCH-IN OF ANY AMOUNT:</p> <ul style="list-style-type: none"> • In respect of valid applications received upto 3.00 p.m. and where funds for the entire amount are available for utilization before the cut-off time i.e. credited to the bank account of the scheme before the cut-off time - the closing NAV of the day shall be applicable. • In respect of valid applications received after 3.00 p.m. and where the funds for the entire amount are credited to the bank account of the scheme before the cut-off time of the next business day i.e. available for utilization before the cut-off time of the next business day – the closing NAV of the next business day shall be applicable. • Irrespective of the time of receipt of application on any given day, where the funds for the entire amount are credited to the bank account of the scheme before the cut-off time on any subsequent business day i.e. available for utilization before the cut-off time on any subsequent business day - the closing NAV of such subsequent business day shall be applicable. • In case of switch transactions from one scheme to another, the allocation to switch-in scheme shall be in line with the redemption payouts. <p>Further, for systematic transactions viz. Systematic Investment Plans, Systematic Transfer Plans, etc., units will be allotted as per the closing NAV of the day when funds are available for utilization by the target scheme, irrespective of the systematic installment date.</p> <p>II. APPLICABLE NAV FOR REDEMPTIONS INCLUDING SWITCH-OUT OF UNITS:</p> <ul style="list-style-type: none"> • In respect of valid applications received upto 3.00 p.m. by the Mutual Fund, same day's closing NAV shall be applicable. • In respect of valid applications received after 3.00 p.m. by the Mutual Fund, the closing NAV of the next business day shall be applicable. <p>While the Applicable NAV shall be as per cut-off time specified above, the NAV shall be declared in accordance with the provisions as mentioned in this Scheme Information Document.</p>
<p>Where can the applications for purchase / redemption /switches be submitted</p>	<p>Registrar & Transfer Agents – Computer Age Management Services Limited (CAMS) Rayala Towers, 158, Anna Salai, Chennai - 600002. Contact Details:1800-425-2267 E-mail: adityabirlacapital.mf@camsonline.com Website Address:www.camsonline.com</p> <p>The application forms can also be submitted at the designated offices / ISCs of Aditya Birla Sun Life Mutual Fund as mentioned in this SID.</p>

<p>Minimum amount for purchase /redemption / switch</p>	<p><u>For Fresh Purchase (Including Switch-in):</u> Minimum of Rs. 100/- and in multiples of Re. 1/- thereafter</p> <p><u>For Additional Purchase (Including Switch-in):</u> Minimum of Rs. 100/- and in multiples of Re. 1/- thereafter.</p> <p>Subscriptions on an ongoing basis can be made only by specifying the amount to be invested and not the number of Units to be subscribed. The total number of Units allotted will be determined with reference to the applicable Sale Price and fractional Units may be created. Fractional Units will be computed and accounted for upto three decimal places and they will in no way affect an investor's ability to redeem Units.</p> <p><u>For Redemption / Repurchase for all Plans/Options:</u> In Multiples of Rs. 1/- or 0.001 units.</p> <p>The Redemption would be permitted to the extent of clear credit balance in the Unit holder's account. The Redemption request can be made by specifying the rupee amount or by specifying the number of Units to be redeemed. If a Redemption request is for both, a specified rupee amount and a specified number of Units, the specified number of Units will be considered the definitive request. If only the Redemption amount is specified by the Unit holder, the AMC will divide the Redemption amount so specified by the Redemption Price to arrive at the number of Units. The request for Redemption of Units could also be in fractions, upto three decimal places. However, in case of units held in electronic (demat) mode, the redemption request can be given only in number of Units. Also Switch transactions are currently not available in case of units held in electronic (demat) mode. The minimum amount of Redemption may be changed in future by the AMC. If the balance in the account of the Unit holder does not cover the amount. Redemption request, then the Mutual Fund is authorised to close the account of the Unit holder and send the entire such (lesser) balance to the Unit holder. For further details on Redemption, please refer page 59.</p>									
<p>Minimum balance to be maintained and consequences of non-maintenance</p>	<p>Investors may note that the AMC at its sole discretion may close a Unit holder's account under the scheme after giving notice of 30 days, if at the time of any part Redemption, the value of balance Units (represented by the Units in the Unit holder's account if such Redemption / Switch were to take place, valued at the applicable Redemption Price), falls below the minimum balance of Rs. 500/- (or such other amount as the AMC may decide from time to time) or where the Units are held by a Unit holder in breach of any regulation.</p> <p>Further, if the balance in the account of the Unit holder does not cover the amount of Redemption request, then the Mutual Fund is authorised to close the account of the Unit holder and send the entire such balance to the Unit holder.</p>									
<p>Special Products Available</p> <p>The following facilities are currently available to unitholders of Aditya Birla Sun Life Mutual Fund Schemes.</p> <p>The AMC reserves the right to modify/amend any of the terms and conditions of these facilities on a prospective basis.</p>	<p>I. 		b. Investors can also opt for multiple dates within a month. Investors may choose maximum upto 4 dates from Any date from 1 st to 28 th of a month	executed on next Business Day.
	Default date:	If the investment frequency is not selected or in case of any ambiguity, the SIP date will be 7 th of each month under Monthly SIP. In case where more than 4 dates are specified, default dates will be 7 th , 15 th , 20 th & 28 th of each month. Further, In case the 'End Date' is not mentioned by the investor, the same would be considered as December 31, 2099 by default	In case none of the frequencies have been selected or in case of any ambiguity, Monthly frequency shall be treated as Default frequency and 7 th shall be treated as Default Date. If the day for Weekly SIP is not selected or in case of any ambiguity, Wednesday shall be treated as a Default day. Further, in case the 'End Date' is not mentioned by the investor, the same would be considered as 31 st December, 2099 by default.

^AIn case, the SIP transaction date is a non-business day, the SIP will be processed on the immediate next business day. Further, in case the date is not indicated for the aforesaid facility, 7th of every month will be treated as the default date.

2. **Minimum Application Amount:** Minimum 6 installments (including the first installment) of Rs 100/- each and above per month
The first SIP cheque may be accepted on any working day of the month. The balance SIP cheques must be uniformly dated for every month.

3. Initial / First SIP investment amount via cheque can be different from the subsequent SIP amounts but subsequent SIP amounts should be the same and provided the initial / first / subsequent SIP investment amount(s) also confirm to the minimum SIP amount criteria as specified above.

4. Fast Forward Facility: Investors can opt for multiple dates within a month in case of monthly SIP. Investors may choose maximum upto 4 dates from the following dates: 1st and/or 7th and/ or 10th and/or 15th and/or 20th and/or 28th of every month.

5. **STEP-UP SIP:**
'Step-Up SIP', is an optional, add-on feature, and an enhancement to Systematic Investment Plan (SIP) facility available under the scheme. This feature enables the investors to enhance/increase SIP installment at pre-defined intervals by a fixed amount, thus, providing the investors a simplified method of aligning SIP installments amounts with increase in earnings over the tenure of SIP.

The terms and conditions for availing the 'Step-Up SIP' shall be as follows:

1. **Option for Frequency for Step-Up SIP:**

- Half Yearly Step-Up SIP:** Under this option, the amount of investment through SIP installment shall be increased by amount chosen / designated by Investor post every 6th (sixth) SIP installment.
- Yearly Step-Up SIP:** Under this option, the amount of investment through SIP installment shall be increased by amount chosen / designated by Investor post every 12th (twelfth) SIP installment.

2. **Minimum Step-Up SIP Amount:** Rs. 500 and in multiples of Rs. 500 thereafter

3. **Default Step-Up SIP Frequency and amount:** In case the investor fails to specify any frequency or amount for Step-Up SIP, the same shall be deemed as Yearly Step-Up SIP and Rs. 500 respectively and the application form shall be processed accordingly. In case the investor fails to specify both, i.e. the frequency for Step-Up SIP and amount for Step-Up SIP, the application form may be processed as conventional SIP, subject to it being complete in all other aspects.

4. **Step-Up SIP shall be available for SIP Investments through NACH / Direct Debit Facility only.** Step-Up SIP shall not be available under Fast Forward SIP facility.

To Illustrate: The calculation and advantages of Step-Up SIP:

Conventional SIP	Step-Up SIP
<ul style="list-style-type: none"> • Fixed SIP Installment amount: Rs.1,000/- • SIP Period: 3 years (i.e. 36 installments) • SIP date: 1st of every month 	By providing/choosing the following additional details, an investor can opt for Step-Up SIP: Example: <ul style="list-style-type: none"> • Step-Up SIP Amount: Rs. 500/- • Step-Up SIP Frequency: Every 6 months

The impact on the total invested value under both cases can be as explained below:

SIP Tenure	Total Invested Value (in Rs.)	
	Conventional SIP	Step-Up SIP
First 6 installments	6,000	6,000
Next 6 Installments	6,000	9,000
Next 6 Installments	6,000	12,000
Next 6 Installments	6,000	15,000
Next 6 Installments	6,000	18,000
Next 6 Installments	6,000	21,000
Total Amount Invested after 3 years	36,000	81,000

The above investment simulation is purely for illustrative purposes only and shall not be deemed as guarantee/promise of minimum returns or to depict performance of any mutual fund scheme.

The AMC reserves the right to discontinue the SIP in case of cheque return and debit the cheque return charges to the investor's account. SIP registration will be discontinued in the following cases: (1) Where 3 (three) consecutive SIP installments are not honored or (2) In case of Fast Forward Facility, 6 (six) sequential SIP installments are not honored.

On an ongoing basis, the AMC would accept SIP with post-dated cheques as well NACH / Auto Debit. However, the investor is required to provide a cheque* for the first SIP transaction drawn on the same bank account which is to be registered for NACH/Auto Debit. The cheque should be dated on or before the date of submission of the Application Form. SIP form should be submitted atleast 21 days before the first Debit through NACH/Auto Debit. Units will be allotted at the Applicable NAV on the applicable dates (or the immediately next business day, in case the date happens to fall on non-business day) subject to realization of proceeds.

***Note:** Investors can also start a SIP without any initial Investment. For availing this feature, investors need to submit the application form atleast 30 days before the first Debit date. Further, in case investor is desirous of registering SIP without initial/first SIP investment, investor must attach an original copy of cancelled cheque of the bank account to be registered for NACH/Auto Debit.

Micro SIP

1. As per AMFI notification and Guidelines issued on July 14, 2009, SIPs without life insurance cover or lumpsum by eligible investors where aggregate (under all schemes of Mutual Fund) in a rolling 12 month period or in a financial year i.e. April to March does not exceed Rs. 50,000 (known as "Micro SIP") shall be exempted from the requirement of PAN.
2. This exemption of PAN requirement is only available to individuals (including Joint Holders, NRIs but not PIOs), Minors and Sole proprietary firms who do not possess PAN*. HUFs and other categories will not be eligible for this exemption.

** In case of joint holders, first holder must not possess a PAN.*

3. Please note that for availing Micro SIP, investor have to submit KYC/ KRA acknowledgement / confirmation quoting PAN Exempt KYC Reference No. (PEKRN) obtained from KYC Registration Agency (KRA) along with the application form for such investments. Eligible investors must hold only one PEKRN.
4. Please note that investors holding a valid Permanent Account Number (PAN) issued by Income Tax Department are mandatorily required to be KYC compliant and submit the KYC/KRA acknowledgement.
5. Additional Micro SIP in same folio: For Subsequent Micro SIP applications, investors can quote the existing folio number where a Micro SIP has been registered and need not resubmit the supporting document.
6. In case of any deficiencies in the supporting documents or in case of the aggregate of SIP and investments exceeding Micro SIP threshold, the Mutual Fund reserves the right to reject the applications.

In case the first Micro SIP installment is processed, and the application is found to be defective, the Micro SIP registration will be ceased for future installments. No refund shall be made for the units already allotted and the investors may redeem their investments.

Multi Scheme SIP Facility

The Facility enables investors to subscribe under various Schemes through SIP using a single application form and payment instruction. All provisions as applicable to investments under the existing Systematic Investment Plans offered under the Schemes of the Fund will be applicable to this Facility except as stated below:

- a. Under this Facility, payment only in respect of the first installment can be made using a single cheque. The payment for all the subsequent installments will have to be through the auto-debit/standing instruction/NACH facility provided by the banks.
- b. Currently, the maximum number of Schemes in which investments can be made using a single SIP application Form shall be 3 (three). Aditya Birla Sun Life AMC Ltd reserves right to extend the facility to more than 3 (three) schemes in future.
- c. The Facility is available only to those investors who wish to invest through SIP in more than one Scheme using a single application form.
- d. The Facility can be used for investments made on a weekly or monthly basis.
- e. The date of investments under SIP in respect of all Schemes registered by the investor through the Facility should be uniform. However, the amount of investments in the Schemes through the Facility can be different subject to the requirement of minimum amount of investment criteria as mentioned for the respective Scheme.
- f. If the maximum period for investments through SIP under the Facility is not indicated by the investor, the auto-debit/standing instruction/NACH facility will continue till further instructions from the investor from the date of 1st installment.

Pause Facility under SIP

As per this Facility the investors will have an option to pause their SIP investment for specified number of installments and SIP would restart from the immediate month after completion of the pause period specified by the investor.

The terms & conditions for availing the Pause Facility are as follows:

- The Pause Facility is only available for SIP registered with Monthly frequency;
- Notice of pause should be submitted at least 15 working days prior to the subsequent SIP date;
- Pause facility request can be for minimum 1 installment and for maximum 3 consecutive installments;
- Investors can avail this facility only once in the tenure of the existing SIP;
- In case of Step up SIP, the Pause facility will not be available between two separate instalment amounts and would be liable to be rejected. For e.g. if the Pause facility period is 3 months, SIP amount for 1st month is Rs. 1000

- and subsequent 2nd and 3rd instalment amount is increased with Step up amount of Rs. 1500, in such case Pause request will be rejected;
- Pause facility is allowed only for ECS/NACH/Direct Debit Registrations and will not be available for SIP registered through Standing Instruction;
 - Pause facility will not be allowed under Aditya Birla Sun Life Century SIP.

Aditya Birla Sun Life AMC Limited reserves the right to modify / terminate the features of this Facility as it may deem fit from time to time.

****Aditya Birla Sun Life AMC Limited has decided to temporarily suspend acceptance of fresh subscriptions under Aditya Birla Sun Life Century SIP ("CSIP") Facility (including the STP Facility under CSIP) with effect from Thursday, April 1, 2021 ("Effective Date").***

III. SYSTEMATIC TRANSFER PLAN:

STP allows the Investors to invest by transfer of a fixed amount from any of the following schemes to any open ended scheme of Aditya Birla Sun Life Mutual Fund. Since the amount is fixed, the investor gets the benefit of Rupee Cost Averaging. Further, the Investors have an option of Daily Systematic Transfer Plan (Daily STP) in addition to Weekly Systematic Transfer Plan, Monthly Systematic Transfer Plan and Quarterly Systematic Transfer Plan. This facility of Daily STP shall enable the Unitholders to transfer a fixed amount from their existing investments in the Scheme of Mutual Fund at daily intervals (business days) through a onetime request to other eligible existing schemes.

For Weekly, Monthly and Quarterly STP, Investors can transfer "OUT" investment from the Scheme and transfer "IN" to any of the Open-ended Scheme offered by Aditya Birla Sun Life Mutual Fund (except Aditya Birla Sun Life Index Fund, Aditya Birla Sun Life Gold ETF, Aditya Birla Sun Life SENSEX ETF, Aditya Birla Sun Life Nifty Next 50 ETF and Aditya Birla Sun Life Nifty ETF and subject to completion of lock-in period of units in Aditya Birla Sun Life Tax Relief '96, Aditya Birla Sun Life Tax Plan, Aditya Birla Sun Life Bal Bhavishya Yojna and Aditya Birla Sun Life Retirement Fund at the time of registration) of Aditya Birla Sun Life Mutual Fund.

However, for Daily STP, Investors can transfer "OUT" investment from the Scheme and transfer "IN" to all the Open-ended Scheme(s) of the Fund (except Aditya Birla Sun Life Gold ETF, Aditya Birla Sun Life SENSEX ETF, Aditya Birla Sun Life Nifty Next 50 ETF and Aditya Birla Sun Life Nifty ETF and investors who have opted for Daily IDCW Option under the Schemes of the Fund).

1. Investors have the option of:

- i. Daily Systematic Transfer Plan
- ii. Weekly Systematic Transfer Plan
- iii. Monthly Systematic Transfer Plan
- iv. Quarterly Systematic Transfer Plan

2. Minimum Balance in the scheme at the time of enrollment for STP facility.

- i. Daily Systematic Transfer Plan: Minimum balance in the scheme at the time of enrollment should be Rs. 10,000/-

- ii. Weekly Systematic Transfer Plan: Minimum balance in the scheme at the time of enrollment should be Rs. 6000
- iii. Monthly Systematic Transfer Plan: Minimum balance in the scheme at the time of enrollment should be Rs. 6000
- iv. Quarterly Systematic Transfer Plan: Minimum balance in the scheme at the time of enrollment should be Rs. 8000

3. Minimum Transfer Amount

Daily Systematic Transfer Plan:

In case, the investor fails to specify the number of transfers/duration under Daily STP, transfers shall continue to be triggered perpetually or until further valid instructions from the investor or until the outstanding balance in "Out" scheme does not cover the Daily STP transfer amount, whichever is earlier.

Daily Systematic transfer Plan: Investors are required to instruct for minimum of 20 transfers of Rs. 500/- and in multiples of Rs. 100 /- thereafter. There will be no maximum number of transfers/duration for Daily STP enrolment. In case, the investor fails to specify the number of transfers/duration under Daily STP, transfers shall continue to be triggered perpetually or until further valid instructions from the investor or until the outstanding balance in "Out" scheme does not cover the Daily STP transfer amount, whichever is earlier.

Weekly / Monthly / Quarterly Systematic Transfer Plan:

For STP installments greater than Rs. 500 but less than Rs. 999, Investors are required to instruct for minimum 12 transfers of Rs. 500 and in multiples of Rs.1 thereafter.

For STP installments of Rs.1000 and above, Investors are required to instruct for minimum 6 transfers of Rs.1000 and in multiples of Rs.1 thereafter.

4. Transfer dates:

- i. Daily Systematic Transfer Plan: In case of Daily STP, the commencement date for transfers shall be the 15th day (or the next business day, if that day is a non-business day) from the date of receipt of a valid request. Thereafter, transfers shall be effected on all business days at NAV based prices, subject to applicable load, if any. Thus, in the event of an intervening non-business day, STP triggers will not take place and consequently the total number of Daily STP installments opted by the investor will be adjusted to that extent i.e., For e.g. if the investor has opted for 100 installments and if 3 non-business days happen to occur in the intervening period, then STPs will be triggered for all the 100 installments.
- ii. Weekly Systematic Transfer Plan: Transfers shall be on following dates: 1st and 7th and 14th and 21st and 28th of each month
- iii. Monthly Systematic Transfer Plan: Transfer can be of following dates: 1st or 7th or 10th or 14th or 20th or 21st or 28th of each month for minimum 6 transfers.
Fast Forward Facility: Investors availing Monthly STP facility can opt for multiple dates, maximum upto any four dates within a month and in this case the dates can be dated 1st and / or 7th and / or 10th and/or 14th and/or 20th and/ or 21st and/ or 28th of each month.
- iv. Quarterly Systematic Transfer Plan: Transfer can be of following dates: 1st or 7th or 10th or 14th or 20th or 21st or 28th of each quarter for minimum 4 transfers.
(Default date: If the transfer frequency is not selected or in case of any ambiguity, the STP date will be 7th of each month/ quarter. In case where more than 4 dates are specified, default dates will be 7th, 14th, 21st & 28th of each month.) This facility is not available for investments under lock-in period.

5. The registration would stand terminated automatically under the following scenarios:

- 1. When balance in the Source scheme is less than the registered STP/SWP Amount –
 - (a) Available Units would be switched / redeemed.

- (b) STP/SWP would stand terminated if the available balance during the immediate next instalment continues to be insufficient or nil
2. When balance in Source scheme is nil the registration would stand terminated

1. Value Systematic Transfer Plan (Value STP):

Value Systematic Transfer Plan, is a facility (hereinafter referred as 'Value STP') wherein Unit holder(s) of eligible open-ended Scheme(s) of Aditya Birla Sun Life Mutual Fund [hereinafter referred to as "Fund"] can opt to systematically transfer amount(s), which may vary based on the value of investments already made/transferred under this facility, on the date of transfer at pre-determined intervals from open-ended Scheme(s) of the Fund [hereinafter referred to as "Transferor Scheme"] to the Growth Option of open-ended equity Scheme(s) of the Fund [hereinafter referred to as "Transferee Scheme"].

The key features of Value STP are mentioned below:

- (a) In Value STP (as per the Frequency opted by the Unitholder i.e. Monthly or Quarterly) Unitholders will be eligible to transfer fixed amount per installment OR the amount as determined by the following formula whichever is higher:

[(First installment amount) X (Number of installments including the current installment)] less (Market Value of the investments through Value STP in the Transferee Scheme on the date of transfer).

If the amount of transfer as calculated by the above formula is less than Rs. 500, then the default amount of Rs.500 will be transferred to the Transferee Scheme on the trigger date.

However, in case of redemption or switch-out of Units allotted under Value STP in the Transferee Scheme, the balance instalments under Value STP will be processed for the fixed instalment amount only as specified by the Unitholder at the time of enrolment.

On the date of transfer, if the market value of the investments in the Transferee Scheme through Value STP is higher than the Investment Value for that period [(first installment amount) X (number of installments; including the current installment)], then there would be no STP on that trigger date effected from the Transferor Scheme.

- (b) The first instalment under Value STP will be processed for the fixed instalment amount mentioned by the Unitholder at the time of enrolment.
(c) From the second instalment onwards, the amount to be transferred shall be computed as per formula stated in (a) above.
(d) The minimum number of installments and amount for enrollment to avail Value STP are as below:

Frequency	Trigger Dates	Minimum Value STP amount (Rs.)
Monthly	1st, 7th, 10th, 14th, 20th, 21st, 28th	For STP installments greater than Rs. 500 but less than Rs. 999, Unitholders are required to instruct for minimum 12 transfers of Rs.500 and in multiples of Rs. 1 thereafter. For STP installments of Rs. 1000 and above, Unitholders are required to instruct for minimum 6 transfers of Rs. 1000 and in multiples of Rs.1 thereafter.
Quarterly		

- (e) The maximum amount of transfer under Value STP would be limited to twice the amount per instalment mentioned in the application form at the time of enrolment.

- (f) In case none of the frequencies have been selected or in case of any ambiguity, Monthly frequency shall be treated as the default Frequency. If
- (g) STP date is not specified or in case of any ambiguity then 7th Business Day of the month will be treated as default date.
- (h) In case the date of transfer falls on a Non-Business Day, the immediate next Business Day will be considered for the purpose of determining the applicability of NAV.
- (i) A Single Value STP Enrolment Form can be filled for transfer into only one Scheme/Plan/Option.
- (j) Unitholder has the right to discontinue Value STP at any time he/she so desires by sending a written request at least 7 (seven) days in advance to any of the offices of the Fund or its Authorised Collection Centres.
- (k) Value STP will be terminated/not processed under the following circumstances: (i) On marking of lien or pledge of Units in the Transferor Scheme (ii) On receipt of intimation of death of the Unitholder.

2. Capital Appreciation Transfer Plan (CATP):

Capital Appreciation Transfer Plan (CATP) is a facility wherein the Unitholders can opt for the Systematic Transfer Plan by providing instruction to transfer capital appreciation at regular intervals - Monthly or Quarterly under the open-ended Scheme(s) of the Fund (except Aditya Birla Sun Life Gold ETF, Aditya Birla Sun Life Sensex ETF Aditya Birla Sun Life Nifty Next 50 ETF and Aditya Birla Sun Life Nifty ETF).

The capital appreciation, if any, will be calculated from the registration date of the CATP under the folio, till the first trigger date. Subsequent capital appreciation, if any, will be the capital appreciation between the previous CATP date (where CATP has been successfully processed and paid) and the immediate next CATP date.

The key features of CATP are mentioned below:

- (a) CATP is offered at Monthly and Quarterly intervals. In case none of the frequencies have been selected or in case of any ambiguity, Monthly frequency shall be treated as the default Frequency. If STP date is not specified or in case of any ambiguity then 7th Business Day of the month will be treated as default date. In case the date of transfer falls on a Non-Business Day, the immediate next Business Day will be considered for the purpose of determining the applicability of NAV.
- (b) The minimum amount required to trigger instalment under CATP is Rs. 1 and in multiples of Rs.1 thereafter.
- (c) A Single CATP Enrolment Form can be filled for transfer into only one Scheme/Plan/Option.
- (d) Unitholder has the right to discontinue CATP at any time he/she so desires by sending a written request at least 7 (seven) days in advance to any of the offices of the Fund or its Authorised Collection Centres.
- (e) CATP will be terminated / not processed under the following circumstances: (i) On marking of lien or pledge of Units in the Transferor Scheme (ii) On receipt of intimation of death of the Unitholder.

Aditya Birla Sun Life AMC Ltd (ABSLAMC) reserves the right to introduce/modify Value STP/CATP at any other frequencies or on any other dates as the ABSLAMC may feel appropriate from time to time.

All other features currently applicable to Systematic Transfer Plan shall be applicable to Value STP and CATP.

IV. SYSTEMATIC WITHDRAWAL PLAN (SWP)

Withdrawal Amount	Investors can withdraw fixed amount of Rs 500/- each and above on daily/weekly basis.	Investors can withdraw appreciation of Rs 500/- and above at regular intervals. If the appreciation amount is less than Rs. 500/- or the specified amount there will be no SWP in that month/quarter. The cumulative appreciation of this period and the immediately succeeding period shall be paid out subject to it being a minimum of Rs. 500/- or the specified amount.

Daily and Weekly frequency under Fixed Withdrawal Option of SWP facility allows the Unitholder to withdraw a specified sum of money on daily / weekly basis on all business days from the investments in the eligible open ended Schemes of the Fund.

The features of the Daily / Weekly/ Quarterly/Half yearly and Yearly frequency under Fixed Withdrawal Option under SWP facility are stated below:

- (a) Unitholders can withdraw minimum fixed amount of Rs.500 and above on daily/weekly basis. Withdrawal under Daily/Weekly SWP will be treated as redemption and equivalent units will be redeemed at the Applicable NAV subject to applicable exit load.
- (b) Unitholders can avail Daily/Weekly SWP only where the registered bank details enable an electronic mode of payment for the SWP amount.
- (c) If the amount of withdrawal instalment is more than the amount available in the account for redemption, the entire available amount will be redeemed and Daily / Weekly SWP will terminate automatically.
- (d) Weekly SWP dates - Monday to Friday of every week. In case of a non-Business Day, SWP would be executed on next Business Day.
- (e) If the day for Weekly SWP is not selected or in case of any ambiguity, Wednesday shall be treated as a Default day.
- (f) Unitholders can enroll themselves for the facility by submitting the duly completed enrolment Form along with cancelled cheque copy to enable electronic payout at the Investor Service Centres (ISCs)/Official Points of Acceptance (OPAs).
- (g) Unitholder has the right to discontinue/modify Daily SWP at any time he/ she so desires by sending a written request at least 5 (five) days in advance to any of the offices of the Fund or its Authorised Collection Centres.

2. Withdrawal Frequency:

For Fixed Withdrawal Option Withdrawal can be of following dates: Investors can withdraw fixed amount on 1 or 7 or 10 or 14 or 20 or 21 or 28 of month/quarter/Half yearly and Annually for minimum 6 months/ 4 quarter/2 half years and 1 year.

For Appreciation Withdrawal Option: Investors can withdraw appreciation on the 1 of each month/quarter for minimum 6 months/ 4 quarter.

Default Dates: In case of any ambiguity in selection of withdrawal frequency, the SWP date will be 7th of each month in case of Fixed withdrawal facility.

3. This facility is not available for investments under lock-in period or against which a lien is marked or for investments which are pledged.
4. In case of fixed withdrawals, if the amount of installment is more than the amount available in that account for redemption, the entire available amount will be redeemed and the SWP will terminate automatically. In case of appreciation withdrawal, the appreciation will be calculated on the units available for redemption at the time of SWP installment. Investors opting for appreciation withdrawal in the event of there being no appreciation in a particular month, no withdrawal/payment will be effected in that month.
5. Withdrawal under SWP will be treated as redemption and equivalent units will be Redeemed at the NAV related prices of the 1st or 7th or 10th or 14th or 20th or 21st or 28th of month/quarter (or next business day, if 1st or 7th or 10th or 14th or 20th or 21st or 28th is a non-business day).
6. AMC will endeavor to credit the redemptions payouts directly to the designated Bank A/c of the unitholder through any of the available electronic mode (i.e. RTGS / NEFT / Direct Credit). AMC reserves the right to use any of the above mode of payment as deemed appropriate for all folios where the required information is available. AMC/Mutual Fund, however, reserves the right to issue a cheque / demand draft in spite of an investor opting for Electronic Payout.

The investor has the right to discontinue/modify SWP at any time he/she so desires by sending a written request at least 15 days in advance of the immediate next due date to any of the offices of the Mutual Fund or its Authorised Collection Centres

The registration would stand terminated automatically under the following scenarios:

 - (b) SWP would stand terminated if the available balance during the immediate next instalment continues to be insufficient or nil
2. When balance in Source scheme is nil the registration would stand terminated

3. Fast Forward Facility: Unitholders availing SWP facility can opt for multiple dates, maximum upto any 4 (four) dates of each month. The dates are 1st and/or 7th and/or 14th and/or 20th and/or 21st and/or 28th.

V. SWITCHING**(a) Inter - Scheme Switching option**

Unit holders under the Scheme have the option to Switch part or all of their Unit holdings in the Scheme to other schemes managed by the Mutual Fund and vice versa, as per the features of the respective scheme. This Option will be useful to Unit holders who wish to alter the allocation of their investment among various scheme(s) / plan(s) of the Mutual Fund (subject to completion of lock-in period, if any, of the units of the scheme(s) from where the units are being switched) in order to meet their changed investment needs. The Switch will be effected by way of a Redemption of Units from the Scheme / Plan and a

reinvestment of the Redemption proceeds in the scheme / plan and accordingly, to be effective, the Switch must comply with the Redemption rules and the issue rules of the respective scheme (for e.g. as to the minimum number of Units that may be redeemed or issued, Exit Load etc). The price at which the Units will be Switched out of the respective Scheme/ Plan will be based on the Redemption Price, and the proceeds will be invested at the prevailing sale price for units in that scheme / plan.

(b) Intra-Scheme Switching option:

Unit holders under the Scheme have the option to Switch their Unit holdings from Growth option to IDCW option or vice-versa within the same Plan offered under the Scheme. No Exit Load will be charged in respect of such Intra-Scheme Switching. The switches would be done at the applicable NAV based prices and the difference between the NAVs of the two options will be reflected in the number of units allotted.

However, switch transactions are currently not available in case of units held in electronic (demat) mode. To affect a switch, a Unit Holder must provide clear instructions. Such instructions may be provided in writing or by completing the transaction slip/form attached to the account statement. The switch request can be made for an amount equivalent or higher than the minimum application amount of the scheme into which the switch is made. A Unit holder may request switch of a specified amount or a specified number of Units only. If the Unit holder has specified both the amount and the number of Units, switch-out of units will be carried out based on the number of units specified by the Unit holder.

VI. WEB BASED TRANSACTIONS

The Mutual Fund may allow subscriptions / Redemption of Units, during the period when the ongoing subscription list is opened by the Trustees, by electronic mode through the various websites with whom the AMC would have an arrangement from time to time. Normally, the subscription proceeds, when invested through this mode, are by way of direct credit to the designated bank collection account of the Scheme. The Redemption proceeds, (subject to deduction of tax at source, if any) through this mode, are directly credited to the bank account of the Investors who have an account at the designated banks with whom the AMC has made arrangements from time to time. The intermediary will aggregate the data and forward the same to the AMC / ISC for processing. These transactions will be converted into a physical piece of instructions and date/time stamped in accordance with the guidelines specified in SEBI circular dated October 11, 2006. The Fund, the AMC, the Trustee, alongwith its directors, employees and representatives shall not be liable for any damages or injuries arising out of or in connection with the use of the web-site or its non-use including non-availability or failure of performance, loss or corruption of data, loss of or damage to property (including profit and goodwill), work stoppage, computer failure or malfunctioning or interruption of business; error, omission, interruption, deletion, defect, delay in operation or transmission, computer virus, communication line failure, unauthorised access or use of information. The Fund may introduce a facility for distributors to transact on the web on behalf of their clients, provided the client has authorised the distributors to do so by executing a Power of Attorney in favour of the distributor for this purpose. In such events, the Power of Attorney should be submitted to the Fund. It shall be the responsibility of the distributor, to ensure that the Power of Attorney is valid and subsisting to carry out the transaction.

VII. TRANSACTIONS THROUGH STOCK EXCHANGE PLATFORM FOR MUTUAL FUNDS:

ABSLAMC, shall enter into arrangements with NSE and BSE to facilitate purchase / subscription and redemption / repurchase of units of the scheme on an ongoing basis at any time after the scheme reopens for purchase and sale.

The transactions carried out on the above platform shall be subject to such guidelines as may be issued by NSE/BSE and also SEBI (Mutual Funds) Regulations, 1996 and circulars/guidelines issued thereunder from time to time. For further details please refer SAI.

Accordingly, following guidelines shall be applicable for transactions executed in open ended Schemes of Aditya Birla Sun Life Mutual Fund ("Fund") through Mutual Fund Distributors through the Stock Exchange Infrastructure:

1. Mutual Fund Distributors registered with Association of Mutual Funds in India (AMFI) and who has been permitted by the concerned recognised stock exchange will be eligible to use "NMF II Online Mutual fund Platform" of National Stock Exchange of India Ltd. (Rs.NSE') platform and / or "BSE StAR MF" platform of BSE Limited (Rs.BSE') to purchase (including switches) and redeem units of schemes of the Fund in physical (non-demat) mode and/or demat (electronic) mode.
2. Mutual Fund Distributors will not handle pay out/pay in of funds as well as units on behalf of investor. Pay in will be directly received by recognized clearing corporation and payout will be directly made to investor account. In the same manner, units shall be credited and debited directly from the demat account of investors.
3. In case of payment of redemption proceeds to the Clearing Corporation by the Fund/ its Registrar, it shall be treated as valid discharge for the Fund/ Aditya Birla Sun Life AMC Limited ("ABSLAMC") of its obligation of payment of redemption proceeds to investor. Similarly, in case of purchase of units, crediting units into Clearing Corporation's Pool account shall discharge the Fund/ ABSLAMC of its obligation/ to allot units to investor.
4. The facility of transacting in mutual fund schemes through stock exchange infrastructure is available subject to operating guidelines, terms and conditions as may be prescribed by the recognised Stock Exchanges from time to time.

VIII. TRANSACTION THROUGH MOBILE PHONES (MOBILE INVESTMENT MANAGER FACILITY):

AMC has entered into an arrangement with a service provider for facilitating certain transactions in units of the designated Scheme/s (except for Open ended Liquid schemes i.e. ABSL Liquid Fund, ABSL Money Manager Fund and ABSL Overnight Fund) of Aditya Birla Sun Life Mutual Fund by the existing investors which, inter alia, requires registration process to be complied with by the investor.

1. **Eligible Investors:** This facility shall be available only to the existing Resident Individuals who have consented to avail of this facility and given specific instructions to the Bank for debit payments through participation in ECS of the National Clearing Cell of the Reserve Bank of India, for the purposes of subscribing to the units of the Scheme.
2. **Eligible Transactions under the scheme:**
Eligible investors may undertake the following transactions through this facility:
 - **Subscription**
 - Additional Purchase
 - Systematic Investment Plan
 - **Switches & Redemptions:**
Investors should note that in case of subscriptions, the 'per day' limit, currently Rs. 50,000/- or such limit as may be specified by RBI from time to time would be applicable and NECS debit would be carried out from the registered account. In case the minimum fresh or additional purchase amount is greater than the limit specified by RBI, would not be available for transaction under this facility.
3. **Applicability of Cut-off timings:** All eligible transactions permitted under this facility received upto 2.45 pm by the service provider will be processed for the NAV of the same business day and transactions received after 2.45 pm shall be processed for NAV of next business day.

IX. INTERBANK MOBILE PAYMENT SERVICE ("IMPS") FACILITY:

Interbank Mobile Payment Service ("IMPS") facility, an additional mode of subscription/investment, is being made available. IMPS is a platform provided by

National Payments Corporation of India ("NPCI") that can allow existing unitholders(s) to use mobile technology/instruments as a channel for accessing their bank accounts and initiating interbank fund transaction in a convenient and secure manner. (Unitholder may refer to www.npci.org.in for further details on IMPS platform).

This investment platform is currently being available to Resident Individuals under their existing folios/scheme account of Aditya Birla Sun Life Mutual Fund. Such existing Unitholder(s) of Aditya Birla Sun Life Mutual Fund (Mutual Fund) should be registered with their bank for IMPS facility for their bank account and obtain Mobile Money Identifier ("MMID") (a 7- digit number that is provided by Bank to customer). Before initiating a subscription/investment transaction via IMPS settlement, existing unitholders shall be deemed to agree and confirm to have read, understood and accepted following terms and conditions for availing the said IMPS facility for subscription to aforesaid schemes of Aditya Birla Sun Life Mutual Fund:

Terms and Conditions for subscription/investment through IMPS:

1. Unitholder is required to register for IMPS facility and obtain a Mobile Money Identifier ("MMID") for the bank account held with his/her Bank. The process of registration for IMPS facility may vary from Bank to Bank. Further, the availing of initiating an IMPS transaction would depend on the investor's bank supporting IMPS payment options. The mode of initiating the IMPS transaction would depend on the modes enabled by the investors bank and may change from time to time.
2. **Unitholder should ensure that the Mobile number registered with Bank for IMPS facility is the same as mobile number registered with Aditya Birla Sun Life Mutual Fund for the folio.**
3. The Investor will have to initiate an IMPS transfer through his/her Bank by using bank mobile application or by sending an SMS from his/her mobile number registered with his bank, instructing to transfer funds from his/her bank account. Investor will have to provide (i) Aditya Birla Sun Life Mutual Fund Folio No., (ii) MMID of the Scheme, and (iii) the Amount he/she wishes to invest/transfer.
4. IMPS facility is being made available under following select schemes of Aditya Birla Sun Life Mutual Fund offered through this SID. Also, in case the subscription (lumpsum) amount is Rs.10,000/- or more and your Distributor has opted-in to receive Transaction Charges on basis of type of product, Rs. 100/- (for investor other than first time mutual fund investor) will be deducted from the subscription amount received and paid to the distributor. Units will be issued against the balance amount invested.

5. For details on Scheme code(s), Terms and Conditions, Registration form and further details on SMS Transact, unitholder(s) are requested to visit our website www.mutualfund.adityabirlacapital.com.

6. If the transaction is delayed or not effected at all for reasons of incomplete or incorrect information/key word or due to non-receipt of the SMS message by the RTA or due to late receipt of SMS due to mobile network congestions or due to non-connectivity or due to any reason whatsoever, the Unit holder(s) will not hold the AMC, Mutual Fund or any of its service providers liable for the same.

XI. TRANSACTION THROUGH MF UTILITY

MF Utility ("MFU") - a shared services initiative of various Asset Management Companies, which acts as a transaction aggregation portal for transacting in multiple Schemes of various Mutual Funds with a single form and a single payment instrument.

Aditya Birla Sun Life AMC Limited, has entered into arrangement with MF Utilities India Private Limited (MFUI), a "Category II - Registrar to an Issue" under SEBI (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 to facilitate financial transactions viz. purchase / subscription and redemption / repurchase of units of the scheme and non-financial transactions.

Accordingly, all financial and non-financial transactions for the Schemes can be done through MFU either electronically on www.mfuonline.com as and when such a facility is made available by MFUI or physically through the authorized Points of Service ("POS") of MFUI with effect from the respective dates as published on MFUI website against the POS locations. Investors can refer the list of POS of MFUI available on the website of MFUI at www.mfuindia.com as may be updated from time to time. The Online Transaction Portal of MFU i.e. www.mfuonline.com and the POS locations of MFUI will be in addition to the existing Official Points of Acceptance ("OPA") of the ABSLAMC.

	<p>The uniform cut-off time as mentioned in the Scheme Information Document(s)/Key Information Memorandum(s) of the schemes shall be applicable for applications received on the portal of MFUI i.e. www.mfuonline.com. However, investors should note that transactions on the MFUI portal shall be subject to the eligibility of the investors, terms & conditions as stipulated by MFUI/Mutual Fund/the AMC from time to time and any law for the time being in force.</p> <p>MFUI will allot a Common Account Number ("CAN"), a single reference number for all investments across all the Mutual Funds, for transacting in multiple Schemes of various Mutual Funds through MFU and to map existing folios, if any. Investors can create a CAN by submitting the CAN Registration Form (CRF) and necessary documents at the MFUI POS. The AMC and/or its Registrar and Transfer Agent (RTA) i.e Computer Age Management Services Pvt. Ltd (CAMS) shall provide necessary details to MFUI as may be needed for providing the required services to investors/ distributors through MFU. Investors are requested to visit the websites of MFUI at www.mfuindia.com or the AMC at www.mutualfund.adityabirlacapital.com to download the relevant forms. For facilitating transactions through MFU, Aditya Birla Sun Life Mutual Fund (Fund)/ AMC may require to submit and disclose information/ details about the investor(s) with MFUI and/or its authorised service providers. Investors transacting through MFU shall be deemed and consented and authorised the Fund/AMC to furnish and disclose all such information to MFUI and/its authorised service providers as may be required by MFUI from time to time.</p> <p>For any queries or clarifications related to MFU, investors are requested to contact the Customer Care of MFUI on 1800-266-1415 (during the business hours on all days except Sunday and Public Holidays) or send an email to clientservices@mfuindia.com.</p>
IDCW Policy	<p>Under IDCW option, it is proposed to declare IDCW subject to the availability of distributable surplus as computed in accordance with SEBI Regulations. IDCW, if declared, will be paid (subject to deduction of tax at source, if any) to those unitholders, whose names appear in the register of unitholders on the notified record date. AMC reserves the right to change the record date from time to time. However, it must be distinctly understood that actual declaration of IDCW and frequency thereof is at the discretion of Trustees. There is no assurance or guarantee to unitholders as to the rate of IDCW nor that will the IDCW be paid regularly. On payments of IDCW, the NAV will stand reduced by the amount of IDCW paid and other statutory levies, if applicable.</p> <p>IDCW Distribution Procedure:</p> <p>The salient features with respect to the IDCW distribution, in accordance with SEBI circular no. SEBI/IMD/CIR No.1/64057/06, dated April 4, 2006, are as follows:</p> <ul style="list-style-type: none"> • Quantum of IDCW and Record date shall be fixed by the Trustees. • AMC shall issue a notice to the public communicating the decision about IDCW including the record date, within one calendar day of the decision made by the trustees in their meeting. <p>Record date shall be the date that will be considered for the purpose of determining the eligibility of investors whose name appear on the register of unitholders. FATCA provisions were included in the Hiring Incentives to Restore Employment (HIRE) Act, enacted by US Legislature.

SEBI vide its circular no. CIR/MIRSD/2/2014 dated June 30, 2014, has advised that Government of India and US Government have reached an agreement in substance on the terms of an Inter-Governmental Agreement (IGA) to implement FATCA and India is now treated as having an IGA in effect from April 11, 2014. Birla Sun Life Asset Management Company Limited (the AMC)/the Fund is classified as a Foreign Financial Institution (FFI) under the FATCA provisions and in accordance therewith, the AMC/the Fund would be required, from time to time:

- To undertake necessary due diligence process by collecting information/documentary evidence about US/Non US status of the investors/unit holders and identify US reportable accounts;
- To the extent legally permitted, disclose/report information (through itself or its service provider) about the holdings, investments returns pertaining to US reportable accounts to the specified US agencies and/or such Indian authorities as may be specified under FATCA guidelines or under any other guidelines issued by Indian Authorities such as SEBI, Income Tax etc. (collectively referred to as 'the Guidelines'); and
- Carry out any other related activities, as may be mandated under the Guidelines, as amended from time to time.

FATCA due diligence will be applicable at each investor/unit holder (including joint holders) level and on being identified as reportable person/specified US person, all folios/accounts will be reported including their identity, direct or indirect beneficiaries, beneficial owners and controlling persons. Further, in case of folio(s)/account(s) with joint holder(s), the entire account value of the investment portfolio will be attributable under each such reportable person. Investor(s)/Unit Holder(s) will therefore be required to comply with the request of the AMC/the Fund to furnish such information, in a timely manner as may be required by the AMC/the Fund to comply with the due diligence/reporting requirements stated under IGA and/or the Guidelines issued from time to time.

FATCA provisions are relevant not only at on-boarding stage of investor(s)/unit holder(s) but also throughout the life cycle of investment with the Fund/the AMC. In view of this, Investors should immediately intimate to the Fund/the AMC, in case of any change in their status with respect to FATCA related declaration provided by them previously.

The Fund/AMC reserves the right to reject any application or redeem the units held directly or beneficially in case the applicant/investor(s) fails to furnish the relevant information and/or documentation in accordance with the FATCA provisions, notified.

The AMC reserves the right to change/modify the provisions mentioned above in response to any new regulatory development which may require to do so at a later date.

Unitholders should consult their own tax advisors regarding the FATCA requirements with respect to their own situation and investment in the schemes of Aditya Birla Sun Life Mutual Fund to ensure that they do not suffer U.S. withholding tax on their investment returns.

The Redemption / Switch-out request can be made by way of a written request / pre-printed form / relevant tear off section of the Transaction Slip enclosed with the Account Statement, which should be submitted at / may be sent by mail to any of the ISCs.</p> <p>In case the Units are held in the names of more than one Unit holder, where mode of holding is specified as "Joint", Redemption requests will have to be signed by all the joint holders. However, in cases of holding specified as 'Anyone or Survivor', any of the Unit holders will have the power to make Redemption request, without it being necessary for all the Unit holders to sign. However, in all cases, the Redemption proceeds will be paid only to the first named holder.</p> <p>The Redemption would be permitted to the extent of clear credit balance in the Unit holder's account. The Redemption request can be made by specifying the rupee amount or by specifying the number of Units to be redeemed, except in case of units held in electronic (demat) mode, where the redemption request can be given only in terms of number of Units to be redeemed. Also Switch transactions are currently not available in case of units held in electronic (demat) mode. If a Redemption request is for both, a specified rupee amount and a specified number of Units, the specified number of Units will be considered the definitive request. If only the Redemption amount is specified by the Unit holder, the AMC will divide the Redemption amount so specified by the Redemption Price to arrive at the number of Units. The request for Redemption of Units could also be in fractions, upto three decimal places. The minimum amount of Redemption may be changed in future by the AMC. If the balance in the account of the Unit holder does not cover the amount of Redemption request, then the Mutual Fund is authorised to close the account of the Unit holder and send the entire such (lesser) balance to the Unit holder. For further details, please refer to "Redemptions".</p>
<p>Restrictions, if any, on the right to freely retain or dispose of units being offered</p>	<p>Suspension of Sale / Switching Options of the Units:</p> <p>The Mutual Fund at its sole discretion reserves the right to suspend sale and switching of Units in the Scheme temporarily or indefinitely when any of the following conditions exist. During periods of extreme volatility of markets, which in the opinion of the AMC are prejudicial to the interests of the Unit holders of the Scheme. 5. In case of natural calamities, strikes, riots and bandhs. 6. In the event of any force majeure or disaster that affects the normal functioning of the AMC or the ISC. 7. If so directed by SEBI. <p>The AMC reserves the right in its sole discretion to withdraw the facility of Sale and Switching option of Units in the Scheme [including any one Plan/Option of the Scheme], temporarily or indefinitely, if AMC views that changing the size of the corpus further may prove detrimental to the existing Unit holders of the Scheme.</p>
Right to Redemptions	<p>Subject to the approval of the Board of Directors of Aditya Birla Sun Life AMC Limited (“ABSLAMC”) and the Aditya Birla Sun Life Trustee Pvt. Limited (“Trustee”) and also subject to necessary communication of the same to SEBI, the redemption of / switch-out of Units of Scheme(s) of the Fund, may be temporarily suspended/ restricted under the following circumstances that leads to a systemic crisis or event that severely constricts market liquidity or the efficient functioning of markets:</p> <p>a) Liquidity issues - When markets at large becomes illiquid affecting almost all securities rather than any issuer specific security.</p> <p>b) Market failures, exchange closures - When markets are affected by unexpected events which impact the functioning of exchanges or the regular course of transactions. Such unexpected events could also be related to political, economic, military, monetary or other emergencies.</p> <p>c) Operational issues - When exceptional circumstances are caused by <i>force majeure</i>, unpredictable operational problems and technical failures (e.g. a black out).</p> <p>Under the aforesaid circumstances, ABSLAMC / Trustee may restrict redemption for a specified period of time not exceeding 10 working days in any 90 days period. For redemption requests placed during the restriction period the following provisions will be applicable:</p> <ol style="list-style-type: none"> a. For redemption requests upto Rs. 2 lakh the above-mentioned restriction will not be applicable and b. Where redemption requests are above Rs. 2 lakh, AMCs shall redeem the first Rs. 2 lakh without such restriction and remaining part over and above Rs. 2 lakh shall be subject to such restriction. <p>ABSL AMC / Trustee reserves the right to change / modify the provisions of right to limit Redemption / switch-out of units of the Scheme(s) pursuant to direction/ approval of SEBI.</p>
Listing and Transfer of units	<p>The Scheme being open ended; the Units are not proposed to be listed on any stock exchange. However, the Fund may at its sole discretion list the Units on one or more stock exchanges at a later date if it is considers this to be necessary in the interest of unit holders of the scheme.</p> <p>In accordance with SEBI Circular No. CIR/IMD/DF/10/2010 dated August 18, 2010 on transferability of mutual fund units, investors/unitholders of the schemes of Aditya Birla Sun Life Mutual Fund are requested to note that the Asset Management Company shall on production of instrument of transfer together with the relevant unit certificates, register the transfer and return the unit certificates to the transferee within thirty days from the date of such production. Further, units held in electronic (demat) form shall be transferable under the depository system</p>

	and will be subject to the transmission facility in accordance with the provisions of SEBI (Depositories and Participants) Regulations, 2018 as may be amended from time to time.

Such Consolidated Account Statement shall reflect the latest closing balance and value of the Units prior to the date of generation of the consolidated account statement. ▪ The half yearly consolidated account statement will be sent by e-mail to the Unitholders whose e-mail address is available, unless a specific request is made to receive in physical. <p>COMMUNICATION BY EMAIL</p> <p>For those unitholders who have provided an e-mail address, the AMC will send the communication by email. Unitholders who receive e-mail statements may download the documents after receiving e-mail from the Mutual Fund. Should the Unitholder experience any difficulty in accessing the electronically delivered documents, the Unitholder shall promptly advise the Mutual Fund to enable the Mutual Fund to make the delivery through alternate means. It is deemed that the Unitholder is aware of all security risks including possible third party interception of the documents and contents of the documents becoming known to third parties.</p> <p>For ease of communication, first applicant's own email ID and mobile number should be provided.</p>
IDCW	The IDCW warrants shall be dispatched to the unitholders within 15 days from the record date. In the event of failure of dispatch of IDCW within the stipulated 15 day

	<p>period, the AMC shall be liable to pay interest @ 15 per cent per annum to the unit holders for the period of such delay.</p> <p>AMC will endeavor to credit the payout of IDCW directly to the designated Bank A/c of the unitholders of Aditya Birla Sun Life Mutual Fund schemes through any of the available electronic mode (i.e. RTGS / NEFT / Direct Credit / NECS). AMC reserves the right to use any of the above mode of payment as deemed appropriate for all folios where the required information is available.</p>
Redemption	<p>Redemption or repurchase proceeds shall be dispatched to the unitholders within 10 working days from the date of redemption or repurchase.</p> <p>The Units can be Redeemed (i.e. sold back to the Mutual Fund) or Switched-out on every Business Day at the Redemption Price. The Redemption / Switch-out request can be made by way of a written request / pre-printed form / relevant tear off section of the Transaction Slip enclosed with the Account Statement, which should be submitted at / may be sent by mail to any of the ISCs.</p> <p>In case an investor has purchased Units of the Scheme on more than one Business Day (either during the New Fund Offer Period, or on an ongoing basis), the Units purchased prior in time will be redeemed/switched-out first. Thus, in case of valid application for redemption/switch-out is made by the investor, those Units of the scheme which have been held for the longest period of time will be redeemed/switched-out first i.e. on a First-in-First-Out basis.</p> <p>However, where Units under a Scheme are held under both Regular and Direct Plans and the redemption / Switch request pertains to the Direct Plan, the same must clearly be mentioned on the request (along with the folio number), failing which the request would be processed from the Regular Plan. However, where Units under the requested Option are held only under one Plan, the request would be processed under such Plan.</p> <p>The Redemption would be permitted to the extent of clear credit balance in the Unit holder's account. The Redemption request can be made by specifying the rupee amount or by specifying the number of Units to be redeemed. If a Redemption request is for both, a specified rupee amount and a specified number of Units, the specified number of Units will be considered the definitive request. If only the Redemption amount is specified by the Unit holder, the AMC will divide the Redemption amount so specified by the Redemption Price to arrive at the number of Units. The request for Redemption of Units could also be in fractions, upto three decimal places. However, in case of units held in electronic (demat) mode, the redemption request can be given only in number of Units. Also Switch transactions are currently not available in case of units held in electronic (demat) mode. The minimum amount of Redemption may be changed in future by the AMC. If the balance in the account of the Unit holder does not cover the amount. Redemption request, then the Mutual Fund is authorised to close the account of the Unit holder and send the entire such (lesser) balance to the Unit holder.</p> <p>In case the Units are held in the names of more than one Unit holder, where mode of holding is specified as "Joint", Redemption requests will have to be signed by all the joint holders. However, in cases of holding specified as 'Anyone or Survivor', any of the Unit holders will have the power to make Redemption request, without it being necessary for all the Unit holders to sign. However, in all cases, the Redemption proceeds will be paid only to the first named holder.</p> <p>AMC will endeavor to credit the redemptions payouts directly to the designated Bank A/c of the unitholder through any of the available electronic mode (i.e. RTGS / NEFT / Direct Credit). AMC reserves the right to use any of the above mode of payment as deemed appropriate for all folios where the required information is available. AMC/Mutual Fund, however, reserves the right to issue a cheque / demand draft inspite of an investor opting for Electronic Payout.</p> <p>Bank Details: In order to protect the interest of investors from fraudulent encashment of cheques, the current SEBI (MF) Regulations have made it mandatory for investors to mention in their application / Redemption request, the</p>

	bank name and account number. Applications without these details are liable to be rejected.
Delay in payment of redemption / repurchase proceeds and despatch of IDCW warrants	The Asset Management Company shall be liable to pay interest to the unitholders at such rate as may be specified by SEBI for the period of such delay (presently @ 15% per annum).

D. COMPUTATION OF NET ASSET VALUE

The Net Asset Value (NAV) per Unit of the scheme will be computed by dividing the net assets of the scheme by the number of Units outstanding under the scheme on the valuation date. The Mutual Fund will value its investments according to the valuation norms, as specified in Schedule VIII of the SEBI (MF) Regulations, or such norms as may be specified by SEBI from time to time.

NAV of Units under the scheme shall be calculated as shown below:

$$\text{NAV (Rs.) per Unit} = \frac{\begin{aligned} &\text{Market or Fair Value of the scheme's Investments} \\ &+ \text{Current Assets (including accrued income)} \\ &- \text{Current Liabilities and Provisions (including accrued expenses)} \end{aligned}}{\text{No. of Units outstanding under the scheme}}$$

The AMC will calculate and disclose the NAV of the scheme on every business day. The NAVs of the Scheme will be calculated upto two decimals and units allotted upto three decimals. AMC reserves the right to calculate NAV more than two decimal places. NAVs of the growth option and IDCW option will be different after the declaration of the first IDCW.

Computation of NAV in case of investment in foreign securities: On the valuation day, all the assets and liabilities denominated in foreign currency will be valued in Indian Rupees. The valuation price of the security will be converted to INR based on a reference rate provided by the designated agency at the close of banking hours in India. If required, the AMC may change the source of determining the exchange rate. The Fund shall value its investments according to the valuation norms as specified in the Eighth Schedule of the Regulations, or such guidelines / recommendations as may be specified by SEBI from time to time. The broad valuation norms are detailed in the Statement of Additional Information.

Section IV – FEES AND EXPENSES

This section outlines the expenses that will be charged to the scheme and also about the transaction charges, if any, to be borne by the investors. The information provided under this Section seeks to assist the investor in understanding the expense structure of the Scheme and types of different fees / expenses and their percentage the investor is likely to incur on purchasing and selling the Units of the Scheme.

A. NEW FUND OFFER EXPENSES

These expenses are incurred for the purpose of various activities related to the NFO like sales and distribution fees paid marketing and advertising, registrar expenses, printing and stationary, bank charges etc. All the NFO expenses of the Scheme shall be borne by the AMC.

The entire amount subscribed by the investor subject to deduction of transaction charges, if any, in the scheme during the New Fund Offer will be available to the scheme for investments.

B. ANNUAL SCHEME RECURRING EXPENSES

These are the fees and expenses for operating the scheme. These expenses include Investment Management and Advisory Fee charged by the AMC, Registrar and Transfer Agents' fee, marketing and selling costs etc. as given in the table related to maximum permissible expense below.

Within the limits specified under the SEBI (MF) Regulations, the AMC has estimated that the following will be charged to the scheme as expenses. For the actual current expenses being charged, the investor should refer to the website of the Mutual Fund. Further, any change in the expense ratio will be updated on our website and the same will be communicated to investor via SMS / e-mail 3 working days prior to the effective date of change.

As per Regulation 52(6)(c) of SEBI (MF) Regulations, the total expenses of the scheme, including Investment Management and Advisory Fees, shall be subject to following limits as specified below:

Assets under management Slab (In Rs. crore)	Total expense ratio limits
on the first Rs.500 crores of the daily net assets	2.25%
on the next Rs.250 crores of the daily net assets	2.00%
on the next Rs.1,250 crores of the daily net assets	1.75%
on the next Rs.3,000 crores of the daily net assets	1.60%
on the next Rs.5,000 crores of the daily net assets	1.50%
On the next Rs.40,000 crores of the daily net assets	Total expense ratio reduction of 0.05% for every increase of Rs. 5,000 crores of daily net assets or part thereof.
On balance of the assets	1.05%

In addition to total expense permissible within limits of Regulation 52 (6)(c) of SEBI (MF) Regulations as above, the AMC may charge the following to the scheme in terms of Regulation 52(6A) of SEBI (MF) Regulations:

- (a) Additional expenses not exceeding of 0.30% of daily net assets may be charged to the Scheme, if the new inflows from retail investors[^] from beyond top 30 cities* are at least (i) 30% of gross new inflows in the scheme or (ii) 15% of the average assets under management (year to date) of the scheme, whichever is higher.

[^]As per SEBI circular dated March 25, 2019, inflows of amount upto Rs 2,00,000/- per transaction, by individual investors shall be considered as inflows from "retail investor".

*Beyond Top 30 (B30) cities shall mean beyond top 30 cities based on Association of Mutual Funds in India (AMFI) data on 'AUM by Geography - Consolidated Data for Mutual Fund Industry' as at the end of the previous financial year.

In case inflows from beyond such cities is less than the higher of (i) or (ii) mentioned above, such additional expense on daily net assets of the scheme shall be charged on proportionate basis in accordance with SEBI Circular no. CIR/IMD/DF/21/2012 dated September 13, 2012.

Inflows from corporates and institutions from B-30 cities will not be considered for computing the inflows from B-30 cities for the purpose of additional TER of 30 basis points.

The expense so charged shall be utilised for distribution expenses incurred for bringing inflows from such cities. However, the amount incurred as expense on account of inflows from such cities shall be credited back to the scheme in case the said inflows are redeemed within a period of one year from the date of investment.

- (b) Brokerage and transaction costs incurred for the execution of trades and included in the cost of investment, not exceeding 0.12 per cent of the value of trades in case of cash market transactions and 0.05 per cent of the value of trades in case of derivatives transactions. Thus, in terms of SEBI circular CIR/IMD/DF/24/2012 dated November 19, 2012, it is hereby clarified that the brokerage and transaction costs incurred for the execution of trades may be capitalized to the extent of 0.12 per cent of the value of trades in case of cash market transactions and 0.05 per cent of the value of trades in case of derivatives transactions. Any payment towards brokerage and transaction costs (including GST, if any) incurred for the execution of trades, over and above the said 0.12 per cent and 0.05 per cent for cash market transactions and derivatives transactions respectively may be charged to the scheme within the maximum limit of Total Expense Ratio (TER) as prescribed under Regulation 52 of the SEBI (MF) Regulations.
- (c) Additional expenses incurred towards different heads mentioned under Regulations 52(2) and 52(4) of SEBI (MF) Regulations, not exceeding 0.05 per cent of daily net assets of the scheme.

The AMC has estimated the following recurring expenses, as detailed in table related to maximum permissible expense below. The expenses are estimated on a corpus size of Rs. 500 crores and have been made in good faith as per the information available to the AMC based on past experience and are subject to change inter se. **The purpose of the below table is to assist the investor in understanding the various costs and expenses that an investor in the scheme will bear directly or indirectly.**

Note:

- (a) The TER of the Direct Plan will be lower to the extent of the abovementioned distribution expenses/ commission which is charged in the Regular Plan.
- (b) ^In terms of SEBI Circular No. CIR/IMD/DF/21/2012 dated September 13, 2012, the AMC / Mutual Fund shall annually set apart at least 2 basis points (i.e. 0.02%) on daily net assets of the scheme within the maximum limit of Total Expense Ratio as per Regulation 52 of the SEBI (MF) Regulations for investor education and awareness initiatives.
- (c) In terms of SEBI Circular No. CIR/IMD/DF/21/2012 dated September 13, 2012, AMC may charge GST on following Fees and expenses as below:
- Investment Management and Advisory Fees:** AMC may charge GST on investment management and advisory fees to the scheme in addition to the maximum limit of Total Expense Ratio as prescribed under Regulation 52 of the SEBI (MF) Regulations.
 - Other than Investment Management and Advisory Fees:** AMC may charge GST on expenses other than investment management and advisory fees to the scheme within the maximum limit of Total Expense Ratio as prescribed under Regulation 52 of the SEBI (MF) Regulations. Further, GST on Brokerage and transaction cost incurred for execution of trades, will be within the maximum limit of Total Expense Ratio as prescribed under Regulation 52 of the SEBI (MF) Regulations.

- (d) Additional Expenses upto 0.05% of daily net assets as permissible under Regulation 52 (6A) (c) may be charged by AMC under different heads of expenses mentioned under Regulation 52 (2) and (4) and more specifically stated in table above.
- (e) **Maximum Permissible expense:** The maximum total expense ratio (TER) that can be charged to the scheme will be subject to such limits as prescribed under the SEBI (MF) Regulations. The said maximum TER shall either be apportioned under various expense heads as enumerated above, without any sub limit or allocated to any of the said expense head(s) at the discretion of AMC. Also, the types of expenses charged shall be as per the SEBI (MF) Regulations.

Investors should note that, all scheme related expenses including commission paid to distributors will necessarily be paid from the Scheme only within the regulatory limits and not from the books of the ABSLAMC, its associate, sponsor, trustee or any other entity through any route.

The total recurring expenses of the Scheme excluding issue or redemption expenses, whether initially borne by the Mutual Fund or by the AMC, but including the investment management and advisory fee, shall not exceed the limits as prescribed under Regulation 52 of the SEBI (MF) Regulations.

Illustration of impact of expense ratio on schemes returns:

Expense ratio, normally expressed as a percentage of Average Assets under Management, is calculated by dividing the permissible expenses under the Regulations by the average net assets.

To further illustrate the above, for the Scheme under reference, suppose an Investor invested Rs. 10,000/- the impact of expenses charged will be as under:

	Regular Plan			Direct Plan		
	Amount (Rs.)	Units	NAV (Rs.)	Amount (Rs.)	Units	NAV (Rs.)
Invested on March 31, 2020 (A)	10,000.00	950.299	10.523	10,000.00	931.619	10.734
Value of above investment as on March 31, 2021 (post all applicable expenses) (B)	10,902.89	950.299	11.473	10,977.89	931.619	11.473
Expenses charged during the year (C)	150.00			150.00		
Distribution Expenses/Commission charged during the year (D)	75.00			0.00		
Value of above investment as on March 31, 2021 (after adding back all expenses charged) (D) [D= B+C]	11,052.89	950.299	11.710	11,127.89	931.619	11.945
Returns (%) (post all applicable expenses) (E) [E= (B-A)/A]	9.03%			9.78%		
Returns (%) (without considering any expenses) (F) [F= (D-A)/A]	11.28%			11.28%		

Note(s):

- The purpose of the above illustration is to purely explain the impact of expense ratio charged to the Scheme and should not be construed as providing any kind of investment advice or guarantee of returns on investments.
- It is assumed that the expenses charged are evenly distributed throughout the year.
- The expenses of the Direct Option under the Scheme will be lower to the extent of the above mentioned distribution expenses/ commission. The NAVs of Direct Plan and Regular Plan will be different.
- Calculations are based on assumed NAVs, and actual returns on your investment may be more, or less.
- Any tax impact has not been considered in the above example, in view of the individual nature of the tax implications. Each investor is advised to consult his or her own financial advisor.

c.TRANSACTION CHARGES

SEBI has, with the intent to enable investment by people with small saving potential and to increase reach of Mutual Fund products in urban areas and in smaller towns, wherein the role of the distributor is considered vital, allowed AMCs vide its circular No. Cir/ IMD/ DF/13/ 2011 dated August 22, 2011 to deduct transaction charges for subscription of Rs. 10,000/- and above.

In accordance with the said circular, ABSLAMC / Mutual Fund will deduct the transaction charges from the subscription amount and pay to the distributors as shown below (who have opted-in to receive the transaction charges on basis of type of product). Thereafter, the balance of the subscription amount shall be invested.

1. Transaction charges shall be deducted for Applications for purchase/ subscription relating to new inflows and routed through distributor / agent:

Investor Type	Transaction charges [^]
First Time Mutual Fund Investor (across Mutual Funds)	Rs. 150 for subscription application of Rs. 10,000 and above.
Investor other than First Time Mutual Fund Investor	Rs. 100 for subscription application of Rs. 10,000 and above.

2. [^]The transaction charge, if any, shall be deducted by the ABSLAMC from the subscription amount and paid to the distributor; and the balance shall be invested and accordingly units allotted. The statement of account shall clearly state the net investment as gross subscription less transaction charge and depict the number of units allotted against the net investment amount.
However, Transaction charges in case of investments through Systematic Investment Plan (SIP) from first time mutual fund investor and investor other than first time mutual fund investor shall be deducted only if the total commitment (i.e. amount per SIP installment x No. of installments) amounts to Rs. 10,000/- or more. The transaction charges shall be deducted in 3-4 installments.
3. **Transaction charges shall not be deducted/applicable for:**
- purchases / subscriptions for an amount less than Rs. 10,000/-;
 - Transaction other than purchases / subscriptions relating to new inflows such as Switches, STPs, IDCW Reinvestment, etc.
 - Purchases / subscriptions made directly with the Mutual Fund (i.e. not routed through any distributor / agent).**
 - Transactions carried out through the Stock Exchange Platforms for Mutual Funds.

D. LOAD STRUCTURE

Load is an amount that is paid by the investor to subscribe to the units or to redeem the units from the scheme. This amount is used by the AMC to pay commissions to the distributor and to take care of other marketing and selling expenses. Load amounts are variable and are subject to change from time to time. For the current applicable structure, please refer to the website of the AMC (www.mutualfund.adityabirlacapital.com) or may call at 1-800-270-7000 or your distributor.

Type of Load	Load Chargeable (as %age of NAV)
Entry Load*	Nil
Exit Load	For redemption/switch-out of units on or before 90 days from the date of allotment: 1.00% of applicable NAV. For redemption/switch out of units after 90 days from the date of allotment: Nil

*In terms of SEBI circular no. SEBI/IMD/CIR No.4/ 168230/09 dated June 30, 2009, no entry load will be charged by the Scheme to the investor effective August 01, 2009.

- No Exit Loads will be chargeable in case of switches made from Growth option to IDCW option or vice-versa within the respective Plans offered under the Scheme
- No entry or exit load shall be charged in respect of units issued to unitholders on Reinvestments of IDCWs and units issued to unitholders as Bonus units.
- No exit load will be charged in case of switch of investments from Regular Plan to Direct Plan and vice versa.
- The above Load shall be applicable in case SIP/STP/SWP transactions.
- Pursuant to Circular no. CIR/IMD/DF/21/2012 dated September 13, 2012, exit load charged, if any, by the AMC/Mutual Fund to the unitholders shall be credited to the Scheme immediately, net of GST, if any.

The investor is requested to check the prevailing load structure of the scheme before investing.

AMC reserves the right to change / modify the Load structure under the schemes if it so deems fit in the interest of smooth and efficient functioning of the Mutual Fund. AMC reserves the right to introduce / modify the Load depending upon the circumstances prevailing at that time subject to maximum limits as prescribed under the SEBI (MF) Regulations.

Any imposition or enhancement of Load in future as may be permitted under SEBI (MF) Regulations shall be applicable on prospective investments only and will be calculated on First in First Out (FIFO) basis. However, AMC shall not charge any load on issue of bonus units and units allotted on reinvestment of IDCW for existing as well as prospective investors. At the time of changing the Load Structure following measures would be undertaken to avoid complaints from investors about investment in the schemes without knowing the loads:

- The addendum detailing the changes would be attached to Scheme Information Document and Key Information Document. The addendum will be circulated to all the distributors / brokers so that the same can be attached to all Scheme Information Documents and Key Information Documents already in stock.
- Arrangements will be made to display the addendum in the Scheme Information Document in the form of a notice in all the Investor Service Centres and distributors / brokers office.

- III. The introduction of the Exit Load alongwith the details would be stamped in the acknowledgement slip issued to the investors on submission of the application form and would also be disclosed in the statement of accounts issued after the introduction of such load.
- IV. A public notice would be given in respect of such changes in one English daily newspapers having nationwide circulation as well as in a newspaper published in the language of region where the head office of the mutual fund is situated.
- V. Any other measure which the AMC/Mutual Fund may feel necessary.

For any change in load structure AMC will issue an addendum and display it on the website/Investor Service Centres.

Unitholder Transaction Expenses and Load

In accordance with SEBI (MF) Regulations, while determining the price of the units, the mutual fund shall ensure that the repurchase price of the scheme is not lower than 95 per cent of the Net Asset Value.

Note: Where as a result of a Redemption/ Switch arising out of excess holding by an investor beyond 25% of the net assets of the schemes in the manner envisaged under SEBI Circular dated December 12, 2003 ref SEBI/IMD/CIR No. 10/ 22701/03 read with Circular dated June 14, 2005 ref SEBI/IMD/CIR No. 1/ 42529/05, such Redemption / Switch will not be subject to Exit load.
